

Search Report

Name: Kathryn Stewart

Date of Search: 3/11/22

Requesting Agency: Oakley Police Department

Type of Search: HRD

Case #: 22 -176

OES #: 2022-LAW-76428

Location of Search: Pioneer, CA

Victim information: Alexis Gabe, a 24 YO Asian female went missing on the evening of January 26th, 2022. Her car was located the next day with the door open and keys in the ignition but AG has not been seen since. She was last seen at the home of her ex-boyfriend in Antioch.

Logistical Information

Area to be searched: Unnamed road off HWY 88 and the property that included the pond previously searched and surrounding area on private property off CA 88 and Defender Grade Road.

Weather: Clear with temps in the mid 50's. Wind was intermittent and predominately from the west.

Role in search: Participated

Evidence found: None.

Disposition of Search: Continues

Individuals present: Detective M. Palmer, Oakley PD, Detective T. Horn, Oakley PD, Lieutenant L. Cartwright, Oakley PD, Mary Cablk, SHRD K9 handler

Summary: I was requested to the search through CAL-OES by Detective Horn and arrived at the 0950 for briefing in Pioneer, Ca. I was briefed by Lt. Cartwright and followed the detectives to an unmarked road off HWY 88. The location turned out to be a private driveway and the homeowner was on the property and was contacted. The driveway was not searched because the location, upon inspection, was not a reasonable location to have been accessed for concealment of the body.

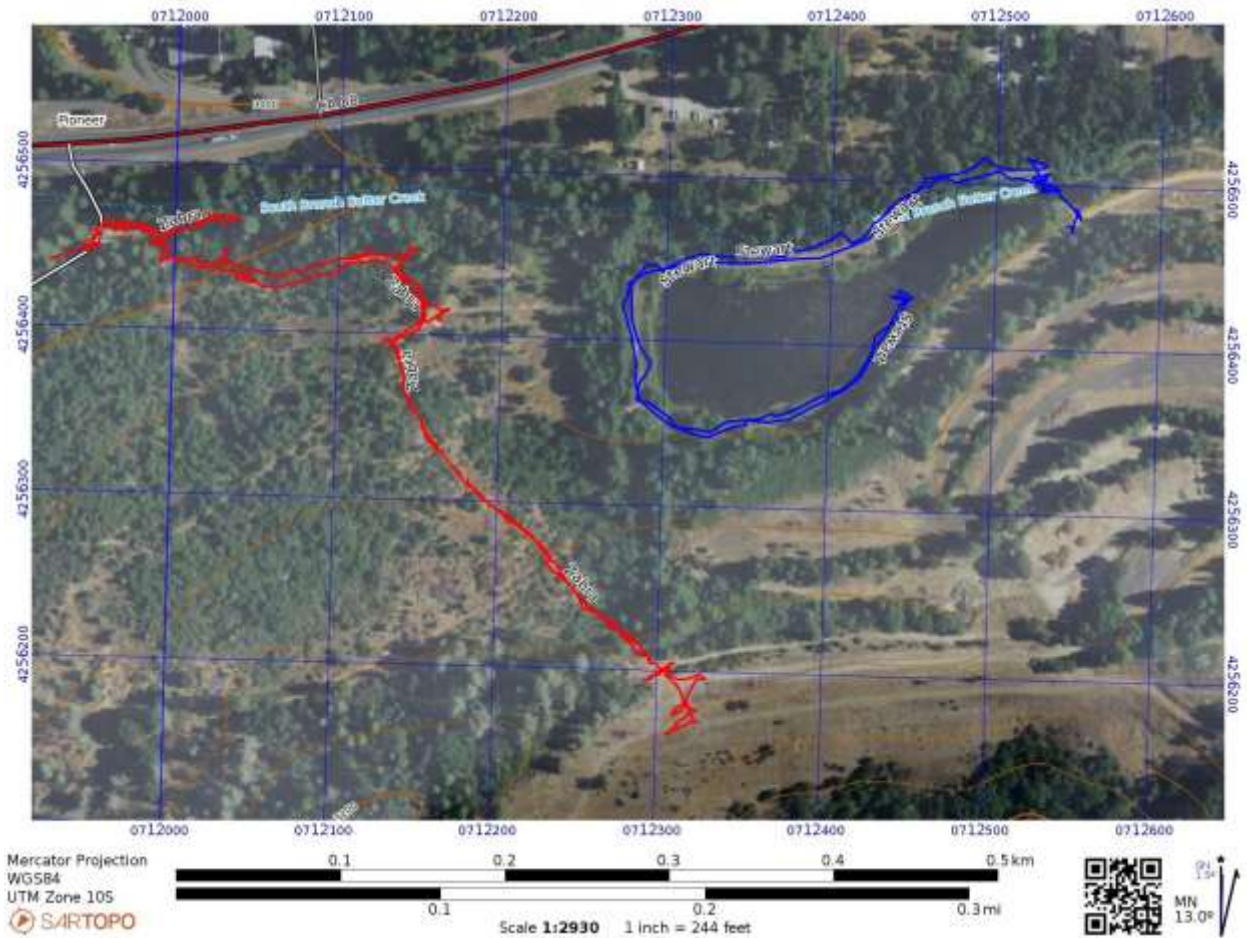

I left the roadway and proceeded to a second search assignment on the property located off CA 88. I deployed K9 Zabra on her search command at approximately 1030 and proceeded along the dirt road, working K9 Zabra to the top of the hill (see map). No results were found and I exited the area at approximately 1115.

I returned to my vehicle and transported to the pond (see map) that K9 Zabra had previously searched (022422) and went to final response. I did not deploy K9 Zabra, but instead walked along with SHRD Handler Cablk and her K9 Inca (see map). I completed that search at 1215 and debriefed with Lt. Cartwright. I was released and I returned home without incident at 1630.

K9 Handler: Kathryn Stewart

Subj: Dental Identification; Case No 22-111567

Yesterday, at your request, Leah Walsh (MUPS supervisor) and I examined this case at your facility. It consisted of a skull and mandible which you related that a forensic anthropologist had stated, after viewing a photograph, was likely female. Also present were deputies from both the Antioch and Oakley Police departments. There was interest as to whether the skull, found near the city of Plymouth, could possibly be that of "Alexis Gabe", who had been missing from Oakley since January of 2022.

As customary, we took photographs of the skull and teeth, a full set of digital dental radiographs and completed a dental charting. It was evident that this individual had undergone orthodontic treatment as she was missing her four first premolars, with the spaces being closed. Her two maxillary third molars (wisdom teeth) were fully erupted and her two mandibular third molars were impacted. There were numerous composite restorations present on the molars. The two maxillary central incisors (#'s 8 & 9) were missing, post mortem.

You furnished us with dental x-rays, including a pan-oral film", for "Alexis Gabe", from the office of Judith Liao, DDS, in Daly City, CA. These x-rays were said to have been taken 3/7/2020.

After comparing these x-rays of "Alexis Gabe" with our post-mortem x-rays of this case, it is my opinion that this case is *positively identified*, by forensic dental comparison, as "**Alexis Gabe**". There were no dental discrepancies noted.

Please contact me if there should be any questions concerning this identification.

A handwritten signature in black ink, appearing to read "Duane E. Spencer".

Summary Narrative

This report concerns PRI-Gwyn Gabe reporting his sister, MSP-Alexis Gabe missing. Alexis was last seen on 1/26/22, by her friend, LED-Marshall Jones, after leaving his house in Antioch. Gwyn said it was very unusual for Alexis to not keep in contact with her family and friends. Alexis' vehicle was located on Trenton Ct. Video footage revealed an unknown person driving Alexis' vehicle, parking it and leaving the keys inside. The unknown then walked away onto Oakley Rd, and turned left(west). Due to the unusual circumstances, Alexis was entered into MUPS and [REDACTED]

Narrative

****First names were used throughout this report for ease of reading****

On 1/27/22, at 1309 hours, I was dispatched to 69 Carol Lane apt#402, Oakley, for a report of a missing adult. I contacted/met RPI-Gwyn Gabe, who told me the following in summary:

Gwyn last spoke with his sister, MSP-Alexis Gabe, on 1/26/22. Alexis contacted him regarding picking up mail from the Brentwood Post Office. After a brief conversation, Gwyn agreed to leave the mail at the Post Office. Gwyn said that was the last time he heard from Alexis.

Later in the day, Gwyn was informed by his girlfriend and others, that phone messages to Alexis were going straight to voicemail. And later in the day Alexis' phone was turned off. Gwyn and others made numerous

OAKLEY POLICE DEPARTMENT

Narrative

attempts at locating Alexis to include calling jails to see if she had been arrested, but all met with negative results.

Gwyn stated that Alexis had an ex-boyfriend, LED-Marshall Jones. Gwyn said Alexis and Marshall dated for about three(3) years, but ended back in November 2021, and Alexis may have a new boyfriend. Gwyn said Marshall stated in the past that he couldn't live without Alexis, and that she could never leave him.

Gwyn said he was told that Alexis visited Marshall on 1/26/22, and had left his residence around 2030-2100 hours, making Marshall the last known person to have seen or had contact with Alexis.

Alexis was last seen wearing a white tank top, black jeans, green and white Jordans tennis shoes, and a black and silver hoodie. Alexis also wore eyeglasses. Dental x-rays are available. Alexis had no known medical/mental health issues.

Alexis' vehicle, a silver Infiniti G37, with temporary plate [REDACTED], was located on Trenton Ct, in Oakley, by Gwyn and friends/family. The vehicle was transported to Oakley Evidence for processing.

At 1705 hours, I responded to [REDACTED] Benttree Way, Antioch, to contact LED-Marshall Jones. Marshall told me the following in summary:

Upon arrival, I noticed a dark blue Ford Explorer, license plate [REDACTED], was parked on the street, in front of the house. I noticed that the rear seats of the vehicle were reclined and covered with comforters/blankets, covering several large trash bags.

According to Marshall, he and Alexis have been in a dating relationship for the past three(3) years. Marshall said he last saw/spoke with Alexis on 1/26/22, when she came over for a visit. Marshall said the two of them talked, hugged, had sex, and hung out.

Marshall said Alexis left his house around 2100 hours, by exiting out through his garage door, to her vehicle and then leaving the area. Marshall said he had been trying repeatedly to get in touch with Alexis, unsuccessfully. Marshall had no further ideas as to where Alexis may be.

Alexis was entered into MUPS, and issued [REDACTED].

My conversation with Marshall was recorded on my Body Worn Camera(BWC). Review for verbatim conversation.

Vehicle: 7UB466

Involvement Evidence	Type Auto	License No [REDACTED]	State California	Lic Year 2022
Lic Type Regular Passenger Automobile Plates	Year 2012	Make Infiniti	Style 2-door Automobile	
Color Blue	VIN [REDACTED]			

Narrative

On the above listed date and time I responded to assist officer County during the recovery of the vehicle belonging to MSP-Alexis Gabe.

The vehicle was located near the intersection of Trenton St and Oakley Rd. The vehicle is a 2012 Infiniti displaying temporary license paper plates [REDACTED]. The permanent plate assigned to vehicle is [REDACTED] according to DMV records.

There were multiple family members and friends of MSP-Alexis Gabe at the location and around the vehicle upon my arrival. I asked if anyone present had touched the vehicle and 3 people came forward and stated that they did.

Morgan Strenfel stated she had touched the driver's side door, got inside the vehicle, moved a blanket that was on the front seat, moved the seat to access the rear seat as she was looking for Alexis' cell phone which she was not able to locate. Jessica Zuasola also stated that she had touched the driver's side door and window of the vehicle, and Wynn Gabe (Alexis' brother) stated that he had touch the outside trunk of the vehicle as he had opened the trunk to search the interior of the trunk.

Due to the circumstances surrounding the case I treated the evidence vehicle as such and that it should not be touched or searched until approved by investigations for complete processing.

Vehicle was towed as evidence. A&M Towing responded and towed the vehicle to Oakley PD storage warehouse located at [REDACTED] I completed a CHP180 and vehicle was stored as evidence.

Summary Narrative

On 01/27/2022, at approximately 2250 hours, I conducted a brief search of the interior of MSP-Gabe's vehicle, as the vehicle was stored as evidence. I attempted to locate Gabe's cell phone, but I did not locate a cell phone, wallet, or anything unusual. Prior to searching the vehicle, I activated my department issued, body worn, Axon camera. The front seat positions were recorded, prior to me adjusting them.

I also conducted an area canvass of Trenton Street, at Oakley Road, where Gabe's vehicle was located. I did not locate anything in the area.

Narrative

On 1/27/21 at approximately 2100 hours, I reviewed Officer County's original report, and spoke with him about the details of the case.

At approximately 2145 hours, I was contacted by OTH-Morgan Strenfel, who is MSP-Alexis Gabe's friend. Morgan said she received an e-mail from Alexis' father, who received an e-mail from OTH-Ayana Cariaso. Ayana went to school with Alexis and saw the post on social media about her being missing. Ayana reached out to Alexis via Instagram messenger. Someone named "Daniel" responded from Alexis' account and said Alexis was kidnapped by his gang. Ayana forwarded this information to Alexis' father. (Added to Evidence.com) I attempted to contact Ayana via telephone, however there was no response.

Morgan also told me the residents at [REDACTED] Benttree Way, Antioch had cameras at their residence. This address is directly across the street from LED-Marshall Jones residence. I contacted Cesar Padilla, who lives at [REDACTED] Antioch. Cesar said his family checked their cameras (motion activated cameras), however they did not locate any footage of Alexis or her vehicle.

I asked Morgan if Alexis used her family's credit or debit cards. Morgan said Alexis doesn't have a job, let alone any money. Alexis doesn't use any of her family's credit or debit cards.

Morgan also stated that per Alexis' friends, her Instagram account was hacked on 1/22/22. Morgan stated she didn't think the Instagram account being hacked had anything to do with her being missing at this time.

I was later contacted by OTH-Alexis Oberg, who is Alexis' friend. Oberg also reached out to Alexis via Instagram messenger after seeing the post on social media about her being missing. Alexis' account responded to Oberg and stated Alexis had been kidnapped and they demanded a ransom (No amount given). If the ransom wasn't paid, her remains would be found by 0600 hours (Added to Evidence.com).

I contacted APPLE in an attempt to locate Alexis' last known location. APPLE told me they located Alexis' account, however because it is turned off, they can't access her current location. APPLE said they will put an alert on her phone, and when it is powered back on, they would notify us immediately.

I contacted T-Mobile, who also told me they were unable to provide Alexis' current location because the phone was turned off. T-Mobile said they will notify me as soon as Alexis' phone is powered back on.

I later received an e-mail from T-Mobile, which contained Alexis' call log from the last 48 hours. The last phone call was made on 1/27/22 at approximately 0238 hours, and was directed to Marshall. The call lasted 23 seconds. The second to last phone call was made at approximately 0040 hours, and was directed to Alexis' best friend, OTH-Maria Leiva. The call lasted 8 seconds. (Added to Evidence.com)

I also received an e-mail from Apple, which contained the IP addresses for Alexis' last locations from the last 48 hours. Alexis' Macbook Air last pinged on 1/27/22 at approximately 2240 hours. The IP address associated with the ping was 73.189.229.176. When I searched the IP address online, it provided me the latitude and longitude of

OAKLEY POLICE DEPARTMENT

Narrative

37.9895, -121.8023. Upon searching the latitude and longitude on Google Maps, it gave me the address of 3135 Sunset Ln., Antioch (Mountaire Park). I then searched the IP address for Alexis' cell phone. There were several IP address that were unable to be located, as well as others that pinged to Kansas. However, the first address that was local pinged on 1/27/22 at approximately 2256 hours, with the IP address of 73.189.229.176. This is the same IP address as the ping from the Macbook Air. (Added to Evidence.com)

Officer Berkeley and Officer Del Prado conducted a search at Mountaire Park, however they did not locate Alexis.

I contacted Morgan and asked if she or Alexis' family or friends knew anyone who lived in that area. Morgan she neither she or any of Alexis' family or friends, knew anyone that lived in that area.

As of 1/28/22 at 0547 hours, Alexis' phone has not been powered on.

End of Supplemental Report.

Narrative

NARRATIVE:

On 01-29-22, at approximately 0930 hours, I arrived to the Oakley Police Department to assist with Crime Scene duties, regarding a vehicle Search Warrant. Upon my arrival, I met with Sgt Cartwright and PSA Rostran, who advised me the vehicle had recently been towed to the secured Oakley PD Evidence Warehouse.

At approximately 0940 hours, we change our location to the Evidence Warehouse. Upon our arrival, PSA Rostran unlocked the warehouse door. I observed a blue 2 door Infinity G37 with paper license plates [REDACTED], parked inside. The vehicle was unlocked and the keys were on the driver side windshield. I observed miscellaneous items and bags inside the vehicle. PSA Rostran took digital photographs to document the exterior and interior of the vehicle prior to processing. I observed what appeared to be a black handgun on the front driver side floor board, partially under the driver seat. PSA Rostran took digital photographs to document the location of the handgun and collected it for evidence. Upon further examination, PSA Rostran determined it be a BB gun with a florescent orange tip. (See PSA Rostran's Supp for further).

I used a new container of black carbon powder, as well as a new fingerprint mitt and new fingerprint brush to process the exterior and interior of the vehicle for latent fingerprints. I was able to recover one lift from the underside of the interior driver door handle; one lift from the underside of the interior passenger door handle; two lifts from the exterior driver door; one lift from the exterior driver door frame; one lift from the exterior passenger door handle; two lifts from the passenger door; one lift from the exterior passenger window; and two lifts from the exterior hood. PSA Rostran searched the vehicle and collected swabs of possible DNA for evidence. (See PSA Rostran's Supp for further).

At approximately 1100 hours, PSA Rostran secured the warehouse and we changed our location back to the Oakley Police Department. Upon our arrival, I sealed all 11 lift cards into a Latent Print Evidence Envelope and logged them into OAKPD evidence.

OAKLEY POLICE DEPARTMENT

Narrative

PHYSICAL EVIDENCE:

Latent lifts.

Infinity G37 Paper plate# [REDACTED]

Lift #1: recovered from interior driver door handle (underside).

Lift #2: recovered from interior door handle (underside).

Lift #3: recovered from exterior driver door, above handle.

Lift #4: recovered from exterior driver door, near handle and opening edge.

Lift #5: recovered from exterior driver side door frame, above window.

Lift #6: recovered from exterior passenger door handle.

Lift #7: recovered from exterior passenger door, near handle and opening edge.

Lift #8: recovered from exterior passenger door, near handle and opening edge.

Lift #9: recovered from exterior passenger door window.

Lift #10: recovered from exterior hood, near passenger side.

Lift #11: recovered from exterior hood, near driver side.

Narrative

On 1/29/22, in my capacity as lead CSI and Certified Property and Evidence Specialist for the City of Oakley Police Department, I responded to process the vehicle of MSP-Alexis Gabe which was previously towed to Oakley PD evidence warehouse.

PSA Jennifer Padavana also assisted with the processing of the vehicle please refer to her supplement for details of her assistance with the processing. Sgt. Cartwright and Detective Horn were also in attendance. I met with PSA Padavana at the Police Station at approximately 0930 hours and then changed our location to [REDACTED] (OPD evidence warehouse location) at approximately 0940 hours.

I first took photographs of the vehicle, a 2012 Infinity G37 2 door sedan with temporary paper plates [REDACTED]. I photographed the exterior, proceeding to the interior, front and rear seats, trunk, center console and glove compartment. During the photographing process and subsequent search for any possible evidence PSA Padavana located a black pistol under the driver's seat of the vehicle. I retrieved the pistol to check it and render it safe. At this time it was discovered that the pistol was not real, it was a "Red Jacket" 6mm BB gun black in color with an orange tip at the end. I pulled the BB magazine out and it was empty. I collected it for evidence and later swabbed it and collected a DNA swab from the grip and trigger locations.

PSA Padavana and myself used Stat-lift gloves and black lift powder to dust the entire vehicle for possible latent prints. PSA Padavana recovered a total of 11 lifts, please see her supplemental report for details.

As she was working on lifting the latent prints I concentrated on swabbing the vehicle for contact DNA. I collected a total of 6 swabs from the vehicle from the following locations:

- (1) swab from steering wheel
- (1) swab from shift knob
- (1) swab from dashboard/radio control pane/instrument panel
- (1) swab from rearview mirror and turn light signal switch
- (1) swab from driver's side door handle and panel
- (1) swab from passenger's side door handle and panel

All above swabs were packaged individually in boxes and then in a manila envelope.

I contacted Gwyn Gabe (Alexis' brother), Morgan Strenfel (Gwyn's girlfriend) and Jessica Zuasola via telephone and made appointments with them to come to PD on Monday to provide reference DNA samples and elimination fingerprints.

On 1/31/22 at approximately 0930 hours all 3 persons that had made contact with Alexis' vehicle prior to it being towed as evidence showed up to PD for their appointment. I collected elimination fingerprint cards from all 3 and also DNA reference samples. I made copies of their ID's and attached them to this report.

I logged the DNA reference samples and fingerprint cards into Oakley PD evidence.

On 1/31/22 at approximately 1500 hours I responded to 69 Carol Ln. #402 (Alexis' residence) and spoke to Alexis' mother Rowina Gabe. I asked Rowina to sign a release form for medical and dental records for Alexis. Rowina provided me with the family dentist information and she stated that they have a Kaiser plan and that Alexis goes to Kaiser Medical Center in Antioch when she has any medical issues and provided me with her medical record number. I completed the form and had Rowina sign it in my presence. I attached a copy of the release to this report.

I asked Rowina if I could search Alexis' room for any other items of evidentiary value for the investigation. From Alexis' room I collected an Apple laptop salmon colored and from the apartment bathroom I collected Alexis'

Narrative

toothbrush from the medicine cabinet and a Blue Conair comb that belongs to Alexis from a small basket on top of the toilet. The comb had a bunch of hair strands on it.

I took photographs of the items collected, packaged, sealed and logged them into Oakley PD evidence. I asked Rowina if she had any additional information at this time that she would like to provide and she showed me a text communication between her and Alexis' ex-boyfriend Marshall Jones on the morning of 1/27/22. In the text conversation Rowina asked Marshall when Alexis left his house the night before. Marshall responded saying Alexis left his house around 2100 hrs. I took a screen shot of the conversation and downloaded it to Evidence.com server along with the pictures of the items of evidence collected at the Apartment. Rowina mentioned that this was not normal for Marshall to answer a phone call let alone a text as he never really did in the past when he and Alexis were in a dating relationship. Rowina stated that he almost never answered his phone or returned any texts but this time he responded almost immediately which she mentioned was very odd.

Evidence collected at Alexis' apartment:
Apple laptop model A2337
Colgate toothbrush (white/purple)
Conair hair comb (blue)

On 1/31/22 at approximately 1709 hours I was dispatched a supplemental call regarding the missing persons report. The PRI-Dominic Ramos resides at [REDACTED] and had advised dispatch that he found a pair of shoes that possibly belonged to MSP-Alexis Gabe. I arrived on scene at approximately 1712 hours and made contact with Dominic who handed me a pair of shoes he'd placed in a white plastic trash bag. The shoes were Nike Air Jordans Green, Black, and white in color and the shoe laces were tied together. Dominic stated he found the shoes at Granville Park in the City of Brentwood earlier in the afternoon. I took possession of the shoes and drove to 69 Carol Ln #402 to have Alexis' family identify the shoes. I arrived at 69 Carol Ln at approximately 1736 hours and met with Rowena Gabe (Alexis' mom) who stated that the shoes were the exact same color, brand name and style that she was wearing the last time she was seen before being reported missing. I inspected the shoes and placed them side by side with other shoes at the home belonging to Alexis and found that they were very close in size. Alexis owns multiple pairs of Nike shoes. I took photographs of the shoes found at the park and also of the shoes being compared at the house and later downloaded them to Evidence.com server.

I packaged, sealed, and logged the shoes to Oakley PD evidence.

Evidence collected from Dominic Ramos:
(1) pair of Nike Air Jordans, black, green and white shoes with black shoelaces.

0007**OAKLEY POLICE DEPARTMENT****Narrative**

On 01/28/2022, I was working as a detective within Oakley PD investigations. I was tasked with assisting in this case. I was given a partial briefing on the events that transpired prior to my involvement.

What I knew when entering the case: MSP-Alexis Gabe had gone missing after visiting her ex-boyfriend's house at [REDACTED] Benttree Wy. in the city of Antioch. Gabe's vehicle was discovered at the intersection of Trenton St. and Carrington Dr. in the city of Oakley. The vehicle was seen driving through the intersection of Oakley Rd. and Beldin Ln. at 2134 hours according to surveillance in the area. The vehicle was then dropped off at the intersection of Oakley Rd. and Carrington Ln. by an unknown person who was captured on surveillance footage wearing a mask over their face, hood over their head, and dark clothing (the footage was in black and white due to darkness). The vehicle was dropped off at 2134 hours. The person was seen walking at the intersection of Oakley Rd. and Beldin Ln. at 2139 hours. The next day (01/27/2022) Alexis was reported missing at approximately 1300 hours. I responded to the police department to begin investigation on 01/29/2022.

01/28/2022, Friday.

That morning, shortly after arriving, I went to 69 Carol Ln. #402 to contact Rowena Gabe, Alexis's mother. Rowena allowed me to search Alexis's room. I noticed several diaries which had nothing of evidentiary value. I noticed several medications, including Xanax, which is an anti-depressant. According to her family, Alexis did not have any mental health issues that they knew of. I photographed the prescriptions and they were uploaded to the Evidence.com server.

I then responded back to the PD. I was tasked with following up with three of Alexis's good friends. OTH-Megan Granada, OTH-Desiree Sylvester, and OTH-Maria Leiva.

Leiva said the following in summary: Leiva said that she and Alexis have been friends since they were young. Leiva and Alexis live close to one another and talk frequently, usually every day. They text, call, and use the FaceTime application often, usually daily. On the day of 1/26/2022, Alexis and Leiva kept in contact with one another. After Alexis had gotten a COVID test early in the morning, Leiva and Alexis had plans to see one another. Leiva said usually what would happen is she would go over to Alexis's apartment complex (The Oaks, Carol Ln.) to hang out there. The two would usually sit in their car or Alexis's car in the parking lot. On 01/26/2022 at approximately 1630-1650 hours, Alexis traveled to 69 Carol Ln. parking lot (on the south side with the large brick sound wall) the two hung out near or in their vehicles. The two hung out until approximately 1800 hours. Shortly after, Alexis and Leiva used the FaceTime application to talk to one another. Leiva said she knew Alexis was still in the parking lot of 69 Carol Ln. because of the large brick sound wall behind Alexis during the FaceTime call. Leiva said Alexis not checking in for days and having her phone off is extremely unusual behavior. Leiva said Alexis has never been missing before.

I contacted Desiree Sylvester who said she and Alexis have known each other since they were young. They went to school together. Desiree said that she and Alexis keep in contact daily, whether it be through text, call or FaceTime. At 0014 on the morning of 01/26/2022, Desiree received a call from Alexis. Desiree texted Alexis at approximately 0600 hours that same day. Alexis ended up texting back at approximately 1700 hours that day. Desiree said they talk every single day in one form or another and it was extremely unusual behavior for Alexis to not check in.

I contacted Megan who said that Alexis texted her at 1648 hours and she had not seen her that day. Megan stated this is extremely unusual behavior from Alexis and she always keeps in contact.

That morning, Detective Minister and I conducted an area canvass in the neighborhood of [REDACTED] Benttree Wy. in Antioch. The goal was to capture Alexis either coming to Marshall Jones' residence, or leaving Marshall's residence. We checked the time frame of 1830-2110 hours on 01/26. Statements and Call Detail Records had shown so far that Alexis had called Marshall at approximately 1838 hours. Marshall stated this is when Alexis called him to "let her in" to his house when she arrived. He also stated she parked in her "normal" spot on the west side of the yard along the fence line on Cedar Point Wy. And Marshall's statement with Ofc. County relayed that she left at approximately 2100 hours on the 26th. We narrowed our search to that time frame.

We spoke with the residents at [REDACTED] Benttree Wy. (house directly across the street from Marshall's house) via their Vivint Security camera. The resident, OTH-Elia Padilla, stated she worked at [REDACTED]

1709A

Supplement No
0007

OAKLEY POLICE DEPARTMENT

Requested by: _____ Date: _____

Narrative

just down the road from the residence. Detective Minister and I responded there, and spoke with Elia. Elia said the following in summary: Elia said that her camera only captures motion detection, but there may be footage that we were interested in. Elia said she remembered Marshall coming across the street to talk to her husband regarding the security cameras. I obtained OTH-Roman Padilla's information from Elia. We viewed some of the security footage from her phone and decided to obtain the information via search warrant.

During our area check for surveillance, Marshall Jones returned home in a white Hyundai hatchback (CA LIC [REDACTED]) which he identified as his work vehicle. Refer to Detective Minister's supplemental report regarding our conversation with Marshall. Marshall called his step-father, Leslie Clark who allowed us to look inside the house for Alexis or any other suspicious circumstances. Clark stated only one detective was allowed to enter the residence, I entered Clark and Marshall's residence to search for any obvious signs of a crime scene or for Alexis herself. There was no sign of Alexis or any obvious crime scene.

After our contact with Marshall, I asked if we could forensically download his cellular phone. Marshall agreed and said he would follow detective Minister and I to the police station to sign a consent to search form. I brought Marshall's phone to the investigations office to begin downloading. Detective Minister went to retrieve the form for Marshall to sign. During that time, Marshall had left the police department.

I am a certified Cellebrite Physical Operator and Cellebrite Certified Physical Analyst (CPO & CCPA) through the Cellebrite Academy. I have extracted no less than two cellular phones.

A consent search was approved by Marshall Jones within the date range of 01/26/2021 for the Apple iPhone 11 in his possession.

Using Cellebrite Physical Analyzer utilizing software version 7.49.0.2, I performed an Advanced Logical and Logical extraction of the cellular device using cable No. 210. I verified the extraction was successful by performing a manual hand scroll of the device, in which I compared various extracted items to items physically viewable on the cellular device itself. I created a Forensic Extraction Report for the cellphone and the files are stored on the Cellebrite computer in the investigations office. The Cellebrite computer is password protected, the office is equipped with a door that locks, and only accessible by detectives.

A search warrant was later authored by Antioch PD detectives for further information past the date of 01/26/2022. The cellular device report was later turned over to Antioch PD for analysis.

Approximately 45 minutes later, Marshall returned to the police department to sign the consent form. This time, he returned in his personally owned vehicle (POV) 2005 Ford Explorer (CA LIC [REDACTED]) which was parked IFO the PD. Marshall signed the consent to search his cellular device form. Marshall suggested we check his POV for anything. Detective Minister and I searched Marshall's POV which had blankets and pillows in the back. The second row of seating appeared to have been pushed forward or down. Marshall stated he and Alexis had recently gone to the drive-in movie theater and this is where he and Alexis sat/laid when they watched a movie. Marshall initially stated that we could look from the outside, into the interior of the vehicle. Eventually, Marshall said we could look inside. Marshall lifted the liftgate of his POV and I moved the blankets so I could see underneath and there was no body or sign of blood or fluids. Marshall was given his phone back and he left the department.

I authored a search warrant for Alexis's vehicle, which was signed by the Honorable Judge Teri Mockler.

01/29/2022, Saturday.

On the morning of 01/29/2022, PSA M. Rostran and J. Padavana processed the interior of Alexis Gabe's vehicle per the search warrant signed the day prior. Refer to supplemental reports for details.

I conducted follow up interviews with Leiva, Sylvester, and Granada. Nothing new was learned.

A search warrant and exigency request was submitted for Alexis Gabe and Marshall Jones Call Detail Records (CDR) data.

Patrol and investigations gathered surveillance from the Benttree Wy. neighborhood in Antioch, Laurel Ridge Church, Trenton St./Carrington Dr. neighborhood and surrounding areas. Refer to supplemental reports for footage gathered/addresses checked.

OAKLEY POLICE DEPARTMENT

Narrative**01/30/2022, Sunday.**

Detective Minister and I requested volunteers from CERT to search the area surrounding where Alexis's vehicle was left. A broken screen of a cellular device was located approximately 100 yards south of the intersection of Live Oak Av. and Oakley Rd. it was on the west side of the street near a large bush. It was collected by me and turned over to PSA Rostran for booking.

I authored a search warrant to Vivint Security for the surveillance footage from [REDACTED] Benttree Wy, the house directly across the street from [REDACTED] Benttree Wy. I submitted an exigent request, which covered 01/26/2022 and 01/27/2022. The search warrant was signed by the Honorable Judge Teri Mockler. I served the search warrant to Vivint and followed up with a phone call. After hours on the phone with Vivint, I was told the cameras only record when motion is detected. I received footage from 01/26 and 01/27.

The footage showed the interaction which he had with his neighbor, Roman Padilla. I interviewed Roman Padilla, who stated the following in summary: On 01/27/2022 at approximately 1630 hours, Marshall came over to his house and asked him about his surveillance equipment. Marshall asked him how he liked his system, and how far the camera that Padilla had affixed to his house covered. Marshall also asked where Padilla got the cameras from. Padilla stated he has never talked to his neighbor (Marshall) before. Refer to the audio recording for details.

01/31/2022, Monday.

A search warrant was authored for [REDACTED] Benttree Wy. by Detective Minister.

I interviewed OTH-DeAngelo Hudson, Alexis's new boyfriend. DeAngelo stated that he did not see Alexis the day she went missing. They exchanged a few text messages, and Alexis did not respond after 8 PM. DeAngelo was cooperative and provided me with a working phone number and said he was available for further interviews if needed.

DA investigators provided consultants to go over the case and they were briefed on the initial call and circumstances.

02/01/2022, Tuesday.

The search warrant authored by Detective Minister was executed at [REDACTED] Benttree Wy. in the city of Antioch. A portion of Antioch PD investigations unit was on scene. After conferring with Antioch PD investigations and their Sergeant, Antioch PD stated they would take over the scene. Our crime scene technicians were cancelled and Antioch PD crime scene investigators were called out. Oakley PD investigations unit left the scene.

Both of Marshall's vehicles were seized (Blk Ford Explorer LIC [REDACTED] and Whi Hyundai LIC [REDACTED]) and brought to APD evidence lot for holding.

Antioch PD dedicated several detectives and a detective Sergeant to our investigation but Oakley remained the primary agency.

02/02/2022, Wednesday.

I authored a search warrant for the vehicle infotainment systems, the warrant was signed by the honorable Judge Susanne Fenstermacher. CHP Major Accident Investigation Team (MAIT) would be assisting in serving these search warrants. 10 days had passed and I had to renew the warrant for Marshall's work vehicle (Whi Hyundai) on 02/15/2022, which was signed by the Honorable Judge Wade Rhyne.

Research was done on Marshall's family members and their locations. His mother, Alicia Coleman-Clark was located at [REDACTED]. His sister, Ariana Eaton, was located at [REDACTED]. Through analyzing CDR data, it was discovered that Marshall visited both places in the days following Alexis's disappearance. Marshall's vehicle ([REDACTED]) was captured by the cliffside LPR which is at the Hwy. 80 on-ramp in Vacaville, which would be used to go to his sisters house.

Narrative

Detective Minister and I conducted an area canvass in the neighborhood of [REDACTED] for surveillance. During our area canvass I noticed [REDACTED] had distinctive coloring, and had external surveillance cameras to include a Ring brand doorbell camera, refer to their supplemental reports. I notified Antioch PD detectives and they wrote to Ring corporation to preserve surveillance footage from prior to Alexis's disappearance. No other helpful camera footage was located in the area.

OAKLEY POLICE DEPARTMENT

Narrative

02/05/2022, 02/06/2022, 02/07/2022:

Search efforts utilizing Cal OES, Contra Costa County Office of the Sheriff, and Oakley PD officers searched the areas of interest on foot, on the waterways, and with cadaver dogs. Refer to Sergeant Cartwright and Ofc. Palmer's supplemental reports for details.

Follow up conducted:

On 02/22/2022, Oakley PD patrol received a call from an anonymous source saying that [REDACTED] was friends with Ariana Eaton, Marshall's sister. This person told the officer who took the call that [REDACTED] received a call from Ariana Eaton. During that call, Ariana told them that she had a handwritten note that appeared to be in Marshall's handwriting. It was "turn-by-turn" directions to the "foothills." The last line of the note was a place called Defender Grade Rd. in Pioneer, CA. The caller wanted to remain anonymous.

On 02/22/2022, I authored a search warrant for Ariana Eaton's residence. It was signed by the Honorable Judge Glenn Kim.

On February 23rd, 2022, detectives and officers from Oakley PD and Antioch PD served a signed search warrant at Ariana Eaton's residence [REDACTED]. Detectives approached the front door of the residence, knocked and Eaton came to the front door. Eaton was very nervous and stated that she had something in her purse for us (The police). It was explained to Eaton that we had a search warrant for her residence and she allowed us to clear the residence of any other people. Her young son was inside of the residence and we had Eaton and her son sit on a living room couch. Eaton's purse was searched and there was a plastic zip-loc bag inside of the purse, which contained two pages of lined paper. The papers had handwritten directions from [REDACTED] to Defender Grade Road in Pioneer California. Eaton admitted that the handwriting on the paper was Jones III's handwriting. She also admitted she believed that the map was directions to where Jones III put Alexis.

Statement of Ariana Eaton:

Eaton agreed to provide a statement regarding this case. Eaton asked if her son could leave the room because she did not want him listening to our conversation and he was allowed to go into his bedroom to watch TV. The following is a detailed summary of Eaton's interview:

Eaton was asked if she would understand how someone would feel if their child disappeared. She answered, can I be honest with you? My heart has been breaking for that family. She has met Alexis and she, "Is very sweet girl." Being a mother of a child of her own, she could not imagine it. She said as a mother she would not want to live through something like this (Alexis' disappearance). Eaton was told that we did not want her getting mixed up in something that she took no part of. Eaton was told she was a witness to this situation and knew the history of what Marshall had done since Alexis went missing. Eaton was told that she needed to be honest with us and that we didn't want to have to come to her house and arrest her for something that she had no part of. Eaton shook her head no numerous times and said, "Nuh-uh" several times, indicating she did not take part in this situation. Eaton was asked to start at the beginning and go until the day of this search.

Eaton said number 1, her brother has always been a little shit. He has always been an asshole and would tell you he's an asshole. She is the older sister and between her brother and her mom, they have always been shits to her. It has been like that her entire life and this is why she lives in Vacaville so she isn't bothered by them.

Eaton said what we will see in her phone [if it was searched] was that on Thursday (January 27th) Jones III contacted her by calling her. When he called, he asked her if she knew where to purchase a blacklight. She told Jones III no, and he asked her if she could look it up for him. She said this was normal protocol for Jones III because he is not a self-starting person who can connect the dots to do his own shit. She told him she would look it (Blacklight) up for him and the only place she could find one was on Amazon. She was the only one who has Amazon Prime and has purchased things for him in the past like watches or jewelry, so she didn't think anything of it. Jones III asked her if she could have the blacklight sent to her house, which she did. She thought it was awfully far for Jones III to travel for a blacklight and said something similar to him. Jones III told her he was going to

Narrative

Vegas and wanted to check out the hotel and turn on the light to see all the fluids everywhere. She told him he was bold for doing that because she wouldn't want to see all that at a place she was sleeping.

The blacklight arrived at her house on Friday (January 28th) and she let him know it arrived. Jones III went to their mom's house to pick up her makeup bag and some candles from her mom, then he drove to her house. When Jones III got to her house he was, "Off." She can feel and see things and knew something was wrong with him. She did not know what but something was wrong.

Jones III left her house around 7:00pm, and was supposed to go back to their mom's house because their mom was having a karaoke party at her house, but it took him "hella" long to get there. Eaton believed this was when Jones III wrote the map. She believes he left her house and drove there [Defender Grade Road] and wrote the directions down as he was driving. She said that was how it looked to her because it wasn't written in a way you would find on Google Maps. The felt this because the directions were very precise. *It should be noted that when you look up directions from [redacted] to Defender Grade Road in Google Maps it gives the same directions as were written on the paper. There are some other notes written on the directions that you would not get off of Google Maps.*

Eaton said, "No, I didn't drive up there. No, I don't know what's up there exactly, but I have my suspicions." Jones III did not get back there (Mom's house) until, "Really, really late." Her mom called her after Jones III arrived and asked, "Hey, I need Marshall to come stay at your house." Eaton stated that his was around 2 o'clock in the morning and she told her mom, "Okay, I guess." In the past she has always told Jones III that if he needed a place to stay that she has a spare room for him.

Jones III got to her house and his demeanor was still off, but worse. She couldn't sleep with him in the house because of his odd behavior. He was supposed to go home on Saturday (January 29th) then that got moved to Sunday. She was supposed to have people over at her house on Monday and finally told Jones III that he had to go.

Eaton then changed the subject and said that Jones III told her that he had his gun with him in his backpack. She explained that she was a gun owner, "So it was whatever." She has a 9-year-old so Jones III was supposed to keep his gun locked up. He was not supposed to have his gun out so her son wouldn't get to it.

The first time she saw the missing persons flyer for Alexis was when Jones III came to her house. She also saw the flyer later on Facebook. She asked Jones III, "Woah, what the fuck is this?" She indicated he just shrugged his shoulders at her. That was when she started putting the pieces together about what could be. She told Jones III, "Listen, you had me buy you shit, are you a fucking idiot?" She told him that everything her fiancé had was tied to her house and she has a kid. She asked him again, "Are you a fucking idiot?" Jones III told her, "I don't have any regrets." She told him that he had to get his stuff and leave her house the next day. She told him, "I want nothing to do with this." She started looking for her AirPods and started flipping the pillows on her couch and found his gun underneath one of the pillows. She got so angry that she sent her son to her room. She told Jones III that she made it abundantly clear that she had one rule (Keep his gun locked up). She told Jones III that if her son got hurt or implicated in any of, "This bullshit you may or may not have done, that's your fucking ass." She told him, "There's gonna be a lot more missing mother fuckers on the roster and I would start from the top (Meaning him) and a lot how you feel, I will have no regrets." She said these things to him because her son is her number one responsibility. Jones III had a very glazed look on his face and said, "Yeah, I hear you, whatever." Jones III left the next morning and she made it clear to her mom that he could not come back under no uncertain terms.

Eaton changed the subject and started talking about us executing the search warrant at the Benttree Way address. Eaton told us her dad (Clark) had nothing to do with this situation. She explained that Clark raised her, Jones III, and their autistic sister. She said that all Clark does is go to work at 4 o'clock in the morning and comes home at 9 o'clock at night. She said that Jones III, "Had a run of that house."

We turned the conversation back to the day that Jones III left her house. Eaton was asked if that was the last time she saw Jones III and she said it was. She said the last time she saw him was Monday morning when he left her house. She was asked if she had talked to him since and she shook her head no. She was asked if she knew where Jones III was presently at and she said, "I honestly don't." Eaton then said that she remembered that she did talk to him after he left her house on Monday. She said it was on the same day that the Benttree Way house

OAKLEY POLICE DEPARTMENT

Narrative

was searched. Someone associated with Gabe's family posted photographs of Clark's house with the address exposed on Facebook. She spoke with Jones III and he told her that he was not willing to go in [to police custody]. He told her that he would eat his gun first. She said, "He will eat his gun or have you guys kill him." Eaton said, "As a black person I get it, but as someone studying to be an attorney, come the fuck on. If you had nothing to do with this go talk to these people and be done."

Eaton explained that she was not trying to be defiant by not speaking to the police the first time she was contacted about this case but she wanted to step back and observe what was going on [with the case]. We explained to her that we understood why she was apprehensive to speak to the police but when the human side of this case comes out and someone's child is missing it is different. Eaton described how scary it was when a child just got lost in a store. She said ultimately she wanted us to find Alexis. As a ruse Eaton was asked if Jones III fled to Las Vegas because we did not know where he was at and she said "No, no, no." Eaton pointed to a piece of paper that was on her coffee table and asked if she could grab it. The paper was handed to her and she pointed out a telephone number on the paper. She told us that she believed the phone number was the number that Jones III was currently using. We looked at the number and saw it was [REDACTED] Marshall's newest phone number.

Eaton told us that she wanted to make it abundantly clear that she would not be willing to testify to anything. She knew that Jones III was her mom's favorite child and her mom would die [if she knew she was cooperating]. Eaton was asked if her mom and Jones III were close and she said they were but she hoped that her mom was not an idiot and knew where he actually was at now. Eaton was asked if she believed her mom has helped Jones III in any way [after Alexis' disappearance]. Eaton asked if her mom would get in any trouble. She was told that we hoped not and that we hoped in the end she would be as cooperative as Eaton was being. Eaton was told that Jones III ultimately made the choices that he made and she agreed. We told her that they (Eaton or their mom) didn't make that choice for him and she said, "No." Eaton then told us that the phone number she just pointed out to us was on her mom's account.

This ended Eaton's narrative form statement. We went on to ask her follow-up clarifying information. This is a detailed summary of those questions and her answers.

Eaton was asked if she ordered anything else besides the blacklight for Jones III and she told us that was the only thing she ordered for him. She was asked when she ordered the light and she said Thursday (January 27th), the day after Alexis went missing. She went on to say that she texted Jones III, letting him know it was on the way to her house. She said that Jones III called her but she couldn't take the call so she texted him that it was on the way. We asked when the light arrived and she said it got to her house on Friday (January 28th). She told us that she texted Jones III a screenshot from Amazon that showed the blacklight would arrive between 4:00pm and 7:00pm. She was asked if Jones III came to her house on that day (Friday) and she shook her head yes and said, "Uh-uh." We asked if he came to her house and left again (After he got the light) and she said, "Yes." Eaton was asked to describe this and she said the first time he came over was about 7:00pm. Jones III left then came back to her house sometime after 2:00am.

We explained to Eaton that we were able to obtain video from her front door ring camera and saw him arrive at her house sometime around 7:00pm on Friday. Eaton was asked if Jones III was carrying anything when he arrived at her house and she told us he was carrying a bag that contained candles from her mom. Eaton was asked if Jones III was sweating when he came to her house because in the video it appeared his skin was shiny in a way that looked like he could be sweating. Eaton said that Jones III had oily skin and she did not believe he was sweating when he got to her house.

Eaton was asked about the handwritten directions and where she found them. She explained that she changes her house decorations seasonally and she still had her Christmas decorations out. She said she had a large plate, candles and a tabletop Christmas tree on her coffee table and found the spiral paper with these items. *It should be noted that the coffee table was in the living room next to a couch. In her statement Eaton described Jones III as staying on this couch while he was at her house giving him direct access to where the handwritten directions were located.* When she saw the papers, she knew they were not hers so she balled them up and threw them in her fireplace [without looking at them]. She then started thinking about the papers and did not want to burn anything because she did not want to get into trouble [for destroying evidence]. She knew the police had spoken to people in her neighborhood and did not want any issues (She was afraid a neighbor would tell the police she

1709A

Released for: 22-176

OAKLEY POLICE DEPARTMENT

Narrative

was burning items). She went on to explain that a friend of hers had gone to her mom's house on [redacted] after the search warrant was served at the house to check on her mom. The friend told Eaton that she had read a copy of the search warrant and one of the things the police were looking for during the search was a spiral notebook. This made Eaton go to her fireplace and actually look at the papers she had thrown in there and that was when she noticed what it could potentially be (A map to Alexis). Since then she had been trying to get ahold of her attorney so she could bring the directions to us (Police) but had not heard back from him. Eaton was asked if it looked like a map to her and she shook her head yes. She said she knew her brother and she believed he knew that she would do what is right [when she found the map]. She said in her opinion, "He was planning for this to be over by now, he was planning on already being gone." She was asked if she meant Jones III killing himself and she shook her head yes and said, "Uh-huh." She believed he knew she was putting her Christmas decorations away and expected her to find the directions and go look [for Alexis]. She told us that she had no desire to go look [for her].

Eaton was asked if she was awake when Jones III came to her house sometime after 2:00am and she said she had to let him in [to the house]. She was asked if he was muddy or had dirt on his clothes as if he dug a hole and she shook her head no and said, "Nuh-uh." She was asked how Jones III was acting when he came to the house and she said, "He was off. He was off." She said, "It was him but it wasn't. It was him but it wasn't."

Eaton stated that Jones III and Alexis got into some spiritual stuff and that he bit off more than he could chew. She was asked if she was talking about Christianity or Wicca and she said, "Some dark spirit demons and stuff." Eaton told us that she usually "Sages" her house every Sunday but Jones III told her not to [on Sunday (January 30th)] because his friends were there. She was asked, "But he was alone?" and Eaton said he was alone.

Eaton was asked what she meant when she said Jones III, "Was off," and she said his eyes were wild and bloodshot red. She was asked if he had any alcohol on his breath and she said no. She was asked if Jones III was tired and she said, "Maybe." Eaton said, "Shit, I've been tired as fuck for the last month if you really want to know. I've been fucking exhausted."

Eaton was asked if she recognized the handwriting on the directions and she said it was his (Jones III) handwriting. She was asked if she knew it was his handwriting and she said, "Yes."

We asked Eaton what Alexis' and Jones III's relationship was like. She told us that they were together for about 3 years. She said in the beginning he was very loving and very doting on her, which was different for him because he is an asshole to women. She had even told some of Jones III's previous girlfriends that they should make different choices [and leave him]. She told us that Alexis would cook and clean for Jones III. Eaton said the relationship got toxic over the last year to year and a half. She explained that what she meant by toxic was them making and breaking up. She said Jones III would be upset and sad and "Soggy," about it. She said then out of nowhere she found out they were back together again from her dad (Clark). She said then right before Christmas they broke up again. She said prior to that they broke up sometime near late September or October. Her dad (Clark) came to her house to fix her toilet and he told her that he saw Alexis' car at his house again and they talked about not understanding what Jones III was doing. Eaton said, "I will say he was a lot more torn up about them breaking up then about her being missing." Eaton was asked if it was normal for Jones III to lack emotion like that or if he was similar to a sociopath and she said that Jones III had sociopath and narcissistic tendencies about himself. She said if it doesn't matter to him then it shouldn't matter to anybody. Eaton was asked if Alexis mattered to Jones III and she said, "Yes."

Eaton was asked if there was ever any domestic violence in their relationship and she said, "No, no." She was asked if she ever saw them argue and she said she had seen them argue in the past. She was asked how that looked and she said that Jones III does yell. Eaton then said that he used to yell but now he was just sarcastic. She said he would sometimes puff his chest out and yell. She said that Jones III does demean women. She was asked if Jones III was controlling [towards women] and she said not necessarily controlling but he was a chauvinist. She said that you have to be a relatively smart person to be controlling. Eaton said that anything that Jones had was because her (Eaton) or her mom have worked out the pieces for him, which is why it surprises her about this case. From what she has gathered about this case either the demons are helping him in the fact we haven't found her (Alexis) yet or he is smarter than he has been letting on for the past 25 years.

Narrative

Eaton was asked about Jones III not wanting her to sage her house [because his friends were there]. She said to go back further, supposedly there was a portal in the closet in Jones III's bedroom. Eaton explained that she lived in that bedroom before Jones III did. She stated that she went through what she thought was postpartum depression and was seeing "shit". She described that she went through a really hard time with it (Depression). Jones III moved into her bedroom after she moved out of the house and he started having issues. They had a shaman come to the house and he said there was a portal in the room, which made sense to her because she knows she is not a crazy person. She said she knew they (Demons) come in when people are at a lower frequency, are depressed or not in a good mental space. She said that is her brother and explained that Jones III

When their mom remarried, Jones III lost his medical coverage and stopped taking his medications. She explained at one point Jones III brought a Ouija board into his room, which freaked their dad (Clark) out. She explained that Jones III had gone through those types of motions [to deal with the demons]. That was why she told Jones III that she had a spare room at her house and he could always come stay with her. She said, "As someone who hears and sees things, I do believe he is being afflicted by them because I could hear them and I'm not crazy. I promise you, I promise you." Eaton said the problem is that Jones III is weak and he doesn't have the grounding to do what he needs to do [to control the demons].

Eaton was asked if she was religious and she said she was raised Christian and believed in Christ. She said she also practices African Spirituality, which is talking to her ancestors. She believes her ancestors are her angels. She said that Jones III is on the dark side of that (Religion). She was asked if there was a name of the religion and she said she didn't know if there was a name for what he was doing other than spirituality. Eaton was asked if it was like Voodoo or Caribbean Santeria and she said he did not do those religions. Eaton said Jones III just thinks the demons are his friends. She was asked if they had any other friends or family with their same beliefs and she said she had a few friends who she practices with but they have never met Jones III. She was asked if there was a specific region in Africa that practices her religion and she said it was not regional. She stated it was what her ancestors and/or slaves practiced when they were brought here (USA). She practices but is not that deep into it. She described it as being more holistic and having positive energy and vibes. She said being grateful for the thing that you have and thanking your ancestors and God for the things that you have instead of dwelling on the things that you don't have. Eaton was asked where Jones III would have gotten influenced by this and she said Alexis helped him open his eyes to it because Alexis was spiritually inclined. When Jones III was having issues with people in his room, Alexis could hear them and would help Jones III connect the dots. Eaton's personal opinion was they (Demons) don't like Alexis because when she was around they couldn't have their way with him (Jones III).

Eaton was told that we had a search warrant for her phone and was asked if she minded if we downloaded the contents of her phone and she told us we could download it. Eaton was asked if Jones III had any property at her house and she said, "No, not to my knowledge." It was explained to her that her phone would be taken to the police department and that someone would bring the phone back to her.

Eaton was told that we wanted to go through her statement with her to ensure we had the timeline for everything right and she agreed. Going through this timeline brought out more information regarding her memory. The following is a detailed summary of that timeline and what was said.

Wednesday (January 26th) was when we believed Alexis went missing. On Thursday (January 27th) Jones III called her and asked her to order the blacklight. On Friday (January 28th) the blacklight arrived and she let him know it had arrived. On Friday around 7:00pmp Jones III came to her house for about 15 minutes at most. Jones III left her house and was gone until sometime after 2:00am (Saturday January 29th). Jones III lounged around on her couch all day Saturday. She saw the Missing Person Flyer sometime on Saturday between 3:00-4:00am after he came back from wherever he went.

Eaton then clarified some information regarding this. Eaton told us that she never asked Jones III anything about why Alexis was missing. She told us it was plausible deniability and she did not want to bring her kid or fiancé into any of this.

Eaton went back to the timeline and said on Sunday she found Jones III's gun (On the couch under a pillow). Eaton then said that Jones III was already going to see his attorney [on Monday] so she told him he had to leave her house. Eaton was asked if Jones III already made plans to see an attorney and how that conversation went.

Narrative

She asked Jones III what his plans were form Monday because she had friends coming over to her house. Jones III told her that he was going to see an attorney on Monday. She told Jones III that she wasn't going to ask him what he did because she did not need those types of visions in her head. She told Jones III that he needed to tell his attorney the truth and he told her that he knew he had to tell him the truth. She told him there was only 4 people that you don't lie to which was yourself, God, your doctor, and your attorney. She was asked if Jones III took his gun with him and she said she believed he took it with him when he left.

She then remembered that her mom wanted Jones III to come back to her (Eaton's) house on the same night that the search warrant was served on Benttree Way but she (Eaton) was not comfortable with that. They kept pushing the subject with her but she knew that Jones III was not willing to cooperate [with the police investigation]. Jones III was staying at her mom's house and she was afraid that her mom could get hurt if the police showed up to arrest Jones III, so she considered letting him come back to her house. Jones III and her mom were being assholes to her. She remembered that Jones III had actually left his backpack when he left on Monday and it was sitting on her floor. Because of the way they were treating her, she threw the backpack out of her house onto her front porch. She told them (Jones III and mom) to come get the backpack and someone came to her house on Tuesday and grabbed the backpack off of her porch. Eaton was asked if Jones III left the gun in the backpack and she said that he took the gun with him when he left. Eaton went on to describe the gun as having an extended magazine and that there was a ridiculous amount of ammunition in the backpack.

Eaton said that if she knew where Jones III was currently at she would tell us to get this over with. She then asked if her (Eaton) attorney ever called us and we told her that we never heard from her attorney. Eaton told us that she believed Jones III would try coming back to her house at some point and she did not want him to come back to the house.

Eaton was asked if she drove anywhere on February 2nd, and she said she did not go anywhere except maybe to the store. She was asked if she ever drove to Rio Vista and she said that she did not go there. Eaton was asked if her mom ever told her that she (Mom) was driving around the delta and she said her mom would only drive on the delta if she was driving to her (Eaton) house from Antioch. Eaton explained that she (Eaton) had no way to get to the delta because her car was not working. She did say that her mom did come over a few times since all of this has happened. Eaton said that she never went anywhere with her mom when she came to Eaton's house.

Eaton was asked if she ever heard Jones III threaten to kill Alexis or kill himself. She said obviously Jones III had threatened to kill himself [REDACTED] Jones III never told Eaton about wanting to hurt Alexis. Eaton said she and Jones III did talk at the end of the year about how bad he was feeling. Jones III told her how much he missed her (Alexis) and how bad he wanted to call her (Alexis) and talk to her. She told him, "From what it sounds like to me, this wasn't a good situation. You feel you can do better, go on and do better." Eaton was asked if Jones III ever hinted to her that Alexis had moved on [to another relationship] and she said, "No." Eaton said when she saw reports [on Facebook] that she (Alexis) had a new boyfriend she was like, "Woah!" Eaton was asked if that would trigger Jones III's anger and she said, "No, I haven't seen that, but I will say with the scope of everything that's going on, I can see that may have been an issue."

Eaton changed the subject and said that her cousins have seen Jones III on Xbox Live since he has been gone. The cousins said they had not seen him online in a while but saw he was logged on there recently.

Eaton was asked how familiar Jones III was with the Delta and she said she did not know how much he knew about that and called him lazy.

We confirmed that Jones III did not have any other items at her house. Eaton was asked if the blacklight she purchased was battery powered and she said it was. Eaton said she was surprised we did not get a warrant for Jones III's arrest after we searched the Benttree Way address because she figured we would have found evidence at the house because he wanted the blacklight. We talked about how policework and processing evidence is slow. She stated that not many people like that kind of work and maybe if she wasn't so grossed out by blood then she would go into that line of work. Eaton told us she chose going into law instead. Eaton said this case made her realize that she could not be a defense attorney because, "I could not defend this, I could not defend this. Like, legit."

We ended our interview of Eaton.

OAKLEY POLICE DEPARTMENT

Narrative

The note was collected by PSA Rostran and later booked into OPD evidence.

All relevant DNA/fingerprint items collected between the search warrant services [REDACTED] items seized were sent to Contra Costa County Office of the Sheriff crime lab. I have attached the applicable lab requests.

On 02/22/22, 02/24/22 and 02/26/22 search efforts were focused in Pioneer. Amador County Sheriff's Office headed up the efforts. Topographical maps of the areas searched attached to this report. No significant items of evidentiary value were located.

On 03/11/2022, cadaver canine Inca and her handler, Cablk (CAL OES water certified dog) worked the exterior of the pond we located during earlier searches in Pioneer, CA. On the southeast end of the pond, Inca showed significant interest. K9 Inca alerted three times on the east end of the pond near the access road. Inca's alert is performing a "sit" wherever the alert is noted. K9 Inca performed three sits on the far east end of the pond.

After the search was concluded, I spoke with handler Cablk. Cablk said that there is a dead body somewhere in that pond. Upon the completion of this report on 03/15/2022, the pond had not been searched further by divers etc.

Narrative

This incident was audio and video recorded using my department issued, Axon Body 3, body worn camera. For verbatim account refer to the video recording.

On 01/28/2022 at approximately 1200 hours, I was working as the patrol shift Corporal for the City of Oakley. I was briefed on a missing person case involving O-Alexis Gabe that occurred earlier in the week. I was also briefed that Gabe's vehicle was found on Trenton St near Carrington Dr with a subject seen walking away from it.

OAKLEY POLICE DEPARTMENT**Narrative**

I was also briefed that Gabe was last seen at a boyfriend's residence at [REDACTED] Benttree Wy in Antioch.

On 01/29/2022 at approximately 0820 hours, I arrived in the area of [REDACTED] Benttree Wy to begin canvassing the area for video surveillance and to speak to O-Leslie Clark. I contacted Clark at his residence and he told me in summary:

I asked Clark if he remembered seeing Gabe at his residence on Wednesday night. Clark said he usually gets home from work between 1800 and 1830 hours. Clark said he will go to the gym for approximately one to two hours and then he will go to sleep.

On 01/26/2022, Clark did not recall seeing Gabe's car at the residence. Clark did not see Gabe in the residence or talk to her that night. Clark showed me where Gabe usually parks when she visits O-Marshall Jones and pointed to the East curb line of Cedar Point Wy, next to his residence.

Clark said Jones was upset about Gabe missing. Clark is Jones' step-father and has been in his life since Jones was seven years old. Clark said Jones and he live at [REDACTED] Benttree Wy together. Clark said he doesn't try to keep track of what Jones does because he's over 18 years old. Clark said he very rarely talks with Gabe. Clark said Gabe would come to the residence between five to six times a week when "they're together."

I asked Clark if Jones was around and he said he was not. Clark said that Jones told him that he was going to visit his mom who lives in Antioch. I told Clark that since he's been in Jones' life for so long that he was Jones' "Dad." Clark said he makes sure Jones stays in touch with his real dad, but then said he doesn't know if they talk to each other but he encourages that. I asked Clark if Jones and his dad didn't have a big relationship and Clark said Jones' dad was kind of big headed and is the kind of guy that knows everything, so to make it easier for Jones he stays out of it.

I asked Clark if he heard from Jones', to have him call Detective Horn and he nodded in the affirmative asking for business cards. Clark said that Gabe does not stay overnight at the residence and he had previously given a 2300 hour curfew for her to leave. Clark said Gabe would usually leave through the garage.

I ended my interview with Clark and began canvassing the neighborhood.

I spoke to O-Lashirley Bolton, who lives at [REDACTED] and told me in summary:

Bolton said she does not have video surveillance, but recalled seeing Gabe in the area multiple times in the past. Bolton said she would see Gabe parked in front of Bolton's residence or a neighbor's house and would often times be arguing on her phone. Bolton said she would sometimes see Gabe sitting on the curb near her car, talking on the phone. Bolton said she would see Gabe in a White Honda type vehicle and later an Infinity G36. Bolton had no other information about Gabe.

I canvassed the neighborhood of Benttree Wy and Cedar Point Wy and spoke to approximately 17 separate residents. The resident of [REDACTED] Benttree Wy provided me with a video of a vehicle driving by her residence but it's not conclusive if it was Gabe's vehicle. The video did not have a time stamp, but the resident advised it was at 1753 hours. No other resident that I spoke to in the neighborhood could provide me with video surveillance of a vehicle matching Gabe's or of subjects walking by.

On 01/30/2022 at approximately 0924 hours, I canvassed the area of Trenton St and Carrington Dr for video surveillance. Officers previously contacted residents in the neighborhood and I was performing follow-up. I contacted the resident at [REDACTED] Trenton St and he provided video surveillance from his ring doorbell. The video cut out as a vehicle was driving by and it did not have a time stamp.

I uploaded the videos onto the evidence.com database.

Summary Narrative

This is a supplement to the listed case number.

Other 1: HAMBLEN, ERIC

Involvement Other	Invl No 1	Type Individual	Name HAMBLEN, ERIC
-----------------------------	---------------------	---------------------------	------------------------------

Narrative

On 01-28-22 I was assigned as the Patrol Sergeant for the City of Oakley. When I arrived for the start of my shift I was briefed on the missing person details. I was informed by investigations the MSP's vehicle was found on Trenton. Video surveillance in the area showed the vehicle enter Trenton and stop on 01-26-22 at approximately 2135 hours. A subject was seen exiting the driver's door and then walking towards Oakley RD. The subject turned W/B onto Oakley RD and continued W/B. The subject was captured on cameras at Oakley Rd and Beldin, continuing W/B on Oakley Rd.

I searched the area looking for security cameras that may have captured the subject and direction of travel. I contacted OTH-Hamblen (Pastor Laurel Ridge Church). I requested he review the cameras the church has facing Neroly and Live Oak. I informed Hamblen I looking for any pedestrians walking S/B on Live Oak from 2145 hours to 2215 hours. I later received a telephone call from Hamblen who stated there was a subject walking S/B on Live Oak at 2205 hours. The subject walked through the intersection and continued S/B on Neroly past the church. Hamblen sent me the video via email. I downloaded the video to evidence.com.

At approximately 2252 hours, I parked my Patrol vehicle at Beldin and Oakley Rd. I walked W/B on Oakley Rd and turned S/B onto Live Oak. I walked to just before Live Oak and Neroly and timed the walk at 26 minutes. This time is consistent with what the church video captured if the subject captured on video is the same subject that exited the vehicle.

OAKLEY POLICE DEPARTMENT

Narrative

On 01-29-22 at 1836 hours, I responded to the Target store on Lone Tree Wy in Antioch. I requested to view their video surveillance from 01-26-22 between 2215 hours and 2245 hours. I reviewed the video and did not see any pedestrians walking S/B along the East side of the property during that time frame.

On 01-30-2022 I was reviewing video from the City of Oakley Cameras. I saw white SUV traveling S/B on Bridgehead Rd and then crossed the intersection of Bridgehead and Main St. The vehicle continued S/B on Neroly Rd. This vehicle matches a vehicle that was at the intersection of Live Oak and Neroly when the subject walked through the intersection. I accessed the LPR cameras on Bridghead and obtained the license plate of the vehicle [REDACTED]. I ran the vehicle and it returned to a business on E. Cypress and Knightsen Ave. I ran the RO [REDACTED] and his address was [REDACTED] as of 2017. I was unable to obtain a current phone number for [REDACTED]. At approximately 2230 hours, I drove by the residence but the vehicle was not there. I drove by the business and the vehicle was not there.

I was reviewing LPR cameras and ran the license plate of MSP-Gabe's ex boyfriend (OTH-Jones) who she was last seen with. The license plate [REDACTED] hit on FLOCK System cameras on 01-28-22 at 1915 hours at Cliffside On Ramp to E/B I80 in Vacaville. The same vehicle hit on the FLOCK System cameras on 01-30-22 at 1900 hours at Alamo On Ramp for W/B I80 in Vacaville.

I drove by Jones' residence at [REDACTED] Benttree Way in Antioch several times between 01-28-22 at 01-30-22 and did not see his vehicle at the location anytime I drove by.

DOB	[redacted]						

Narrative

On 1/29/22, I contacted OTH-Dickinson at [redacted]. I observed approximately 3 cameras mounted to the front of the residence as well as a ring style video doorbell. The 3 cameras are facing west at different mounting angles. Camera 1 is mounted on the north west side of the residence and is pointed towards the driveway and intersection of Live Oak at Neroly Rd. Camera 2 is mounted in the same area but is pointed towards the front yard and directly west across the street at [redacted] Live Oak Avenue. Camera 3 is mounted on the south west side of the front of the residence and points towards the driveway and intersection of Live Oak Ave at Neroly Rd.

Dickinson reviewed footage from his security system in my presence for the time frames I provided (1/26/22, 2130 hours - 2230 hours). I observed the cameras accurately depicted the areas outside his residence based on their mounted positions. We noticed the time stamp for the video appeared to be 2 minutes fast when compared to cell

OAKLEY POLICE DEPARTMENT**Narrative**

phone time.

While reviewing the video, at 21:33:22, two silver or lighter colored sedans turn right or northbound from Neroly Rd at Live Oak Ave. Both are similar in description to MSP-Gabe's vehicle.

While reviewing the video, I observed a subject walking southbound on the west side of Live Oak Avenue on 1/26/22 at the time stamps: Camera 1) 22:06:42 hours, Camera 2) 22:06:24 hours, Camera 3) 22:06:45. The subject appears to be a male adult based on size and gait, wearing a hood, and face mask as he walks by the residence and is illuminated by passing vehicles. The subject crosses the street at Neroly Road and Live Oak Avenue continuing southbound on the westside of the street. The subject later walks out of view of the camera continuing southbound on Neroly Road.

Dickinson downloaded the requested video to a thumbdrive and provided it to me on 1/30/22. I downloaded several clips to Evidence.com. Officer Dombrowski also downloaded several files under his Evidence.com log in as he assisted me with the booking of this evidence.

On 2/4/22, I spoke to Dickinson on the phone and filled out the attached Surveillance Video Foundation Form. I was present with Dickinson during review and downloading of the video footage on 1/30/22. I booked the thumbdrive provided in Oakley PD evidence. Also, refer to my Axon Body camera footage of video collection on 1/29/22 and 1/30/22.

Narrative

OAKLEY POLICE DEPARTMENT

Narrative

On 1/28/22, I was assigned as a Detective for the Oakley Police Department. I reviewed the original police report regarding Missing Adult Alexis Gabe. The location where Gabe was reportedly last seen was at Marshall Jones' residence at [REDACTED] Benttree Way, Antioch, CA on the evening of 1/26/22. Jones was reported to be Gabe's ex-boyfriend. Gabe's vehicle was located on Trenton Street in Oakley on 1/27/22 by her family with the keys in the ignition.

VIDEO SURVEILLANCE FROM [REDACTED] BELDIN LANE

On 1/28/22, I reviewed two video clips that were emailed to oakleycrimetips@ci.oakley.ca.us from Matt Forsland. The title of the video was "To Officer Roderic County". The email was sent to the Oakley police department on 1/27/22 at 9:51 P.M. Forsland's video surveillance camera pointed toward the intersection of Oakley Road and Beldin Lane from Forsland's backyard area.

The first video clip Forsland submitted showed what appeared to be an Infinity G37, silver or light blue, drive east on Oakley Road. The Infinity G37 drove by on 1/26/22 at 2134 hours.

The second video clip Forsland submitted showed what appeared to be a male walking west on Oakley Road on the south sidewalk of Oakley Road. The male was wearing a hooded jacket or sweatshirt, with the hood up over his head. Another hood can be seen down on the subject's upper back. The male was wearing what appeared to be a white N-95 style mask, and appeared to have a black beard underneath his mask. The male walked by on 1/26/22 at 2139 hours. The time frame of the video clip of the subject walking west on Oakley Road was consistent with someone parking Gabe's vehicle on Trenton Street and walking away from it.

I phoned Forsland about his camera system and he told me the following in summary:

Forsland has lived at [REDACTED] for three years. He maintains his own security system and has prior work experience in the CCTV industry. Forsland has 16 cameras at his residence, 13 exterior, and 3 interior. Forsland's security system is a Reolink and the footage can be viewed through a cell phone application called Blue Iris. The video was downloaded from the Blue Iris application and emailed to the police department on 1/27/22.

The video clips Forsland emailed to the police department on 1/27/22 were from a camera mounted to a pole in Forsland's backyard. That camera is motion activated and faces northeast from Forsland's backyard, towards the intersection of Oakley Road and Beldin Lane.

Forsland watched the videos he submitted to the police department which showed the Infinity G37 drive east, then a person walked west about 5 minutes later. Forsland stated the videos were a fair and accurate representation of the events that occurred on 1/26/22 at about 2134 hours and 2139 hours.

Forsland compared the live feed on his security system and it matched the time on his cell phone. Forsland said he knows the security system was functioning properly during this time frame because Forsland checks his camera system almost every day.

AREA CANVASS AROUND MARSHALL JONES' RESIDENCE ON 1/28/22 BY DETECTIVE MINISTER AND DETECTIVE HORN

On 1/28/22, at about 0930 hours, Detective Horn and I responded to [REDACTED] Benttree Way in Antioch for an area canvass. I saw a surveillance camera over the garage at [REDACTED] Benttree Way. The camera was pointed directly at the front of Jones' residence. I spoke to Elia Padilla who lives at [REDACTED] through the microphone on her camera. Padilla stated her surveillance system captures motion activated video clips.

I responded to Padilla's place of employment at about 1000 hours and reviewed her video clips that were stored on her cell phone. Padilla's surveillance system consisted of one motion activated Vivint camera over her garage. I forwarded the video clips that were recorded on 1/26/22 and 1/27/22 to my cell phone via air drop and later uploaded them to evidence.com. The last video clip on Padilla's camera system on 1/26/22 recorded at 1733 hours. The next video clip was on 1/27/22 at 0729 hours.

OAKLEY POLICE DEPARTMENT

Narrative

While speaking with Elia Padilla, she stated her neighbor who lives across the street (Marshall Jones), came over to her residence the day prior on 1/27/22. Jones spoke with Padilla's husband, Roman Padilla, about their camera system. Elia did not know the details about the conversation between Jones and Roman Padilla but knew the conversation was about their camera system. Elia provided Roman's contact information and stated Roman was at work.

Detective Horn phoned Roman Padilla and left a voice message requesting call back. Roman later spoke to Detective Horn regarding the conversation Roman had with Marshall Jones on 1/27/22. Refer to Detective Horn's supplemental report for details.

I reviewed the video clips from Padilla's Vivint system on her cell phone. I saw a video clip that showed Jones walked across the street to Padilla's residence on 1/27/22 at 1642 hours.

I continued my area canvass in the neighborhood. I spoke to Mauricio Tejera at [REDACTED] who was at work while I spoke to him. Tejera said he would review his Ring doorbell camera footage and let me know if there were any vehicles or individuals that passed in front of his residence. Tejera later reviewed his footage and said his doorbell camera activated only from movement in his own driveway. Tejera's camera did not capture any relevant footage.

I spoke to William Davis at [REDACTED] I recorded our conversation on my body worn camera. I asked Davis if he recalled seeing a light blue colored Infinity G37 parked across the street on Wednesday (1/26/22). Davis said he frequently sees that vehicle parked across the street on Cedar Point Way and it is associated with [REDACTED] Benttree Way. Davis said he recalled leaving his residence on Wednesday night 1/26/22 at about 2130 hours to go lock up his church. Davis recalled seeing the light blue Infinity G37 parked on the side of [REDACTED] Benttree Way at the time he left to lock up the church. Davis did not see anyone near the vehicle when he left to go lock up the church. Davis said he does not have any surveillance cameras at his residence.

STATEMENT FROM MARSHALL JONES ON 1/28/22

I continued my area canvass on Benttree Way. As I was speaking to neighbors on Benttree Way about 4-5 houses away from Jones' residence, I saw a white Hyundai Elantra, license plate # [REDACTED], park in front of Jones' residence. The vehicle parked on the street, facing the wrong direction. I saw a black male adult with a thin build, later identified as Marshall Jones, quickly walk inside the residence. I walked towards Jones' residence and activated my body worn camera.

About a minute later, Jones emerged from his residence and walked toward me. Detective Horn and I spoke to Jones outside [REDACTED] Benttree Way, in front of Jones' neighbor's house. Jones appeared to be nervous. His face had a sheen to it and Jones appeared to be moderately perspiring. That seemed out of the ordinary considering the low 60's temperature.

I transcribed the conversation with Jones below (from BWC footage):

Detective Minister: Hey, I'm Detective Minister with Oakley. Are you Alexis'....

Marshall Jones: Boyfriend, yeah.

Detective Minister: Boyfriend, ok. What's your name?

Marshall Jones: Marshall.

Detective Minister: Marshall, ok. We're just still looking for her. Have you heard from her at all?

Marshall Jones: I have not. I've been trying to call her. I've been texting. My text messages aren't getting delivered. My phone calls are going straight to voicemail.

Detective Minister: Gotcha. Ok. So. I guess...Did you speak to the officer? What yesterday?

Marshall Jones: Yesterday

OAKLEY POLICE DEPARTMENT**Narrative**

Detective Minister: Ok. I have not talked to him yet. What did you...What happened exactly?

Marshall Jones: I told him...

Detective Minister: I guess you talked to her Wednesday or something?

Marshall Jones: Yeah, if you give me a second I can go get my phone. I can show you when she called me and...

Detective Minister: Ok, yeah.

Marshall Jones: Just give me one second.

Jones walked to a white coupe, his work vehicle, parked on the street. Jones retrieved his cell phone from the vehicle and walked back over to Detective Horn and me.

Marshall Jones: So as I told the other Officer, around 6:38.

Detective Minister: Ok, 6:38 pm on Wednesday. Ok

Marshall Jones: On Wednesday. That was letting me know that she was outside. And to let her in.

Detective Minister: Ok. So she came over?

(Jones looked at his cell phone and was reading text messages sent to and from Alexis. Jones was showing me the text messages on his phone and was reading them to me.)

Marshall Jones: Yeah. And I mean, we called, we talked throughout the day. She was saying she could only come over for a little bit because she was doing some running around for her job. And, you know, she had to go meet her brother after she left which is why she had to leave kind of early.

I was asking her, "Are you online?"

I was like, "Ok."

And around 11 is when I started texting her cause normally she'll text me and say like "Hey you home?"

Or not "Hey you home?" They'll just be like oh you know, "I'm inside or..

Detective Minister: Can I see?

Jones handed me his cell phone.

Marshall Jones: She just never...

Detective Minister: *(reading text messages)* I love you. Goodnight. Are you ok?

Detective Horn: I'm sorry. I missed the whole part. What's your name boss?

Marshall Jones: Marshall.

Detective Horn: And did she drive her car here?

Marshall Jones: I would assume so, yeah.

Detective Minister: On Wednesday?

Marshall Jones: Wednesday.

Detective Minister: What car? She has the....

Marshall Jones: Infinity. I think the G37. Something like that.

Detective Minister: Ok.

Detective Horn: You remember where she parked it?

Marshall Jones: Usually she'll park over there. *(Pointing to Cedar Point Way side of Jones' residence).*

OAKLEY POLICE DEPARTMENT**Narrative**

Detective Minister: So basically, at this point. I think this is the last place that we know that she was at.

Marshall Jones: Right. And...

Detective Minister: So obviously that's why we're kind of keying in on this area you know?

Marshall Jones: I understand. And like I was telling her mom. Hey I saw her. This is the last time. You know and I just... I'm worried. You know and it's... (Pause) She's missing. And that just means that she's missing. It doesn't necessarily mean something happened to her. So I'm really trying not to let my mind wander. Her friends have, I'm not gonna say they've been putting me under scrutiny. But they, they're making me feel like I did something. And I didn't.

Detective Minister: Ok. And anytime...boyfriend. Right? And the last place she was seen.

Marshall Jones: And that's what I'm saying. Everybody handles stress different. You know so I just...

Detective Minister: Ya. We just want to rule everything out. Anything weird that happened here so...

Marshall Jones: I understand.

Detective Minister: You know what I mean. Then we can move on to, hey, let's go look in another area and see where she's at, you know?

Marshall Jones: I understand.

Detective Minister: Are you cool if we go inside and look around real quick?

Marshall Jones: Um, it's not my house it's my step-dad's. So, I mean, if, yeah. I mean I could call him really fast and see.

Detective Minister: Yeah that's fine. Go ahead.

Detective Horn: Also, was she making any sort of like suicidal statements or anything? Has she been feeling depressed lately?

Marshall Jones: No more or less than usual.

Detective Horn: So what is usual?

Marshall Jones: Usually, you know, she'll just be like, "I'm sad." You know, "Something happened." But not like overly depressed, like oh, you know, "I want to kill myself" or "I want to hang myself" or nothing like that.

Detective Horn: Did she have any family problems that she would confide in you?

Marshall Jones: Quite a bit. Her relationship with her dad wasn't the best.

Detective Horn: Ok. She ever express wanting to get away from that situation?

Marshall Jones: Yes. Yeah.

Detective Horn: You ever take her seriously?

Marshall Jones: No, cause I mean people talk about you know, Hey, I wanna, you know I just wanna get away. I wanna, you know, whatever the case is. But I, you know, we all talk about all let's go to Mexico for Taco Tuesday. Never like, "Oh, I'm gonna actively plan this out and go do something. So no.

Detective Horn: And would you say that this is normal behavior for her or is this out of the ordinary?

Marshall Jones: What do you mean?

Detective Minister: Like where you can't get a hold of her for a couple days and her family can't find her.

Marshall Jones: Not days, there are times though where she'll, she just won't answer the phone. So I mean for

OAKLEY POLICE DEPARTMENT**Narrative**

example, there's been times when she's been with Ria, Maria, and you know, they've gotten drunk at Shirasoni and they fell asleep in the parking lot. And she didn't answer my calls for hours.

Detective Horn: Ok.

Marshall Jones: Or they'll go to a Larry June concert and they'll pass out in the parking lot, you know, or parking garage or something like that.

Detective Minister: Ok.

Marshall Jones: So that's why I, again, when she didn't answer I wasn't necessarily too worried. Cause I was like, "Ok that's..."

Detective Horn: Is she into any sort of illegal drugs or anything that we might be worried about like her health.

Marshall Jones: Other than her smoking weed. I mean...

Detective Horn: Is she a heavy drinker, big partier?

Marshall Jones: Uh, she'll drink.

Detective Horn: To the point where she'll fall asleep in a car and not answer your phone calls.

Marshall Jones: Exactly.

Detective Minister: Is it more of like a recreational thing or every night kind of thing?

Marshall Jones: It's like an everyday kind of thing.

Detective Minister: Ok.

Marshall Jones: *(holding cell phone)* Ya, let me give him a call really fast.

Detective Horn: Cool man.

Marshall Jones: *(holding cell phone up to ear)* Hey dad, um, Alexis went missing. And the police just want to go through the house really fast just to make sure that everything's fine. Is that ok? *(pause)* Alexis went missing. And Oakley PD, they just want to walk through the house really fast just to make sure that nothing is out of the ordinary. *(pause)*. Yeah. No we're just talking. *(pause)*. I'm assuming because she's from Oakley. *(pause)*. It's two...are you a Detective?

Detective Horn: Yes sir.

Marshall Jones: Two Detectives

Detective Horn: if he's more comfortable you can put him on speaker phone and we can talk to him if you want.

Detective Minister: *(Provided license plate of Jones' work car to dispatch.)* 7KFN079

Marshall Jones: Ok. *(pause)*. Ok *(pause)*. No that's fine. *(pause)*. Nothing, I'm talking to two detectives and talking to you. *(pause)*. I'll let them know. *(pause)*. Yeah they're just waiting. *(pause)*. I understand.

Marshall Jones: He said that one of you could go in. Cause he would like the other one to stay out here.

Detective Horn: No problem.

Marshall Jones: So I don't know which one of you guys would like to...

Detective Horn: Whichever you prefer man it's really not a big deal. Either one of us.

Detective Minister: You have a flashlight on you?

Detective Horn: No I don't.

Detective Minister: Yeah, me neither. You want to go in ?

Detective Horn: Sure. I think my (*police*) ID is in my car.

Marshall Jones: *waves Detective Horn to come into house.*

Detective Minister: Is your Dad home?

Marshall Jones: No he's not.

Detective Horn: What's your Dad's name?

Marshall Jones: Leslie.

Detective Horn: That's the one you were talking to on the phone and said one of us could come in?

Marshall Jones: Yeah. You want me to leave the door open?

Detective Minister: Yeah, that's cool.

Marshall Jones: For sure, for sure.

Detective Horn and Jones go into residence and walk through residence together.

Detective Horn: Anything of hers that's here?

Marshall Jones: Um, I mean there might be some clothes that she left over. It's gonna be in my room. My room's a mess.

Detective Horn: That's fine.

Marshall Jones: *walks over to Marshall's room.*

Detective Horn: Cool, this your room?

Marshall Jones: This is my room. Indeed. I know like I said it's a mess.

Detective Horn: Hey, shit happens bro. You guys drink together I'm assuming?

Marshall Jones: Yeah, at the house.

Detective Horn: Any other light?

Marshall Jones: No, just that one.

Detective Horn: Ok. All right. Where's your car at? The SUV.

Marshall Jones: That's... at my job.

Detective Horn: What's that?

Marshall Jones: My job. I'm driving my company car right now.

Detective Horn: Oh, you leave it at your job and take the car from there? *Detective Horn points toward garage.* Is that the garage?

Marshall Jones: Yeah, yeah.

Detective Horn: And then this is whose? (*looking at Dodge Durango in garage, license plate # [REDACTED]*)

Marshall Jones: This is his car (Leslie's).

Detective Horn: Is there an upstairs?

Marshall Jones: No.

Detective Horn: It's just one story.

Marshall Jones: Yeah.

Detective Horn: Ok.

Marshall Jones: Did you want to go in the backyard?

Detective Horn: Probably not.

Marshall Jones: As you are going out close the door so I can turn the alarm back on.

Detective Horn: *Pointing at stadium seats in front living room.* Are those from Candlestick?

Marshall Jones: I don't know what your pointing at.

Detective Horn: The stadium seats.

Marshall Jones: I don't know.

Detective Horn: All right I'm going to close this door. *(Detective Horn walks out of residence)*

Detective Minister: Thanks for letting us check it man.

Marshall Jones: Of course. Like I said, I want to find her.

Detective Horn: No contact from her?

Marshall Jones: None whatsoever.

Detective Horn: K. Phone's been off? You've tried to call her I'm assuming?

Marshall Jones: Indeed.

Detective Minister: So as far as Wednesday goes. Can you kind of run through your day that day and that night and everything.

Marshall Jones: Yeah, so Wednesday I was off. Literally stayed home all day. I was on my Xbox playing GTA, doing ice and what not. I was sending emails to my professor. She came around 6:30. 6:38. Know what I mean. She left around 9. (pause) Actually, I was on the phone with my dad as she was leaving.

Detective Minister: Ok. Your dad wasn't home?

Marshall Jones: No. So, this is my step-dad (holds up cell phone). I was on the phone with my real dad. So, I was on the phone with him.

Detective Minister: Where's your real dad live?

Marshall Jones: Washington

Detective Minister: Ok.

Marshall Jones: So, was on the phone with him. She left. I stayed on the phone with him for I want to say like an hour or something. I can pull up the...not the read receipt but the call log.

Detective Minister: Ok.

Marshall Jones: Yeah I was on the phone with him. Got off the phone with him at like, 11 something. I walked into my step-dad's room because I was going to give him back some Tylenol that he gave me because I've been sick. And then I went to sleep.

Detective Minister: Ok. So you didn't leave at all on Wednesday night?

Marshall Jones: I did not leave.

Detective Horn: And you were here with step-dad you said?

Marshall Jones: Les, yes.

Detective Minister: What time did he get home?

Marshall Jones: Uhh, (puts cell phone to ear) Dad what time did you get home on Wednesday? (pause) yeah. (pause) He says he got home around...what time? 6 or 6:30.

Detective Horn: And he stayed home?

Marshall Jones: No because he went to the gym. And then. (to cell phone) You got home at like 7 something. You were only gone for like an hour. Yeah.

Detective Horn: But she was still here when he got home?

Marshall Jones: Yeah.

Detective Minister: What time did you say she came over again?

Marshall Jones: Like 6:38 is when the call log shows cause that's when she came in.

Detective Horn: Let her in.

Marshall Jones: Yeah.

Detective Minister: And she left around 9?

Marshall Jones: I don't want to say 9 specifically but around 9 o'clock.

Detective Minister: And then your step-dad got home around?

Marshall Jones: 7 give or take.

Detective Minister: 7. From work or?

Marshall Jones: No, so he got home from work around 6 something. Then he went to the gym for about an hour.

Detective Minister: Ok. Then he came home?

Marshall Jones: Yeah.

Detective Minister: Did he leave at all after that?

Marshall Jones: No.

Detective Horn: And he saw her (Alexis) here when she was here?

Marshall Jones: Yeah.

Detective Minister: Did he see her leave, do you know, or was he in his room?

Marshall Jones: He was in his room. I opened the garage door for her so she could leave.

Detective Minister: She walked out of the garage?

Marshall Jones: Uh-huh (yes).

Detective Minister: Ok. Did you see her walk out or you just know that's the way she went out?

Marshall Jones: I saw her walk out.

Detective Minister: And then where was her car at?

Marshall Jones: I'm assuming over there because that's normally where she parks. *(pointing toward Cedar Point Way) She never parks up here (pointing in front of residence on Benttree Way.)*

Detective Minister: Ok. Did you see her walk over there or did you turn around?

Marshall Jones: I saw her come down the driveway. *(Jones points to the end of the driveway where the sidewalk meets the driveway near the lawn of his residence as the last place he saw Alexis.)*

Detective Minister: Ok. So the last time you saw here she was right here? *(I pointed towards area where sidewalk, lawn, and driveway meet.)*

Marshall Jones: Yes.

Detective Minister: Ok. You haven't seen her since?

Marshall Jones: I have not seen her since.

Detective Minister: Ok.

Detective Horn: Do you mind hanging up with him real quick? I'm going to ask you something, then we'll continue.

Marshall Jones: I'd like for him to be on the phone.

Detective Horn: Would you be willing to give us your cell phone for a forensic download?

Marshall Jones: Oh. Yeah.

Detective Horn: So I'm able to do all that stuff.

Marshall Jones: Wait, what's a forensic download again?

Detective Horn: It just shows me all the information on your phone for a certain period of time.

Marshall Jones: Oh, ok.

Detective Minister: It just shows like, hey was this phone here the whole time. And that kind of thing.

Marshall Jones: Oh, yeah. Ok yeah. For sure. Yeah for sure.

Detective Horn: Then I would just have you sign a consent form.

Marshall Jones: Ok.

Detective Horn: Then you can bring it down. Well I mean I prefer to take it right now. Then we can get you to sign the consent form down at the PD. Then I take your passcode. Then I would do it that way.

Marshall Jones: Can I just follow you down there or?

Detective Horn: The thing is we don't want any information erased between now and...

Marshall Jones: Oh between and now. Ok. How long would it usually take?

Detective Horn: Once I get back to the PD I just have to figure out what plug I use. Then it takes however long it takes to download.

Marshall Jones: Ok.

Detective Horn: Generally not too long. But I should be able to get it back to you in a reasonable amount of time. At least by the end of today.

Marshall Jones: Ok.

OAKLEY POLICE DEPARTMENT**Narrative**

Detective Minister: We're just trying to rule anything out here so we can move on. We want to clear your name.

Detective Horn: We just want to move on from this.

Marshall Jones: I understand. I understand. *(talking in cell phone)*. Hey Dad. I'm going to hang up. I'm going to give them my phone. So, yeah.

Detective Minister: What's his phone number so I can call him.

Marshall Jones: *(talking to cell phone)* Is it ok if I give them your phone number? *(pause)* So they could do a forensic... *(points to Detective Horn.)*

Detective Horn: No, we're just gonna talk to him. But we'll be able to...We do want your phone for the download. But we just want to be able to talk to him.

Marshall Jones: *(talking to cell phone)* They want to do a forensic download just to make sure that, you know, my phone was where I said it was, i.e. where I said I was. So his number is gonna be [REDACTED].

Detective Minister: Ok. All right cool.

Marshall Jones: *(talking to cell phone)* All right Dad. I'm gonna hang up. I'm gonna give them the phone and I'll see you back at the house. *(pause)* He wants to know am I being named as a suspect?

Detective Minister: No, we're just trying to rule you out right now man.

Detective Horn: Not at all.

Marshall Jones: *(talking to cell phone)* He said no they're just trying to rule me out.

Detective Minister: We always start at the last place she was seen. You know what I mean?

Marshall Jones: He's saying I shouldn't give you my phone.

Detective Minister: It's totally up to you man.

Detective Horn: It's totally up to you.

Marshall Jones: Is there another way you could do that?

Detective Horn: It's the most efficient way that we have. I'm a certified forensic downloader that's what I do. And I'll be able to give you your phone back. It won't be damaged or tainted with or anything like that. It logs every single thing that I do on the computer that I use.

Marshall Jones: Ok.

Detective Minister: We're just trying to find Alexis man. That's it.

Marshall Jones: No, and I know.

Detective Minister: It's totally up to you.

Marshall Jones: How long would it take?

Detective Horn: Generally speaking, once I get back to the PD and I'm able to sit down and get into it, depending on how big the phone is, how much information you have stored on there, it depends. But generally speaking for a phone that's like, I want to say...Do you know how large that iphone is?

Detective Minister: How long have you had it?

Marshall Jones: Since last year, early last year.

Detective Horn: Gigabytes?

Marshall Jones: 32, 64, something like that.

Detective Horn: And I'm only looking at specific information. So it's not going to take me long to like analyze the stuff. I'm not going to go back a year. Right? I'm only gonna go back to Wednesday.

Marshall Jones: Ok. You know, I have no problem with that.

Detective Horn: Cool

Marshall Jones: (talking to cell phone) Dad I'm gonna do it. I have nothing to hide man. I want to find Alexis. So, I have no problem with that. Like I said. I'll talk to you when you get back to the house.

Detective Horn: All right boss, what's the passcode so I can write it down.

Marshall Jones: [REDACTED]

Detective Horn: Awesome. All right my man. So you don't mind if I take it right now?

Marshall Jones: I don't. I'm still on the clock though so I have to get back. But I can, or how long is it going to take to sign the consent form? Like 2 seconds?

Detective Horn: Yeah, so we can go back right now and we can do that right now. You good with that?

Marshall Jones: Ok.

Detective Minister: Yeah.

Marshall Jones: Ok.

Detective Horn: So we'll just go straight to Oakley PD, ok?

OAKLEY POLICE DEPARTMENT
CONTROLLED DOCUMENT

Released to: _____
Released by: _____

Detective Horn and I left Jones' residence at about 1205 hours and drove to Oakley PD. Jones followed behind in his white work vehicle.

Upon arrival at Oakley PD at about 1220 hours, Detective Horn told Jones to park in the front of the police department parking lot and we would be out shortly with the form.

At about 1230 hours, I brought the consent to search form out to Jones. I did not see Jones' vehicle anywhere in the entire parking lot.

At about 1335 hours, Jones returned to Oakley PD in his Black Ford Explorer, license plate # [REDACTED]

Jones walked inside the police department and notified the front desk staff he was there.

At about 1340 hours, I brought the consent to search form out to the police department lobby. I invited Jones inside the police station to sign the consent to search form and activated my body worn camera.

I transcribed the contact with Jones when Jones returned to the police department to sign the consent to search form.

Marshall Jones: I have to come (go) back to work. So if I could *(makes a writing gesture with his hand)*...

Detective Minister: Ok. Yeah. We just want to clarify a few things so we can try and track her down real quick. You know what I mean?

Marshall Jones: I understand.

Detective Minister: But you don't want to talk to us right now?

OAKLEY POLICE DEPARTMENT**Narrative**

Marshall Jones: Like I said, I'm on my lunch. I have to get back.

Detective Minister: Where do you work?

Marshall Jones: IDAX

Detective Minister: IDAX. Ok. *(Pointed towards consent to search form)* So just put your name there. Where's that (IDAX) at?

Marshall Jones: Pacheco

Detective Horn: Which car do you have there?

Marshall Jones: The SUV. So if you wanted to go look around. For sure.

Detective Minister: *(Looking at Ford Explorer parked outside)* Oh that's your car?

Marshall Jones: Yeah.

Detective Minister: Ok.

Detective Horn: You have it with you right now? Your Explorer?

Marshall Jones: That's what I said. If you want to go look around, go ahead. For sure.

Detective Minister: Cool, thanks man. I appreciate you helping us out.

Marshall Jones: Yeah, for sure.

Detective Horn: You got the keys?

Detective Minister: Is it unlocked?

Marshall Jones: No it's locked.

Detective Horn: You got a (key) fob?

Marshall Jones: No I have to manually do it. *(still filling out consent to search form)*

Marshall Jones: *(looking at consent to search form)* So would I....Cause he said it was only going back to Wednesday.

Detective Minister: Here let me see. *(takes pen and helps fill out form) (filling in boxes)* Detective Horn, Missing Person Investigation, What is that? Iphone? Apple. You remember what model it is?

Marshall Jones: 11

Detective Minister: 11, Location, Text. Phone calls, photos.

Marshall Jones: So is that gonna be? Could you put it in...Cause you said it was only going to be til Wednesday. So...

Detective Minister: Going back to Wednesday?

Marshall Jones: Yeah. That's what you said right? So if you could just put that in writing.

Detective Minister: Yeah. *(filling out form)* Back to Wednesday 1/26/22. Today's the 28th. Detective Minister.

Marshall Jones: And you said it would take about an hour?

Detective Horn: Yeah it's downloading as we speak.

Marshall Jones: Oh so you already started it?

Detective Horn: Uh-huh (yes).

(Jones, Detective Horn, and I walk out of lobby to black Ford Explorer parked in front of Oakley PD)

Detective Minister: Any other places you think we should check for her?

Marshall Jones: As I told the other Officer, I thought once she left my house, she was going to hang out with Ria.

Detective Minister: Ria?

Marshall Jones: Ria.

Detective Minister: Where does she live?

Marshall Jones: Not too far from her Apartments. I don't know the exact street.

Detective Minister: In Oakley?

Marshall Jones: In Oakley.

Detective Minister: Do you know her last name?

Detective Horn: Ria doesn't live in Concord?

Marshall Jones: Ria? No she stays in Oakley. I'm sorry I didn't mean to just go in my pocket like that. I didn't want you to...

Detective Horn: No. Do you know what you all have back here? *(looking in back of Explorer)*

Marshall Jones: Yeah, Blankets and what not. Uh, wait do you actually have to search it or can you just look around? Cause this isn't...This is my Dad's car.

Detective Horn: I kind of just want to lift the gate so I can see inside. You know? If that's cool.

Marshall Jones: Uhh, again it's not my car. It's my Dad's. And you have my phone so I.... I can open the...

Detective Horn: It's up to you.

Marshall Jones: I can....

Detective Minister: Well you're the one that said go check it out so that's why we're out here.

Marshall Jones: Yeah. I thought you were just going to look around it. I didn't think you were gonna...I'll open the gate for you though so that way you can look inside.

Detective Horn: That'd be great.

Marshall Jones: *(opens lift gate, looking at comforters in back of Explorer with 2nd row seat folded down flat)* We went to the drive-ins so, tried to make it roomy. *(pointing into back of Explorer)* Some water, I mean you can look in the back. That's our Philly cheese steak.

Detective Horn: Any of this hers?

Marshall Jones: No. This is...

Detective Horn: Cause we would like to collect a DNA sample from her. Right, so we have a reference on file. Right, so was she back here?

Marshall Jones: Uhh, yeah? But I don't...

Detective Horn: So was any of this like, would it have her DNA on it?

Marshall Jones: Uhh, None of this is hers. I don't, I don't know.

Detective Horn: Would you mind if we took a blanket to test it?

Marshall Jones: I would because. Yeah, I would.

Detective Horn: All right. And does she normally sit up in the front seat?

Marshall Jones: Umm, yeah..

Detective Horn: You mind if I snap a photo?

(Jones closes lift gate)

Detective Minister: You don't want us to look under the blankets or what?

Marshall Jones: If you would like to look under the blankets. *(opens lift gate)*.

Detective Minister: Ok.

Marshall Jones: I don't want you to think I have a dead body or anything in here.

Detective Minister: No I was just...Cause you were being all...

Marshall Jones: Yeah.

Detective Minister: This is your step-dad or your real dad's (car)?

Marshall Jones: My step-dad.

Detective Minister: Gotcha. All right cool.

Marshall Jones: *(closes lift gate)* So yeah. So about an hour?

Detective Horn: Yeah, it's going right now.

Marshall Jones: Ok for sure.

Detective Minister: You want to hang out here or you gonna...?

Marshall Jones: I gotta get back to work.

Jones drove away from the PD at 1346 hours in his black Ford Explorer.

I later learned from Contra Costa County DA Inspector J. Alexander that Jones returned to his work on Friday 1/28/22 between 1230 hours and 1300 hours. Jones informed his boss that something had come up and Jones had to go home for the day. Jones did not return to work after 1300 hours. Refer to DA Inspector Alexander's report for further details.

Jones returned back to Oakley PD in his black Ford Explorer and Detective Horn gave Jones his (Jones') cell phone back. Jones left Oakley PD at about 1500 hours with Jones' cell phone.

The northwest corner of the exterior of the Police Department and the lobby are equipped with surveillance cameras. The surveillance camera system was installed and maintained by OTH-Kyndl Buzas of KB Security. I requested video footage from when Jones was at the Police Department. Buzas provided me with approximately 10 video clips showing Jones at the Police Department on 1/28. The live feed showed the camera was approximately seven minutes fast. I also recorded the interaction with Jones in the lobby on my body worn camera. I later uploaded the videos to evidence.com.

CELL PHONE PRESERVATION LETTERS

On 1/28/22, I submitted a preservation letter to Sprint for Alexis Gabe' cell phone number (██████████), a preservation letter to Sprint for Marshall Jones' cell phone number ██████████, and a preservation letter to AT&T for Leslie Clark's cell phone number ██████████.

Narrative

SEARCH WARRANT FOR ALEXIS GABE'S CALL DETAIL RECORD

On 1/29/22, I authored a search warrant to Sprint for Cell Data Records of Gabe's cell phone number. The search warrant was signed by the Honorable Judge Terri Mockler on 1/29/22 at 0719 hours. I submitted the search warrant to Sprint and completed the exigent form. The search warrant results showed Gabe's cell phone was in the area of [REDACTED] Benttree Way (Jones' residence) on 1/26/22 at 2108 hours and 2124 hours. Gabe's cell phone appeared to leave Jones' residence on 1/26/22 at about 2124 hours. Gabe's cell phone then showed to be on Lone Tree Way, then showed to be in the area of Highway 4 and Laurel Road at 2129 hours. Gabe's CDR records showed her cell phone to be at Live Oak Avenue and Laurel Road at 2132 hours. Gabe's CDR records showed her cell phone to be in the area of Oakley Road at 2133 hours. At 2135 and 2136 hours, Gabe's CDR records were consistent with her cell phone being on Trenton Street where her vehicle was located. At 2137 hours, Gabe's CDR records were consistent with her cell phone being in the area of Trenton Street and Oakley Road. At 2139 hours, Gabe's cell phone records were consistent with her cell phone being in the area of Oakley Road and Beldin Lane. This is the same time Forsland's security camera showed the bearded male wearing a hood over his head and N-95 mask walk west by Forsland's security camera at the corner of Oakley Road and Beldin Lane. Gabe's CDR records showed the cell phone to be in the same area of Oakley Road at 2141, 2142, and 2143 hours.

On 1/28/22, Oakley PD weekend patrol teams were briefed on the updates in this case. Over the weekend, several officers continued to check for video surveillance around the area Gabe's vehicle was located, and also around Jones' residence. Supplemental reports were written regarding neighborhood canvassing for video surveillance.

VIDEO SURVEILLANCE FROM LAUREL RIDGE CHURCH AT LIVE OAK AVENUE AND NEROLY ROAD

On 1/29/22, Sergeant Roberts showed me video he collected from the Laurel Ridge church at the intersection of Live Oak Avenue and Laurel Road. The camera was on the northwest corner of the building and was pointed northwest towards the intersection of Live Oak Avenue and Neroly Road. The video showed a person walking south on the west side of Live Oak Avenue at about 2205 hours on 1/26/22. The person crossed the intersection of Neroly Road and continued south on Neroly Road, west of the church. The time frame of the person walking south on Live Oak Avenue at Neroly Road is consistent with the time frame of someone walking from Oakley Road and Beldin Lane at 2139 hours to the intersection of Live Oak Avenue and Neroly Road. Sergeant Roberts walked from Oakley Road at Beldin Lane to Live Oak Avenue at Neroly Road and it took him 26 minutes, consistent with the person walking in the video. Refer to Sergeant Roberts' supplemental report for details.

VIDEO SURVEILLANCE FROM [REDACTED] TRENTON STREET

On 1/30/22, Officer Dombrowski contacted a resident, OTH-Wallace-Keith, at [REDACTED] Wallace-Keith told Officer Dombrowski she had video surveillance of a vehicle being parked on 1/26/22. The vehicle was determined to be Alexis Gabe's Infinity, based on it being parked at the exact location Gabe's vehicle was located the following day, and both vehicles appeared to be a smaller coupe size vehicle.

The vehicle was seen driving onto Trenton Street from Oakley Road. The vehicle parked on the west side of the street at approximately 2140 hours per the time on the video surveillance system. The video surveillance was approximately 6 minutes faster than real time, which Officer Dombrowski verified using his cellular phone time compared to the live feed. The actual time the vehicle turned and parked on the street was approximately 2134 hours.

The headlights to the vehicle were turned off about 26 seconds into the video.

The driver exited the vehicle and the driver's door closed about 54 seconds into the video.

The driver walked north on Trenton Street along the west sidewalk on Trenton Street.

OAKLEY POLICE DEPARTMENT

Narrative

The driver appeared to turn left (west) onto Oakley Road at about 1 minute and 42 seconds into the video.

VIDEO SURVEILLANCE FROM [REDACTED] LIVE OAK AVENUE

On 1/30/22, Sergeant Foreman located video surveillance from the residence at [REDACTED] Live Oak Avenue. The video showed the following in summary:

(Time stamps on video are two minutes ahead of the actual time)

At 21:31:22 (21:33:22 on video time stamp), two silver or lighter colored sedans turn right or northbound on Live Oak Avenue at the Live Oak Ave/Neroly Rd intersection. Both vehicles were similar in description to MSP-Gabe's vehicle.

Sergeant Foreman observed a subject walking southbound on the west side of Live Oak Avenue on 1/26/22 at the time stamps:

- Camera 1) 22:04:42 (22:06:42 hours on video time stamp),
- Camera 2) 22:04:24 (22:06:24 hours on video time stamp),
- Camera 3) 22:04:45 (22:06:45 on video time stamp).

The subject crosses the street at Neroly Road and Live Oak Avenue continuing southbound on the west side of Neroly Road. The subject later walked out of view of the camera continuing southbound on Neroly Road.

On the video clip labeled "[REDACTED] Live Oak Ave. Camera 2 2205 to 2230 hours.mp4", I saw the male subject walking south on Live Oak Avenue. At 22:04:26 (22:04:26 hours on video time stamp), a vehicle turned north on Live Oak Avenue. The headlights of that vehicle illuminated the subject walking south on Live Oak Avenue. The subject's white, N-95 style mask, and hooded jacket/sweatshirt could be seen during that portion of the video. The subject seen walking has a general height and build that matches the general height and build of Marshall Jones.

There are no residences on Neroly Road south of this intersection and this area of Oakley is not a well traversed area by pedestrians.

Based on the fact the person walking south on Live Oak Avenue in this video clip was wearing a hooded jacket/sweatshirt and a white, N-95 style mask, and the person captured on Forsland's video walking west on Oakley Road was also wearing a hooded jacket/sweatshirt and a white, N-95 style mask; the fact the video clips were taken about 26 minutes apart, and it takes about 26 minutes to walk from Oakley Road/ Beldin Lane to Live Oak Ave/ Neroly Road, I believe the subject in both video clips was the same person.

VIDEO SURVEILLANCE FROM [REDACTED] OAKLEY ROAD

On 2/10/22, I spoke to OTH-Victoria Cross at [REDACTED]. Cross stated she had two Vivint cameras attached to the north side of her residence. The footage continuously recorded 24/7 and the footage was saved for about 30 days through a cloud based system. Cross showed me the videos on her phone but I was unable to download directly from her cell phone or tablet. The live feed on her camera was accurate when compared to the actual time on my cell phone. Cross contacted Vivint and allowed the company to send me a video clip of Cross' two cameras attached to the north side of her residence.

On 2/14/22, OTH-Carrie Jensen, the Legal Assistant Supervisor for Vivint emailed me video clip of Cross' surveillance footage on 1/26/22 from 2132 hours - 2145 hours PST. The email contained the following information in addition to the video:

Start time: 2022-01-27 05:32:00 UTC (2022-01-27 05:32:00 UTC)
 End time: 2022-01-27 05:45:00 UTC (2022-01-27 05:45:00 UTC)
 Zip file password: [REDACTED]
 Zip file SHA1 checksum: 2ae456f5b40d99331e79dd16d2c1867c3f6b1d5d
 Zip file deletion date: 2022-03-16

OAKLEY POLICE DEPARTMENT**Narrative**

I watched the 13 minute clip and saw what appeared to be Gabe's Infinity drive east on Oakley Road at Beldin Lane at about 21:34:45 hours. At about 21:39:36, a pedestrian walked west on Oakley Road on the south sidewalk of Oakley Road. The time frame is consistent with video from Forsland's security system of a person walking by at 2139 hours. 2295 Oakley Road is directly across the street (Beldin Lane) from Forsland's residence.

Other than one bicyclist, I did not see any other pedestrians walking west on Oakley Road during this video clip. Due to distance and darkness, I was unable to determine the clothing the subject was wearing. Since there was only one pedestrian walking by during this time frame, I believe the subject that walked by at 21:39:36 was the same bearded male captured on Forsland's video at 2139 hours wearing the hoodie, and white, N-95 style mask. This video confirmed the bearded pedestrian from Forsland's video did not come from Beldin Lane, but was walking west on the south side of Oakley Road, east of Beldin Lane.

GROUND SEARCH OF AREA AROUND ALEXIS GABE'S VEHICLE ON 1/30/22

On 1/30/22, I assisted with coordinating a search of the area around Trenton Street, Beldin Lane, Oakley Road, Montevino Way, Live Oak Avenue, Stacy Lane, Poco Lane, El Lago Drive, Gum Tree Road, Nut Tree Lane, and south to the intersection of Neroly Road and Live Oak Avenue. Police Services Assistant (PSA) D. Jurkiewicz and approximately eight City of Oakley CERT volunteers helped search the areas for a cell phone or any clothing that Gabe was believed to be wearing at the time of her disappearance.

Volunteers located a broken cell phone located in a bush, just off the roadway on Live Oak Avenue, south of Oakley Road, on the west side of the street. Detective Horn and I responded and Detective Horn collected the cell phone. PSA D. Jurkiewicz stated the cell phone had not been touched since it was located. PSA Jurkiewicz photographed the cell phone and PSA Rostran later booked those photos into evidence.com labeled "Found cell phone". The cell phone was swabbed for DNA by PSA Rostran. The swabs of the broken cell phone were later submitted to the Contra Costa Crime Lab for DNA processing. The cell phone was booked into evidence. We were unable to determine the make or model of the cell phone because only the front half (screen side) of the phone was located.

No other items of evidentiary value were located during the search on 1/28/22.

SEARCH WARRANT OF [REDACTED] BENTTREE WAY ANTIOCH, CA

On 1/31/22, I authored a search warrant of Marshall Jones' residence at [REDACTED] Benttree Way in Antioch. The warrant was signed by the Honorable Judge Terri Mockler on 1/31/22.

On 2/1/22, I executed the search warrant along with other members of Oakley PD, Antioch PD, two cadaver dog handlers and two cadaver dogs. No one was home during the execution of the search warrant. Jones' black Ford Explorer, license plate # [REDACTED], was parked on the street directly in front of the residence. A maroon Dodge Durango, license plate # [REDACTED] was parked in the garage.

Approximately 6 bottles of laundry detergent were located in the garbage receptacle outside Jones' residence. A later review of Vivint video surveillance camera footage from the neighbor directly across the street from Jones' residence showed the garbage had previously been picked up by the garbage company on 1/26/22.

A commercial sized mop bucket was located in the kitchen area during the search warrant. A later review of Detective Horn's body worn camera footage showed the mop bucket was not there when Detective Horn walked through the residence on 1/28/22.

During the execution of the search warrant, Officer Palmer observed the bathroom and shower in the bathroom across the hallway from Jones' bedroom. Officer Palmer noticed the bathroom shower appeared exceptionally clean compared to the rest of the residence. Upon reviewing Officer Palmer's body worn camera footage of this bathroom, I also noticed the shower curtain and shower rod were missing from the shower. There was no shower door or other barrier on the shower that is typically affixed to a shower to prevent water from getting all over the

OAKLEY POLICE DEPARTMENT

Narrative

bathroom. Shampoos and soaps were located in the shower that would lead me to believe this shower was regularly used.

The residence was equipped with an ADT alarm system. A Comcast cable box was also observed inside the residence.

The Contra Costa County Crime Scene Investigators were called out by Oakley PD.

Officer Jackson and Officer Locke entered the residence with the cadaver dogs. Officer Jackson notified me of an alert from a cadaver dog inside the residence. Officer Locke notified me the cadaver dog showed interest in the bathroom near Jones' bedroom but did not alert. Refer to Officer Locke and Officer Jackson's supplemental reports for further details.

Antioch Homicide Detectives notified Oakley PD they would take over the case due to the suspicious circumstances surrounding Gabe's disappearance. The Contra Costa County Crime Scene Investigators were cancelled and Antioch PD Detectives advised Antioch PD CSI would process the residence for evidence.

Oakley PD personnel left the scene at that time.

Refer to Antioch PD reports for details on evidence processing of [REDACTED] Benttree Way.

Later in the afternoon, a briefing was conducted at Antioch PD. Oakley PD Detectives, Antioch PD Detectives, and Inspectors from the Contra Costa District Attorney's Office were present. The facts of the case were discussed to all persons present. All three agencies agreed to continue to jointly investigate this case.

Local media reports were published in this case beginning on 1/27/22 and continued throughout the investigation. East County Today, The Brentwood Press, KTVU, KRON, SF Gate, NBC Bay Area, SF Chronicle, The Mercury News, East Bay Times, ABC7, and other news stories. Several tips were called in and documented in supplemental reports by several different Oakley PD officers during this investigation.

On 2/2/22, I authored a search warrant to ADT for information pertaining to the ADT alarm system at [REDACTED] Benttree Way. The search warrant was signed by the Honorable Judge Leslie Landau. No camera footage or logs showing when the alarm system was set and turned off were maintained by ADT off-site. The subscriber was listed as Leslie Clark.

AREA CANVASS AROUND [REDACTED] VACAVILLE, CA

On 2/3/22, Detective Horn and I conducted an area canvass around [REDACTED]. This is the address of Jones' sister, Ariana Eaton. Call detail records of Jones' cell phone (location data and call logs between Jones and Eaton) led Detective Horn and me to that area. According to CDR data, Jones arrived to the area of Eaton's residence the evening of 1/28/22. He then was believed to have turned his phone off. Jones' vehicle then was captured on ALPR camera getting onto I-80 EB in Vacaville after his phone was turned off. Jones' cell phone was then briefly turned back on in the area of Bradshaw Road and Kiefer Blvd going southbound.

Jones' Explorer was believed to have been captured on video turning east onto Jackson Road from southbound Bradshaw Road a few minutes after Jones' cell phone showed him to be on Bradshaw Road. Refer to Officer Palmer's supplement report for details pertaining to video.

Jones' cell phone was turned off again for over three hours. Jones' cell phone was then turned back on in the area of Isleton and Rio Vista near Highway 160 and Highway 12 in the early morning hours on 1/29/22.

Jones' cell phone then showed him drive over the Antioch bridge briefly, then drive back to Eaton's residence in Vacaville. An ALPR Flock camera captured Jones' Explorer going west on Highway 12, west of the Rio Vista bridge at about 0211 hours.

Refer to Antioch PD Detective Cox's report for further details regarding CDR records pertaining to this investigations.

OAKLEY POLICE DEPARTMENT

Narrative

I did not locate any cameras in the neighborhood that captured Jones' vehicle.

I met with Vacaville Detective R. Myers. Myers located video of Jones' Explorer driving in the City of Vacaville on Flock ALPR cameras and on City of Vacaville cameras. Myers provided me with a thumb drive of videos he located. I later uploaded the videos to evidence.com. The video showed a Ford Explorer matching Jones' explorer turn onto Cliffside Drive on 1/28/22 at 1915 hours. This is the same time the vehicle is captured on the Flock ALPR camera at 1915 hours. I was unable to see into the vehicle from the camera footage due to distance and darkness. Another video clip showed what appeared to be Jones' black Ford Explorer driving on Alamo Dr in Vacaville on 1/30/22 at 1900 hours. This was the same time the Flock ALPR captured Jones' vehicle in Vacaville. There appeared to be only one occupant in the driver's seat in this video. I was unable to see the description of the driver and I could not see into the back seat. I booked the thumb drive into Oakley PD evidence. I was unable to upload the video to evidence.com due to the large size of the video.

COMCAST SEARCH WARRANT FOR IP ADDRESSES AT [REDACTED] BENTTREE WAY

On 2/10/22, I authored a search warrant to Comcast for IP addresses at [REDACTED] Benttree Way. The search warrant was signed by the Honorable Judge Benjamin Reyes on 2/10/22. The results of the search warrant showed the IP addresses assigned to the account at [REDACTED] Benttree Way Antioch, CA, Subscriber Leslie Clark, was [REDACTED]. The time frame the IP addresses were assigned to this account was 1/2/22 1800 hours UTC to 2/2/22 1800 hours UTC.

ALEXIS GABE'S INFINITY VEHICLE INFOTAINMENT ANALYSIS

On 2/2/22, Detective Horn authored a search warrant for vehicle infotainment data from Alexis Gabe's Infinity vehicle, temporary CA license plate # [REDACTED]. The search warrant was signed by the Honorable Judge Susanne M. Fenstermacher. On 2/8/22, I met with CHP Investigator Colleen Mitchell # 20981, at the secured Oakley PD vehicle storage facility. Investigator Mitchell photographed Gabe's Infinity, removed the infotainment module, and acquired data from the module using a software program (Berla).

On 2/9/22, Investigator Mitchell returned the infotainment module to Oakley PD. Investigator Mitchell provided me with two CD's in a sealed CD sleeve and a copy of her police report. I opened each CD sleeve and uploaded the contents of the CD's to Oakley evidence storage. I re-packaged and booked the items into Oakley PD evidence.

Refer to Investigator Mitchell's supplemental report, CD of vehicle photographs, and CD of Berla acquisition for Gabe's Infinity, which were all booked into Oakley PD evidence. I also attached a copy of Mitchell's report to this supplemental report.

I reviewed the data from the infotainment module which showed the following:

On 1/26/22, at 1829 hours Gabe's Infinity was at Lone Tree Way and Canada Valley, per "Track Log DS2". The vehicle then went to Cedar Point Way near Benttree Way in Antioch and the "track log" ended at 1833 hours indicating the vehicle was turned off.

The next movement of Gabe's Infinity was documented under "Track Log DS3" which began on 1/26/22 and showed the following:

2123 hours - Vehicle was turned on.

2124 hours - Vehicle left it's parked location on Cedar Point Way and drove north on Cedar Point Way.

The vehicle then turned northeast onto Vista Grande Drive

The vehicle then turned east onto Lone Tree Way.

The vehicle turned south onto Jeffrey Way

The vehicle got onto W/B Highway 4 (north).

2130 hours - Vehicle exited Laurel Road exit in Oakley and drove east on Laurel Road

2131 hours - Vehicle turned north on Live Oak Avenue.

2133 hours - Vehicle turned east on Gum Tree Road, made quick U-turn back toward Live Oak Avenue (wrong

OAKLEY POLICE DEPARTMENT

Narrative

turn)

Vehicle turned north and got back on Live Oak Avenue

2134 hours - Vehicle turned east onto Oakley Road

2135 hours - Vehicle turned south onto Trenton Street and came to a stop near the address of 4884 Trenton Street

2136 hours - Vehicle was turned off

Based on the times and locations of the Infinity's infotainment data, Gabe's Infinity arrived at Jones' residence and was turned off at 1833 hours. It was not moved until 2123 hours when the Infinity was turned on, left Jones' residence and drove straight to Trenton Street. While en route to Trenton Street, the Infinity appeared to have made a wrong right turn at Gum Tree Road, then quickly got back on Live Oak Avenue. Live Oak Avenue, Gum Tree Road, and Oakley Road is less than one mile away from Gabe's residence and is an area she would have been familiar with, had she been driving her vehicle.

Refer to information on discs provided by CHP Investigator Mitchell for further details.

SECURITY CAMERA FOOTAGE FROM VIVINT FROM [REDACTED] BENTTREE WAY ANTIOCH, CA.

On 2/2/22, Detective Horn authored a search warrant for Vivint video footage from the residence of [REDACTED] Benttree Way Antioch, CA 94509. The search warrant was assigned by the Honorable Judge Leslie G. Landau. The residence at [REDACTED] Benttree Way is directly across the street from Marshall Jones' residence. The residence at [REDACTED] Benttree Way has one Vivint camera affixed over the garage of the residence. The camera faces north towards Marshall Jones' residence and shows the front door, garage and entire south side of Jones' residence. The subscriber (Padilla family) opted for the motion activated recordings only and set the camera to record when movement is detected in their driveway/front sidewalk area. The camera does not activate when vehicles drive by on Benttree Way or Cedar Point Way, or when movement occurs across the street at Marshall Jones' residence.

Pursuant to the search warrant, Vivint provided all of the motion activated video/audio clips that were recorded on the one Vivint camera affixed over the garage at the Padilla residence. The video recordings were saved through a cloud based system and typically saved for 30 days before they are written over or deleted from the cloud server. The videos are password protected and the password provided by Vivint is [REDACTED].

I reviewed the video recordings provided which saved from on 1/9/22 to 1/30/22. I saved the videos and uploaded them to the evidence drive. I summarized some of the relevant recordings below regarding activity at [REDACTED] Benttree Way:

1/9/22 1819 hours - First video clip provided by Vivint. Black Ford Explorer parked on street. White pickup truck backed in driveway.

1/9/22 1951 hours - Black Ford Explorer gone, white pickup in driveway.

1/9/22 2355 hours - Black Ford Explorer parked on street. White pickup truck backed in driveway.

1/10/22 0639 hours - Black Ford Explorer parked on street. White pickup truck gone.

1/10/22 1557 hours - Black Ford Explorer parked on street. White pickup truck gone.

1/11/22 0650 hours - Black Ford Explorer parked on street. White pickup truck gone.

1/11/22 1351 hours - Both cars gone.

1/11/22 2233 hours - Black Ford Explorer parked on street. White pickup truck backed in driveway.

1/12/22 0641 hours - Black Ford Explorer parked on street. White pickup truck gone.

1/12/22 1313 hours - Both cars gone.

1/12/22 1615 hours - Both cars gone.

OAKLEY POLICE DEPARTMENT

IDAX SEARCH WARRANT

On 2/28/22, I authored a search warrant for the work records of Marshall Jones at IDAX Solutions in Pacheco, CA, including Jones' bank account information. I served the search warrant on 2/28/22 to OTH-Jerid Bernardin, a project manager at IDAX. On 2/28/22, I received the results to the search warrant electronically. I downloaded the results of the search warrant, including Marshall Jones' Bank of the West bank account information he had previously provided to IDAX.

BANK OF THE WEST SEARCH WARRANT FOR MARSHALL JONES' ACCOUNTS

On 3/1/22, I authored a search warrant to Bank of the West for bank records of Marshall Jones with the account and routing number Jones provided IDAX to set up direct deposit. I served the search warrant electronically on 3/1/22.

On 3/11/22, I received the results of the search warrant from Bank of the West Legal Specialist Ryan James. I received approximately four months of financial records from Jones' Bank of the West checking and savings accounts at Bank of the West. I uploaded the results of the search warrant to the Oakley PD evidence drive. I noticed an ATM transaction on Jones' bank statement which showed Jones made a \$100 ATM withdrawal on 1/26/22 from the Antioch Bank of the West at 2507 Somersville Road in Antioch. I recalled Jones told me he did not leave his residence on 1/26/22.

OAKLEY POLICE DEPARTMENT

Narrative

I reviewed four months of Jones' bank statements. During those four months, Jones made the following three cash withdrawals:

12/13 CASH WD ATM 008464 1805	TELEGRAPH AV OAKLAND CA	██████████	-23.00
01/03 CASH WD ATM 7815-002388 BK WEST DIAMOND BLVD CONCORD CA	██████████	██████████	-50.00
01/26 CASH WD ATM 7818-008680 BK WEST SOMERSVILLE ANTIOCH CA	██████████	██████████	-100.00

Due to the infrequent amount of cash withdrawals in Jones' Bank of the West checking account, and the close proximity in time to Gabe's disappearance, I suspected Jones may have taken \$100 cash out to purchase items involved in the planning of Gabe's murder.

On 3/13/22, I authored another search warrant to Bank of the West for video and details related to that transaction such as date and time. The warrant was signed by the Honorable Judge Jill C. Fannin. I served the search warrant on 3/14/22 electronically.

I received a CD from Bank of the West which showed video footage from the Bank of the West Somersville branch ATM. On 1/25/22, at 1847 hours, Jones made a \$100 cash withdrawal from the ATM. Jones could be clearly seen on video and I recognized Jones in the video. I checked with OTH-Laurie Spangler from Bank of the West Corporate Security - Investigations. Spangler stated the time on the video was Pacific Time and the time on the video was accurate. Since the withdrawal was made after business hours, the transaction posted on Jones' bank statement the following day on 1/26/22.

I later checked Jones' cell phone location data from the phone download of Jones' iphone. Jones' cell phone was at his residence on 1/25/22 at 1847 hours while Jones went to the ATM and was captured on video. I checked 1/24/22 - 1/26/22 on Jones' cell phone location data. Jones' cell phone did not go to the Bank of the West in Antioch during the three day time period.

While reviewing Jones' cell phone location on the evening of 1/25/22 from the forensic download of Jones' iphone, I noticed Jones drove to the Cypress Plaza shopping center in Oakley from his Antioch residence on the evening of 1/25/22. This shopping center is located just outside of the Oaks Apartment Complex on Carol Lane, where Gabe lived with her family. After leaving the shopping center, Jones drove back home on Main Street (east), Empire Ave (south), Oakley Road (west), passed Trenton Street, Live Oak Avenue (south), Laurel Road (west), then onto Highway 4 bypass.

This was not a typical route an individual would take to drive from Carol Lane to Jones' residence in Antioch. This was also the exact same route Gabe's vehicle drove from Jones' residence in Antioch to Trenton Street in Oakley the night she was last seen alive at Jones' residence.

Based on this not being a typical route driven from Carol Lane to Jones' residence in Antioch, the fact that Jones left his cell phone at home while making a non-typical cash withdrawal from the Somersville Bank of the West ATM shortly after returning home from this drive, coupled with the fact that Gabe's vehicle was driven to Trenton Street from Jones' residence on this same route the following night when Gabe was last seen alive, leads me to believe Jones was actively planning Gabe's murder the night of 1/25/22, most likely looking for a place to leave Gabe's vehicle.

Based on my training and experience, I know individuals engaged in criminal behavior, including planning of a crime, will not take their phones with them while they are going to locations they do not want to be tracked by law enforcement.

I uploaded the contents of the CD to evidence.com and booked the CD into Oakley PD evidence.

ALEXIS GABE GOOGLE ACCOUNT SEARCH WARRANT

On 2/24/22, I authored a search warrant for Alexis Gabe's gmail account, ██████████. The search warrant was signed by the Honorable Judge Rebecca C. Hardie.

OAKLEY POLICE DEPARTMENT

Narrative

I served the warrant electronically and received results to the search warrant on 2/26/22. I reviewed the results and saw there were only 5 outgoing emails from this email account since November 1st, 2021. The most recent outgoing email was on 12/15/21.

I noticed insufficient funds emails from Gabe's Wells Fargo bank account. The charges appeared to be recurring charges from Apple.com and an Identity Theft prevention subscription service, Identity IQ.

I saw a resume for Marshall Jones and Alexis Gabe were both located on this search warrant return. I uploaded each resume to evidence.com.

MARSHALL JONES GOOGLE ACCOUNT SEARCH WARRANT

On 2/23/22, I authored a search warrant to Google for google accounts related to Marshall Jones. The search warrant was signed by the Honorable Judge Jill C. Fannin. The search warrant was for accounts related to the following:

- mexicanblack30@gmail.com
- mcjtrioiii@yahoo.com
- mcjtrioiii@icloud.com
- jonesmarshall@comcast.net
- IMEI: 356554106095074 and/or 990017694779113
- IMSI: 312530016230386 and/or 310260038573655
- Telephone number 2063495159 and/or 9257523759
- IP addresses: 67.180.185. and/ or 2001:0558:6045:0060:DCD2:947B:88F2:FD90 from 1/2/22 to 2/22/22.

I received the search warrant return on 3/17/22.

On 2/28/22, I authored a search warrant to Google for another Google account related to Jones, sweetjones2444@gmail.com. The search warrant was signed by the Honorable Judge Wendy Coats. I received the search warrant return on 3/2/22. The subscriber info in the search warrant return was as follows:

Google Account ID: 764231083167
 Name: Hand fnd Kgkfmfn
 Given Name: Hand fnd
 Family Name: Kgkfmfn

Searched for: "how long would it take for fish to eat a body" on Jun 26, 2021, 9:20:28 AM UTC

I gave a copy of all three Google search warrant returns to CCCSO Hi Tech Crimes Detective P. Mazerski.
I placed the original search warrant returns on a USB drive and booked the USB drive into evidence.

AMAZON SEARCH WARRANT

On 3/2/22, I authored a search warrant to Amazon for records associated with Jones and several of his associates, various addresses, email addresses, and phone numbers. The search warrant was signed by the Honorable Judge Charles Burch. I received the search warrant return (excel file) on 4/26/22. I uploaded the Excel file into evidence.com. The search warrant showed Ariana Eaton purchased a handheld black light on 1/27/22 at 1722 hours. Refer to search warrant return for exact details.

CITIBANK CREDIT CARD SEARCH WARRANT

On 3/25/22, I authored a search warrant for Citibank records for Marshall Jones' credit card and banking account(s). The search warrant was signed by the Honorable Judge John P. Devine.

I received password protected financial records pursuant to the search warrant. The password to open the documents was: [REDACTED]

I uploaded the documents into evidence.com.

ZELLE SEARCH WARRANT

On 3/25/22, I authored a search warrant to Early Warning Services, LLC. The search warrant was signed by the Honorable Judge John P. Devine. On 4/28/22, I received the search warrant results.

While reviewing the results, I saw Marshall Jones sent Alicia Coleman \$800 through Zelle on 1/29/22.

On 3/18/22, Alicia Coleman sent Ariana Eaton \$150 with the message "Because no matter what I still love you."

I uploaded the search warrant results to evidence.com.

OAKLEY POLICE DEPARTMENT

Narrative

CAPITAL ONE CREDIT CARD

On 5/18/22, I authored a search warrant for Capital One financial records of Marshall Jones' account(s). The search warrant was signed by the Honorable Judge Brian Haynes. I submitted the search warrant electronically. The search warrant results will be uploaded to evidence.com upon receipt.

I participated in several different searches for Alexis Gabe and evidence associated with this case in Oakley, Antioch, Vacaville, Pioneer, and along the Sacramento River and Delta region. Refer to Sergeant Cartwright, Detective Horn, and Officer Palmer's supplemental report for details regarding searches performed.

Involvement Other	Invl No 1	Type Individual	Name BOGAN, BLAINE
-----------------------------	---------------------	---------------------------	------------------------------

Narrative

On Monday, 1/31/22, I was assigned to take phone reports at the station. At 1056 I was dispatched to contact Pamela Bogan concerning the missing persons case. I called Pamela at the listed number. Pamela told me that her son, Blaine, had seen Alexis Gabe, on Thursday afternoon. I asked if I could speak to Blaine. Pamela handed Blaine the phone.

Blaine told me the following in summary: Blaine was at the Oaks apartment complex on Thursday, 1/27/22 at about 1700. Blaine was at the complex with his 6 y/o nephew, Levi riding bicycles. Blaine was building dirt jumps in the front area of the complex near the entrance. Blaine said he knows Alexis and saw her drive into the complex around 1700. Alexis was driving her Blue Infinity. There was a white male passenger in the car. Blaine described him as late 20's early 30's with a scruffy face. Blaine tried to say "what's up" to Alexis but the music was really loud and she didn't see or hear him. Alexis circled around towards the back of the complex. Blaine didn't see her leave. Blaine had no further information.

Narrative

Supplemental Report.

On 01/31/2022, I was working patrol for the Oakley Police Department and was wearing a full uniform. At approximately 1830 hours, I was walking through the neighborhood of Granville Lane in Brentwood to contact residents regarding the missing female per the original report. I was requested by Sergeant Morris to contact the residents, specifically asking if they have any information regarding 01/26/2022 at approximately 2230 hours. This date, time and location is believed to be where the missing female possibly was. I walked the neighborhood and had the following results:

- [REDACTED] Granville Lane:
I contacted OTH-Oscar Duarte and he stated he does not have camera on his residence and he did not see or hear anything out of the normal recently.
- [REDACTED] Granville Lane:
I initially knocked on the residence and nobody answered. I observed on the exterior of the residence, multiple security cameras and I left a card with my contact information. I was later contacted by the home owner OTH-Joaquin Rosillo, and he stated he believes the cameras are a 24-hour surveillance. Rosillo was given the date and time requested for review and he will be reviewing his footage. Rosillo was advised to contact Oakley PD after reviewing the footage.
- [REDACTED] Granville Lane:
No person answered the door when I knocked. I did observe a Ring doorbell camera by the front door. A card with my contact information was left requesting to contact Oakley PD.
- [REDACTED] Granville Lane:
I contacted OTH-Sanuj Shanauas who is the home owner. Shanauas has a Ring doorbell camera near his front door. I advised Shanauas of the date and time Oakley PD is requesting for possible footage. Shanauas stated he will review the footage and contact Oakley PD with his findings.
- [REDACTED] Granville Lane:
I contacted OTH-Angela Waynwright who is the home owner. Waynwright has a Ring doorbell camera near her front door. I advised Waynwright of the date and time Oakley PD is requesting for possible footage. Waynwright

Narrative

On 01/31/2022 at approximately 1830 hours, I attempted to contact multiple residences on Granville Lane in Brentwood to locate video footage of the Granville Park area where the possible victim shoes were located.

I contacted Krish Ahuja at [REDACTED] Granville Lane. Ahuja had a video equipped doorbell but no video surveillance cameras. Ahuja did not have any footage on 01/26/2022 at 2230 or thereafter.

I contacted Donna Sharkey at [REDACTED] Granville Lane. Sharkey had a video equipped doorbell but no video surveillance cameras. The doorbell was obstructed by part of the residence. I provided Sharkey with Oakley Police Contact information and advised her to contact us if there was any footage captured on her video equipped doorbell.

I contacted Michael Fore at [REDACTED] Granville Lane. Fore's residence was equipped with video surveillance camera's

Narrative

but was unable to locate any footage from 01/26/2022 at 2230 or thereafter.

I did not contact any other residences or view any other video surveillance cameras in the area.

On 02/02/2021 at approximately 1911 hours, I attempted to contact multiple residences on Montevino Way in Oakley to locate video surveillance footage from an approximate time frame of 2100 hours to 2200 hours on 01/26/2022.

I contacted O-Nyisha Clayton at [REDACTED] Montevino Way. Clayton had multiple movements on her camera. There was no suspicious activity of interest.

I contacted O-Randy Sullivan at [REDACTED] Montevino Way. Sullivan had video of multiple vehicles passing his residence. I provided Sullivan Axon Citizen Link to submit video footage.

I contacted O-Armando Cornelius at [REDACTED] Montevino Way. The party who has access was not home at the time. Cornelius stated he would contact the police department if there was any footage located.

I contacted O-Susana Kossuth at [REDACTED] Montevino Way. Kossuth had footage of multiple vehicles passing her residence. I provided Kossuth with Axon Citizen Link to upload the footage.

I contacted O-Audra Carsona at [REDACTED] Montevino Way. Carsona had video equipped doorbell movement footage but there were no vehicles or pedestrians located in the footage.

Summary Narrative

This is a supplemental report to Officer County's original report.

Narrative

On 1/31/2022, I assisted investigations with attempting to obtain video surveillance footage regarding this case. I located surveillance cameras at the following locations, location on the residence, and the outcome:

- █ Cedar Point Way- Driveway and Ring doorbell. No answer.
- █ Cedar Point Way- Driveway and Ring doorbell. No answer.
- █ Cedar Point Way- Driveway and porch. Cameras do not work.
- █ Cedar Point Way- Driveway and ADT porch. PD already checked footage on an earlier date, nothing of evidentiary value.
- █ Cedar Point Way- Driveway and Ring doorbell. PD already checked footage on an earlier date, nothing of evidentiary value.
- █ Cedar Point Way- Ring doorbell. PD already checked footage on an earlier date, nothing of evidentiary value.
- █ Benttree Way- Driveway. No answer.
- █ Benttree Way- Driveway. Spoke with the brother of the residence, he would pass information to his sister and she would contact PD if there was anything of evidentiary value.
- █ Benttree Way- Driveway and Ring doorbell. Resident checked for activations and there were no activations of note.
- █ Benttree Way- Ring doorbell. Resident was unable to access their Ring account.
- █ Benttree Way- Driveway and Ring doorbell. Camera issues as of late, unable to access.
- █ Benttree Way- Driveway and Ring doorbell. No answer.
- █ Benttree Way- Ring doorbell. No answer.
- █ Sunnyview Way- Northwest corner of the residence, facing towards the intersection of Hillcrest Avenue and Vista Grande Drive. No answer.
- █ Lone Tree Way (7-11)- Southeast corner of the business, facing Hillcrest Avenue. No footage of evidentiary value.
- 5465 Prewett Ranch Drive- Driveway and Ring doorbell. No answer.

OAKLEY POLICE DEPARTMENT

Narrative

- █ Prewett Ranch Drive- Driveway and porch. No answer.
- █ Prewett Ranch Drive- Front window and porch. No answer.
- █ Prewett Ranch Drive- Driveway and Ring doorbell. No answer.
- █ Prewett Ranch Drive- Driveway and Ring doorbell. Resident was in a hurry to leave and would check for footage during the time frame provided.
- █ Prewett Ranch Drive- Driveway and Skybell doorbell. No answer.
- █ Prewett Ranch Drive- Driveway. No answer.
- █ Prewett Ranch Drive- Driveway and northeast corner of the residence. No answer.
- █ Prewett Ranch Drive- Driveway and ADT doorbell. There were no activations by the doorbell during the time frames provided, unable to access the camera at the driveway.
- █ Prewett Ranch Drive- Driveway. No answer.
- █ Prewett Ranch Drive- Driveway and Ring doorbell. No answer.

BWC activated

On 2/1/2022, I assisted Investigations with the service of a Search Warrant at █ Benttree Way. Upon entering the residence, I immediately noticed the residence was unkempt to include the bedrooms, the carpets were dirty and stained, as well as the walls. As I was clearing the residence, I walked passed the hallway bathroom, into the closed laundry room, and into the closed garage. At the time of the laundry room door being opened and entering, I could immediately smell a faint unusual odor. Due to my training and experience, I know the unusual odor to be the odor of death. The odor dissipated as I entered the garage. When I went back through the laundry room and stopped at the hallway bathroom, I could smell the odor again. I did not see anything that would indicate the odor.

As I walked through the residence I noticed there were, what appeared to be recently purchased due their condition, commercial grade cleaning supplies in the kitchen, in the northwest corner of the residence, near the sliding glass door. I also noticed the linoleum floors through the residence were a degree of cleanliness that did not match with the unkempt and cleanliness of the rest of the residence. Also, I inspected the hallway bathroom and noticed all aspects, to include the bath tub, were a degree of cleanliness that also did not match with the unkempt and cleanliness of the rest of the residence.

I did not have any further involvement with this investigation.

Summary Narrative

This report is a supplemental report to Officer County's original report.

Narrative

On 01/31/2022, I was assigned to assist the in the missing persons investigation. I was tasked along with Officer Palmer to check the security cameras in the area around [REDACTED] Benttree Way in Antioch. The date and time parameters I asked to check was 01/26/2020, from 2250 to 2310 hours. I was briefed that MIS-Gabe, Alexis' vehicle was previously found on the corner of Trenton Street and Carrington Way in the City of Oakley. Security footage was obtained in the area around Alexis' vehicle which showed an unknown person dropping the vehicle off, leaving the door open and walking away from the vehicle. Additional footage was also located which show a slim build individual wearing a white mask walking on near Laurel Ridge Community Church. The footage I was tasked to obtain was an attempt to find the same slim built individual wearing a white mask walking near Benttree Way in Antioch. The following is a list of addresses I checked and the results.

- [REDACTED] Ceder Point Way cameras do not hit street or sidewalk
- [REDACTED] Ceder Point Way **not home** ring camera on porch and driveway
- [REDACTED] Ceder Point Way cameras do not wok
- [REDACTED] Dovewood Court ring camera on the porch and facing Ceder Point way, neither camera picked up a person walking matching discription.
- [REDACTED] Benttree Way viviant camera on driveway **no one home**
- [REDACTED] Benttree Way camera near front door does not reach the street
- [REDACTED] Benttree Way cameras do not work
- [REDACTED] Benttree Way camera above driveway said she already sent video to Officer Collier
- [REDACTED] Benttree Way motion camera only no one matching discription located on video
- [REDACTED] Benttree Way camera at driveway and porch **no one home**
- [REDACTED] Benttree Way camera near driveway no one matching discription on cameras

OAKLEY POLICE DEPARTMENT

Narrative

- █ Benttree Way doorbell camera, no footage
- █ Benttree Way driveway camera **no one home**
- █ Benttree Way driveway camera **no one home**
- █ Benttree Way driveway and porch camera **no one home**
- █ Prewett Ranch Road ring camera on porch and driveway **no one home**
- █ Prewett Ranch Road camera on driveway and front door. No one matching discription located during the time frame
- █ Prewett Ranch Road ring camera on driveway **no one home**
- █ Prewett Ranch Road camera on driveway **no one home**
- █ Prewett Ranch Road doorbell and driveway camera no one matching discription located during the time frame.

On 02/01/2022, I assisted with the service of a search warrant at █ Benttree Way in the city of Antioch. While assisting with the search warrant my department issued body worn camera was recording. The recording was later uploaded onto the Oakley Police Evidence.com server.

Other 1: CICERELLO, KYLE

Involvement	Invl No	Type	Name
Other	1	Individual	CICERELLO, KYLE

Narrative

On 2/3/22 at approximately 2303 hours, I contacted OTH-Kyle Cicerello, regarding information he had about MSP-Alexis Gabe. Cicerello gave the following statement in summary:

Sometime last week, unknown day, at approximately 1500 hours, Cicerello was driving his vehicle E/B on James Donlon Blvd. between G St. and S. Royal Links Cir., Antioch. Cicerello noticed a light blue Infinity parked in a cove near the canal on the southern portion of James Donlon Blvd. The infinity had a car cover over it, however the back end was visible. Cicerello thought this was suspicious because the area where the vehicle was parked wasn't a residential neighborhood and vehicles don't normally park there.

Cicerello said he returned a few hours later and noticed the vehicle was gone. After a few days, Cicerello saw the various posts about Gabe on social media, along with her vehicle. Cicerello said the vehicle he saw parked in the cove was the same vehicle that was associated with Gabe.

Cicerello said he did not have any other information.

End of Supplemental Report.

Narrative

This report is supplement to Officer County's original report.

On 1/30/2022, I was working patrol in the City of Oakley, CA. I was wearing a full Oakley Police Department uniform and driving a fully marked patrol vehicle. At approximately 0859 hours, I canvassed the area of Trenton Street for video surveillance regarding this missing person case.

I contacted the resident, OWN-Wallace-Keith, Linda, at [REDACTED] who allowed me into her home. Wallace-Keith told me she had video surveillance of a vehicle, which parked on Trenton Street that is associated with the missing person. Wallace-Keith told me she did not know how to operate the video surveillance but allowed me to review the footage on her computer.

OAKLEY POLICE DEPARTMENT

Narrative

I reviewed the video which showed a vehicle, later determined to belong to the missing person in this case. The vehicle was seen driving onto Trenton Street and parked on the West-side of the street at approximately 2140 hours per the time on the video surveillance system. The video surveillance was approximately 6 minutes faster than real time, which I verified using my cellular phone time. The actual time the vehicle turned and parked on the street was approximately 2134 hours. A subject was seen walking away from the vehicle, but due to the distance, I was unable to determine any description of the person. I downloaded the video onto a flash drive and later uploaded the video to Oakley Police Department Evidence.com website which did not contain a time stamp.

A surveillance video foundation report was completed and uploaded to this report. For further information, please see attached form.

Sergeant Foreman was advised of this report.

Narrative

On 1/31/2022, I was temporarily re-assigned to Investigations to assist in this case.

On 2/2/2022 at 1115 hours, I contacted the OOD (Officer on duty) at Station Rio Vista (United States Coast Guard) and requested three areas of the Sacramento River to be patrolled for anything suspicious, which resulted in negative results. I also provided the Missing Flyer of (MSP) Alexis Gabe, which contained her last known clothing and description. The three locations were obtained by the Contra Costa County District Attorney's Office Investigators via CDR (call detail records) data obtained from Marshall Jones' cell phone. The three locations were the West Gate Landing Regional Park, Viera's Resort, and the Rio Vista Bridge. The West Gate Landing Regional Park is in the Terminus area, near Highway 12, and is in the area of the South Mokelumne River and Little Potato Slough. Viera's Resort (Ida Island) is located off of Highway 160 enroute to City of Isleton and is in the area of Cache Slough and Steamboat Slough. The Rio Vista Bridge spans the Sacramento River and is part of westbound Highway 12, into the City of Rio Vista.

On 2/2/2022 1032 hours, a request was printed regarding video surveillance footage from OPD TIPS at [REDACTED] Montevino Court in Oakley. At 1130 hours, I was provided the TIP and contacted the resident, (OTH) Stafford, via telephone. Stafford stated she was not sure if the surveillance video was pertinent to our investigation or not, but

OAKLEY POLICE DEPARTMENT

Narrative

wanted to forward it to the PD. Stafford emailed the video footage along with stills with the date and time stamp. The video surveillance showed an unknown race male walking by the aforementioned address on 1/26/2022 at 2138 hours, talking on a cell phone, wearing what appeared to be pajamas. Also, there was a clip of an unknown light colored S.U.V. driving past the aforementioned address, Stafford was unable to provide a still with the date and time stamp. I later uploaded the footage and stills to Evidence.Com.

On 2/2/2022 at 1223 hours, Detective Horn forwarded me an e-mail from a concerned Brentwood citizen regarding two shovels along the Creek, east of the Tennis Courts, from the corner of Chesire Drive and Arlington Way. At 1430 hours, PSA Rostran and I responded to the area and located the shovels and a group of children. The children stated the shovels were theirs, they leave them there after they leave for the day, and use them to dig out trails along the creek.

On 2/2/2022 at 1600 hours, I contacted the following County Coroner's Offices to inquire about Jane Doe's with negative results; Alameda County, Sacramento County, Solano County, and San Joaquin County.

On 2/3/2022 at 1210 hours, Corporal Collier and I checked the following businesses in the area of Jackson Road (State Route 16) and Bradshaw Road in Sacramento based on CDR (call detail records) data obtained from Marshall's cell phone for surveillance footage on 1/28/2022 at approximately 2052 hours with negative results; 9701 Jackson Road (Shell), 9700 Jackson Road (Chevron), and 9690 Jackson Road. While at the intersection, I noticed a camera on top of a traffic signal on the southeast corner. I contacted and left a message with the California Department of Transportation regarding the camera for potential footage. While in the area, Corporal Collier and I checked four areas that may or may not have been related to this investigation based on being bodies of water, a landfill, and within a reasonable distance from the CDR data. We checked an aggregate quarry on the south side of Jackson Road (Highway 16), east of Sunrise Boulevard for anything suspicious or of evidentiary value with negative results. We then checked the Folsom South Canal that crosses Jackson Road, east of Sunrise Boulevard for anything suspicious or of evidentiary value with negative results.

On 2/3/2022 at approximately 1330 hours, Corporal Collier and I checked the area of Blodgett Reservoir (Grantline Road and Kiefer Boulevard(east)) for anything suspicious or of evidentiary value. Our initial walk of the area we located a residence (██████ Kiefer Boulevard). Due to Beware of Dog signs, we walked back towards our vehicle to drive to the residence. On the way, Corporal Collier located a white undershirt and Blue faded jeans on a small hillside, laying in the weeds. Upon closer inspection of the white under shirt, Corporal Collier noticed the shirt had blood stains that did not appear old. Some spots of blood were dried and brown in color. Other areas were still red in color. Just east of the clothing, I located a Gears of War 3 Xbox 360 video game disc. I contacted Detective's Horn and Minister and advised what I found. They advised Marshall was seen in photos extracted from his cell phone that showed him holding an Xbox controller. Based on the totality of the circumstances, it was decided to collect the items. Prior to collecting the items, I contacted Rancho Cordova Police Department, who stated they had no interest in the items located. Photographs of the possible evidence and location were taken and later uploaded to Evidence.Com. The items were collected and later booked into Oakley Police Department evidence.

On 2/3/2022 at approximately 1500 hours, Corporal Collier and I spoke with staff at the Kiefer Landfill regarding surveillance cameras pointing towards the area of Kiefer Boulevard and anything suspicious as of late. Staff advised there were no surveillance cameras in that area. Staff also advised of roving security on the premises from the hours of 1600 - 0500 hours, who had not seen anything suspicious. Also, there is a employee entrance along Kiefer Boulevard that is activated by a pressure plate and allows access 24/7. We reviewed 2 hours of surveillance footage (2000-2200 hours) for the employee entrance with negative results. The time frame reviewed was based off CDR data of Marshall's cell phone. As we were speaking with the staff member, he advised of an area east of the landfill on Kiefer Boulevard, at the first speed bump, between the roadway and Deer Creek, that was secluded and had been an area where a deceased individual was located in the past.

On 2/4/2021, I was forwarded (OTH) Truesdell information who possibly saw (MSP) Gabe. I contacted Truesdell via telephone, who stated the following in summary:

BWC activated

On 1/27/2022 at approximately 1500 hours, Truesdell was in the Prewett Ranch Water Park parking lot waiting to

OAKLEY POLICE DEPARTMENT**Narrative**

take a Covid test for work (City of Antioch employee). Approximately 30-50 feet from him was a female that appeared to be Alexis, with the same clothing she was last seen wearing, to include wearing glasses and a gold necklace. She was with a white or Hispanic male, approximately 26-28 years of age, approximately 6'0" tall, with olive skin, wearing a black/blue beanie, and was skateboarding. The female he believed to be Alexis was recording the male perform tricks. At the time, Truesdell did not know Alexis was a missing person. The next day, Truesdell saw the Missing Persons flier for Alexis and believed it was her he saw. Truesdell also confirmed there were surveillance cameras in the area, see my Department issued BWC for a verbatim statement.

After speaking with Truesdell, I contacted the City of Antioch Public Works department and spoke with "Diana" regarding the surveillance cameras at the water park. She stated that the director for the water park was a gentleman by the name of "Brad" and she would contact him. "Diane" later contacted me and stated the "Brad" informed her the surveillance cameras had been damaged and not recording for the last 6 months. Based on the aforementioned information, I am unable to confirm or deny Truedell's account.

On 2/4/2022, Sgt. Cartwright, Corporal Collier, PSA's Rostran and Jurkiewicz, and conducted searches in the area of the Rio Vista Bridge, eastern shoreline of the Sacramento River near the Rio Vista Bridge, and Highway 84 from the Rio Vista Bridge just prior to the ferry based on Marshall's CDR data with negative results.

On 2/5/2022, I met with (OTH) Meyers (Air Group CCCSO Search and Rescue, pilot) at the Buchanan Airfield in Concord, CA. to board a plane (tail # [REDACTED]) to conduct a search of Sherman Island and the surrounding area for anything of evidentiary value from the air, based on CDR data from Marshall's cell phone. The search resulted in negative results.

On 2/7/2022, Corporal Collier and I returned to 9701 Jackson Road (Shell) and obtained surveillance footage from 1/28/2022 at approximately 2053 hours, which showed a vehicle matching Marshall's vehicle, based on the profile of the vehicle (CA Lic [REDACTED], Ford Explorer), dark color, the 5 spoke factory rims, and CDR data. The vehicle was originally in the straight lane to cross over Jackson Road (State Route 16) from Bradshaw Road, but then makes a furtive movement to the left turn pocket, as if the driver realized Jackson Road was their turn, but did not immediately realize it. The vehicle made a left-hand turn from southbound Bradshaw Road onto eastbound Jackson Road (State Route 16). I confirmed with the live feed that the time stamp was correct prior to downloading the video. I later uploaded the surveillance footage to Evidence.com. While we were in the area, Corporal Collier and I searched the area between Deer Creek and Kiefer Boulevard that an employee at the Kiefer Landfill spoke about on 2/3/2022. During our search we located seven 9mm Luger shell casings, unknown if related to this case. We canvassed the area for blood or anything else of evidentiary value with negative results. Corporal Collier activated his Department issued BWC, later uploaded to Evidence.com, while I collected the shell casings, later booked into Oakley Police Department evidence (supplemental report #0029). Later in the day, Detective Minister advised Wagner and Bonsignore CCE [REDACTED] was the owner/operator of an Arlo surveillance system on Sherman Island. A representative of the company agreed to allow me access to the aforementioned surveillance system via an Internet portal.

On 2/8/2022, I attempted to contact (OTH) Martinez with negative results and left a message to contact me. Martinez's information was forwarded to me from Alexis' family regarding seeing Alexis with an unknown male on 1/22/2022 IFO 69 Carol Lane, who drove an unknown grey vehicle. The family did not know who the male was and believed it would help with this case, but could not elaborate why it may be pertinent.

On 2/8/2022, I gained access to the Arlo surveillance cameras for Sherman Island owned by Wagner and Bonsignore CCE and reviewed footage for the following dates and times based on CDR data from Marshall's cell phone and (OTH) Coleman-Clark's Brickhouse Security tracker data, which was placed on her vehicle [REDACTED] January 26th 1830-0600 hours, January 28th 1050-1130 hours and 1715-1815 hours, January 29th 0035-0215 hours, and February 2nd 1315-1345 hours. I did not locate any footage containing anything of evidentiary value.

On 2/9/2022, Sgt. Cartwright, Officer England, and I conducted a search of the following areas based on CDR data of Marshall's cell phone for anything of evidentiary value with negative results; State Highway 84, Hastings Island area, Highway 113 (Binghamton Road area), and Ryer Island (State Highways 84 and 220).

On 2/10/2022, Sgt. Cartwright and I conducted a search for anything of evidentiary value based on CDR data of

OAKLEY POLICE DEPARTMENT**Narrative**

Marshall's cell phone in the areas of B&W Marina to include the levee system, north of Highway 12, near Terminous CA. We also returned to Ryer Island to conduct another search based on (OTH) Alicia Coleman-Clark's (Marshall's mother) Brickhouse Security tracker data that was placed on her vehicle [REDACTED]. The tracker showed Alicia's vehicle being stopped on the roadway (State Highway 84) between State Highway 220 and Elevator Road. Sgt. Cartwright and I canvassed the stretch of roadway for anything of evidentiary value. Approximately where the tracker showed Alicia's vehicle stopped, south of Elevator Road, and at 38.264372 Latitude and -121.645237 Longitude, we discovered an area of the levee that showed signs of a recent disturbance in the soil and weeds. It appeared something had been dragged from the roadway down to the water. Sgt. Cartwright already had the Solanao County Sheriff's Office Marine Patrol in the area conducting searches of other areas based on Marshall's CDR data from his cell phone and asked them to respond to our location. The Marine Patrol conducted a search of the waterway and shoreline in the area with negative results. I collected a soil sample, later booked into Oakley Police Department evidence (supplemental report #0029).

On 2/14/2022, I fielded a Service to Citizen call regarding possible information relating to this case. I spoke with (OTH) Knecht who stated the following in summary:

On 1/19/2022 at approximately 0540 hours, Knecht exited her residence [REDACTED] to leave for work. She saw what appeared to be an unknown race female wearing a white v-neck shirt holding a black jacket or sweater, looking at her neighbors house. The female saw Knecht and began walking towards her. Knecht entered her vehicle and kept an eye on the female with her vehicle's mirrors. After a short time, the female began walking away towards Clayton Road. Knecht later saw a flier for Alexis and believed it may have been her. When asked why she thought it was Alexis, she stated because of the white shirt the female was wearing, but she could not see her face due to darkness.

On 2/23/2022, I assisted with the execution of a search warrant at [REDACTED] the residence of (OTH) Ariana Eaton, Marshall's sister. During the search, Ariana stated she knew why police were at her residence and stated it was in her purse. What she was referring to was a hand written, turn by turn directions from her residence to an area in Pioneer, CA, she claimed Marshall had written and left at her residence since the disappearance of Alexis. Detective Horn and Antioch Detectives interviewed Ariana. Antioch Police Department Detective's, Sgt. Cartwright, Detective's Horn and Minister, PSA Rostran, and I left for Pioneer at the conclusion of the search based on the hand written directions given to us by Ariana Eaton. The area of Defender Grade Road and Highway 88 was searched for anything of evidentiary value with negative results.

On 2/24/2022, Detective's Horn and Minister, PSA Rostran, and I conducted a more coordinated search of the Defender Grade Road and Highway 88 area of Pioneer, CA with the assistance of Amador County Search and Rescue and CAL OES (California Office of Emergency Services) Cadaver Dog Team. During the search, one of the CAL OES dogs (water certified) alerted twice to an area at the west end of a pond that is located east of Defender Grade Road and Highway 88, and south of Highway 88 along what appeared to be a fire access road. Amador County Sheriff's Office had two divers respond and dive the area for anything of evidentiary value with negative results.

On 3/1/2022, Sgt. Cartwright forwarded me returned forged checks with Alexis being listed in the Pay to the order of line from her Wells Fargo bank account and a check from The Croner Company in the amount of \$1,690.15. The Croner Company is based in CA and the check was sent from New Jersey by Ceecil Younique on 12/30/2021. The check was not successfully delivered to Alexis' address until 2/9/2022. An Internet search for Ceecil Younique resulted in negative results. On 3/9/2022, I contacted The Croner Company and spoke with a finance representative inquiring about the check. She advised Alexis was not a client and that fraudulent checks from their company were being used in an Ebay car sale scheme. The company began receiving phone calls on 12/27/2021 inquiring if the check they received from the company was real or not, which alerted the company their account information was being used fraudulently. A police report was made with the San Rafael Police Department regarding the issue. Based on a search warrant return from Google of Alexis' account, there was an e-mail from IdentityIQ on 2/15/2022 attempting to collect payment. IdentityIQ is an identity theft protection company, which Alexis had a subscription. Based on the aforementioned, I believe the returned forged checks and check from The Croner Company are part of identity theft Alexis was a victim of, but not reported. See attached.

OAKLEY POLICE DEPARTMENT

Narrative

On 3/2/2022, Detective Horn and I responded to Walmart where I obtained surveillance footage of (OTH)Alicia Coleman-Clark (Marshall's mother) parking her vehicle and entering the store based on her Brickhouse Security tracker data. The footage showed Alicia was at Walmart on 1/30/2022 at approximately 1015 hours and checked out at 1021 hours. Alicia purchased what appeared to be single can of a TreSemme hair product. I later booked a CD containing the surveillance footage into Oakley Police Department evidence. Attached is a still photograph of Alicia and the store receipt.

On 3/11/2022, Sgt. Cartwright, Detective Horn, CAL OES Cadaver Dog Team to include a water certified dog that was not part of the search on the 24th of February, and I conducted another search of the pond from the 24th of February. Upon arrival at the pond, the water level had recessed since the 24th. During the search, the CAL OES dog alerted three times by entering the water and sitting to an area at the east end of the pond that is located east of Defender Grade Road and Highway 88, and south of Highway 88 along what appeared to be a fire access road. The dog also showed interest in an area at the southeast end of the pond. The dog entered the water multiple times and pawed and licked the water, which is behavior that is a tell theres signs of a deceased body in the water. The dog also scratched at areas on the shore, which is also behavior of the detection of presence of a deceased body being in the water. The dog handler stated it was her opinion that she was 100% sure, based on the dogs behavior and training and experience, there was a deceased body in the water. A dive team would dive the pond again at a date undetermined based on availability.

Summary Narrative

This supplemental report concerns the neighborhood canvas of Cedar Point Way in Antioch CA on 01/29/22 at approximately 0134 hours.

Narrative

On 01/29/22 at approximately 0134 hours, I was in full police uniform and operating a marked Oakley PD Charger (unit 108). I was dispatched to the area of Cedar Point Way and Benttree Way, to conduct a neighborhood check for surveillance cameras.

While fronting [REDACTED] Cedar Point Way, I was approached by a black SUV (unknown license plate), occupied by a BFA, approximately 45 years old. The female driver rolled down her window and asked if everything was okay, as she saw several police officers in the area. I advised the female driver that officers were conducting a neighborhood canvass for any information regarding a missing person out of Oakley Ca. The female requested a business card, which I provided to her. The female then drove off out of the area.

Summary Narrative

This is a supplement to Officer County's original report.

Narrative

This incident was audio and video recorded using my department issued, Axon Body 3, body worn camera. For verbatim account of this incident, refer to the video recording.

On 02/03/2021 at approximately 1200 hours, I was working as a Corporal of Police for the City of Oakley. I was assisting the Oakley Investigations Unit search for possible video surveillance in the City of Rancho Cordova.

I was informed by investigation unit detectives that O-Marshall Jones' cell phone had call detail records (CDR) showing that he had been in the area of Jackson Rd and Bradshaw Rd recently. I responded to the area with Officer Palmer and we checked the area of Jackson Rd and Bradshaw Rd for video surveillance at a Shell Gas Station, Chevron Gas Station and a Subway. Refer to Officer Palmer's supplemental report.

Officer Palmer and I reviewed a map of the area and discussed several locations where possible evidence could be. Officer Palmer and I determined locations that held bodies of water, large open spaces as well as the Sacramento County Landfill and being close to the area where the CDR data was picked up. Officer Palmer and I checked locations at Jackson Rd and Sunrise Blvd, including Folsom Canal and a water table behind a cement site with negative results.

At approximately 1330 hours, Officer Palmer and I continued to the area of Grant Line Rd and Kiefer Blvd, locating a body of water called Blodgett Reservoir. The area is very rural and accessed by dirt and gravel roads and a paved bridge. While walking the roadway, I observed a dirt road continuing past a residence [REDACTED] that appeared inaccessible due to water in the road. Approximately a half mile further down the dirt road there appeared to be abandoned vehicles.

While walking back to our vehicle, I saw a White tank top style undershirt and blue jeans in the weeds on the South side of the road. While looking at the white tank top, I saw what appeared to be blood on it.

The tank top appeared to have been recently left as it was not weathered and the cloth that was not covered in blood still appeared clean and White. Officer Palmer notified me that he found an Xbox 360 Game (Gears of War

OAKLEY POLICE DEPARTMENT

Narrative

3) approximately 30 feet from where the tank top was. The blue jeans appeared to have been there for a long period of time as they were stiff, weathered and had weeds growing into them.

Officer Palmer contacted Detective Horn and advised him of what we found. Detective Horn advised us to contact Rancho Cordova Police Department of what we found in case they were working any suspicious cases and to collect the clothing and Xbox game. Officer Palmer contacted Rancho Cordova PD and was advised that they were not working any cases and were not going to come to our location.

Officer Palmer and I collected the Xbox game, the White tank top and the Blue jeans for evidence. Officer Palmer later worked with PSA Rostran and booked the evidence into the Oakley property room. Officer Palmer and I continued to the residence at [REDACTED] Kiefer Blvd, refer to his supplemental report.

Officer Palmer and I canvassed the area of 12701 Kiefer Blvd (Sacramento County Landfill) for video surveillance, refer to his supplemental report.

Sergeant Cartwright was advised of this incident.

Other 1: EVANS,NICOLE

Involvement Other	Invl No 1	Type Individual	Name EVANS, NICOLE
-----------------------------	---------------------	---------------------------	------------------------------

Narrative

On 02/05/22 at 0959 hours, Sergeant Cartwright and I made contact with OTH- Nicole Evans at ██████ Sherman Island Road. Evans stated the following in summary:

Evans was leaving her residence to pick up her kids when she notices a black SUV driving slowly down Sherman Island Road. The vehicle was unfamiliar to the area and the way it was driving slowly made Evans nervous. Evans saw the vehicle pull over to the side of the road and thought maybe it was just turning around. It was a nice of enough car that Evans was not too worried about it. Evans saw a male driver with lighter brown skin and a black female passenger. Evans thinks she might have seen the vehicle leaving when she returned from picking up her kids but was not for certain.

Evans does not know exactly what day she saw the black SUV. It could have been Wednesday around 1320 hours, or Thursday around 1440 hours. Evans did not get a look at the license plate at all. Evans would not be able to identify the driver or passenger if she saw them again.

This incident was recorded on my department issued Axon body camera.

Narrative

On 02/04/2022 at approximately 1600 hours, I was working as a Corporal of Police for the City of Oakley. I was assisting the Oakley police Investigations Unit perform an area canvas for evidence regarding O-Alexis Gabe and O-Marshall Jones in Rio Vista.

I was advised by Sergeant Cartwright that Detectives would like the area of 60 River Rd (HWY 84) and River Rd in Rio Vista canvassed for any evidence or signs of Gabe or Jones.

Sergeant Cartwright and I checked the area of HWY 84 while assisting Officers checked the area of River Rd. Sergeant Cartwright and I canvassed the area by walking up and down the roadway. To the West of the road is the Sacramento River. To the East of the road is a large amount of pasture land for livestock. There was a barbed wire fence along the pasture and a large amount of brush and vegetation making it difficult to navigate further.

While checking the area, there was a large amount of garbage and it appeared to be a regular illegal dump location for random people.

Sergeant Cartwright contacted a Rio Vista PD Sergeant who advised us of a fire that had occurred three days prior along the shoreline. I searched the area of the fire and it appeared to have been a homeless encampment that had caught fire. I did not find any signs or evidence of Gabe or Jones being in the area.

On 02/05/2022 at approximately 0800 hours, I was advised by Detective Horn that Jones' cellphone had call detail records (CDR) showing that he had been in the area of Sherman Island East Levee Rd along Threemile Slough, a body of water. Detective Horn advised he also had information that Jones would have been in his mother's vehicle.

I joined Deputy Reyes and Deputy Coupe, who are Contra Costa County Marine Patrol Deputies and provided the service of their county patrol boat. Oakley police officers, Contra Costa Search and Rescue, and Investigators from the District Attorney's Office assisted the search on the ground and air. Deputy Reyes, Coupe and I arrived in the area by boat and began searching the area of Threemile Slough at San Joaquin River.

Deputy Reyes, Coupe and I began navigating northbound on Threemile Slough, watching the West shoreline of Sherman Island East Levee Rd. Assisting Deputies and I continued a slow moving search pattern, working northbound up Threemile Slough and focusing on the West shoreline until reaching the northern shoreline. The area of Sherman Island East Levee Rd wraps around like a peninsula, adjacent to Threemile Slough. Assisting Deputies and I continued around the tip of the peninsula, moving southbound and watching the East shoreline of Threemile Slough.

Assisting Deputies and I turned around, continuing back on our previous path until we reached the area where Threemile Slough and San Joaquin River met. District Attorney Investigator John Garcia joined us on the boat and began periodically checking the shoreline with a drone as well as assisting in watching the shoreline. Assisting Deputies, DA Investigator Garcia and I continued southbound along the shoreline, passing through Eddo's Harbor and RV Park shoreline and harbor area.

Assisting Deputies, DA Investigator Garcia and I then turned around, continuing northbound along the eastern

OAKLEY POLICE DEPARTMENT

Narrative

Sherman Island East Levee Rd shoreline, until we reached the northern tip of the peninsula. We ended our search of the area and DA Investigator Garcia returned to his vehicle. Assisting Deputies and I returned to the Contra Costa Marine Unit Office.

I attached an approximate map of our route to this report. Approximate distance travelled was 13 miles.

On 02/06/2021 at approximately 1000 hours, Sergeant Cartwright and I returned to Threemile Slough utilizing Contra Costa Marine Patrol Unit Deputies Norvell and Campbell. Once in the area, Sergeant Cartwright joined a Sacramento County Marine Boat Unit to use their sonar capabilities. Refer to Sergeant Cartwright's supplemental report. I continued to search the waters of Threemile Slough with assisting Deputies using eyesight and their sonar capabilities.

Deputies and I continued our path from the previous day, but searched the North and West shores of Threemile Slough. While searching the area, I contacted O-Eugene Maple docked at the Brannon Island State Recreation Area. The docks there were old and in disuse and had a large amount of vegetation growing over them.

Maple told me in summary:

Maple said he was not from there area, but had been around Threemile Slough for the last four or five days. Maple said approximately four or five days ago when he was on the water, it was extremely windy and he was getting tossed around by the waves. Maple said it was just before dark, when he saw a boat smaller than his with a light on it. Maple recalled he felt it was suspicious, because of how bad the waves were due to the wind and was surprised anyone would be on the water at that time. Maple said it appeared there were multiple people on board the boat.

I ended my interview with Maple.

Assisting Deputies and I continued our search of the waters with negative results.

I attached an approximate map of our route to this report. Approximate distance travelled was 6 miles.

I returned to the Oakley Police Station and was advised Detectives would like to check the area of CA-160 and W Sherman Island Rd.

At approximately 1400 hours, Sergeant Cartwright, Detectives Minister, Horn and I went to the area described and began a ground search for any signs of evidence regarding Marshall or Gabe. We worked our way southeast along W Sherman Island Rd with negative results. We then returned to CA-160 and checked areas adjacent to Horseshoe Bend with negative results.

At approximately 1600 hours, we ended our search for the day.

On 02/07/2021 at approximately 1200 hours, Officer Palmer and I returned to the Shell Gas Station at Jackson Rd and Bradshaw Rd to obtain the video surveillance previously reported, refer to Officer Palmer's supplemental report. After obtaining the video surveillance, Officer Palmer and I went back to Grant Line Rd and Kiefer Blvd to canvass more areas.

At approximately 1245 hours, Officer Palmer and I checked an old pathway southeast of the Sacramento County Landfill. The pathway was approximately 2000 feet southeast of the southeast corner of the landfill and South of Kiefer Blvd. Officer Palmer and I walked approximately 400 feet down the pathway when we came across seven shell casings on the dirt. We checked the shell casings and they were Brass and Steel casings. The markings on the shell casings showed them to be 9MM Luger.

Officer Palmer and I further canvassed the area and it appeared to be a large nesting area for deer or wild pigs. There were a large amount of tracks showing small hooved feet as well as large amounts of vegetation pressed down in the manner of animals creating beds. Officer Palmer collected the shell casings and I took photographs and video of the area, uploading them onto the Oakley evidence.com database.

At approximately 1320 hours, Officer Palmer and I returned to [REDACTED] Kiefer Blvd and spoke to O-Susan Parisio. I asked Parisio if we could walk her property for an area canvas and she said that it was okay. Officer Palmer and I checked the fields North of Kiefer Blvd, East of Parisio's residence with negative results.

OAKLEY POLICE DEPARTMENT

Narrative

Officer Palmer and I checked the area of the reservoir South of Kiefer Blvd, West of the waterline with negative results.

I attached map locations of areas checked and where the casings were located to this report.

At approximately 1430 hours, Officer Palmer and I responded to [REDACTED] (Sherman Reclamation Office) to speak to O-Neil Favor about the Sherman Island video surveillance cameras. Detective Minister advised Officer Palmer and I that the office monitors all video surveillance for the area of Sherman Island East Levee Rd and the rest of Sherman Island. Favor gave Officer Palmer and I access to the Arlo video camera system and we provided that information to investigators.

On 03/12/2022 at approximately 1430 hours, I was contacted by O-Jennifer Hicks by telephone. Hicks told me in summary:

Hicks told me she had information regarding Gabe and she had friends in common with Jones' mother. Hicks said she had heard from these friends that Gabe was dead and Jones' mother knew that it happened. Hicks said Jones' mother had allegedly told him not to get her involved. Hicks also said that she had heard from friends that Jones' allegedly stole a car from his mother's boyfriend, "Kevin." Hicks said that from what she heard the car could have been where Jones killed Gabe.

Hicks did not know what kind of vehicle it was and did not know if it was registered to Kevin. Hicks said she believed Kevin was involved in car clubs and the vehicle could have been something a collector would have. Hicks did not have any other information.

Summary Narrative

This is a supplement to the listed case number.

Narrative

On 02-06-2022 I was working as the Patrol Supervisor for the city of Oakley. I was contacted by Detective Horn who asked me to enter OTH-Jones' (ex boyfriend) mother's vehicle (Ca license plate [REDACTED] into SVS. Detective Horn has a signed search warrant for the vehicle and it has not been located as of today. I attempted to enter the vehicle into SVS but received an error message. I entered the vehicle into MUPS. I attached the hit to this report. I ran the vehicle license plate and the MUPS hit returns, confirming the plate is attached to this case.

This is a supplement to Officer County's original report.

Other 22: DURAN,CHRISTY

Involvement Other	Invl No 22	Type Individual	Name DURAN,CHRISTY
-----------------------------	----------------------	---------------------------	------------------------------

Narrative

On January 27th, I was assigned to supervise the investigation of this case. I performed the following during this time:

On 02/02/2022, I assisted Oakley Officers perform a search warrant on SUS-Marshall's home, [REDACTED] Benttree Way, Antioch with Antioch PD.

On 02/03/2022, I assisted Antioch PD perform a search warrant on [REDACTED].

On 02/04/2022, I assisted Oakley Officers searching the Rio Vista/160 shoreline.

On 02/05/2022, I assisted Oakley Officers, Contra Costa County Sheriff's Marine Patrol and Air Squadron and the District Attorney's investigators in searching Sherman Island and Three mile slough.

On 02/06/2022, I assisted Sacramento County and Contra Costa County Marine patrol units in sonar searching Three mile slough.

On 02/07/2022, I drove to the Oaks apartments numbers 49 and 69 to obtain video footage from January 26th for missing person Gabe. I began reviewing the footage from 49 Carol Lane, which shows an South/East view of the parking lot in front of 49 and 69 Carol Lane. Two of the videos show at 1726 hours, a dark colored Ford

Report Officer OA013/CARTWRIGHT, LOGAN	Printed At 05/24/2024 09:50	Page 1 of 2
--	---------------------------------------	-------------

OAKLEY POLICE DEPARTMENT

Narrative

Mustang drives north into the parking lot and stops in front of Gabe's vehicle. At 1727 Gabe exits the vehicle from the passenger side and gets into her Infiniti. Gabe sits in her vehicle for several minutes and then leave the parking lot east at 1730 hours.

I also recieved video to the front of Carol Lane from building 49 parking lot in an attempt to locate footage of a male driving a grey colored sedan dropping off Gabe. I reviewed the footage on scene and was unable to locate the vehicle. I attempted to review the footage at the Oakley Police station but was unable to review the footage. The footage was downloaded to evidence.com under this case number.

On 02/09/2022, I requested Solano County Marine patrol search the water ways of Ryer Island while Oakley Police officers searched the banks of Ryer Island and Hastings Island.

On 02/10/2022, Ryer Island and Highway 160 were searched by me and Oakley Officers.

On 02/18/2022, Ryer Island was searched by foot and by boat by Oakley Officers.

On 02/23/2022, I assisted Officers in performing a search warrant of [REDACTED] Vacaville and a foot search of Defender Grade Road, Pioneer.

On 02/25/2022, the Polly Klass foundation performed a search of the area for Gabe. Oth-Duran, who was part of the search, located Gabe's cellular phone case on the west shoulder of Vista Grande Drive, just north of Bintree Way. Duran did not touch the case and notified police of what she had discovered. I responded to the scene and saw the case was located in the dirt by bushes between the side walk and fence. I placed the phone case into a bag and it was later booked into Oakley Evidence. Duran also located a pair of black pants a short distance to the south of the phone case. I also place the pants into a bag and they were later booked into evidence.

On 02/26/2022, I assisted Officers and Search and rescue from Amador, Placer and El Dorado County of Defender Grade Road and several ponds, Pioneer.

On 3/11/2022, I searched a pond in Pioneer near Defender Grade Road with two cadaver dogs from CAL OES. The dogs again made a positive alert for a body in the pond near the south and east shore.

This concludes my involvement in this case.

Summary Narrative

Supplemental Report.

Other 1: HALE, TERRANCE MICHAEL JR

Involvement	Invl No	Type	Name
Other	1	Individual	HALE, TERRANCE MICHAEL JR

Narrative

Supplemental Report.

On 02/03/2022, I was working patrol for the Oakley Police Department. At approximately 1605 hours, I was dispatched to contact OTH-Terry Hale regarding information on MSP-Alexis Gabe. I called Hale on the phone and he told me the following in summary:

On 01/24/2022, between the hours of 1000 and 1400, Hale went inside the Rite Aid store located at 2555 Main Street. When Hale walked in, he recognized Gabe as she was standing in the front area of the store, near the gift cards. Hale stated he saw Gabe standing with a Hispanic male, approximately 20-30 years old, approximately 5'11 with a thin build, blak wavy hair, and was wearing dark clothing. Hale recognized Gabe immediately because he would come to the Rite Aid and speak to her often when she had worked there previously.

Hale was unsure if Gabe saw him enter the store. Hale stated he was very familiar with Gabe and he feels she would have said hi to him if she saw him. Hale described Gabe as having hair that appeared disheveled and this was not normal for her. Hale and Gabe did not speak to each other and Hale did not see Gabe as he exited the store. Hale did not have any additional information for the male that he saw with Gabe and Hale did not recognize

Narrative

him.

This concludes Hale's statement.

After reviewing additional Officer's reports based on this case, it is possible Hale might have seen Gabe with her brother PRI-Gwyn Gabe.

Narrative

On 2/3/22 I was tasked with escorting MSP-Alexis Gabe's vehicle along with LED-Marshall Jones' vehicle to [REDACTED]. Vehicles were to be processed by FBI ERT at their location. At approximately 0700 hours I met with A&M Towing at [REDACTED] in Oakley (Oakley PD's evidence storage) to retrieve Gabe's 2012 Infinity G37.

Myself and A&M tow drove to Antioch PD located at 300 L Street in Antioch where I met with Detective Gerber. Arrowhead tow responded to that location to transport Marshall's vehicle 2005 Ford Explorer. I then escorted both tow trucks transporting the vehicles to the previously listed location in Oakland.

FBI ERT teams processed both vehicles and later transferred all collected evidence from Gabe's vehicle to me for storing at Oakley PD and they gave all the evidence from Marshall's vehicle to Antioch PD detective on scene for storage at Antioch PD.

Evidence collected from Gabe's infinity was:

- (2) .40 Cal spent cartridge casings found inside the vehicle (instrument panel and trunk area)

Above listed items were logged into Oakley PD evidence lockers.

After vehicle was processed I escorted A&M towing back to Oakley PD evidence warehouse to store Gabe's vehicle. I signed the tow invoices and attached them to this report.

On 2/4/22 I assisted Oakley officers during an area search surrounding the Rio Vista Bridge. We canvassed the area searching for Alexis Gabe and any item(s) of evidentiary value. During the search a couple of areas were discovered where vehicles can drive up to the river bank. Multiple tire tracks were found at location. I took photographs of the areas of interest and also of the tire tracks seen at the locations.

Evidence collected during this area search was as follows:

- (1) large brown trash bag
- (1) white latex glove

OAKLEY POLICE DEPARTMENT

Narrative

On 2/5/22, again I assisted Oakley PD officers as well as DA investigators during an area search of Sherman Island Rd East (3 mile slough). A search was conducted on foot, vehicles, drone, and marine patrol boat. Again some areas of interest were found where vehicle tire tracks were located off road. I took photographs of these areas. Two additional items of evidence were collected during this location search as follows:

- (1) empty box of Swisher cigarillos
- (1) black and white jacket

All evidence items were photographed, packaged, sealed and logged into Oakley PD evidence. All photographs were downloaded to Oakley PD main evidence R drive and also uploaded to Evidence.com server

During this search a thumb drive was collected from Edo's RV park and Marina located on Sherman Island Rd with video footage of roadway. I took possession of this thumb drive and downloaded video surveillance footage to Oakley PD evidence R drive for review.

Attachments:

- Copy of FBI property receipt
- Copy of A&M invoices for vehicle tow to and from FBI building

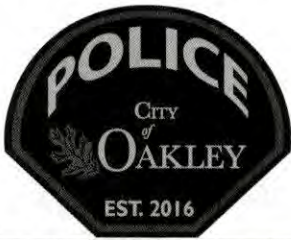

End of report.

Narrative

On 2/10/22 Officer England was tasked with escorting Marsall Jone's work vehicle to FBI ERT building located at [REDACTED]. The vehicle processed by FBI ERT is a 2015 Hyundai Hatchback CA license plate [REDACTED].

After processing vehicle, Officer England signed for all the evidence collected during this process and returned it to Oakley PD for storage. At approximately 1900 hours Officer England arrived at Oakley PD and I signed a new chain of custody taking possession of all evidence returned by FBI ERT. A copy of their property list/receipt detailing each item collected is attached to this report.

I entered all items received as per their supplied list of evidence (Evidence log). A CD was also provided with photographs of the vehicle processed. I downloaded all photographs to main evidence R drive and also uploaded them to Evidence.com server.

All items had been packaged and sealed by FBI personnel. I signed a new chain of custody showing all items received from Officer England and I entered and logged all items into Oakley PD evidence.

Attachments:

FBI Evidence log
FBI Property Receipt

End of report.

Summary Narrative

This is a supplemental report to Officer County's original report.

Vehicle:

Involvement Evidence	Type Auto	License No [REDACTED]	State California	Lic Year 2023
Lic Type Regular Passenger Automobile Plates	Year 2015	Make Hyundai	Model Elantra	Style 4-door Automobile
Color White	VIN [REDACTED]			

Narrative

On 02/10/2022 at about 0652 hours, I followed A&M Towing to Antioch Police Department to pick up OTH-Jones, Marshall's white 2015 Hyundai Elantra license # [REDACTED] work vehicle which was stored at their facility. A&M towing loaded the Hyundai onto his tow truck and I followed him to the FBI evidence processing building in Oakland.

I stayed on scene with the vehicle at the FBI building and I watched FBI agents process the Hyundai. Multiple pieces of evidence were collected by the FBI agents during the search. FBI agents logged all the evidence and packaged all the evidence into bags. FBI Special Agent Meredith Stanger gave me possession of all the evidence collected and their log. A&M towing towed the Hyundai back to Antioch Police Department. I loaded and transported all the evidence in my patrol vehicle back to Oakley Police Department and gave Police Services Assistant Rostran all the evidence that was collected by the FBI.

Narrative

Supplemental Report

On 02/21/2022, I was working patrol for the Oakley Police Department. At approximately 1541 hours, I was dispatched to contact OTH-Anonymous regarding information about Alexis Gabe. I called anonymous from my

Narrative

department issued cell phone and she told me she wished to remain anonymous for this report.

Anonymous is currently living in Tacoma, Washington. Anonymous stated she is friends with LED-Ariana Eaton, who is the sister of Marshall Jones. Eaton is currently living in Vacaville. On 02/18/2022, at approximately 1914 hours, Eaton contacted anonymous on the phone. Eaton told anonymous she had found a handwritten note at her residence in Vacaville that was left by Jones. Eaton stated the handwritten note was left specifically for her and she had found it inside a box of decorations. Eaton stated the note had turn-by-turn directions from Eaton's residence in Vacaville to the "Foothills". When anonymous asked Eaton about the directions and what they mean, Eaton responded by saying she would have to speak to her attorney first. Eaton did not elaborate or provide any additional information to anonymous about this note that was left. Anonymous believes the last time Jones was at Eaton's residence was possibly the weekend after Gabe went missing.

I advised anonymous to contact Oakley PD if she were to get any further information regarding this case.

Narrative

Supplemental Report

On 02/28/2022, I was working patrol for the Oakley Police Department. At approximately 0916 Hours, I was dispatched to contact OTH-Susanna Thompson about an exchange of information regarding this case. I called Thompson from my department issued cell phone and she told me the following in summary:

Thompson stated the Polly Klaas Foundation was conducting a search near her residence, at [REDACTED] in Brentwood, for MSP-Alexis Gabe over the weekend. Thompson wanted to contact Oakley PD to advise she has LPR camera attached to her residence. Thompson said she is willing to check her camera for any potential license plates that are of interest to Oakley PD in the search for Gabe. Thompson's camera is only able to hold license plate information for up to 30 days after the data is collected.

Narrative

I attached a Google Maps photo of Thompson's residence for reference.

OAKLEY POLICE DEPARTMENT

Narrative

in the City of Vacaville located at [REDACTED]

Once the scene was cleared and considered safe I photographed the scene. During this search warrant a 2 page hand written note was collected as evidence in the case. The 2 page note was folded inside a zip lock clear plastic bag. I photographed it at the scene and later made a photocopy of the note which I uploaded to the e-files tab on this report. The original note was packaged and sealed in a document manila envelope and logged into Oakley PD evidence.

Due to the information on this note a search for Alexis Gabe was conducted later that day at the location listed in the note. I assisted during that search. We returned the following day to search the area of Defender Grade Rd in the City of Pioneer and a full search with the assistance of the Amador County Sherriff's search and rescue team.

On 2/26/22, I again assisted Oakley Detectives and Officers in another search in the Pioneer area of interest. This time we received help from the Amador County and other agencies including El Dorado County search and rescue teams. During this search a folding Smith & Wesson knife (3" blade) was located. This knife was collected as evidence and I later packaged, sealed, and logged into Oakley PD evidence.

While Oakley PD and other agencies were conducting this searches, that same weekend from 2/25/22 to 2/27/22 the Klass kids foundation had arranged a search party with Alexis' family. They conducted searches in the areas of Antioch and Brentwood. During this search they located a cell phone case near the location of Marshall Jones' home. The phone case was identified as being the case belonging to Alexis' cell phone. Oakley officers responded to collect the item of evidence and was placed in a temporary evidence locker for the weekend.

On 3/1/22 I packaged, sealed, and logged the phone case into Oakley PD evidence. Also on the same day Detective Horn provided me with a Lab request form to take the item to the Contra Costa County Lab for processing. I transported the item to the lab to be processed for fingerprints and DNA.

All photographs taken of search warrant and evidence items were downloaded to main Evidence R drive and uploaded to Evidence.com server.

On 3/7/22, I responded to a supplemental call for service from dispatch regarding the missing person case. The PR in the call provided a cell phone number for call back. I contacted PRI-Lori Marshall via telephone and she stated the following in summary:

Lori started the conversation by stating that she was Morgan Strenfel's mother. Morgan Strenfel is the girlfriend of Alexis' brother Gwyn Gabe. Lori also stated that she wanted to provide information that was given to her by an anonymous source to Oakley PD before providing any of this information to the family directly. Lori then stated that she had received an anonymous phone call from an unknown number and this person wanted her to know some information regarding this case. The anonymous caller provided Lori with the following information:

"Marshall Jones purchased a black light prior to Alexis' disappearance. Marshall's mom has either a new phone number or a prepaid account of some sort. Check Marshall's playstation account as it is active and he uses it to make frequent contacts, and finally Marshall told his mom that he would never be caught alive"

After Lori mentioned all this information I asked her if she remember the caller to be a male or female and she stated that it was a female voice.

Lori then expressed her wishes to speak to lead Detective Horn on this. I provided the above information along with Lori's contact number to Detective Horn the following day and advised to contact her for further information.

End of report.

Crime Code(s)
Unknown

Narrative

I received the footage of SUS-Marshall Jones III at the airport, boarding his flight on 02/02/2022, a day after the search warrant was served at ██████ Benttree Wy. The footage was provided to me by Alameda County Sheriff's Office who has a contract with the Oakland Airport where Marshall's flight departed from. I turned the footage over to Antioch PD for downloading and analysis. Refer to Antioch PD Sergeant Stenger's supplemental report for analysis of footage.

On 03/24/2022, I authored a search warrant to drain the pond located at 38 degrees 25' 50.4" north by 120 degrees 34' 01.4" west on the property of 25400 State Highway 88 in Pioneer, CA. The search warrant specified that a pump may be utilized to drain partial or full contents of the described pond. The search warrant was signed by the Honorable Judge Nancy D. Stark of Dept. 20 Superior Court, Contra Costa County, CA.

On 03/25/2022, Oakley Police detectives responded to Pioneer, CA near Defender Grade Rd. for a search and rescue operation. The goal of the operation was to utilize rescue divers in order to locate the body of Alexis Gabe. The pond had been dove before, but due to new sonar imaging provided by contractors at PG&E, a new search area was identified. Refer to Lieutenant Cartwright's supplemental report for details.

Detectives were met by Amador County Sheriff's Search and Rescue dive team. Four members were present, along with a supervisor.

Divers determined the area was not suitable for diving due to approximately 3 feet of weeds and approximately 18+ inches of mud on the bottom of the pond. The area was taped off with crime scene tape in the instance it needed to be searched again. No evidence or body was located.

On 03/30/2022, arrangements were made to drain the pond located at 25400 State Hwy 88 in Pioneer per the search warrant. The equipment arrived on 03/31/2022 and pumping began on 04/01/2022 at approximately 0700

Narrative

hours Antioch and Oakley police detectives maintained a visual on the operation for the remainder of pumping. The pumping concluded on 04/05/2022. Due to the thick mud and growth, the pond was left to be dried out in the coming days.

On 04/10/2022, A search and rescue operation was conducted at the Cedar Mill pond area in Pioneer. Nothing related to Alexis Gabe was located. Refer to Lieutenant Cartwright's supplemental report for details.

Summary Narrative

This is a supplement to Officer County's original report.

Narrative

Based on evidence provided to Oakley Detectives, I requested CAL OES provide cadaver dogs to search the pond located in Pioneer. Based on their positive alerts at the scene, I contacted John Fisher, a Hydrographic Surveyor for PG&E to scan the pond floor. On March 21, 2022 John Fisher and his crew met me and Oakley Detectives at the pond to perform a sonar scan of the pond floor with their scanning equipment. At the conclusion of the scan, Fisher emailed me the results of the scan and showed me an image they had located which was of interest. One of the scans appears to be a body lying on the pond floor with its arms and legs out stretched. I have attached the scans that were forwarded to me, see attached.

Based on the scans, I requested Amador County and Contra Costa County Sheriff's Office Dive teams respond to the area to perform a search of the pond. On March 22nd, divers searched the pond with negative results. On March 25, John met me and the Amador County Dive team to provide an accurate area to be search for the anomaly. At this time, divers were unable to locate anything due to mud and vegetation on the pond floor. Over the weekend, Amador County Dive team continued to search the pond floor with negative results.

Due to the positive alert on the pond by cadaver dogs, the sonar scan of the floor and negative search results by the dive teams, a search warrant was authored by Detective Horn to drain the pond. Sun Belt Rentals was contacted and two pumps were delivered to the pond on March 31st and pumping of the pond began on April 1st. The pond was staffed by Oakley and Antioch Police while the pumping was performed by PG&E staff throughout the weekend and was completed on April 5th.

The pond floor was allowed to dry and then was searched on April 10th by multiple Cal OES cadaver dogs as well as Oakley PD Detectives. The pond floor was still wet and difficult to search by foot due to sinking into the mud. At the conclusion of the search, there was no definitive alerts by the search dogs and no signs of any remains located.

Narrative

On 03/01/2022, OTH-Leslie Clark called Oakley PD to inquire about his vehicles still in Antioch PD's possession.

Leslie said the following in summary: Leslie asked about the Ford Explorer who was used in the "investigation with the missing young lady." Leslie stated he needed the vehicle for his DJ business that he does. He uses it to transport his equipment. I asked Leslie if he had heard from Marshall at all. Leslie said he had not, that he is keeping in contact with his mom, but he had not heard from him recently. Leslie stated that he did not have a lawyer and also did not say that he felt like he needed one.

I asked him if he would come down to the PD to give a statement. Leslie asked what his statement would be regarding and I told him it would be about everything that happened thus far. Leslie said he would talk, but he did not feel like he needed to come to the station to do so. He was worried that he would be "locked" into a room and forced to answer questions. I told him the process was entirely voluntary.

I told Leslie we were curious about a lot of things, one being why he had an industrial sized mop bucket in his kitchen (which was not present when Marshall let me into the house on 01/28/2022). I asked him if that was a purchase that he made. Leslie stated "It is something that I purchased. I work for the city of San Francisco." I asked him if he was using the mop bucket for work. He said no, but he gets things from work all the time. Leslie said that he will use things from work occasionally at his home. Leslie said he did not want to get into that too much. I asked him about the other cleaning products at his house. Leslie said he used to be married and a lot of that stuff was from his previous marriage. He was not used to cleaning as much when he was married, now he has to clean and uses said products.

I shifted to asking Leslie when the last time he saw Alexis at his house. Leslie said "As I've said before, I think it was the weekend before she came up missing." Leslie said that she was reported missing on Thursday (01/27) and he was called by Marshall on 01/28 (Detective Minister and I contacted Marshall at his home) saying that we

Narrative

were there and searching for Alexis. The night of 01/28/2022, Marshall told Detective Minister and I that Leslie was at the gym that night. I asked Leslie what gym he goes to was 24 Hour Fitness in Brentwood.

Leslie also said the Ford Explorer is the only vehicle Marshall had access to and was allowed to use. I asked Leslie if Marshall told him anything about Alexis's disappearance. Leslie said Marshall said the couple did not have any problems. Leslie said that Marshall told him that they (Alexis and Marshall) were in his bedroom and then she left shortly after. Marshall told Leslie that Alexis left when he was at the gym. Leslie said he normally does not pay attention to Marshall's bedroom, because they do whatever they do in there. Leslie said he did not notice Alexis or Marshall's vehicle at the Benttree address when he returned from the gym. He simply could not remember. Leslie said that he did not hear anything coming from Marshall's room. Leslie also said he gets up early, so he goes to sleep shortly after he gets home from the gym.

Leslie then repeated that he did not remember if he saw either of their vehicles at the Benttree address when he returned from the gym. Marshall told Leslie that he went back into his room and played video games after Alexis left the residence. Leslie stated he installed cameras at his house after the inspectors initially came (referring to Det. Minister and I). Leslie wanted to know what was going on outside his house, that is why he had the cameras installed. Leslie said Marshall left his house on Friday (01/28) and his mother came to get him. Leslie said he owns his house and he is still currently staying there.

End interview.

I uploaded all the relevant lab reports and returns to this report.

Narrative

The purpose of this report is to add an additional item of evidence. During the search performed by volunteers and directed by the Klass kids foundation during the time frame of 2/25/22 to 2/27/22 in the Antioch/Brentwood areas a pair of black pants Old Navy brand were found. The pants were collected by Oakley PD officers and placed in a temporary evidence locker.

Today Detective Horn informed me we need to send the pants to the crime lab for examination. I entered the pants as evidence in the case so they can be sent to crime lab for processing.

Evidence:

Old navy black pants

_____ was the man in the video. Pat would not provide a description.

4/29/22 from Anonymous female at _____ Says her friend is a "medium" and the suspect is Anthony Adams, a Facebook friend of hers. The "medium" friend was "too overwhelmed" to speak with police. Nothing of value, no circumstances of homicide or disappearance.

4/29/22 from Anonymous: Christopher Dacosta (43 year old mixed male) looked like the person in the video. Description did not match, nothing of value.

4/29/22 from Veronica Heath _____ Veronica is an "intuitive" and is offering her assistance with the Alexis Gabe case. No tip of value.

4/29/22 from Lauren _____ Lauren said a male who she knew matches the description of the person shown in the video Oakley PD released. The persons name is Jeffrey Benthin, a white male who is homeless and exhibits erratic behavior. The person Lauren described did not match the description of the video released by us. Nothing of value.

4/30/22 from Patricia _____ Patricia stated she spent a year in Sacramento in 2018. During that time, Patricia communicated with a person named Alexis, who she was not sure was the same Alexis. Nothing of value.

4/30/22 from Christine _____ Christine gave her suggestions on how the police could work this case. Suggested that we should check large fields and the acreage on Holmes Road, she had a weird feeling because she watched a Dateline special recently. Nothing of value.

5/1/22 from Donna _____ The caller described their upstairs neighbor at Arbor Ridge apartments. Similar to video, unconfirmed and had no further description. Nothing of value.

5/1/22 from Ryan _____ Ryan called but was unable to be called back due to a voicemail box that had not been set up.

5/1/22 from Robert _____ Robert stated he saw a male who resembles the suspect released on video by Oakley PD. Robert said he appeared homeless, with dreadlocks. Did not match the description put out by Oakley PD, nothing of value.

5/3/22 from Laura _____ Saw a person who looked like the person in the video Oakley PD released, no further information.

5/4/22 from unknown caller at _____ Caller sent an e-mail to the tip line with video, no such video located.

5/5/22 from Nicole _____ Suspected sighting, nothing of value.

5/5/22 from Debra _____ Had a "vision" that Alexis was at Holland Tract and Tranquility Bay road. UTL on area check.

5/7/22 from William _____ William said he overheard an unknown male and female talking about Alexis Gabe is in the back yard of a house on Carpenter Rd. During our investigations a separate homicide was reported during a Contra Costa County Office of the Sheriff's search warrant. CCCSO case #22-2419 and William could not describe the couple.

5/7/22 from Stella _____ Kayla _____ was a mutual friend of ex-boyfriend SUS-Marshall Jones III and SUS-Alicia Coleman-Clark. During January 2022, the mother (Coleman-Clark) was stressing out and would not let people in her house. Stella remembers this being before the search warrant that was served at _____ As of 05/17/2022, investigators were still actively looking into Kayla and her involvement.

5/8/22 from _____ Had a premonition of where Alexis is. A garage with a roll up door. Too broad to search, nothing of value.

Released by: _____ Date: _____

OAKLEY POLICE DEPARTMENT

Narrative

5/8/22 from [REDACTED] Male named Samisi said Alexis may have been at a homeless camp. Too broad to search, nothing of value.

5/13/22 from Jennifer [REDACTED] Called to report a suspicious SUV with not plates. Unknown what the relation to this case is. Nothing of value.

5/13/22 from Amber [REDACTED] Called to report a struggle between a male and a female outside of her apartment in Dublin, CA. Unknown relation to this case. Amber just said it was during the same time frame (January 2022) as this case was going on.

5/14/22 from Mariah [REDACTED] Stated she believes a similar subject to the person in the video OPD released lives at [REDACTED] Benttree Wy in Antioch. Mariah also said she saw him at Starbucks on Lone Tree Way and Slatten Ranch. Nothing of value.

5/14/22 from Chris [REDACTED] Chris stated he saw Alexis's vehicle at Oakley Rd. and Live Oak Av. with the door wide open parked on the right side of the street (where it was recovered).

5/15/22 from Marie [REDACTED] Marie said she saw a person resembling Alexis Gabe standing in front of her house. Marie said she could not be sure if it was Alexis, felt like she needed to call. Nothing of value.

5/15/22 from [REDACTED] Did not appear to be a working line on call back.

5/15/22 from Andrea [REDACTED] Brought up the homicide on Carpenter Rd. no other information or leads.

5/15/22 from [REDACTED] This caller explained how Google tracking works to the investigator. Noted.

5/16/22 from Jennifer [REDACTED] forwarded from tip line in the office: Jennifer explained how during 24 hours of 1/26/22 when Alexis went missing, there was a person who jumped off the Antioch Bridge. Jennifer did not know if it was a male or female.

5/16/22 from [REDACTED] Caller talked about a 3rd firearm that Marshall owns that is still outstanding. This caller said that she knew the Jones family to include Alicia and [REDACTED] a friend of Alicia's. [REDACTED] sister. The night of the karaoke party at Alicia's house (1/28/22) Alicia used [REDACTED] phone to call Marshall once or twice. At that party, Alicia was telling [REDACTED] that she understands if they cannot be friends anymore. When asked why Alicia responded "You will find out in a couple of weeks." Prior to the first search warrant at Alicia's house on [REDACTED] said that she hired a company to pour concrete in her back yard. This tip is currently being investigated.

5/17/22 from [REDACTED] Suggested that police look into the Gabe family because she believes they are acting strange. No merit to this tip.

On 05/25/2022, myself and Antioch PD investigators responded to a pond at 24645 Highway 88 in Pioneer, CA to address a small pond that was on private property. The pond/land belonged to [REDACTED], the resident there. The search included divers, who dove the pond on their property. Amador County Deputies dove the pond and did not locate anything amounting to Alexis or her remains. The pond was approximately 120' by 120' and the divers covered the entire pond. Oakley and Antioch police detectives and staff conducted a foot search of Epperson Excavating Inc. behind 15451 Pioneer Creek Rd. which is an approximately 4-5 acre parcel behind the 15451 Pioneer Creek Rd. address. It was once an excavation company which has since been closed and is accessible by side road off Pioneer Creek Rd. The property was largely brush and dirt, which did not reveal any signs of Alexis Gabe or her remains. No disturbed dirt or mounds were noted during the foot search.

On 05/26/2022, the Contra Costa County District Attorney's Office issued an arrest warrant for Marshall Jones III for homicide. Antioch and Oakley detectives traveled to Kent, WA where Marshall Jones was staying with an associate.

The area where Jones was staying was a multi-unit apartment complex. Jones was staying with an associate (who refused to be interviewed by us) on the first floor of building C in apartment C105. The U.S. Marshals

Narrative

Fugitive Apprehension Task Force was utilized to conduct the entry and arrest of Jones.

On 06/01/2022, the U.S. Marshals Fugitive Apprehension Task Force conducted an entry at the residence in Kent, WA after a search warrant was signed by a Washington state Judge. Jones was met with lethal force of which California detectives were not involved. Seattle Police Department force investigation team took over the investigation. This incident was documented under Seattle PD case #2022-138957 and Kent PD Report #22-7324.

This concluded our criminal investigation into Marshall Jones III under Antioch PD case #22-00745. The search effort for Alexis will continue as leads become available.

Summary Narrative

Supplemental report regarding ongoing investigation.

Narrative

Pursuant to a Bank of the West Search warrants, I discovered Marshall Jones made a cash withdrawal of \$100 from the Somersville Bank of the West ATM on 1/25/22 at 1847 hours. Jones was captured on video at the ATM withdrawing cash while his cell phone showed to be on at Jones' residence on Benttree Way.

Jones only made the following two cash withdrawals prior to the withdrawal on 1/25/22:

- 12/13 CASH WD ATM 008464 1805 TELEGRAPH AV OAKLAND CA [REDACTED] -23.00
- 01/03 CASH WD ATM 7815-002388 BK WEST DIAMOND BLVD CONCORD CA [REDACTED] -50.00

Due to the fact Jones also left his phone at home while he drove Gabe's vehicle to Trenton Street on the night of 1/26/22, and the fact Jones only made two other cash withdrawals from November 1st, 2021 to February 28th, 2022 according to checking account records, I believed Jones intentionally left his phone at home while Jones made this ATM transaction. Based on the totality of the circumstances, I believe Jones left his phone at home when he withdrew money and most likely made a cash purchase, because Jones knew that law enforcement would be able to track his location from his cell phone records and would more easily discover any suspicious purchases.

Jones also stated he stayed home the entire day on 1/26/22 and did not leave the house at any time, according to Jones' statement to police on 1/28/22. This is another reason why I did not see a reason for Jones to take out \$100 cash, when he had not withdrawn that much money in any of the previous Bank of the West Bank Statements received from the search warrant covering the four previous months.

I contacted Anderson Liu on February 11th, 2022. Liu is the regional Home Depot Investigator. Liu ran reports regarding purchases of mops and mop buckets identical to the items found in Jones' residence. Liu provided reports from purchases made at Home Depots in the Bay Area around the time frame of Gabe's disappearance. I reviewed the reports but did not see any items that stood out as having been purchased by Marshall Jones. Leslie Clark later stated in a phone interview with Detective Horn that Clark may have brought the mop bucket home from work at some point. Clark was believed to be a plumber in San Francisco.

I went to Lowe's in Antioch and also conducted the same investigation with their on site loss prevention employee. I reviewed several video clips of transactions of mops and mop buckets but did not find any mops or mop buckets purchased by Marshall Jones from Lowe's around the time of Gabe's disappearance.

I contacted the Lowe's regional investigator in May 2022 and requested all cash transactions on 1/25/22 made at

OAKLEY POLICE DEPARTMENT

Narrative

the two Antioch Lowe's locations. I did not locate any transactions that appeared to match the excessive amounts of laundry detergent located in Jones' garbage can or bleach spray products located on Jones' bathroom and kitchen counter. The video at these Lowe's locations were no longer available.

I contacted a regional investigator for Walmart and Target. I requested they obtain transaction details for multiple transactions made on Jones' Capital One credit card statements at both stores within the months prior to Gabe's disappearance from Jones' residence on 1/26/22.

I obtained Target cash transactions on the evening of 1/25/22 at the Pittsburg and Antioch Target. I did not see any purchases that stood out as being items associated with this case.

I spoke to Lee Frasier, an investigator for Walmart who also checked purchases on 1/25/22 at the Antioch and Pittsburg stores. There were no purchases that stood out as being related to this case. Frasier also checked previous transactions from Jones' credit card statement but all of the transactions were unrelated.

I contacted WINCO investigators who also reviewed their records. No records associated with this case were located at WINCO.

I noticed a transaction on 1/25/22 at AM/PM-ARCO on Laurel Road in Oakley for \$80.15 on a credit card that ended in [REDACTED]. Barnes checked the ARCO database and found a transaction at \$80.15 at 5:44 PM. This was consistent with Jones' cell phone records placing him at that gas station at the same time. Based on the dollar amount, I believe Jones filled his gas tank up at the time.

While reviewing CDR and location data, I saw Jones' cell phone went to Bank of the West on 1/25/22 in Oakley. This ATM is located on the corner of Main Street and Carol Lane. I located video footage of Jones going to the ATM. Jones arrived in his Ford Explorer, walked up to the ATM machine, stood at the ATM machine, then went back to his Explorer and drove away.

According to CDR records, Jones then drove east on Main Street, south on Empire Avenue, west on Oakley Road, south on Live Oak Avenue, then Jones drove west on Laurel Road and went to the AMPM gas station where Jones filled up his gas tank.

Jones then drove home, left his cell phone at home, and drove to the Somersville Bank of the West ATM machine in Antioch. Per Bank of the West records, no transaction occurred at the Oakley ATM. Video was obtained from Bank of the West that showed Jones at the Somersville ATM machine. Since Jones left his cell phone at home when he took money out, and did not make any more transactions that night with his debit card or ATM, I was unable to determine where Jones went after he removed cash from the ATM.

Narrative

PHONE INTERVIEW WITH CORY DECKER

On 6/6/22, I was reviewing call detail records of Marshall Jones the week prior to Alexis Gabe's disappearance. I noticed a call from Marshall Jones to OTH-Cory Decker on 1/25/22. Decker is an Oakley Police Officer who has been out of work from an injury for about 18 months. This was the only call Jones made to Decker according to call detail records.

I phoned Decker and asked if he knew Marshall Jones. Decker said he did not, but the name sounded familiar. I told Decker that Jones was the suspect in the Alexis Gabe case. Decker said that must have been why the name sounded familiar.

I told Decker that Jones phoned him in January. Decker did not recall any phone calls with Jones. I told Decker

OAKLEY POLICE DEPARTMENT

Narrative

that Jones was black male with a thin build. Decker then said maybe Jones was a guy Decker had met during Decker's physical therapy at John Muir. Decker said he exchanged phone numbers in January 2021 with a Marshall who worked at John Muir Health. Jones worked in the front of the building and screened people for COVID. Jones stated he wanted to be a police officer and Decker offered to help Jones out.

Decker said they later exchanged text messages and I asked Decker if he still had the text messages between them. Decker said he would check and forward them to me if he had them. Decker said he had not been to the police department since this case started and he had no idea the Marshall from John Muir was the suspect Marshall Jones.

Decker forwarded me all of their text messages and I later uploaded them to evidence.com. I reviewed the text messages which showed the following relevant text messages:

On December 1st, 2021, Jones sent a text message during a conversation that said the following:
I'm gonna be honest my ex and me got back together and recently broke up like last night I blocked her deleted her number gave her all her stuff I'm a little sad but I just remembered how you always made yourself available.

On December 22nd, 2021 Jones sent Decker a text message after Decker asked how Jones was doing. Jones replied:
"Honestly I've been better. Just trying to take it one day at a time. If this was the 5 stages of grief I'm in between anger and being sad."

The last text message was December 25th about Christmas.

Decker later checked his phone records and the phone call on 1/25/22 was the only call between Jones and Decker. I asked Decker if he recalled what the phone call was about. Decker said Jones asked Decker a police related question. Jones asked Decker if police in California could go out of state to arrest someone who committed a crime in California. Decker told Jones that it depended on the severity of the crime. Decker remembered telling Jones about a case in Oakley where someone threatened to shoot up a school and it was discovered the suspect was in Texas. Decker told Jones that Oakley PD went to Texas and arrested the suspect for that crime.

Decker told me he thought maybe someone Jones knew had a minor criminal case and Jones was asking for them. Decker said the way Jones presented the question in a casual manner, and the fact Jones was trying to be a police officer, the question did not throw up any red flags to Decker at the time.

I asked Decker how certain he was on a scale from 0-100 that the conversation about a criminal fleeing out of state was with Marshall Jones. Decker said he was very certain and would rank his certainty "In the 90's."

I uploaded the audio recording of my phone interview with Decker to evidence.com.

I checked the date and time of the phone call Jones made to Decker and it was on 1/25/22 at 1511 hours.

This call was shortly before Jones drove to Oakley, pre-drove the route Gabe's vehicle took from Jones on 1/26/22 (Live Oak Avenue, Oakley Road), and filled up his gas tank at ARCO. Jones then drove home, left his phone at home and took cash out of the ATM at the Somersville Antioch. It is not known if Jones used the \$100 cash he withdrew to purchase items or if he pre-drove the route he took on 1/28/22 and used the \$100 cash to re-fill up his gas tank. I believe the phone call to Decker, pre-driving the route Alexis' Infinity took on 1/26/22, and taking cash out of the ATM while his cell phone remained at home, were all calculated steps Jones took on 1/25/22 within a few hours to plan and conceal Alexis Gabe's murder.

PHONE INTERVIEW WITH BENJAMIN KUNG

On 6/7/22, I phoned OTH-Benjamin Kung. Kung was previously identified as a possible friend or associate of

Released to: _____

Released by: _____ Doc# **22-176**Supplement No
0044**OAKLEY POLICE DEPARTMENT****Narrative**

SUSPECT-Marshall Jones due to several phone calls between them from early November 2021 to early February 2022, per call detail records.

I recorded the phone conversation with Kung. I summarized and paraphrased our conversation below. Refer to audio recording for exact verbiage and sequence.

I phoned Kung and identified myself as an Oakley PD Detective. I asked Kung if he knew why I was calling, and Kung asked if it was related to Marshall Jones. I told him it was, and I asked him to describe his relationship with Jones. Kung met Jones about 5 years prior when Kung supervised Jones at Fry's Electronics. They would occasionally meet up for a beer and hang out from time to time. Kung kept in contact with Jones after they both moved on to new jobs. Kung said he met Alexis Gabe 2-3 times at work parties about 4-5 years ago but had not seen her since.

Kung did not know any of Jones' other friends and it would typically be just the two of them when they went out for a beer.

Kung's father passed away in early January and he talked with Jones on the phone several times during that time to support one another. Kung said they would speak on the phone for 10-20 minutes during that time. Jones always wanted to go out to nightclubs, but Kung was not interested in the club scene.

In mid-January, Jones phoned Kung and Jones was crying on the phone. Jones said he missed Alexis and he wanted to get back with her. Jones said he did not know what to do about their situation and appeared more depressed than before. Jones never mentioned wanting to physically harm Alexis or anyone else. Jones said he wanted to send Alexis' mother a video of Jones and Alexis having sex to get back at Alexis. Kung told Jones that was a bad idea.

Kung agreed to meet up with Jones for a beer in mid-January. They met up but were trying to keep Jones' mind off Alexis, so they didn't speak about their relationship much. They spoke on the phone a few more times after that.

Around the end of January, Jones phoned Kung and asked if Jones could stay the night at Kung's house because Jones had an early flight in the morning. Jones asked if Kung could give him a ride to the airport. Kung agreed and let Jones stay the night. Kung woke up around 4 am to take Jones to the airport. Kung asked Jones where Jones was flying to. Jones told Kung that Jones was a private person and Jones did not want to say where he was flying to. Kung thought it was strange that Jones did not tell him where Jones was flying. Kung said he didn't hear from Jones again. Kung did not reach out to Jones any more after that and Jones did not call again.

End of statement.

PHONE INTERVIEW WITH THOMAS KLUZEK

During records check of Marshall Jones' CDR records, I saw a phone call from Thomas Kluzek to Marshall Jones on 1/30/22.

On 6/7/22, I phoned Kluzek and told him I was a Detective with Oakley PD. I recorded the phone call and later uploaded the conversation to evidence.com. I told Kluzek his name came up in an investigation related to Marshall Jones. Kluzek told me the following in summary:

Kluzek has known Jones since they were children and played pee-wee football together. At some point in their childhood, Jones moved back to Washington. Kluzek kept in contact with Jones occasionally but they were not close friends. In late January, Kluzek, saw Jones' residence on the news related to Gabe's disappearance. Kluzek immediately recognized Jones' residence on the news. Kluzek called Jones and asked him how he was doing. Jones said he was fine. Kluzek asked Jones what was going on because Kluzek saw Gabe was missing and saw Jones' residence on television. Jones said he could not talk about it and they ended the conversation. Kluzek said he heard in the news that Jones was killed in WA state and Kluzek hoped the Gabe family was able to locate their daughter. Kluzek said he had only met Alexis one time previously.

End of statement.

OAKLEY POLICE DEPARTMENT

Narrative

PHONE INTERVIEW WITH DONOVANN DONGALLO

On 6/7/22, I phoned Donovan Dongallo recorded the interview. I told Dongallo I was a Detective with Oakley PD.

I explained that I was calling regarding his contacts with Marshall Jones. I asked Dongallo to describe his relationship with Jones. Dongallo said he and Jones were co-workers at IDAX and they did not hang out outside of work. They started working there at about the same time in November 2021. Dongallo left the company after he heard about Jones being looked at in the disappearance of his girlfriend. Dongallo said he was right next to Jones while they worked and they rode together in a work vehicle frequently. Dongallo said he was "tripped out" that he was so close to somebody who was involved in a "kidnapping".

I asked Dongallo if he ever talked about Alexis. Dongallo said Jones told Dongallo that Jones moved from Washington to California because of Alexis. They broke up after Alexis found out Jones cheated on him. Dongallo recalled Jones being very depressed about his relationship ending with Alexis while they were in the car together. After Jones and Alexis broke up, Jones spoke about going to night clubs. Jones did not appear angry or aggressive at any time while they were at work.

I asked Dongallo if they ever visited Jones' residence or if Jones ever asked to use Dongallo's vehicle. Dongallo answered no to both questions.

I asked Dongallo if he recalled phone calls made between the two of them on 1/26/22 when Jones was not working. Dongallo said he did remember those phone calls. Dongallo was at work while Jones had the day off. Their supervisor Jerid asked Dongallo to go out to Bethel Island to fix some issues at a job site that Jones had not done properly the day before. Dongallo wanted Jones to go out to Bethel Island to fix the issue since it was Jones that did not complete the job properly the first time and Dongallo was busy working other jobs. When Dongallo phoned Jones, Jones said he was unable to go out to Bethel Island because he was busy.

I asked Dongallo if he recalled Jones ever talking about hypothetical situations about killing someone or if Jones made any random statements that were concerning. Dongallo said Jones did not talk about any hypothetical situations but Dongallo did recall a random question Jones asked Dongallo. Dongallo said they had just gone to Taco Bell in Oakley on their back from Bethel Island. Dongallo said it was the day before he was calling Jones about fixing the mistake that was made in Bethel Island so it had to be on 1/25/22. While they were driving in the car in Oakley, Jones asked Dongallo if Dongallo thought police could "ding" cell phones. Dongallo said yes of course police could "ding" cell phones. Dongallo did not ask why Jones was asking and there was no additional follow-up discussion about it.

End of statement.

Supplemental Report

On 06/29/2022, I was working patrol for the Oakley Police Department. At approximately 1745 hours, I was dispatched to contact OTH-Heather Swift for information regarding MSP-Alexis Gabe. Please refer to Officer County's original report for additional details.

I contacted Swift from my department issued cell phone. Swift stated she is currently residing in Florida, but she had previously lived in Contra Costa County prior. Swift described herself as a psychic or medium, and she has visions. Swift stated she has been both correct and incorrect in her visions in the past. While in Florida, Swift became aware of the disappearance of Gabe around the month of January. Swift stated she had a vision at that time of possibly a white female taking Gabes' body near Rio Vista, after the bridge. Swift vision showed her a

Narrative

large building, and Alexis' body was near the edge of the water, by garbage dumpsters. Swift did an online search, and she gave the name of Riverside Elevator for the name of the business in the building she had a vision of. Swift has continued to have these visions as recently as a few days prior to me contacting her.

An online search revealed Riverside Elevators is located at 14712 CA-160 in Isleton. I took a screenshot from Google maps showing the pinned location as well as surrounding area. This photo is attached to this report.

Summary Narrative

INV supplement to original report.

Modus Operandi

Crime Code(s)
Unknown

Narrative

On 07/13/2022, APD Sgt. Stenger, Det. Cox and I investigated a tip from Pioneer, CA.

Upon arrival we were greeted by OTH-Kaylie who stated during late January of 2022, she saw something that frightened her. She described that she saw two males in two dark SUV's near a backhoe that was digging on the property in front of hers. When Sgt. Stenger, Det. Cox and I arrived in Pioneer, we saw a vacant property with a large wood pile and an abandoned home/cabin. The cabin had nothing inside. The wood pile was apparently moved that night according to Kaylie. The ground where the wood pile was previously was soft and appeared to have been dug at some point.

The property needed to be searched with cadaver dogs and possibly ground penetrating equipment to seek disturbances underneath the dug out portion.

The property was searched with OES K9 Zabra and handler Stewart. Nothing was noted.

On 08/16/2022, I accompanied Sergeant Stenger and Detective Cox for an interview in Happy Valley, CA. The interview will be documented by Antioch PD detectives in their supplemental reports.

On 11/03/2022, I was notified by the Amador County Sheriff's Office that a citizen e-mailed them a tip about human remains found off Highway 16 in Amador County. Due to the deputies intimate knowledge of the case, it being on the route that our suspect took on 01/28/2022, we were notified promptly. The scene was losing daylight, so it was secured until the morning. On 11/04/2022, Antioch and Oakley PD investigators responded to the scene where a human skull was located. The skull was complete with the two top vertebrae, teeth (minus four front top teeth) and a lower mandible with all teeth. After searching approximately half a mile in either direction of the original site, no additional remains were located. The area was searched by ground searchers and California Office of Emergency Services cadaver K9's.

Narrative

Forensic Odontologist Dr. Duane Spencer D.D.S. was summoned to the Amador County Sheriff's Office to conduct a forensic identification. After receiving Alexis's most updated dental x-rays. Dr. Spencer made a positive identification for the remains of Alexis Gabe. The forensic Odontologist report is attached.

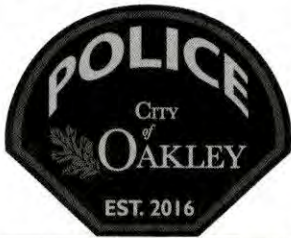

Alexis's remains was turned over to Contra Costa County Coroner's Bureau by M. Rostran. The remains will be held at the Coroner's Bureau for further analysis.

Alexis Gabe will remain in MUPS pending other remains being found.

Narrative

On 07/16/22, from 0900 to 1200 hours, the Gabe family planned a community volunteer search for possible evidence pertaining to this case. Several volunteers gathered and searched the area of Oakley Road and Live Oak Avenue. Volunteers found the below listed property and notified Dispatch. They were instructed not to touch any items found. I responded to the location, photographed the items, and collected them as evidence. All items were collected and handled with latex gloves on. All photographs were uploaded to Evidence.com and uploaded

OAKLEY POLICE DEPARTMENT

Narrative

into Oakley PD evidence hard drive (R:). All items were booked into Oakley PD evidence.

- 1) Camera photo lens from possible cell phone. Located on the east shoulder of Live Oak, approximately 60 feet south of Oakley Road.
- 2) Smashed cell phone screen. Located on the west shoulder of Live Oak, approximately 45 feet south of Oakley Road.
- 3) Part to a computer. Located in the bushes in front of 4621 Live Oak Avenue.
- 4) Maroon pair of women's underwear. Located on the west side of Live Oak, approximately 80 feet north of Sandy Lane and 6 feet west of the roadway edge. One pair had "Aloha Summer" in pink lettering.
- 5) 8 pairs of women's underwear. Located on the West side of Live Oak, approximately 80 feet north of Sandy Lane and 20 feet west of the roadway edge.
- 6) Possible cell phone piece. Located approximately four feet west of the west roadway edge of Live Oak, in front of 4621 Live Oak Avenue.
- 7) One pair of gloves located in front of 4440 Live Oak Avenue.
- 8) One pair of gloves. One located across from 4681 Live Oak Avenue next to construction equipment.
- 9) Pregnancy test located across from 4930 Live Oak Avenue on the west shoulder.
- 10) A pair of smashed Air pods. Located on the east shoulder of Live Oak, approximately 100 feet south of Oakley Road.

OAKLEY POLICE DEPARTMENT

Narrative

Alexis Gabe case (See original 22-176).

(PRI) Shane Duncan, who has participated in organized Gabe family planned community searches in the past, decided to drive along the railroad tracks running adjacent to Laurel Rd and Neroly Rd. While driving along the railroad tracks, Duncan spotted a (EVD) pink and zebra printed bikini top. Duncan stated that he saw Gabe wore a lot of pink in her picture and thought it might be hers. Duncan located the item approximately 5 feet east of the railroad tracks that run directly in front of 3960 Neroly Rd.

I collected the clothing item and later booked it into evidence at Oakley Police Station.

I booked the clothing item into Locker #5 at Oakley Police Station.

Narrative

On 07/24/2022, from 0900 to 1200 hours, the Gabe family planned a community volunteer search for possible evidence pertaining to this case. Several volunteers gathered and searched the area of Empire Ave near 1510 Neroly Rd. Volunteers found the below listed property and notified me. Volunteers were instructed not to touch any items found. I responded to the location, photographed the items, and collected them as evidence. All items were collected and handled with latex gloves on. All photographs were uploaded to the evidence.com database. All items were booked into Oakley PD evidence.

- 1)Old/Weathered/Duct Tape/Located on the West shoulder of Empire Ave, directly across from Purpose Built.
- 2)Broken/Motherboard/Circuit Board/ Located 45 feet West of Empire Ave, directly along the railroad tracks.

Narrative

On 5/7/22 myself, along with Oakley PD Officers and Detectives, Antioch PD Detectives, Contra Costa County Sheriff's Search and Rescue and a number of FBI personnel conducted yet another search in the area of Pioneer, CA looking for MSP-Alexis Gabe. The day long search concentrated in the area of Pioneer Creek Road just off Hwy 88.

Towards the end of the search we were in the area near a public park located at 2510 Buckhorn Ridge Road when FBI and Oakley PD personnel conducted one last search behind the park area near a ravine which was heavily wooded. During this search what seem to be like a possible shallow grave was located and FBI personnel conducted a throughout search of this area which included digging several buckets of loose dirt and sifting through the dirt searching for any possible jewelry or personal belongings. In this area several pieces of clothing were found which were collected as evidence by FBI personnel and later transferred to Oakley PD.

The evidence collected at this scene was as follows:

- (1) Blank tank top
- (1) Forever 21 Black pants
- (1) Talbot Black pants size 6
- (1) Gray "rooted Old Oak Ranch 2010" shirt
- (1) bag containing plastic pieces
- (1) Soil sample (from digging location)
- (1) Soil sample (from Road)

OAKLEY POLICE DEPARTMENT
CONTROLLED DOCUMENT

Released to: _____
Released by: _____ Date: _____

All these items were logged by FBI and then transferred to Oakley PD. FBI sent me a copy of the evidence collection log which I scanned and attached to this report.

On 5/16/22, Evidence item #7 from my supplemental report 22-176-006 (item record #220000036 #7) which is the partial broken cell phone face was released to Antioch PD detectives for further investigation and lab examination. Item was scanned out as checked out to detectives.

On 9/1/22, I re-scanned every evidence item for this case into Oakley PD evidence room location and consolidated all the evidence in the case, re-boxed all items, and stored in a specific location within the evidence room.

Narrative

On 9/6/22 I was assigned to the Oakley police department as a Certified property & evidence technician/CSI. At approximately 0930 hours I was dispatched to a found property call to an unknown location in the City of Oakley.

OAKLEY POLICE DEPARTMENT

Narrative

I met with FPR-Shane Duncan at the Laurel Ridge church parking lot which is located at the intersection of Neroly Rd and Live Oak Av. Sgt Minister also responded and was on scene.

Shane then directed us and drove us to the area where he found the items. The items were in a large open field which had been recently mowed to prevent fires. This open area is between Neroly Rd and Hwy 4. Shane first drove us to an area where there was a draining culvert and a large white with black print piece of plastic was laying on the ground. The item resembled a possible shower curtain, it was full of dirt, grass clippings and it appeared to have some dark discolored spots of what appeared to possible be blood. I photographed and collected the item placing it in a large plastic bag for transport.

Shane then drove us about 100 yards to another location where he directed us to a white and discolored tyvek/painters plastic suit. I photographed and collected the item placing it in a large plastic bag for transport.

I then returned to Oakley PD where I laid the items on the ground over butcher paper in order to fold them and log them into evidence. Once folded I wrapped both items in butcher paper, sealed, signed and logged both items into evidence.

Evidence:

(1) large piece of plastic (possible shower curtain) white w/black print and possible blood stains

(1) white tyvek suit

I notified Detective Horn of the findings.

End of report.

Summary Narrative

This is a supplement to Officer County's original report.

On 9/9/22 at approximately 1130 hours the car belonging to MSP-Alexis Gabe was released to her father Gwyn Gabe. The vehicle is no longer needed as evidence in the case and the release was authorized by Lt. Cartwright. Detective Tyler Horn was also notified. I completed a vehicle release form which Gwyn signed. A copy was given to him and original kept for our records.

Summary Narrative

This report concerns PRI-Gwyn Gabe reporting his sister, MSP-Alexis Gabe missing. Alexis was last seen on 1/26/22, by her friend, LED-Marshall Jones, after leaving his house in Antioch. Gwyn said it was very unusual for Alexis to not keep in contact with her family and friends. Alexis' vehicle was located on Trenton Ct. Video footage revealed an unknown person driving Alexis' vehicle, parking it and leaving the keys inside. The unknown then walked away onto Oakley Rd, and turned left(west). Due to the unusual circumstances, Alexis was entered into MUPS and [REDACTED]

Narrative

****First names were used throughout this report for ease of reading****

On 1/27/22, at 1309 hours, I was dispatched to 69 Carol Lane apt#402, Oakley, for a report of a missing adult. I contacted/met RPI-Gwyn Gabe, who told me the following in summary:

Gwyn last spoke with his sister, MSP-Alexis Gabe, on 1/26/22. Alexis contacted him regarding picking up mail from the Brentwood Post Office. After a brief conversation, Gwyn agreed to leave the mail at the Post Office. Gwyn said that was the last time he heard from Alexis.

Later in the day, Gwyn was informed by his girlfriend and others, that phone messages to Alexis were going straight to voicemail. And later in the day Alexis' phone was turned off. Gwyn and others made numerous

OAKLEY POLICE DEPARTMENT

Narrative

attempts at locating Alexis to include calling jails to see if she had been arrested, but all met with negative results.

Gwyn stated that Alexis had an ex-boyfriend, LED-Marshall Jones. Gwyn said Alexis and Marshall dated for about three(3) years, but ended back in November 2021, and Alexis may have a new boyfriend. Gwyn said Marshall stated in the past that he couldn't live without Alexis, and that she could never leave him.

Gwyn said he was told that Alexis visited Marshall on 1/26/22, and had left his residence around 2030-2100 hours, making Marshall the last known person to have seen or had contact with Alexis.

Alexis was last seen wearing a white tank top, black jeans, green and white Jordans tennis shoes, and a black and silver hoodie. Alexis also wore eyeglasses. Dental x-rays are available. Alexis had no known medical/mental health issues.

Alexis' vehicle, a silver Infiniti G37, with temporary plate [REDACTED], was located on Trenton Ct, in Oakley, by Gwyn and friends/family. The vehicle was transported to Oakley Evidence for processing.

At 1705 hours, I responded to [REDACTED] Benttree Way, Antioch, to contact LED-Marshall Jones. Marshall told me the following in summary:

Upon arrival, I noticed a dark blue Ford Explorer, license plate [REDACTED], was parked on the street, in front of the house. I noticed that the rear seats of the vehicle were reclined and covered with comforters/blankets, covering several large trash bags.

According to Marshall, he and Alexis have been in a dating relationship for the past three(3) years. Marshall said he last saw/spoke with Alexis on 1/26/22, when she came over for a visit. Marshall said the two of them talked, hugged, had sex, and hung out.

Marshall said Alexis left his house around 2100 hours, by exiting out through his garage door, to her vehicle and then leaving the area. Marshall said he had been trying repeatedly to get in touch with Alexis, unsuccessfully. Marshall had no further ideas as to where Alexis may be.

Alexis was entered into MUPS, and issued [REDACTED].

My conversation with Marshall was recorded on my Body Worn Camera(BWC). Review for verbatim conversation.

Vehicle: 7UB466

Involvement Evidence	Type Auto	License No [REDACTED]	State California	Lic Year 2022
Lic Type Regular Passenger Automobile Plates			Year 2012	Make Infiniti
			Style 2-door Automobile	
Color Blue	VIN [REDACTED]			

Narrative

On the above listed date and time I responded to assist officer County during the recovery of the vehicle belonging to MSP-Alexis Gabe.

The vehicle was located near the intersection of Trenton St and Oakley Rd. The vehicle is a 2012 Infiniti displaying temporary license paper plates [REDACTED]. The permanent plate assigned to vehicle is [REDACTED] according to DMV records.

There were multiple family members and friends of MSP-Alexis Gabe at the location and around the vehicle upon my arrival. I asked if anyone present had touched the vehicle and 3 people came forward and stated that they did.

Morgan Strenfel stated she had touched the driver's side door, got inside the vehicle, moved a blanket that was on the front seat, moved the seat to access the rear seat as she was looking for Alexis' cell phone which she was not able to locate. Jessica Zuasola also stated that she had touched the driver's side door and window of the vehicle, and Wynn Gabe (Alexis' brother) stated that he had touch the outside trunk of the vehicle as he had opened the trunk to search the interior of the trunk.

Due to the circumstances surrounding the case I treated the evidence vehicle as such and that it should not be touched or searched until approved by investigations for complete processing.

Vehicle was towed as evidence. A&M Towing responded and towed the vehicle to Oakley PD storage warehouse located at [REDACTED] I completed a CHP180 and vehicle was stored as evidence.

Summary Narrative

On 01/27/2022, at approximately 2250 hours, I conducted a brief search of the interior of MSP-Gabe's vehicle, as the vehicle was stored as evidence. I attempted to locate Gabe's cell phone, but I did not locate a cell phone, wallet, or anything unusual. Prior to searching the vehicle, I activated my department issued, body worn, Axon camera. The front seat positions were recorded, prior to me adjusting them.

I also conducted an area canvass of Trenton Street, at Oakley Road, where Gabe's vehicle was located. I did not locate anything in the area.

Narrative

On 1/27/21 at approximately 2100 hours, I reviewed Officer County's original report, and spoke with him about the details of the case.

At approximately 2145 hours, I was contacted by OTH-Morgan Strenfel, who is MSP-Alexis Gabe's friend. Morgan said she received an e-mail from Alexis' father, who received an e-mail from OTH-Ayana Cariaso. Ayana went to school with Alexis and saw the post on social media about her being missing. Ayana reached out to Alexis via Instagram messenger. Someone named "Daniel" responded from Alexis' account and said Alexis was kidnapped by his gang. Ayana forwarded this information to Alexis' father. (Added to Evidence.com) I attempted to contact Ayana via telephone, however there was no response.

Morgan also told me the residents at [REDACTED] Bintree Way, Antioch had cameras at their residence. This address is directly across the street from LED-Marshall Jones residence. I contacted Cesar Padilla, who lives at [REDACTED] Antioch. Cesar said his family checked their cameras (motion activated cameras), however they did not locate any footage of Alexis or her vehicle.

I asked Morgan if Alexis used her family's credit or debit cards. Morgan said Alexis doesn't have a job, let alone any money. Alexis doesn't use any of her family's credit or debit cards.

Morgan also stated that per Alexis' friends, her Instagram account was hacked on 1/22/22. Morgan stated she didn't think the Instagram account being hacked had anything to do with her being missing at this time.

I was later contacted by OTH-Alexis Oberg, who is Alexis' friend. Oberg also reached out to Alexis via Instagram messenger after seeing the post on social media about her being missing. Alexis' account responded to Oberg and stated Alexis had been kidnapped and they demanded a ransom (No amount given). If the ransom wasn't paid, her remains would be found by 0600 hours (Added to Evidence.com).

I contacted APPLE in an attempt to locate Alexis' last known location. APPLE told me they located Alexis' account, however because it is turned off, they can't access her current location. APPLE said they will put an alert on her phone, and when it is powered back on, they would notify us immediately.

I contacted T-Mobile, who also told me they were unable to provide Alexis' current location because the phone was turned off. T-Mobile said they will notify me as soon as Alexis' phone is powered back on.

I later received an e-mail from T-Mobile, which contained Alexis' call log from the last 48 hours. The last phone call was made on 1/27/22 at approximately 0238 hours, and was directed to Marshall. The call lasted 23 seconds. The second to last phone call was made at approximately 0040 hours, and was directed to Alexis' best friend, OTH-Maria Leiva. The call lasted 8 seconds. (Added to Evidence.com)

I also received an e-mail from Apple, which contained the IP addresses for Alexis' last locations from the last 48 hours. Alexis' Macbook Air last pinged on 1/27/22 at approximately 2240 hours. The IP address associated with the ping was 73.189.229.176. When I searched the IP address online, it provided me the latitude and longitude of

OAKLEY POLICE DEPARTMENT

Narrative

37.9895, -121.8023. Upon searching the latitude and longitude on Google Maps, it gave me the address of 3135 Sunset Ln., Antioch (Mountaire Park). I then searched the IP address for Alexis' cell phone. There were several IP address that were unable to be located, as well as others that pinged to Kansas. However, the first address that was local pinged on 1/27/22 at approximately 2256 hours, with the IP address of 73.189.229.176. This is the same IP address as the ping from the Macbook Air. (Added to Evidence.com)

Officer Berkeley and Officer Del Prado conducted a search at Mountaire Park, however they did not locate Alexis.

I contacted Morgan and asked if she or Alexis' family or friends knew anyone who lived in that area. Morgan she neither she or any of Alexis' family or friends, knew anyone that lived in that area.

As of 1/28/22 at 0547 hours, Alexis' phone has not been powered on.

End of Supplemental Report.

Narrative

NARRATIVE:

On 01-29-22, at approximately 0930 hours, I arrived to the Oakley Police Department to assist with Crime Scene duties, regarding a vehicle Search Warrant. Upon my arrival, I met with Sgt Cartwright and PSA Rostran, who advised me the vehicle had recently been towed to the secured Oakley PD Evidence Warehouse.

At approximately 0940 hours, we change our location to the Evidence Warehouse. Upon our arrival, PSA Rostran unlocked the warehouse door. I observed a blue 2 door Infinity G37 with paper license plates [REDACTED], parked inside. The vehicle was unlocked and the keys were on the driver side windshield. I observed miscellaneous items and bags inside the vehicle. PSA Rostran took digital photographs to document the exterior and interior of the vehicle prior to processing. I observed what appeared to be a black handgun on the front driver side floor board, partially under the driver seat. PSA Rostran took digital photographs to document the location of the handgun and collected it for evidence. Upon further examination, PSA Rostran determined it be a BB gun with a florescent orange tip. (See PSA Rostran's Supp for further).

I used a new container of black carbon powder, as well as a new fingerprint mitt and new fingerprint brush to process the exterior and interior of the vehicle for latent fingerprints. I was able to recover one lift from the underside of the interior driver door handle; one lift from the underside of the interior passenger door handle; two lifts from the exterior driver door; one lift from the exterior driver door frame; one lift from the exterior passenger door handle; two lifts from the passenger door; one lift from the exterior passenger window; and two lifts from the exterior hood. PSA Rostran searched the vehicle and collected swabs of possible DNA for evidence. (See PSA Rostran's Supp for further).

At approximately 1100 hours, PSA Rostran secured the warehouse and we changed our location back to the Oakley Police Department. Upon our arrival, I sealed all 11 lift cards into a Latent Print Evidence Envelope and logged them into OAKPD evidence.

OAKLEY POLICE DEPARTMENT

Narrative

PHYSICAL EVIDENCE:

Latent lifts.

Infinity G37 Paper plate# [REDACTED]

Lift #1: recovered from interior driver door handle (underside).

Lift #2: recovered from interior door handle (underside).

Lift #3: recovered from exterior driver door, above handle.

Lift #4: recovered from exterior driver door, near handle and opening edge.

Lift #5: recovered from exterior driver side door frame, above window.

Lift #6: recovered from exterior passenger door handle.

Lift #7: recovered from exterior passenger door, near handle and opening edge.

Lift #8: recovered from exterior passenger door, near handle and opening edge.

Lift #9: recovered from exterior passenger door window.

Lift #10: recovered from exterior hood, near passenger side.

Lift #11: recovered from exterior hood, near driver side.

Narrative

On 1/29/22, in my capacity as lead CSI and Certified Property and Evidence Specialist for the City of Oakley Police Department, I responded to process the vehicle of MSP-Alexis Gabe which was previously towed to Oakley PD evidence warehouse.

PSA Jennifer Padavana also assisted with the processing of the vehicle please refer to her supplement for details of her assistance with the processing. Sgt. Cartwright and Detective Horn were also in attendance. I met with PSA Padavana at the Police Station at approximately 0930 hours and then changed our location to [REDACTED] (OPD evidence warehouse location) at approximately 0940 hours.

I first took photographs of the vehicle, a 2012 Infinity G37 2 door sedan with temporary paper plates [REDACTED]. I photographed the exterior, proceeding to the interior, front and rear seats, trunk, center console and glove compartment. During the photographing process and subsequent search for any possible evidence PSA Padavana located a black pistol under the driver's seat of the vehicle. I retrieved the pistol to check it and render it safe. At this time it was discovered that the pistol was not real, it was a "Red Jacket" 6mm BB gun black in color with an orange tip at the end. I pulled the BB magazine out and it was empty. I collected it for evidence and later swabbed it and collected a DNA swab from the grip and trigger locations.

PSA Padavana and myself used Stat-lift gloves and black lift powder to dust the entire vehicle for possible latent prints. PSA Padavana recovered a total of 11 lifts, please see her supplemental report for details.

As she was working on lifting the latent prints I concentrated on swabbing the vehicle for contact DNA. I collected a total of 6 swabs from the vehicle from the following locations:

- (1) swab from steering wheel
- (1) swab from shift knob
- (1) swab from dashboard/radio control pane/instrument panel
- (1) swab from rearview mirror and turn light signal switch
- (1) swab from driver's side door handle and panel
- (1) swab from passenger's side door handle and panel

OAKLEY POLICE DEPARTMENT

Released to: _____

Released by: _____ Date: _____

All above swabs were packaged individually in boxes and then in a manila envelope.

I contacted Gwyn Gabe (Alexis' brother), Morgan Strenfel (Gwyn's girlfriend) and Jessica Zuasola via telephone and made appointments with them to come to PD on Monday to provide reference DNA samples and elimination fingerprints.

On 1/31/22 at approximately 0930 hours all 3 persons that had made contact with Alexis' vehicle prior to it being towed as evidence showed up to PD for their appointment. I collected elimination fingerprint cards from all 3 and also DNA reference samples. I made copies of their ID's and attached them to this report.

I logged the DNA reference samples and fingerprint cards into Oakley PD evidence.

On 1/31/22 at approximately 1500 hours I responded to 69 Carol Ln. #402 (Alexis' residence) and spoke to Alexis' mother Rowina Gabe. I asked Rowina to sign a release form for medical and dental records for Alexis. Rowina provided me with the family dentist information and she stated that they have a Kaiser plan and that Alexis goes to Kaiser Medical Center in Antioch when she has any medical issues and provided me with her medical record number. I completed the form and had Rowina sign it in my presence. I attached a copy of the release to this report.

I asked Rowina if I could search Alexis' room for any other items of evidentiary value for the investigation. From Alexis' room I collected an Apple laptop salmon colored and from the apartment bathroom I collected Alexis'

Report Officer	Printed At	Page

OAKLEY POLICE DEPARTMENT**Narrative**

toothbrush from the medicine cabinet and a Blue Conair comb that belongs to Alexis from a small basket on top of the toilet. The comb had a bunch of hair strands on it.

I took photographs of the items collected, packaged, sealed and logged them into Oakley PD evidence. I asked Rowina if she had any additional information at this time that she would like to provide and she showed me a text communication between her and Alexis' ex-boyfriend Marshall Jones on the morning of 1/27/22. In the text conversation Rowina asked Marshall when Alexis left his house the night before. Marshall responded saying Alexis left his house around 2100 hrs. I took a screen shot of the conversation and downloaded it to Evidence.com server along with the pictures of the items of evidence collected at the Apartment. Rowina mentioned that this was not normal for Marshall to answer a phone call let alone a text as he never really did in the past when he and Alexis were in a dating relationship. Rowina stated that he almost never answered his phone or returned any texts but this time he responded almost immediately which she mentioned was very odd.

Evidence collected at Alexis' apartment:

Apple laptop model A2337

Colgate toothbrush (white/purple)

Conair hair comb (blue)

Released by: _____ Date: _____

On 1/31/22 at approximately 1709 hours I was dispatched a supplemental call regarding the missing persons report. The PRI-Dominic Ramos resides at [REDACTED] and had advised dispatch that he found a pair of shoes that possibly belonged to MSP-Alexis Gabe. I arrived on scene at approximately 1712 hours and made contact with Dominic who handed me a pair of shoes he'd placed in a white plastic trash bag. The shoes were Nike Air Jordans Green, Black, and white in color and the shoe laces were tied together. Dominic stated he found the shoes at Granville Park in the City of Brentwood earlier in the afternoon. I took possession of the shoes and drove to 69 Carol Ln #402 to have Alexis' family identify the shoes. I arrived at 69 Carol Ln at approximately 1736 hours and met with Rowena Gabe (Alexis' mom) who stated that the shoes were the exact same color, brand name and style that she was wearing the last time she was seen before being reported missing. I inspected the shoes and placed them side by side with other shoes at the home belonging to Alexis and found that they were very close in size. Alexis owns multiple pairs of Nike shoes. I took photographs of the shoes found at the park and also of the shoes being compared at the house and later downloaded them to Evidence.com server.

I packaged, sealed, and logged the shoes to Oakley PD evidence.

Evidence collected from Dominic Ramos:

(1) pair of Nike Air Jordans, black, green and white shoes with black shoelaces.

0007**OAKLEY POLICE DEPARTMENT****Narrative**

On 01/28/2022, I was working as a detective within Oakley PD investigations. I was tasked with assisting in this case. I was given a partial briefing on the events that transpired prior to my involvement.

What I knew when entering the case: MSP-Alexis Gabe had gone missing after visiting her ex-boyfriend's house at [REDACTED] Benttree Wy. in the city of Antioch. Gabe's vehicle was discovered at the intersection of Trenton St. and Carrington Dr. in the city of Oakley. The vehicle was seen driving through the intersection of Oakley Rd. and Beldin Ln. at 2134 hours according to surveillance in the area. The vehicle was then dropped off at the intersection of Oakley Rd. and Carrington Ln. by an unknown person who was captured on surveillance footage wearing a mask over their face, hood over their head, and dark clothing (the footage was in black and white due to darkness). The vehicle was dropped off at 2134 hours. The person was seen walking at the intersection of Oakley Rd. and Beldin Ln. at 2139 hours. The next day (01/27/2022) Alexis was reported missing at approximately 1300 hours. I responded to the police department to begin investigation on 01/29/2022.

01/28/2022, Friday.

That morning, shortly after arriving, I went to 69 Carol Ln. #402 to contact Rowena Gabe, Alexis's mother. Rowena allowed me to search Alexis's room. I noticed several diaries which had nothing of evidentiary value. I noticed several medications, including Xanax, which is an anti-depressant. According to her family, Alexis did not have any mental health issues that they knew of. I photographed the prescriptions and they were uploaded to the Evidence.com server.

I then responded back to the PD. I was tasked with following up with three of Alexis's good friends. OTH-Megan Granada, OTH-Desiree Sylvester, and OTH-Maria Leiva.

Leiva said the following in summary: Leiva said that she and Alexis have been friends since they were young. Leiva and Alexis live close to one another and talk frequently, usually every day. They text, call, and use the FaceTime application often, usually daily. On the day of 1/26/2022, Alexis and Leiva kept in contact with one another. After Alexis had gotten a COVID test early in the morning, Leiva and Alexis had plans to see one another. Leiva said usually what would happen is she would go over to Alexis's apartment complex (The Oaks, Carol Ln.) to hang out there. The two would usually sit in their car or Alexis's car in the parking lot. On 01/26/2022 at approximately 1630-1650 hours, Alexis traveled to 69 Carol Ln. parking lot (on the south side with the large brick sound wall) the two hung out near or in their vehicles. The two hung out until approximately 1800 hours. Shortly after, Alexis and Leiva used the FaceTime application to talk to one another. Leiva said she knew Alexis was still in the parking lot of 69 Carol Ln. because of the large brick sound wall behind Alexis during the FaceTime call. Leiva said Alexis not checking in for days and having her phone off is extremely unusual behavior. Leiva said Alexis has never been missing before.

I contacted Desiree Sylvester who said she and Alexis have known each other since they were young. They went to school together. Desiree said that she and Alexis keep in contact daily, whether it be through text, call or FaceTime. At 0014 on the morning of 01/26/2022, Desiree received a call from Alexis. Desiree texted Alexis at approximately 0600 hours that same day. Alexis ended up texting back at approximately 1700 hours that day. Desiree said they talk every single day in one form or another and it was extremely unusual behavior for Alexis to not check in.

I contacted Megan who said that Alexis texted her at 1648 hours and she had not seen her that day. Megan stated this is extremely unusual behavior from Alexis and she always keeps in contact.

That morning, Detective Minister and I conducted an area canvass in the neighborhood of [REDACTED] Benttree Wy. in Antioch. The goal was to capture Alexis either coming to Marshall Jones' residence, or leaving Marshall's residence. We checked the time frame of 1830-2110 hours on 01/26. Statements and Call Detail Records had shown so far that Alexis had called Marshall at approximately 1838 hours. Marshall stated this is when Alexis called him to "let her in" to his house when she arrived. He also stated she parked in her "normal" spot on the west side of the yard along the fence line on Cedar Point Wy. And Marshall's statement with Ofc. County relayed that she left at approximately 2100 hours on the 26th. We narrowed our search to that time frame.

We spoke with the residents at [REDACTED] Benttree Wy. (house directly across the street from Marshall's house) via their Vivint Security camera. The resident, OTH-Elia Padilla, stated she worked at [REDACTED]

1709A

Released to: 22-176

Supplement No
0007

OAKLEY POLICE DEPARTMENT

Requested by: _____ Date: _____

Narrative

just down the road from the residence. Detective Minister and I responded there, and spoke with Elia. Elia said the following in summary: Elia said that her camera only captures motion detection, but there may be footage that we were interested in. Elia said she remembered Marshall coming across the street to talk to her husband regarding the security cameras. I obtained OTH-Roman Padilla's information from Elia. We viewed some of the security footage from her phone and decided to obtain the information via search warrant.

During our area check for surveillance, Marshall Jones returned home in a white Hyundai hatchback (CA LIC [REDACTED]) which he identified as his work vehicle. Refer to Detective Minister's supplemental report regarding our conversation with Marshall. Marshall called his step-father, Leslie Clark who allowed us to look inside the house for Alexis or any other suspicious circumstances. Clark stated only one detective was allowed to enter the residence, I entered Clark and Marshall's residence to search for any obvious signs of a crime scene or for Alexis herself. There was no sign of Alexis or any obvious crime scene.

After our contact with Marshall, I asked if we could forensically download his cellular phone. Marshall agreed and said he would follow detective Minister and I to the police station to sign a consent to search form. I brought Marshall's phone to the investigations office to begin downloading. Detective Minister went to retrieve the form for Marshall to sign. During that time, Marshall had left the police department.

I am a certified Cellebrite Physical Operator and Cellebrite Certified Physical Analyst (CPO & CCPA) through the Cellebrite Academy. I have extracted no less than two cellular phones.

A consent search was approved by Marshall Jones within the date range of 01/26/2021 for the Apple iPhone 11 in his possession.

Using Cellebrite Physical Analyzer utilizing software version 7.49.0.2, I performed an Advanced Logical and Logical extraction of the cellular device using cable No. 210. I verified the extraction was successful by performing a manual hand scroll of the device, in which I compared various extracted items to items physically viewable on the cellular device itself. I created a Forensic Extraction Report for the cellphone and the files are stored on the Cellebrite computer in the investigations office. The Cellebrite computer is password protected, the office is equipped with a door that locks, and only accessible by detectives.

A search warrant was later authored by Antioch PD detectives for further information past the date of 01/26/2022. The cellular device report was later turned over to Antioch PD for analysis.

Approximately 45 minutes later, Marshall returned to the police department to sign the consent form. This time, he returned in his personally owned vehicle (POV) 2005 Ford Explorer (CA LIC [REDACTED]) which was parked IFO the PD. Marshall signed the consent to search his cellular device form. Marshall suggested we check his POV for anything. Detective Minister and I searched Marshall's POV which had blankets and pillows in the back. The second row of seating appeared to have been pushed forward or down. Marshall stated he and Alexis had recently gone to the drive-in movie theater and this is where he and Alexis sat/laid when they watched a movie. Marshall initially stated that we could look from the outside, into the interior of the vehicle. Eventually, Marshall said we could look inside. Marshall lifted the liftgate of his POV and I moved the blankets so I could see underneath and there was no body or sign of blood or fluids. Marshall was given his phone back and he left the department.

I authored a search warrant for Alexis's vehicle, which was signed by the Honorable Judge Teri Mockler.

01/29/2022, Saturday.

On the morning of 01/29/2022, PSA M. Rostran and J. Padavana processed the interior of Alexis Gabe's vehicle per the search warrant signed the day prior. Refer to supplemental reports for details.

I conducted follow up interviews with Leiva, Sylvester, and Granada. Nothing new was learned.

A search warrant and exigency request was submitted for Alexis Gabe and Marshall Jones Call Detail Records (CDR) data.

Patrol and investigations gathered surveillance from the Benttree Wy. neighborhood in Antioch, Laurel Ridge Church, Trenton St./Carrington Dr. neighborhood and surrounding areas. Refer to supplemental reports for footage gathered/addresses checked.

1709A

OAKLEY POLICE DEPARTMENT

Narrative**01/30/2022, Sunday.**

Detective Minister and I requested volunteers from CERT to search the area surrounding where Alexis's vehicle was left. A broken screen of a cellular device was located approximately 100 yards south of the intersection of Live Oak Av. and Oakley Rd. it was on the west side of the street near a large bush. It was collected by me and turned over to PSA Rostran for booking.

I authored a search warrant to Vivint Security for the surveillance footage from [REDACTED] Benttree Wy, the house directly across the street from [REDACTED] Benttree Wy. I submitted an exigent request, which covered 01/26/2022 and 01/27/2022. The search warrant was signed by the Honorable Judge Teri Mockler. I served the search warrant to Vivint and followed up with a phone call. After hours on the phone with Vivint, I was told the cameras only record when motion is detected. I received footage from 01/26 and 01/27.

The footage showed the interaction which he had with his neighbor, Roman Padilla. I interviewed Roman Padilla, who stated the following in summary: On 01/27/2022 at approximately 1630 hours, Marshall came over to his house and asked him about his surveillance equipment. Marshall asked him how he liked his system, and how far the camera that Padilla had affixed to his house covered. Marshall also asked where Padilla got the cameras from. Padilla stated he has never talked to his neighbor (Marshall) before. Refer to the audio recording for details.

01/31/2022, Monday.

A search warrant was authored for [REDACTED] Benttree Wy. by Detective Minister.

I interviewed OTH-DeAngelo Hudson, Alexis's new boyfriend. DeAngelo stated that he did not see Alexis the day she went missing. They exchanged a few text messages, and Alexis did not respond after 8 PM. DeAngelo was cooperative and provided me with a working phone number and said he was available for further interviews if needed.

DA investigators provided consultants to go over the case and they were briefed on the initial call and circumstances.

02/01/2022, Tuesday.

The search warrant authored by Detective Minister was executed at [REDACTED] Benttree Wy. in the city of Antioch. A portion of Antioch PD investigations unit was on scene. After conferring with Antioch PD investigations and their Sergeant, Antioch PD stated they would take over the scene. Our crime scene technicians were cancelled and Antioch PD crime scene investigators were called out. Oakley PD investigations unit left the scene.

Both of Marshall's vehicles were seized (Blk Ford Explorer LIC [REDACTED] and Whi Hyundai LIC [REDACTED]) and brought to APD evidence lot for holding.

Antioch PD dedicated several detectives and a detective Sergeant to our investigation but Oakley remained the primary agency.

02/02/2022, Wednesday.

I authored a search warrant for the vehicle infotainment systems, the warrant was signed by the honorable Judge Susanne Fenstermacher. CHP Major Accident Investigation Team (MAIT) would be assisting in serving these search warrants. 10 days had passed and I had to renew the warrant for Marshall's work vehicle (Whi Hyundai) on 02/15/2022, which was signed by the Honorable Judge Wade Rhyne.

Research was done on Marshall's family members and their locations. His mother, Alicia Coleman-Clark was located at [REDACTED]. His sister, Ariana Eaton, was located at [REDACTED]. Through analyzing CDR data, it was discovered that Marshall visited both places in the days following Alexis's disappearance. Marshall's vehicle ([REDACTED]) was captured by the cliffside LPR which is at the Hwy. 80 on-ramp in Vacaville, which would be used to go to his sisters house.

Narrative

Detective Minister and I conducted an area canvass in the neighborhood of [REDACTED] for surveillance. During our area canvass I noticed [REDACTED] had distinctive coloring, and had external surveillance cameras to include a Ring brand doorbell camera, refer to their supplemental reports. I notified Antioch PD detectives and they wrote to Ring corporation to preserve surveillance footage from prior to Alexis's disappearance. No other helpful camera footage was located in the area.

OAKLEY POLICE DEPARTMENT

Narrative

02/05/2022, 02/06/2022, 02/07/2022:

Search efforts utilizing Cal OES, Contra Costa County Office of the Sheriff, and Oakley PD officers searched the areas of interest on foot, on the waterways, and with cadaver dogs. Refer to Sergeant Cartwright and Ofc. Palmer's supplemental reports for details.

Follow up conducted:

On 02/22/2022, Oakley PD patrol received a call from an anonymous source saying that [REDACTED] was friends with Ariana Eaton, Marshall's sister. This person told the officer who took the call that [REDACTED] received a call from Ariana Eaton. During that call, Ariana told them that she had a handwritten note that appeared to be in Marshall's handwriting. It was "turn-by-turn" directions to the "foothills." The last line of the note was a place called Defender Grade Rd. in Pioneer, CA. The caller wanted to remain anonymous.

On 02/22/2022, I authored a search warrant for Ariana Eaton's residence. It was signed by the Honorable Judge Glenn Kim.

On February 23rd, 2022, detectives and officers from Oakley PD and Antioch PD served a signed search warrant at Ariana Eaton's residence [REDACTED]. Detectives approached the front door of the residence, knocked and Eaton came to the front door. Eaton was very nervous and stated that she had something in her purse for us (The police). It was explained to Eaton that we had a search warrant for her residence and she allowed us to clear the residence of any other people. Her young son was inside of the residence and we had Eaton and her son sit on a living room couch. Eaton's purse was searched and there was a plastic zip-loc bag inside of the purse, which contained two pages of lined paper. The papers had handwritten directions from [REDACTED] to Defender Grade Road in Pioneer California. Eaton admitted that the handwriting on the paper was Jones III's handwriting. She also admitted she believed that the map was directions to where Jones III put Alexis.

Statement of Ariana Eaton:

Eaton agreed to provide a statement regarding this case. Eaton asked if her son could leave the room because she did not want him listening to our conversation and he was allowed to go into his bedroom to watch TV. The following is a detailed summary of Eaton's interview:

Eaton was asked if she would understand how someone would feel if their child disappeared. She answered, can I be honest with you? My heart has been breaking for that family. She has met Alexis and she, "Is very sweet girl." Being a mother of a child of her own, she could not imagine it. She said as a mother she would not want to live through something like this (Alexis' disappearance). Eaton was told that we did not want her getting mixed up in something that she took no part of. Eaton was told she was a witness to this situation and knew the history of what Marshall had done since Alexis went missing. Eaton was told that she needed to be honest with us and that we didn't want to have to come to her house and arrest her for something that she had no part of. Eaton shook her head no numerous times and said, "Nuh-uh" several times, indicating she did not take part in this situation. Eaton was asked to start at the beginning and go until the day of this search.

Eaton said number 1, her brother has always been a little shit. He has always been an asshole and would tell you he's an asshole. She is the older sister and between her brother and her mom, they have always been shits to her. It has been like that her entire life and this is why she lives in Vacaville so she isn't bothered by them.

Eaton said what we will see in her phone [if it was searched] was that on Thursday (January 27th) Jones III contacted her by calling her. When he called, he asked her if she knew where to purchase a blacklight. She told Jones III no, and he asked her if she could look it up for him. She said this was normal protocol for Jones III because he is not a self-starting person who can connect the dots to do his own shit. She told him she would look it (Blacklight) up for him and the only place she could find one was on Amazon. She was the only one who has Amazon Prime and has purchased things for him in the past like watches or jewelry, so she didn't think anything of it. Jones III asked her if she could have the blacklight sent to her house, which she did. She thought it was awfully far for Jones III to travel for a blacklight and said something similar to him. Jones III told her he was going to

1709A
OAKLEY POLICE DEPARTMENT

Released by: _____

Supplement No
0007

Narrative

Vegas and wanted to check out the hotel and turn on the light to see all the fluids everywhere. She told him he was bold for doing that because she wouldn't want to see all that at a place she was sleeping.

The blacklight arrived at her house on Friday (January 28th) and she let him know it arrived. Jones III went to their mom's house to pick up her makeup bag and some candles from her mom, then he drove to her house. When Jones III got to her house he was, "Off." She can feel and see things and knew something was wrong with him. She did not know what but something was wrong.

Jones III left her house around 7:00pm, and was supposed to go back to their mom's house because their mom was having a karaoke party at her house, but it took him "hella" long to get there. Eaton believed this was when Jones III wrote the map. She believes he left her house and drove there [Defender Grade Road] and wrote the directions down as he was driving. She said that was how it looked to her because it wasn't written in a way you would find on Google Maps. The felt this because the directions were very precise. *It should be noted that when you look up directions from [redacted] to Defender Grade Road in Google Maps it gives the same directions as were written on the paper. There are some other notes written on the directions that you would not get off of Google Maps.*

Eaton said, "No, I didn't drive up there. No, I don't know what's up there exactly, but I have my suspicions." Jones III did not get back there (Mom's house) until, "Really, really late." Her mom called her after Jones III arrived and asked, "Hey, I need Marshall to come stay at your house." Eaton stated that his was around 2 o'clock in the morning and she told her mom, "Okay, I guess." In the past she has always told Jones III that if he needed a place to stay that she has a spare room for him.

Jones III got to her house and his demeanor was still off, but worse. She couldn't sleep with him in the house because of his odd behavior. He was supposed to go home on Saturday (January 29th) then that got moved to Sunday. She was supposed to have people over at her house on Monday and finally told Jones III that he had to go.

Eaton then changed the subject and said that Jones III told her that he had his gun with him in his backpack. She explained that she was a gun owner, "So it was whatever." She has a 9-year-old so Jones III was supposed to keep his gun locked up. He was not supposed to have his gun out so her son wouldn't get to it.

The first time she saw the missing persons flyer for Alexis was when Jones III came to her house. She also saw the flyer later on Facebook. She asked Jones III, "Woah, what the fuck is this?" She indicated he just shrugged his shoulders at her. That was when she started putting the pieces together about what could be. She told Jones III, "Listen, you had me buy you shit, are you a fucking idiot?" She told him that everything her fiancé had was tied to her house and she has a kid. She asked him again, "Are you a fucking idiot?" Jones III told her, "I don't have any regrets." She told him that he had to get his stuff and leave her house the next day. She told him, "I want nothing to do with this." She started looking for her AirPods and started flipping the pillows on her couch and found his gun underneath one of the pillows. She got so angry that she sent her son to her room. She told Jones III that she made it abundantly clear that she had one rule (Keep his gun locked up). She told Jones III that if her son got hurt or implicated in any of, "This bullshit you may or may not have done, that's your fucking ass." She told him, "There's gonna be a lot more missing mother fuckers on the roster and I would start from the top (Meaning him) and a lot how you feel, I will have no regrets." She said these things to him because her son is her number one responsibility. Jones III had a very glazed look on his face and said, "Yeah, I hear you, whatever." Jones III left the next morning and she made it clear to her mom that he could not come back under no uncertain terms.

Eaton changed the subject and started talking about us executing the search warrant at the Benttree Way address. Eaton told us her dad (Clark) had nothing to do with this situation. She explained that Clark raised her, Jones III, and their autistic sister. She said that all Clark does is go to work at 4 o'clock in the morning and comes home at 9 o'clock at night. She said that Jones III, "Had a run of that house."

We turned the conversation back to the day that Jones III left her house. Eaton was asked if that was the last time she saw Jones III and she said it was. She said the last time she saw him was Monday morning when he left her house. She was asked if she had talked to him since and she shook her head no. She was asked if she knew where Jones III was presently at and she said, "I honestly don't." Eaton then said that she remembered that she did talk to him after he left her house on Monday. She said it was on the same day that the Benttree Way house

1709A

OAKLEY POLICE DEPARTMENT

Narrative

was searched. Someone associated with Gabe's family posted photographs of Clark's house with the address exposed on Facebook. She spoke with Jones III and he told her that he was not willing to go in [to police custody]. He told her that he would eat his gun first. She said, "He will eat his gun or have you guys kill him." Eaton said, "As a black person I get it, but as someone studying to be an attorney, come the fuck on. If you had nothing to do with this go talk to these people and be done."

Eaton explained that she was not trying to be defiant by not speaking to the police the first time she was contacted about this case but she wanted to step back and observe what was going on [with the case]. We explained to her that we understood why she was apprehensive to speak to the police but when the human side of this case comes out and someone's child is missing it is different. Eaton described how scary it was when a child just got lost in a store. She said ultimately she wanted us to find Alexis. As a ruse Eaton was asked if Jones III fled to Las Vegas because we did not know where he was at and she said "No, no, no." Eaton pointed to a piece of paper that was on her coffee table and asked if she could grab it. The paper was handed to her and she pointed out a telephone number on the paper. She told us that she believed the phone number was the number that Jones III was currently using. We looked at the number and saw it was [REDACTED] Marshall's newest phone number.

Eaton told us that she wanted to make it abundantly clear that she would not be willing to testify to anything. She knew that Jones III was her mom's favorite child and her mom would die [if she knew she was cooperating]. Eaton was asked if her mom and Jones III were close and she said they were but she hoped that her mom was not an idiot and knew where he actually was at now. Eaton was asked if she believed her mom has helped Jones III in any way [after Alexis' disappearance]. Eaton asked if her mom would get in any trouble. She was told that we hoped not and that we hoped in the end she would be as cooperative as Eaton was being. Eaton was told that Jones III ultimately made the choices that he made and she agreed. We told her that they (Eaton or their mom) didn't make that choice for him and she said, "No." Eaton then told us that the phone number she just pointed out to us was on her mom's account.

This ended Eaton's narrative form statement. We went on to ask her follow-up clarifying information. This is a detailed summary of those questions and her answers.

Eaton was asked if she ordered anything else besides the blacklight for Jones III and she told us that was the only thing she ordered for him. She was asked when she ordered the light and she said Thursday (January 27th), the day after Alexis went missing. She went on to say that she texted Jones III, letting him know it was on the way to her house. She said that Jones III called her but she couldn't take the call so she texted him that it was on the way. We asked when the light arrived and she said it got to her house on Friday (January 28th). She told us that she texted Jones III a screenshot from Amazon that showed the blacklight would arrive between 4:00pm and 7:00pm. She was asked if Jones III came to her house on that day (Friday) and she shook her head yes and said, "Uh-uh." We asked if he came to her house and left again (After he got the light) and she said, "Yes." Eaton was asked to describe this and she said the first time he came over was about 7:00pm. Jones III left then came back to her house sometime after 2:00am.

We explained to Eaton that we were able to obtain video from her front door ring camera and saw him arrive at her house sometime around 7:00pm on Friday. Eaton was asked if Jones III was carrying anything when he arrived at her house and she told us he was carrying a bag that contained candles from her mom. Eaton was asked if Jones III was sweating when he came to her house because in the video it appeared his skin was shiny in a way that looked like he could be sweating. Eaton said that Jones III had oily skin and she did not believe he was sweating when he got to her house.

Eaton was asked about the handwritten directions and where she found them. She explained that she changes her house decorations seasonally and she still had her Christmas decorations out. She said she had a large plate, candles and a tabletop Christmas tree on her coffee table and found the spiral paper with these items. *It should be noted that the coffee table was in the living room next to a couch. In her statement Eaton described Jones III as staying on this couch while he was at her house giving him direct access to where the handwritten directions were located.* When she saw the papers, she knew they were not hers so she balled them up and threw them in her fireplace [without looking at them]. She then started thinking about the papers and did not want to burn anything because she did not want to get into trouble [for destroying evidence]. She knew the police had spoken to people in her neighborhood and did not want any issues (She was afraid a neighbor would tell the police she

1709A

Released for: 22-176

Released by: Dela

OAKLEY POLICE DEPARTMENT

Narrative

was burning items). She went on to explain that a friend of hers had gone to her mom's house on [REDACTED] after the search warrant was served at the house to check on her mom. The friend told Eaton that she had read a copy of the search warrant and one of the things the police were looking for during the search was a spiral notebook. This made Eaton go to her fireplace and actually look at the papers she had thrown in there and that was when she noticed what it could potentially be (A map to Alexis). Since then she had been trying to get ahold of her attorney so she could bring the directions to us (Police) but had not heard back from him. Eaton was asked if it looked like a map to her and she shook her head yes. She said she knew her brother and she believed he knew that she would do what is right [when she found the map]. She said in her opinion, "He was planning for this to be over by now, he was planning on already being gone." She was asked if she meant Jones III killing himself and she shook her head yes and said, "Uh-huh." She believed he knew she was putting her Christmas decorations away and expected her to find the directions and go look [for Alexis]. She told us that she had no desire to go look [for her].

Eaton was asked if she was awake when Jones III came to her house sometime after 2:00am and she said she had to let him in [to the house]. She was asked if he was muddy or had dirt on his clothes as if he dug a hole and she shook her head no and said, "Nuh-uh." She was asked how Jones III was acting when he came to the house and she said, "He was off. He was off." She said, "It was him but it wasn't. It was him but it wasn't."

Eaton stated that Jones III and Alexis got into some spiritual stuff and that he bit off more than he could chew. She was asked if she was talking about Christianity or Wicca and she said, "Some dark spirit demons and stuff." Eaton told us that she usually "Sages" her house every Sunday but Jones III told her not to [on Sunday (January 30th)] because his friends were there. She was asked, "But he was alone?" and Eaton said he was alone.

Eaton was asked what she meant when she said Jones III, "Was off," and she said his eyes were wild and bloodshot red. She was asked if he had any alcohol on his breath and she said no. She was asked if Jones III was tired and she said, "Maybe." Eaton said, "Shit, I've been tired as fuck for the last month if you really want to know. I've been fucking exhausted."

Eaton was asked if she recognized the handwriting on the directions and she said it was his (Jones III) handwriting. She was asked if she knew it was his handwriting and she said, "Yes."

We asked Eaton what Alexis' and Jones III's relationship was like. She told us that they were together for about 3 years. She said in the beginning he was very loving and very doting on her, which was different for him because he is an asshole to women. She had even told some of Jones III's previous girlfriends that they should make different choices [and leave him]. She told us that Alexis would cook and clean for Jones III. Eaton said the relationship got toxic over the last year to year and a half. She explained that what she meant by toxic was them making and breaking up. She said Jones III would be upset and sad and "Soggy," about it. She said then out of nowhere she found out they were back together again from her dad (Clark). She said then right before Christmas they broke up again. She said prior to that they broke up sometime near late September or October. Her dad (Clark) came to her house to fix her toilet and he told her that he saw Alexis' car at his house again and they talked about not understanding what Jones III was doing. Eaton said, "I will say he was a lot more torn up about them breaking up then about her being missing." Eaton was asked if it was normal for Jones III to lack emotion like that or if he was similar to a sociopath and she said that Jones III had sociopath and narcissistic tendencies about himself. She said if it doesn't matter to him then it shouldn't matter to anybody. Eaton was asked if Alexis mattered to Jones III and she said, "Yes."

Eaton was asked if there was ever any domestic violence in their relationship and she said, "No, no." She was asked if she ever saw them argue and she said she had seen them argue in the past. She was asked how that looked and she said that Jones III does yell. Eaton then said that he used to yell but now he was just sarcastic. She said he would sometimes puff his chest out and yell. She said that Jones III does demean women. She was asked if Jones III was controlling [towards women] and she said not necessarily controlling but he was a chauvinist. She said that you have to be a relatively smart person to be controlling. Eaton said that anything that Jones had was because her (Eaton) or her mom have worked out the pieces for him, which is why it surprises her about this case. From what she has gathered about this case either the demons are helping him in the fact we haven't found her (Alexis) yet or he is smarter than he has been letting on for the past 25 years.

Narrative

Eaton was asked about Jones III not wanting her to sage her house [because his friends were there]. She said to go back further, supposedly there was a portal in the closet in Jones III's bedroom. Eaton explained that she lived in that bedroom before Jones III did. She stated that she went through what she thought was postpartum depression and was seeing "shit". She described that she went through a really hard time with it (Depression). Jones III moved into her bedroom after she moved out of the house and he started having issues. They had a shaman come to the house and he said there was a portal in the room, which made sense to her because she knows she is not a crazy person. She said she knew they (Demons) come in when people are at a lower frequency, are depressed or not in a good mental space. She said that is her brother and explained that Jones III

When their mom remarried, Jones III lost his medical coverage and stopped taking his medications. She explained at one point Jones III brought a Ouija board into his room, which freaked their dad (Clark) out. She explained that Jones III had gone through those types of motions [to deal with the demons]. That was why she told Jones III that she had a spare room at her house and he could always come stay with her. She said, "As someone who hears and sees things, I do believe he is being afflicted by them because I could hear them and I'm not crazy. I promise you, I promise you." Eaton said the problem is that Jones III is weak and he doesn't have the grounding to do what he needs to do [to control the demons].

Eaton was asked if she was religious and she said she was raised Christian and believed in Christ. She said she also practices African Spirituality, which is talking to her ancestors. She believes her ancestors are her angels. She said that Jones III is on the dark side of that (Religion). She was asked if there was a name of the religion and she said she didn't know if there was a name for what he was doing other than spirituality. Eaton was asked if it was like Voodoo or Caribbean Santeria and she said he did not do those religions. Eaton said Jones III just thinks the demons are his friends. She was asked if they had any other friends or family with their same beliefs and she said she had a few friends who she practices with but they have never met Jones III. She was asked if there was a specific region in Africa that practices her religion and she said it was not regional. She stated it was what her ancestors and/or slaves practiced when they were brought here (USA). She practices but is not that deep into it. She described it as being more holistic and having positive energy and vibes. She said being grateful for the thing that you have and thanking your ancestors and God for the things that you have instead of dwelling on the things that you don't have. Eaton was asked where Jones III would have gotten influenced by this and she said Alexis helped him open his eyes to it because Alexis was spiritually inclined. When Jones III was having issues with people in his room, Alexis could hear them and would help Jones III connect the dots. Eaton's personal opinion was they (Demons) don't like Alexis because when she was around they couldn't have their way with him (Jones III).

Eaton was told that we had a search warrant for her phone and was asked if she minded if we downloaded the contents of her phone and she told us we could download it. Eaton was asked if Jones III had any property at her house and she said, "No, not to my knowledge." It was explained to her that her phone would be taken to the police department and that someone would bring the phone back to her.

Eaton was told that we wanted to go through her statement with her to ensure we had the timeline for everything right and she agreed. Going through this timeline brought out more information regarding her memory. The following is a detailed summary of that timeline and what was said.

Wednesday (January 26th) was when we believed Alexis went missing. On Thursday (January 27th) Jones III called her and asked her to order the blacklight. On Friday (January 28th) the blacklight arrived and she let him know it had arrived. On Friday around 7:00pmp Jones III came to her house for about 15 minutes at most. Jones III left her house and was gone until sometime after 2:00am (Saturday January 29th). Jones III lounged around on her couch all day Saturday. She saw the Missing Person Flyer sometime on Saturday between 3:00-4:00am after he came back from wherever he went.

Eaton then clarified some information regarding this. Eaton told us that she never asked Jones III anything about why Alexis was missing. She told us it was plausible deniability and she did not want to bring her kid or fiancé into any of this.

Eaton went back to the timeline and said on Sunday she found Jones III's gun (On the couch under a pillow). Eaton then said that Jones III was already going to see his attorney [on Monday] so she told him he had to leave her house. Eaton was asked if Jones III already made plans to see an attorney and how that conversation went.

Narrative

She asked Jones III what his plans were form Monday because she had friends coming over to her house. Jones III told her that he was going to see an attorney on Monday. She told Jones III that she wasn't going to ask him what he did because she did not need those types of visions in her head. She told Jones III that he needed to tell his attorney the truth and he told her that he knew he had to tell him the truth. She told him there was only 4 people that you don't lie to which was yourself, God, your doctor, and your attorney. She was asked if Jones III took his gun with him and she said she believed he took it with him when he left.

She then remembered that her mom wanted Jones III to come back to her (Eaton's) house on the same night that the search warrant was served on Benttree Way but she (Eaton) was not comfortable with that. They kept pushing the subject with her but she knew that Jones III was not willing to cooperate [with the police investigation]. Jones III was staying at her mom's house and she was afraid that her mom could get hurt if the police showed up to arrest Jones III, so she considered letting him come back to her house. Jones III and her mom were being assholes to her. She remembered that Jones III had actually left his backpack when he left on Monday and it was sitting on her floor. Because of the way they were treating her, she threw the backpack out of her house onto her front porch. She told them (Jones III and mom) to come get the backpack and someone came to her house on Tuesday and grabbed the backpack off of her porch. Eaton was asked if Jones III left the gun in the backpack and she said that he took the gun with him when he left. Eaton went on to describe the gun as having an extended magazine and that there was a ridiculous amount of ammunition in the backpack.

Eaton said that if she knew where Jones III was currently at she would tell us to get this over with. She then asked if her (Eaton) attorney ever called us and we told her that we never heard from her attorney. Eaton told us that she believed Jones III would try coming back to her house at some point and she did not want him to come back to the house.

Eaton was asked if she drove anywhere on February 2nd, and she said she did not go anywhere except maybe to the store. She was asked if she ever drove to Rio Vista and she said that she did not go there. Eaton was asked if her mom ever told her that she (Mom) was driving around the delta and she said her mom would only drive on the delta if she was driving to her (Eaton) house from Antioch. Eaton explained that she (Eaton) had no way to get to the delta because her car was not working. She did say that her mom did come over a few times since all of this has happened. Eaton said that she never went anywhere with her mom when she came to Eaton's house.

Eaton was asked if she ever heard Jones III threaten to kill Alexis or kill himself. She said obviously Jones III had threatened to kill himself [REDACTED] Jones III never told Eaton about wanting to hurt Alexis. Eaton said she and Jones III did talk at the end of the year about how bad he was feeling. Jones III told her how much he missed her (Alexis) and how bad he wanted to call her (Alexis) and talk to her. She told him, "From what it sounds like to me, this wasn't a good situation. You feel you can do better, go on and do better." Eaton was asked if Jones III ever hinted to her that Alexis had moved on [to another relationship] and she said, "No." Eaton said when she saw reports [on Facebook] that she (Alexis) had a new boyfriend she was like, "Woah!" Eaton was asked if that would trigger Jones III's anger and she said, "No, I haven't seen that, but I will say with the scope of everything that's going on, I can see that may have been an issue."

Eaton changed the subject and said that her cousins have seen Jones III on Xbox Live since he has been gone. The cousins said they had not seen him online in a while but saw he was logged on there recently.

Eaton was asked how familiar Jones III was with the Delta and she said she did not know how much he knew about that and called him lazy.

We confirmed that Jones III did not have any other items at her house. Eaton was asked if the blacklight she purchased was battery powered and she said it was. Eaton said she was surprised we did not get a warrant for Jones III's arrest after we searched the Benttree Way address because she figured we would have found evidence at the house because he wanted the blacklight. We talked about how policework and processing evidence is slow. She stated that not many people like that kind of work and maybe if she wasn't so grossed out by blood then she would go into that line of work. Eaton told us she chose going into law instead. Eaton said this case made her realize that she could not be a defense attorney because, "I could not defend this, I could not defend this. Like, legit."

We ended our interview of Eaton.

OAKLEY POLICE DEPARTMENT

Narrative

The note was collected by PSA Rostran and later booked into OPD evidence.

All relevant DNA/fingerprint items collected between the search warrant services [REDACTED] items seized were sent to Contra Costa County Office of the Sheriff crime lab. I have attached the applicable lab requests.

On 02/22/22, 02/24/22 and 02/26/22 search efforts were focused in Pioneer. Amador County Sheriff's Office headed up the efforts. Topographical maps of the areas searched attached to this report. No significant items of evidentiary value were located.

On 03/11/2022, cadaver canine Inca and her handler, Cablk (CAL OES water certified dog) worked the exterior of the pond we located during earlier searches in Pioneer, CA. On the southeast end of the pond, Inca showed significant interest. K9 Inca alerted three times on the east end of the pond near the access road. Inca's alert is performing a "sit" wherever the alert is noted. K9 Inca performed three sits on the far east end of the pond.

After the search was concluded, I spoke with handler Cablk. Cablk said that there is a dead body somewhere in that pond. Upon the completion of this report on 03/15/2022, the pond had not been searched further by divers etc.

Narrative

This incident was audio and video recorded using my department issued, Axon Body 3, body worn camera. For verbatim account refer to the video recording.

On 01/28/2022 at approximately 1200 hours, I was working as the patrol shift Corporal for the City of Oakley. I was briefed on a missing person case involving O-Alexis Gabe that occurred earlier in the week. I was also briefed that Gabe's vehicle was found on Trenton St near Carrington Dr with a subject seen walking away from it.

OAKLEY POLICE DEPARTMENT

Narrative

I was also briefed that Gabe was last seen at a boyfriend's residence at [REDACTED] Benttree Wy in Antioch.

On 01/29/2022 at approximately 0820 hours, I arrived in the area of [REDACTED] Benttree Wy to begin canvassing the area for video surveillance and to speak to O-Leslie Clark. I contacted Clark at his residence and he told me in summary:

I asked Clark if he remembered seeing Gabe at his residence on Wednesday night. Clark said he usually gets home from work between 1800 and 1830 hours. Clark said he will go to the gym for approximately one to two hours and then he will go to sleep.

On 01/26/2022, Clark did not recall seeing Gabe's car at the residence. Clark did not see Gabe in the residence or talk to her that night. Clark showed me where Gabe usually parks when she visits O-Marshall Jones and pointed to the East curb line of Cedar Point Wy, next to his residence.

Clark said Jones was upset about Gabe missing. Clark is Jones' step-father and has been in his life since Jones was seven years old. Clark said Jones and he live at [REDACTED] Benttree Wy together. Clark said he doesn't try to keep track of what Jones does because he's over 18 years old. Clark said he very rarely talks with Gabe. Clark said Gabe would come to the residence between five to six times a week when "they're together."

I asked Clark if Jones was around and he said he was not. Clark said that Jones told him that he was going to visit his mom who lives in Antioch. I told Clark that since he's been in Jones' life for so long that he was Jones' "Dad." Clark said he makes sure Jones stays in touch with his real dad, but then said he doesn't know if they talk to each other but he encourages that. I asked Clark if Jones and his dad didn't have a big relationship and Clark said Jones' dad was kind of big headed and is the kind of guy that knows everything, so to make it easier for Jones he stays out of it.

I asked Clark if he heard from Jones', to have him call Detective Horn and he nodded in the affirmative asking for business cards. Clark said that Gabe does not stay overnight at the residence and he had previously given a 2300 hour curfew for her to leave. Clark said Gabe would usually leave through the garage.

I ended my interview with Clark and began canvassing the neighborhood.

I spoke to O-Lashirley Bolton, who lives at [REDACTED] and told me in summary:

Bolton said she does not have video surveillance, but recalled seeing Gabe in the area multiple times in the past. Bolton said she would see Gabe parked in front of Bolton's residence or a neighbor's house and would often times be arguing on her phone. Bolton said she would sometimes see Gabe sitting on the curb near her car, talking on the phone. Bolton said she would see Gabe in a White Honda type vehicle and later an Infinity G36. Bolton had no other information about Gabe.

I canvassed the neighborhood of Benttree Wy and Cedar Point Wy and spoke to approximately 17 separate residents. The resident of [REDACTED] Benttree Wy provided me with a video of a vehicle driving by her residence but it's not conclusive if it was Gabe's vehicle. The video did not have a time stamp, but the resident advised it was at 1753 hours. No other resident that I spoke to in the neighborhood could provide me with video surveillance of a vehicle matching Gabe's or of subjects walking by.

On 01/30/2022 at approximately 0924 hours, I canvassed the area of Trenton St and Carrington Dr for video surveillance. Officers previously contacted residents in the neighborhood and I was performing follow-up. I contacted the resident at [REDACTED] Trenton St and he provided video surveillance from his ring doorbell. The video cut out as a vehicle was driving by and it did not have a time stamp.

I uploaded the videos onto the evidence.com database.

Other 1: HAMBLLEN, ERIC

Involvement Other	Invl No 1	Type Individual	Name HAMBLLEN, ERIC
-----------------------------	---------------------	---------------------------	-------------------------------

Narrative

On 01-28-22 I was assigned as the Patrol Sergeant for the City of Oakley. When I arrived for the start of my shift I was briefed on the missing person details. I was informed by investigations the MSP's vehicle was found on Trenton. Video surveillance in the area showed the vehicle enter Trenton and stop on 01-26-22 at approximately 2135 hours. A subject was seen exiting the driver's door and then walking towards Oakley Rd. The subject turned W/B onto Oakley Rd and continued W/B. The subject was captured on cameras at Oakley Rd and Beldin, continuing W/B on Oakley Rd.

I searched the area looking for security cameras that may have captured the subject and direction of travel. I contacted OTH-Hamblen (Pastor Laurel Ridge Church). I requested he review the cameras the church has facing Neroly and Live Oak. I informed Hamblen I looking for any pedestrians walking S/B on Live Oak from 2145 hours to 2215 hours. I later received a telephone call from Hamblen who stated there was a subject walking S/B on Live Oak at 2205 hours. The subject walked through the intersection and continued S/B on Neroly past the church. Hamblen sent me the video via email. I downloaded the video to evidence.com.

At approximately 2252 hours, I parked my Patrol vehicle at Beldin and Oakley Rd. I walked W/B on Oakley Rd and turned S/B onto Live Oak. I walked to just before Live Oak and Neroly and timed the walk at 26 minutes. This time is consistent with what the church video captured if the subject captured on video is the same subject that exited the vehicle.

OAKLEY POLICE DEPARTMENT

Narrative

On 01-29-22 at 1836 hours, I responded to the Target store on Lone Tree Wy in Antioch. I requested to view their video surveillance from 01-26-22 between 2215 hours and 2245 hours. I reviewed the video and did not see any pedestrians walking S/B along the East side of the property during that time frame.

On 01-30-2022 I was reviewing video from the City of Oakley Cameras. I saw white SUV traveling S/B on Bridgehead Rd and then crossed the intersection of Bridgehead and Main St. The vehicle continued S/B on Neroly Rd. This vehicle matches a vehicle that was at the intersection of Live Oak and Neroly when the subject walked through the intersection. I accessed the LPR cameras on Bridghead and obtained the license plate of the vehicle [REDACTED]. I ran the vehicle and it returned to a business on E. Cypress and Knightsen Ave. I ran the RO [REDACTED] and his address was [REDACTED] as of 2017. I was unable to obtain a current phone number for [REDACTED]. At approximately 2230 hours, I drove by the residence but the vehicle was not there. I drove by the business and the vehicle was not there.

I was reviewing LPR cameras and ran the license plate of MSP-Gabe's ex boyfriend (OTH-Jones) who she was last seen with. The license plate [REDACTED] hit on FLOCK System cameras on 01-28-22 at 1915 hours at Cliffside On Ramp to E/B I80 in Vacaville. The same vehicle hit on the FLOCK System cameras on 01-30-22 at 1900 hours at Alamo On Ramp for W/B I80 in Vacaville.

I drove by Jones' residence at [REDACTED] Benttree Way in Antioch several times between 01-28-22 at 01-30-22 and did not see his vehicle at the location anytime I drove by.

Narrative

On 1/29/22, I contacted OTH-Dickinson at [redacted]. I observed approximately 3 cameras mounted to the front of the residence as well as a ring style video doorbell. The 3 cameras are facing west at different mounting angles. Camera 1 is mounted on the north west side of the residence and is pointed towards the driveway and intersection of Live Oak at Neroly Rd. Camera 2 is mounted in the same area but is pointed towards the front yard and directly west across the street at [redacted] Live Oak Avenue. Camera 3 is mounted on the south west side of the front of the residence and points towards the driveway and intersection of Live Oak Ave at Neroly Rd.

Dickinson reviewed footage from his security system in my presence for the time frames I provided (1/26/22, 2130 hours - 2230 hours). I observed the cameras accurately depicted the areas outside his residence based on their mounted positions. We noticed the time stamp for the video appeared to be 2 minutes fast when compared to cell

OAKLEY POLICE DEPARTMENT**Narrative**

phone time.

While reviewing the video, at 21:33:22, two silver or lighter colored sedans turn right or northbound from Neroly Rd at Live Oak Ave. Both are similar in description to MSP-Gabe's vehicle.

While reviewing the video, I observed a subject walking southbound on the west side of Live Oak Avenue on 1/26/22 at the time stamps: Camera 1) 22:06:42 hours, Camera 2) 22:06:24 hours, Camera 3) 22:06:45. The subject appears to be a male adult based on size and gait, wearing a hood, and face mask as he walks by the residence and is illuminated by passing vehicles. The subject crosses the street at Neroly Road and Live Oak Avenue continuing southbound on the westside of the street. The subject later walks out of view of the camera continuing southbound on Neroly Road.

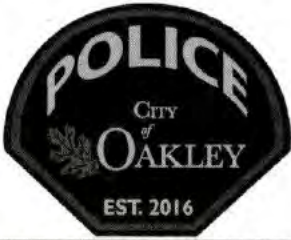

Dickinson downloaded the requested video to a thumbdrive and provided it to me on 1/30/22. I downloaded several clips to Evidence.com. Officer Dombrowski also downloaded several files under his Evidence.com log in as he assisted me with the booking of this evidence.

On 2/4/22, I spoke to Dickinson on the phone and filled out the attached Surveillance Video Foundation Form. I was present with Dickinson during review and downloading of the video footage on 1/30/22. I booked the thumbdrive provided in Oakley PD evidence. Also, refer to my Axon Body camera footage of video collection on 1/29/22 and 1/30/22.

Narrative

OAKLEY POLICE DEPARTMENT

Narrative

On 1/28/22, I was assigned as a Detective for the Oakley Police Department. I reviewed the original police report regarding Missing Adult Alexis Gabe. The location where Gabe was reportedly last seen was at Marshall Jones' residence at [REDACTED] Benttree Way, Antioch, CA on the evening of 1/26/22. Jones was reported to be Gabe's ex-boyfriend. Gabe's vehicle was located on Trenton Street in Oakley on 1/27/22 by her family with the keys in the ignition.

VIDEO SURVEILLANCE FROM [REDACTED] BELDIN LANE

On 1/28/22, I reviewed two video clips that were emailed to oakleycrimetips@ci.oakley.ca.us from Matt Forsland. The title of the video was "To Officer Roderic County". The email was sent to the Oakley police department on 1/27/22 at 9:51 P.M. Forsland's video surveillance camera pointed toward the intersection of Oakley Road and Beldin Lane from Forsland's backyard area.

The first video clip Forsland submitted showed what appeared to be an Infinity G37, silver or light blue, drive east on Oakley Road. The Infinity G37 drove by on 1/26/22 at 2134 hours.

The second video clip Forsland submitted showed what appeared to be a male walking west on Oakley Road on the south sidewalk of Oakley Road. The male was wearing a hooded jacket or sweatshirt, with the hood up over his head. Another hood can be seen down on the subject's upper back. The male was wearing what appeared to be a white N-95 style mask, and appeared to have a black beard underneath his mask. The male walked by on 1/26/22 at 2139 hours. The time frame of the video clip of the subject walking west on Oakley Road was consistent with someone parking Gabe's vehicle on Trenton Street and walking away from it.

I phoned Forsland about his camera system and he told me the following in summary:

Forsland has lived at [REDACTED] for three years. He maintains his own security system and has prior work experience in the CCTV industry. Forsland has 16 cameras at his residence, 13 exterior, and 3 interior. Forsland's security system is a Reolink and the footage can be viewed through a cell phone application called Blue Iris. The video was downloaded from the Blue Iris application and emailed to the police department on 1/27/22.

The video clips Forsland emailed to the police department on 1/27/22 were from a camera mounted to a pole in Forsland's backyard. That camera is motion activated and faces northeast from Forsland's backyard, towards the intersection of Oakley Road and Beldin Lane.

Forsland watched the videos he submitted to the police department which showed the Infinity G37 drive east, then a person walked west about 5 minutes later. Forsland stated the videos were a fair and accurate representation of the events that occurred on 1/26/22 at about 2134 hours and 2139 hours.

Forsland compared the live feed on his security system and it matched the time on his cell phone. Forsland said he knows the security system was functioning properly during this time frame because Forsland checks his camera system almost every day.

AREA CANVASS AROUND MARSHALL JONES' RESIDENCE ON 1/28/22 BY DETECTIVE MINISTER AND DETECTIVE HORN

On 1/28/22, at about 0930 hours, Detective Horn and I responded to [REDACTED] Benttree Way in Antioch for an area canvass. I saw a surveillance camera over the garage at [REDACTED] Benttree Way. The camera was pointed directly at the front of Jones' residence. I spoke to Elia Padilla who lives at [REDACTED] through the microphone on her camera. Padilla stated her surveillance system captures motion activated video clips.

I responded to Padilla's place of employment at about 1000 hours and reviewed her video clips that were stored on her cell phone. Padilla's surveillance system consisted of one motion activated Vivint camera over her garage. I forwarded the video clips that were recorded on 1/26/22 and 1/27/22 to my cell phone via air drop and later uploaded them to evidence.com. The last video clip on Padilla's camera system on 1/26/22 recorded at 1733 hours. The next video clip was on 1/27/22 at 0729 hours.

OAKLEY POLICE DEPARTMENT

Narrative

While speaking with Elia Padilla, she stated her neighbor who lives across the street (Marshall Jones), came over to her residence the day prior on 1/27/22. Jones spoke with Padilla's husband, Roman Padilla, about their camera system. Elia did not know the details about the conversation between Jones and Roman Padilla but knew the conversation was about their camera system. Elia provided Roman's contact information and stated Roman was at work.

Detective Horn phoned Roman Padilla and left a voice message requesting call back. Roman later spoke to Detective Horn regarding the conversation Roman had with Marshall Jones on 1/27/22. Refer to Detective Horn's supplemental report for details.

I reviewed the video clips from Padilla's Vivint system on her cell phone. I saw a video clip that showed Jones walked across the street to Padilla's residence on 1/27/22 at 1642 hours.

I continued my area canvass in the neighborhood. I spoke to Mauricio Tejera at [REDACTED] who was at work while I spoke to him. Tejera said he would review his Ring doorbell camera footage and let me know if there were any vehicles or individuals that passed in front of his residence. Tejera later reviewed his footage and said his doorbell camera activated only from movement in his own driveway. Tejera's camera did not capture any relevant footage.

I spoke to William Davis at [REDACTED] I recorded our conversation on my body worn camera. I asked Davis if he recalled seeing a light blue colored Infinity G37 parked across the street on Wednesday (1/26/22). Davis said he frequently sees that vehicle parked across the street on Cedar Point Way and it is associated with [REDACTED] Benttree Way. Davis said he recalled leaving his residence on Wednesday night 1/26/22 at about 2130 hours to go lock up his church. Davis recalled seeing the light blue Infinity G37 parked on the side of [REDACTED] Benttree Way at the time he left to lock up the church. Davis did not see anyone near the vehicle when he left to go lock up the church. Davis said he does not have any surveillance cameras at his residence.

STATEMENT FROM MARSHALL JONES ON 1/28/22

I continued my area canvass on Benttree Way. As I was speaking to neighbors on Benttree Way about 4-5 houses away from Jones' residence, I saw a white Hyundai Elantra, license plate # [REDACTED], park in front of Jones' residence. The vehicle parked on the street, facing the wrong direction. I saw a black male adult with a thin build, later identified as Marshall Jones, quickly walk inside the residence. I walked towards Jones' residence and activated my body worn camera.

About a minute later, Jones emerged from his residence and walked toward me. Detective Horn and I spoke to Jones outside [REDACTED] Benttree Way, in front of Jones' neighbor's house. Jones appeared to be nervous. His face had a sheen to it and Jones appeared to be moderately perspiring. That seemed out of the ordinary considering the low 60's temperature.

I transcribed the conversation with Jones below (from BWC footage):

Detective Minister: Hey, I'm Detective Minister with Oakley. Are you Alexis'....

Marshall Jones: Boyfriend, yeah.

Detective Minister: Boyfriend, ok. What's your name?

Marshall Jones: Marshall.

Detective Minister: Marshall, ok. We're just still looking for her. Have you heard from her at all?

Marshall Jones: I have not. I've been trying to call her. I've been texting. My text messages aren't getting delivered. My phone calls are going straight to voicemail.

Detective Minister: Gotcha. Ok. So. I guess...Did you speak to the officer? What yesterday?

Marshall Jones: Yesterday

OAKLEY POLICE DEPARTMENT

Released by: _____ Date: _____

OAKLEY POLICE DEPARTMENT**Narrative**

Detective Minister: Ok. I have not talked to him yet. What did you...What happened exactly?

Marshall Jones: I told him...

Detective Minister: I guess you talked to her Wednesday or something?

Marshall Jones: Yeah, if you give me a second I can go get my phone. I can show you when she called me and...

Detective Minister: Ok, yeah.

Marshall Jones: Just give me one second.

Jones walked to a white coupe, his work vehicle, parked on the street. Jones retrieved his cell phone from the vehicle and walked back over to Detective Horn and me.

Marshall Jones: So as I told the other Officer, around 6:38.

Detective Minister: Ok, 6:38 pm on Wednesday. Ok

Marshall Jones: On Wednesday. That was letting me know that she was outside. And to let her in.

Detective Minister: Ok. So she came over?

(Jones looked at his cell phone and was reading text messages sent to and from Alexis. Jones was showing me the text messages on his phone and was reading them to me.)

Marshall Jones: Yeah. And I mean, we called, we talked throughout the day. She was saying she could only come over for a little bit because she was doing some running around for her job. And, you know, she had to go meet her brother after she left which is why she had to leave kind of early.

I was asking her, "Are you online?"

I was like, "Ok."

And around 11 is when I started texting her cause normally she'll text me and say like "Hey you home?"

Or not "Hey you home?" They'll just be like oh you know, "I'm inside or..

Detective Minister: Can I see?

Jones handed me his cell phone.

Marshall Jones: She just never...

Detective Minister: *(reading text messages)* I love you. Goodnight. Are you ok?

Detective Horn: I'm sorry. I missed the whole part. What's your name boss?

Marshall Jones: Marshall.

Detective Horn: And did she drive her car here?

Marshall Jones: I would assume so, yeah.

Detective Minister: On Wednesday?

Marshall Jones: Wednesday.

Detective Minister: What car? She has the....

Marshall Jones: Infinity. I think the G37. Something like that.

Detective Minister: Ok.

Detective Horn: You remember where she parked it?

Marshall Jones: Usually she'll park over there. *(Pointing to Cedar Point Way side of Jones' residence).*

OAKLEY POLICE DEPARTMENT**Narrative**

Detective Minister: So basically, at this point. I think this is the last place that we know that she was at.

Marshall Jones: Right. And...

Detective Minister: So obviously that's why we're kind of keying in on this area you know?

Marshall Jones: I understand. And like I was telling her mom. Hey I saw her. This is the last time. You know and I just... I'm worried. You know and it's... (Pause) She's missing. And that just means that she's missing. It doesn't necessarily mean something happened to her. So I'm really trying not to let my mind wander. Her friends have, I'm not gonna say they've been putting me under scrutiny. But they, they're making me feel like I did something. And I didn't.

Detective Minister: Ok. And anytime...boyfriend. Right? And the last place she was seen.

Marshall Jones: And that's what I'm saying. Everybody handles stress different. You know so I just...

Detective Minister: Ya. We just want to rule everything out. Anything weird that happened here so...

Marshall Jones: I understand.

Detective Minister: You know what I mean. Then we can move on to, hey, let's go look in another area and see where she's at, you know?

Marshall Jones: I understand.

Detective Minister: Are you cool if we go inside and look around real quick?

Marshall Jones: Um, it's not my house it's my step-dad's. So, I mean, if, yeah. I mean I could call him really fast and see.

Detective Minister: Yeah that's fine. Go ahead.

Detective Horn: Also, was she making any sort of like suicidal statements or anything? Has she been feeling depressed lately?

Marshall Jones: No more or less than usual.

Detective Horn: So what is usual?

Marshall Jones: Usually, you know, she'll just be like, "I'm sad." You know, "Something happened." But not like overly depressed, like oh, you know, "I want to kill myself" or "I want to hang myself" or nothing like that.

Detective Horn: Did she have any family problems that she would confide in you?

Marshall Jones: Quite a bit. Her relationship with her dad wasn't the best.

Detective Horn: Ok. She ever express wanting to get away from that situation?

Marshall Jones: Yes. Yeah.

Detective Horn: You ever take her seriously?

Marshall Jones: No, cause I mean people talk about you know, Hey, I wanna, you know I just wanna get away. I wanna, you know, whatever the case is. But I, you know, we all talk about all let's go to Mexico for Taco Tuesday. Never like, "Oh, I'm gonna actively plan this out and go do something. So no.

Detective Horn: And would you say that this is normal behavior for her or is this out of the ordinary?

Marshall Jones: What do you mean?

Detective Minister: Like where you can't get a hold of her for a couple days and her family can't find her.

Marshall Jones: Not days, there are times though where she'll, she just won't answer the phone. So I mean for

OAKLEY POLICE DEPARTMENT**Narrative**

example, there's been times when she's been with Ria, Maria, and you know, they've gotten drunk at Shirasoni and they fell asleep in the parking lot. And she didn't answer my calls for hours.

Detective Horn: Ok.

Marshall Jones: Or they'll go to a Larry June concert and they'll pass out in the parking lot, you know, or parking garage or something like that.

Detective Minister: Ok.

Marshall Jones: So that's why I, again, when she didn't answer I wasn't necessarily too worried. Cause I was like, "Ok that's..."

Detective Horn: Is she into any sort of illegal drugs or anything that we might be worried about like her health.

Marshall Jones: Other than her smoking weed. I mean...

Detective Horn: Is she a heavy drinker, big partier?

Marshall Jones: Uh, she'll drink.

Detective Horn: To the point where she'll fall asleep in a car and not answer your phone calls.

Marshall Jones: Exactly.

Detective Minister: Is it more of like a recreational thing or every night kind of thing?

Marshall Jones: It's like an everyday kind of thing.

Detective Minister: Ok.

Marshall Jones: *(holding cell phone)* Ya, let me give him a call really fast.

Detective Horn: Cool man.

Marshall Jones: *(holding cell phone up to ear)* Hey dad, um, Alexis went missing. And the police just want to go through the house really fast just to make sure that everything's fine. Is that ok? *(pause)* Alexis went missing. And Oakley PD, they just want to walk through the house really fast just to make sure that nothing is out of the ordinary. *(pause)*. Yeah. No we're just talking. *(pause)*. I'm assuming because she's from Oakley. *(pause)*. It's two...are you a Detective?

Detective Horn: Yes sir.

Marshall Jones: Two Detectives

Detective Horn: if he's more comfortable you can put him on speaker phone and we can talk to him if you want.

Detective Minister: *(Provided license plate of Jones' work car to dispatch.)* 7KFN079

Marshall Jones: Ok. *(pause)*. Ok *(pause)*. No that's fine. *(pause)*. Nothing, I'm talking to two detectives and talking to you. *(pause)*. I'll let them know. *(pause)*. Yeah they're just waiting. *(pause)*. I understand.

Marshall Jones: He said that one of you could go in. Cause he would like the other one to stay out here.

Detective Horn: No problem.

Marshall Jones: So I don't know which one of you guys would like to...

Detective Horn: Whichever you prefer man it's really not a big deal. Either one of us.

Detective Minister: You have a flashlight on you?

Detective Horn: No I don't.

Detective Minister: Yeah, me neither. You want to go in ?

Detective Horn: Sure. I think my (*police*) ID is in my car.

Marshall Jones: *waves Detective Horn to come into house.*

Detective Minister: Is your Dad home?

Marshall Jones: No he's not.

Detective Horn: What's your Dad's name?

Marshall Jones: Leslie.

Detective Horn: That's the one you were talking to on the phone and said one of us could come in?

Marshall Jones: Yeah. You want me to leave the door open?

Detective Minister: Yeah, that's cool.

Marshall Jones: For sure, for sure.

Detective Horn and Jones go into residence and walk through residence together.

Detective Horn: Anything of hers that's here?

Marshall Jones: Um, I mean there might be some clothes that she left over. It's gonna be in my room. My room's a mess.

Detective Horn: That's fine.

Marshall Jones: *walks over to Marshall's room.*

Detective Horn: Cool, this your room?

Marshall Jones: This is my room. Indeed. I know like I said it's a mess.

Detective Horn: Hey, shit happens bro. You guys drink together I'm assuming?

Marshall Jones: Yeah, at the house.

Detective Horn: Any other light?

Marshall Jones: No, just that one.

Detective Horn: Ok. All right. Where's your car at? The SUV.

Marshall Jones: That's... at my job.

Detective Horn: What's that?

Marshall Jones: My job. I'm driving my company car right now.

Detective Horn: Oh, you leave it at your job and take the car from there? *Detective Horn points toward garage.* Is that the garage?

Marshall Jones: Yeah, yeah.

Detective Horn: And then this is whose? (*looking at Dodge Durango in garage, license plate # [REDACTED]*)

Marshall Jones: This is his car (Leslie's).

Detective Horn: Is there an upstairs?

Marshall Jones: No.

Detective Horn: It's just one story.

Detective Horn: Ok.

Marshall Jones: Did you want to go in the backyard?

Detective Horn: Probably not.

Marshall Jones: As you are going out close the door so I can turn the alarm back on.

Detective Horn: *Pointing at stadium seats in front living room.* Are those from Candlestick?

Marshall Jones: I don't know what your pointing at.

Detective Horn: The stadium seats.

Marshall Jones: I don't know.

Detective Horn: All right I'm going to close this door. *(Detective Horn walks out of residence)*

Detective Minister: Thanks for letting us check it man.

Marshall Jones: Of course. Like I said, I want to find her.

Detective Horn: No contact from her?

Marshall Jones: None whatsoever.

Detective Horn: K. Phone's been off? You've tried to call her I'm assuming?

Marshall Jones: Indeed.

Detective Minister: So as far as Wednesday goes. Can you kind of run through your day that day and that night and everything.

Marshall Jones: Yeah, so Wednesday I was off. Literally stayed home all day. I was on my Xbox playing GTA, doing ice and what not. I was sending emails to my professor. She came around 6:30. 6:38. Know what I mean. She left around 9. (pause) Actually, I was on the phone with my dad as she was leaving.

Detective Minister: Ok. Your dad wasn't home?

Marshall Jones: No. So, this is my step-dad (holds up cell phone). I was on the phone with my real dad. So, I was on the phone with him.

Detective Minister: Where's your real dad live?

Marshall Jones: Washington

Detective Minister: Ok.

Marshall Jones: So, was on the phone with him. She left. I stayed on the phone with him for I want to say like an hour or something. I can pull up the...not the read receipt but the call log.

Detective Minister: Ok.

Marshall Jones: Yeah I was on the phone with him. Got off the phone with him at like, 11 something. I walked into my step-dad's room because I was going to give him back some Tylenol that he gave me because I've been sick. And then I went to sleep.

Detective Minister: Ok. So you didn't leave at all on Wednesday night?

Marshall Jones: I did not leave.

Detective Horn: And you were here with step-dad you said?

Marshall Jones: Les, yes.

Detective Minister: What time did he get home?

Marshall Jones: Uhh, (puts cell phone to ear) Dad what time did you get home on Wednesday? (pause) yeah. (pause) He says he got home around...what time? 6 or 6:30.

Detective Horn: And he stayed home?

Marshall Jones: No because he went to the gym. And then. (to cell phone) You got home at like 7 something. You were only gone for like an hour. Yeah.

Detective Horn: But she was still here when he got home?

Marshall Jones: Yeah.

Detective Minister: What time did you say she came over again?

Marshall Jones: Like 6:38 is when the call log shows cause that's when she came in.

Detective Horn: Let her in.

Marshall Jones: Yeah.

Detective Minister: And she left around 9?

Marshall Jones: I don't want to say 9 specifically but around 9 o'clock.

Detective Minister: And then your step-dad got home around?

Marshall Jones: 7 give or take.

Detective Minister: 7. From work or?

Marshall Jones: No, so he got home from work around 6 something. Then he went to the gym for about an hour.

Detective Minister: Ok. Then he came home?

Marshall Jones: Yeah.

Detective Minister: Did he leave at all after that?

Marshall Jones: No.

Detective Horn: And he saw her (Alexis) here when she was here?

Marshall Jones: Yeah.

Detective Minister: Did he see her leave, do you know, or was he in his room?

Marshall Jones: He was in his room. I opened the garage door for her so she could leave.

Detective Minister: She walked out of the garage?

Marshall Jones: Uh-huh (yes).

Detective Minister: Ok. Did you see her walk out or you just know that's the way she went out?

Marshall Jones: I saw her walk out.

Detective Minister: And then where was her car at?

Marshall Jones: I'm assuming over there because that's normally where she parks. *(pointing toward Cedar Point Way) She never parks up here (pointing in front of residence on Benttree Way.)*

Detective Minister: Ok. Did you see her walk over there or did you turn around?

Marshall Jones: I saw her come down the driveway. *(Jones points to the end of the driveway where the sidewalk meets the driveway near the lawn of his residence as the last place he saw Alexis.)*

Detective Minister: Ok. So the last time you saw here she was right here? *(I pointed towards area where sidewalk, lawn, and driveway meet.)*

Marshall Jones: Yes.

Detective Minister: Ok. You haven't seen her since?

Marshall Jones: I have not seen her since.

Detective Minister: Ok.

Detective Horn: Do you mind hanging up with him real quick? I'm going to ask you something, then we'll continue.

Marshall Jones: I'd like for him to be on the phone.

Detective Horn: Would you be willing to give us your cell phone for a forensic download?

Marshall Jones: Oh. Yeah.

Detective Horn: So I'm able to do all that stuff.

Marshall Jones: Wait, what's a forensic download again?

Detective Horn: It just shows me all the information on your phone for a certain period of time.

Marshall Jones: Oh, ok.

Detective Minister: It just shows like, hey was this phone here the whole time. And that kind of thing.

Marshall Jones: Oh, yeah. Ok yeah. For sure. Yeah for sure.

Detective Horn: Then I would just have you sign a consent form.

Marshall Jones: Ok.

Detective Horn: Then you can bring it down. Well I mean I prefer to take it right now. Then we can get you to sign the consent form down at the PD. Then I take your passcode. Then I would do it that way.

Marshall Jones: Can I just follow you down there or?

Detective Horn: The thing is we don't want any information erased between now and...

Marshall Jones: Oh between and now. Ok. How long would it usually take?

Detective Horn: Once I get back to the PD I just have to figure out what plug I use. Then it takes however long it takes to download.

Marshall Jones: Ok.

Detective Horn: Generally not too long. But I should be able to get it back to you in a reasonable amount of time. At least by the end of today.

Marshall Jones: Ok.

Detective Minister: What's his phone number so I can call him.

Marshall Jones: *(talking to cell phone)* Is it ok if I give them your phone number? *(pause)* So they could do a forensic... *(points to Detective Horn.)*

Detective Horn: No, we're just gonna talk to him. But we'll be able to...We do want your phone for the download. But we just want to be able to talk to him.

Marshall Jones: *(talking to cell phone)* They want to do a forensic download just to make sure that, you know, my phone was where I said it was, i.e. where I said I was. So his number is gonna be [REDACTED].

Detective Minister: Ok. All right cool.

Marshall Jones: *(talking to cell phone)* All right Dad. I'm gonna hang up. I'm gonna give them the phone and I'll see you back at the house. *(pause)* He wants to know am I being named as a suspect?

Detective Minister: No, we're just trying to rule you out right now man.

Detective Horn: Not at all.

Marshall Jones: *(talking to cell phone)* He said no they're just trying to rule me out.

Detective Minister: We always start at the last place she was seen. You know what I mean?

Marshall Jones: He's saying I shouldn't give you my phone.

Detective Minister: It's totally up to you man.

Detective Horn: It's totally up to you.

Marshall Jones: Is there another way you could do that?

Detective Horn: It's the most efficient way that we have. I'm a certified forensic downloader that's what I do. And I'll be able to give you your phone back. It won't be damaged or tainted with or anything like that. It logs every single thing that I do on the computer that I use.

Marshall Jones: Ok.

Detective Minister: We're just trying to find Alexis man. That's it.

Marshall Jones: No, and I know.

Detective Minister: It's totally up to you.

Marshall Jones: How long would it take?

Detective Horn: Generally speaking, once I get back to the PD and I'm able to sit down and get into it, depending on how big the phone is, how much information you have stored on there, it depends. But generally speaking for a phone that's like, I want to say...Do you know how large that iphone is?

Detective Minister: How long have you had it?

Marshall Jones: Since last year, early last year.

Detective Horn: Gigabytes?

Marshall Jones: 32, 64, something like that.

Detective Horn: Ok, so that will probably take me about an hour.

Marshall Jones: Ok.

Detective Horn: And I'm only looking at specific information. So it's not going to take me long to like analyze the stuff. I'm not going to go back a year. Right? I'm only gonna go back to Wednesday.

Marshall Jones: Ok. You know, I have no problem with that.

Detective Horn: Cool

Marshall Jones: (talking to cell phone) Dad I'm gonna do it. I have nothing to hide man. I want to find Alexis. So, I have no problem with that. Like I said. I'll talk to you when you get back to the house.

Detective Horn: All right boss, what's the passcode so I can write it down.

Marshall Jones: [REDACTED]

Detective Horn: Awesome. All right my man. So you don't mind if I take it right now?

Marshall Jones: I don't. I'm still on the clock though so I have to get back. But I can, or how long is it going to take to sign the consent form? Like 2 seconds?

Detective Horn: Yeah, so we can go back right now and we can do that right now. You good with that?

Marshall Jones: Ok.

Detective Minister: Yeah.

Marshall Jones: Ok.

Detective Horn: So we'll just go straight to Oakley PD, ok?

OAKLEY POLICE DEPARTMENT

Released by: _____

Detective Horn and I left Jones' residence at about 1205 hours and drove to Oakley PD. Jones followed behind in his white work vehicle.

Upon arrival at Oakley PD at about 1220 hours, Detective Horn told Jones to park in the front of the police department parking lot and we would be out shortly with the form.

At about 1230 hours, I brought the consent to search form out to Jones. I did not see Jones' vehicle anywhere in the entire parking lot.

At about 1335 hours, Jones returned to Oakley PD in his Black Ford Explorer, license plate # [REDACTED]

Jones walked inside the police department and notified the front desk staff he was there.

At about 1340 hours, I brought the consent to search form out to the police department lobby. I invited Jones inside the police station to sign the consent to search form and activated my body worn camera.

I transcribed the contact with Jones when Jones returned to the police department to sign the consent to search form.

Marshall Jones: I have to come (go) back to work. So if I could *(makes a writing gesture with his hand)*...

Detective Minister: Ok. Yeah. We just want to clarify a few things so we can try and track her down real quick. You know what I mean?

Marshall Jones: I understand.

Detective Minister: But you don't want to talk to us right now?

OAKLEY POLICE DEPARTMENT**Narrative**

Marshall Jones: Like I said, I'm on my lunch. I have to get back.

Detective Minister: Where do you work?

Marshall Jones: IDAX

Detective Minister: IDAX. Ok. *(Pointed towards consent to search form)* So just put your name there. Where's that (IDAX) at?

Marshall Jones: Pacheco

Detective Horn: Which car do you have there?

Marshall Jones: The SUV. So if you wanted to go look around. For sure.

Detective Minister: *(Looking at Ford Explorer parked outside)* Oh that's your car?

Marshall Jones: Yeah.

Detective Minister: Ok.

Detective Horn: You have it with you right now? Your Explorer?

Marshall Jones: That's what I said. If you want to go look around, go ahead. For sure.

Detective Minister: Cool, thanks man. I appreciate you helping us out.

Marshall Jones: Yeah, for sure.

Detective Horn: You got the keys?

Detective Minister: Is it unlocked?

Marshall Jones: No it's locked.

Detective Horn: You got a (key) fob?

Marshall Jones: No I have to manually do it. *(still filling out consent to search form)*

Marshall Jones: *(looking at consent to search form)* So would I....Cause he said it was only going back to Wednesday.

Detective Minister: Here let me see. *(takes pen and helps fill out form) (filling in boxes)* Detective Horn, Missing Person Investigation, What is that? Iphone? Apple. You remember what model it is?

Marshall Jones: 11

Detective Minister: 11, Location, Text. Phone calls, photos.

Marshall Jones: So is that gonna be? Could you put it in...Cause you said it was only going to be til Wednesday. So...

Detective Minister: Going back to Wednesday?

Marshall Jones: Yeah. That's what you said right? So if you could just put that in writing.

Detective Minister: Yeah. *(filling out form)* Back to Wednesday 1/26/22. Today's the 28th. Detective Minister.

Marshall Jones: And you said it would take about an hour?

Detective Horn: Yeah it's downloading as we speak.

Marshall Jones: Oh so you already started it?

Detective Horn: Uh-huh (yes).

Marshall Jones: (signs form) All right.

Detective Minister: All right cool, appreciate it man.

(Jones, Detective Horn, and I walk out of lobby to black Ford Explorer parked in front of Oakley PD)

Detective Minister: Any other places you think we should check for her?

Marshall Jones: As I told the other Officer, I thought once she left my house, she was going to hang out with Ria.

Detective Minister: Ria?

Marshall Jones: Ria.

Detective Minister: Where does she live?

Marshall Jones: Not too far from her Apartments. I don't know the exact street.

Detective Minister: In Oakley?

Marshall Jones: In Oakley.

Detective Minister: Do you know her last name?

Detective Horn: Ria doesn't live in Concord?

Marshall Jones: Ria? No she stays in Oakley. I'm sorry I didn't mean to just go in my pocket like that. I didn't want you to...

Detective Horn: No. Do you know what you all have back here? *(looking in back of Explorer)*

Marshall Jones: Yeah, Blankets and what not. Uh, wait do you actually have to search it or can you just look around? Cause this isn't...This is my Dad's car.

Detective Horn: I kind of just want to lift the gate so I can see inside. You know? If that's cool.

Marshall Jones: Uhh, again it's not my car. It's my Dad's. And you have my phone so I.... I can open the...

Detective Horn: It's up to you.

Marshall Jones: I can....

Detective Minister: Well you're the one that said go check it out so that's why we're out here.

Marshall Jones: Yeah. I thought you were just going to look around it. I didn't think you were gonna...I'll open the gate for you though so that way you can look inside.

Detective Horn: That'd be great.

Marshall Jones: *(opens lift gate, looking at comforters in back of Explorer with 2nd row seat folded down flat)* We went to the drive-ins so, tried to make it roomy. *(pointing into back of Explorer)* Some water, I mean you can look in the back. That's our Philly cheese steak.

Detective Horn: Any of this hers?

Marshall Jones: No. This is...

Detective Horn: Cause we would like to collect a DNA sample from her. Right, so we have a reference on file. Right, so was she back here?

Marshall Jones: Uhh, yeah? But I don't...

Detective Horn: So was any of this like, would it have her DNA on it?

Marshall Jones: Uhh, None of this is hers. I don't, I don't know.

OAKLEY POLICE DEPARTMENT**Narrative**

Detective Horn: Would you mind if we took a blanket to test it?

Marshall Jones: I would because. Yeah, I would.

Detective Horn: All right. And does she normally sit up in the front seat?

Marshall Jones: Umm, yeah..

Detective Horn: You mind if I snap a photo?

(Jones closes lift gate)

Detective Minister: You don't want us to look under the blankets or what?

Marshall Jones: If you would like to look under the blankets. *(opens lift gate)*.

Detective Minister: Ok.

Marshall Jones: I don't want you to think I have a dead body or anything in here.

Detective Minister: No I was just...Cause you were being all...

Marshall Jones: Yeah.

Detective Minister: This is your step-dad or your real dad's (car)?

Marshall Jones: My step-dad.

Detective Minister: Gotcha. All right cool.

Marshall Jones: *(closes lift gate)* So yeah. So about an hour?

Detective Horn: Yeah, it's going right now.

Marshall Jones: Ok for sure.

Detective Minister: You want to hang out here or you gonna...?

Marshall Jones: I gotta get back to work.

Jones drove away from the PD at 1346 hours in his black Ford Explorer.

I later learned from Contra Costa County DA Inspector J. Alexander that Jones returned to his work on Friday 1/28/22 between 1230 hours and 1300 hours. Jones informed his boss that something had come up and Jones had to go home for the day. Jones did not return to work after 1300 hours. Refer to DA Inspector Alexander's report for further details.

Jones returned back to Oakley PD in his black Ford Explorer and Detective Horn gave Jones his (Jones') cell phone back. Jones left Oakley PD at about 1500 hours with Jones' cell phone.

The northwest corner of the exterior of the Police Department and the lobby are equipped with surveillance cameras. The surveillance camera system was installed and maintained by OTH-Kyndl Buzas of KB Security. I requested video footage from when Jones was at the Police Department. Buzas provided me with approximately 10 video clips showing Jones at the Police Department on 1/28. The live feed showed the camera was approximately seven minutes fast. I also recorded the interaction with Jones in the lobby on my body worn camera. I later uploaded the videos to evidence.com.

CELL PHONE PRESERVATION LETTERS

On 1/28/22, I submitted a preservation letter to Sprint for Alexis Gabe' cell phone number (██████████), a preservation letter to Sprint for Marshall Jones' cell phone number ██████████, and a preservation letter to AT&T for Leslie Clark's cell phone number ██████████.

Narrative

SEARCH WARRANT FOR ALEXIS GABE'S CALL DETAIL RECORD

On 1/29/22, I authored a search warrant to Sprint for Cell Data Records of Gabe's cell phone number. The search warrant was signed by the Honorable Judge Terri Mockler on 1/29/22 at 0719 hours. I submitted the search warrant to Sprint and completed the exigent form. The search warrant results showed Gabe's cell phone was in the area of [REDACTED] Benttree Way (Jones' residence) on 1/26/22 at 2108 hours and 2124 hours. Gabe's cell phone appeared to leave Jones' residence on 1/26/22 at about 2124 hours. Gabe's cell phone then showed to be on Lone Tree Way, then showed to be in the area of Highway 4 and Laurel Road at 2129 hours. Gabe's CDR records showed her cell phone to be at Live Oak Avenue and Laurel Road at 2132 hours. Gabe's CDR records showed her cell phone to be in the area of Oakley Road at 2133 hours. At 2135 and 2136 hours, Gabe's CDR records were consistent with her cell phone being on Trenton Street where her vehicle was located. At 2137 hours, Gabe's CDR records were consistent with her cell phone being in the area of Trenton Street and Oakley Road. At 2139 hours, Gabe's cell phone records were consistent with her cell phone being in the area of Oakley Road and Beldin Lane. This is the same time Forsland's security camera showed the bearded male wearing a hood over his head and N-95 mask walk west by Forsland's security camera at the corner of Oakley Road and Beldin Lane. Gabe's CDR records showed the cell phone to be in the same area of Oakley Road at 2141, 2142, and 2143 hours.

On 1/28/22, Oakley PD weekend patrol teams were briefed on the updates in this case. Over the weekend, several officers continued to check for video surveillance around the area Gabe's vehicle was located, and also around Jones' residence. Supplemental reports were written regarding neighborhood canvassing for video surveillance.

VIDEO SURVEILLANCE FROM LAUREL RIDGE CHURCH AT LIVE OAK AVENUE AND NEROLY ROAD

On 1/29/22, Sergeant Roberts showed me video he collected from the Laurel Ridge church at the intersection of Live Oak Avenue and Laurel Road. The camera was on the northwest corner of the building and was pointed northwest towards the intersection of Live Oak Avenue and Neroly Road. The video showed a person walking south on the west side of Live Oak Avenue at about 2205 hours on 1/26/22. The person crossed the intersection of Neroly Road and continued south on Neroly Road, west of the church. The time frame of the person walking south on Live Oak Avenue at Neroly Road is consistent with the time frame of someone walking from Oakley Road and Beldin Lane at 2139 hours to the intersection of Live Oak Avenue and Neroly Road. Sergeant Roberts walked from Oakley Road at Beldin Lane to Live Oak Avenue at Neroly Road and it took him 26 minutes, consistent with the person walking in the video. Refer to Sergeant Roberts' supplemental report for details.

VIDEO SURVEILLANCE FROM [REDACTED] TRENTON STREET

On 1/30/22, Officer Dombrowski contacted a resident, OTH-Wallace-Keith, at [REDACTED] Wallace-Keith told Officer Dombrowski she had video surveillance of a vehicle being parked on 1/26/22. The vehicle was determined to be Alexis Gabe's Infinity, based on it being parked at the exact location Gabe's vehicle was located the following day, and both vehicles appeared to be a smaller coupe size vehicle.

The vehicle was seen driving onto Trenton Street from Oakley Road. The vehicle parked on the west side of the street at approximately 2140 hours per the time on the video surveillance system. The video surveillance was approximately 6 minutes faster than real time, which Officer Dombrowski verified using his cellular phone time compared to the live feed. The actual time the vehicle turned and parked on the street was approximately 2134 hours.

The headlights to the vehicle were turned off about 26 seconds into the video.

The driver exited the vehicle and the driver's door closed about 54 seconds into the video.

The driver walked north on Trenton Street along the west sidewalk on Trenton Street.

OAKLEY POLICE DEPARTMENT

Narrative

The driver appeared to turn left (west) onto Oakley Road at about 1 minute and 42 seconds into the video.

VIDEO SURVEILLANCE FROM [REDACTED] LIVE OAK AVENUE

On 1/30/22, Sergeant Foreman located video surveillance from the residence at [REDACTED] Live Oak Avenue. The video showed the following in summary:

(Time stamps on video are two minutes ahead of the actual time)

At 21:31:22 (21:33:22 on video time stamp), two silver or lighter colored sedans turn right or northbound on Live Oak Avenue at the Live Oak Ave/Neroly Rd intersection. Both vehicles were similar in description to MSP-Gabe's vehicle.

Sergeant Foreman observed a subject walking southbound on the west side of Live Oak Avenue on 1/26/22 at the time stamps:

- Camera 1) 22:04:42 (22:06:42 hours on video time stamp),
- Camera 2) 22:04:24 (22:06:24 hours on video time stamp),
- Camera 3) 22:04:45 (22:06:45 on video time stamp).

The subject crosses the street at Neroly Road and Live Oak Avenue continuing southbound on the west side of Neroly Road. The subject later walked out of view of the camera continuing southbound on Neroly Road.

On the video clip labeled "[REDACTED] Live Oak Ave. Camera 2 2205 to 2230 hours.mp4", I saw the male subject walking south on Live Oak Avenue. At 22:04:26 (22:04:26 hours on video time stamp), a vehicle turned north on Live Oak Avenue. The headlights of that vehicle illuminated the subject walking south on Live Oak Avenue. The subject's white, N-95 style mask, and hooded jacket/sweatshirt could be seen during that portion of the video. The subject seen walking has a general height and build that matches the general height and build of Marshall Jones.

There are no residences on Neroly Road south of this intersection and this area of Oakley is not a well traversed area by pedestrians.

Based on the fact the person walking south on Live Oak Avenue in this video clip was wearing a hooded jacket/sweatshirt and a white, N-95 style mask, and the person captured on Forsland's video walking west on Oakley Road was also wearing a hooded jacket/sweatshirt and a white, N-95 style mask; the fact the video clips were taken about 26 minutes apart, and it takes about 26 minutes to walk from Oakley Road/ Beldin Lane to Live Oak Ave/ Neroly Road, I believe the subject in both video clips was the same person.

VIDEO SURVEILLANCE FROM [REDACTED] OAKLEY ROAD

On 2/10/22, I spoke to OTH-Victoria Cross at [REDACTED]. Cross stated she had two Vivint cameras attached to the north side of her residence. The footage continuously recorded 24/7 and the footage was saved for about 30 days through a cloud based system. Cross showed me the videos on her phone but I was unable to download directly from her cell phone or tablet. The live feed on her camera was accurate when compared to the actual time on my cell phone. Cross contacted Vivint and allowed the company to send me a video clip of Cross' two cameras attached to the north side of her residence.

On 2/14/22, OTH-Carrie Jensen, the Legal Assistant Supervisor for Vivint emailed me video clip of Cross' surveillance footage on 1/26/22 from 2132 hours - 2145 hours PST. The email contained the following information in addition to the video:

Start time: 2022-01-27 05:32:00 UTC (2022-01-27 05:32:00 UTC)
 End time: 2022-01-27 05:45:00 UTC (2022-01-27 05:45:00 UTC)
 Zip file password: [REDACTED]
 Zip file SHA1 checksum: 2ae456f5b40d99331e79dd16d2c1867c3f6b1d5d
 Zip file deletion date: 2022-03-16

OAKLEY POLICE DEPARTMENT**Narrative**

I watched the 13 minute clip and saw what appeared to be Gabe's Infinity drive east on Oakley Road at Beldin Lane at about 21:34:45 hours. At about 21:39:36, a pedestrian walked west on Oakley Road on the south sidewalk of Oakley Road. The time frame is consistent with video from Forsland's security system of a person walking by at 2139 hours. 2295 Oakley Road is directly across the street (Beldin Lane) from Forsland's residence.

Other than one bicyclist, I did not see any other pedestrians walking west on Oakley Road during this video clip. Due to distance and darkness, I was unable to determine the clothing the subject was wearing. Since there was only one pedestrian walking by during this time frame, I believe the subject that walked by at 21:39:36 was the same bearded male captured on Forsland's video at 2139 hours wearing the hoodie, and white, N-95 style mask. This video confirmed the bearded pedestrian from Forsland's video did not come from Beldin Lane, but was walking west on the south side of Oakley Road, east of Beldin Lane.

GROUND SEARCH OF AREA AROUND ALEXIS GABE'S VEHICLE ON 1/30/22

On 1/30/22, I assisted with coordinating a search of the area around Trenton Street, Beldin Lane, Oakley Road, Montevino Way, Live Oak Avenue, Stacy Lane, Poco Lane, El Lago Drive, Gum Tree Road, Nut Tree Lane, and south to the intersection of Neroly Road and Live Oak Avenue. Police Services Assistant (PSA) D. Jurkiewicz and approximately eight City of Oakley CERT volunteers helped search the areas for a cell phone or any clothing that Gabe was believed to be wearing at the time of her disappearance.

Volunteers located a broken cell phone located in a bush, just off the roadway on Live Oak Avenue, south of Oakley Road, on the west side of the street. Detective Horn and I responded and Detective Horn collected the cell phone. PSA D. Jurkiewicz stated the cell phone had not been touched since it was located. PSA Jurkiewicz photographed the cell phone and PSA Rostran later booked those photos into evidence.com labeled "Found cell phone". The cell phone was swabbed for DNA by PSA Rostran. The swabs of the broken cell phone were later submitted to the Contra Costa Crime Lab for DNA processing. The cell phone was booked into evidence. We were unable to determine the make or model of the cell phone because only the front half (screen side) of the phone was located.

No other items of evidentiary value were located during the search on 1/28/22.

SEARCH WARRANT OF [REDACTED] BENTTREE WAY ANTIOCH, CA

On 1/31/22, I authored a search warrant of Marshall Jones' residence at [REDACTED] Benttree Way in Antioch. The warrant was signed by the Honorable Judge Terri Mockler on 1/31/22.

On 2/1/22, I executed the search warrant along with other members of Oakley PD, Antioch PD, two cadaver dog handlers and two cadaver dogs. No one was home during the execution of the search warrant. Jones' black Ford Explorer, license plate # [REDACTED], was parked on the street directly in front of the residence. A maroon Dodge Durango, license plate # [REDACTED] was parked in the garage.

Approximately 6 bottles of laundry detergent were located in the garbage receptacle outside Jones' residence. A later review of Vivint video surveillance camera footage from the neighbor directly across the street from Jones' residence showed the garbage had previously been picked up by the garbage company on 1/26/22.

A commercial sized mop bucket was located in the kitchen area during the search warrant. A later review of Detective Horn's body worn camera footage showed the mop bucket was not there when Detective Horn walked through the residence on 1/28/22.

During the execution of the search warrant, Officer Palmer observed the bathroom and shower in the bathroom across the hallway from Jones' bedroom. Officer Palmer noticed the bathroom shower appeared exceptionally clean compared to the rest of the residence. Upon reviewing Officer Palmer's body worn camera footage of this bathroom, I also noticed the shower curtain and shower rod were missing from the shower. There was no shower door or other barrier on the shower that is typically affixed to a shower to prevent water from getting all over the

OAKLEY POLICE DEPARTMENT

Narrative

bathroom. Shampoos and soaps were located in the shower that would lead me to believe this shower was regularly used.

The residence was equipped with an ADT alarm system. A Comcast cable box was also observed inside the residence.

The Contra Costa County Crime Scene Investigators were called out by Oakley PD.

Officer Jackson and Officer Locke entered the residence with the cadaver dogs. Officer Jackson notified me of an alert from a cadaver dog inside the residence. Officer Locke notified me the cadaver dog showed interest in the bathroom near Jones' bedroom but did not alert. Refer to Officer Locke and Officer Jackson's supplemental reports for further details.

Antioch Homicide Detectives notified Oakley PD they would take over the case due to the suspicious circumstances surrounding Gabe's disappearance. The Contra Costa County Crime Scene Investigators were cancelled and Antioch PD Detectives advised Antioch PD CSI would process the residence for evidence.

Oakley PD personnel left the scene at that time.

Refer to Antioch PD reports for details on evidence processing of [REDACTED] Benttree Way.

Later in the afternoon, a briefing was conducted at Antioch PD. Oakley PD Detectives, Antioch PD Detectives, and Inspectors from the Contra Costa District Attorney's Office were present. The facts of the case were discussed to all persons present. All three agencies agreed to continue to jointly investigate this case.

Local media reports were published in this case beginning on 1/27/22 and continued throughout the investigation. East County Today, The Brentwood Press, KTVU, KRON, SF Gate, NBC Bay Area, SF Chronicle, The Mercury News, East Bay Times, ABC7, and other news stories. Several tips were called in and documented in supplemental reports by several different Oakley PD officers during this investigation.

On 2/2/22, I authored a search warrant to ADT for information pertaining to the ADT alarm system at [REDACTED] Benttree Way. The search warrant was signed by the Honorable Judge Leslie Landau. No camera footage or logs showing when the alarm system was set and turned off were maintained by ADT off-site. The subscriber was listed as Leslie Clark.

AREA CANVASS AROUND [REDACTED] VACAVILLE, CA

On 2/3/22, Detective Horn and I conducted an area canvass around [REDACTED]. This is the address of Jones' sister, Ariana Eaton. Call detail records of Jones' cell phone (location data and call logs between Jones and Eaton) led Detective Horn and me to that area. According to CDR data, Jones arrived to the area of Eaton's residence the evening of 1/28/22. He then was believed to have turned his phone off. Jones' vehicle then was captured on ALPR camera getting onto I-80 EB in Vacaville after his phone was turned off. Jones' cell phone was then briefly turned back on in the area of Bradshaw Road and Kiefer Blvd going southbound.

Jones' Explorer was believed to have been captured on video turning east onto Jackson Road from southbound Bradshaw Road a few minutes after Jones' cell phone showed him to be on Bradshaw Road. Refer to Officer Palmer's supplement report for details pertaining to video.

Jones' cell phone was turned off again for over three hours. Jones' cell phone was then turned back on in the area of Isleton and Rio Vista near Highway 160 and Highway 12 in the early morning hours on 1/29/22.

Jones' cell phone then showed him drive over the Antioch bridge briefly, then drive back to Eaton's residence in Vacaville. An ALPR Flock camera captured Jones' Explorer going west on Highway 12, west of the Rio Vista bridge at about 0211 hours.

Refer to Antioch PD Detective Cox's report for further details regarding CDR records pertaining to this investigations.

OAKLEY POLICE DEPARTMENT

Narrative

I did not locate any cameras in the neighborhood that captured Jones' vehicle.

I met with Vacaville Detective R. Myers. Myers located video of Jones' Explorer driving in the City of Vacaville on Flock ALPR cameras and on City of Vacaville cameras. Myers provided me with a thumb drive of videos he located. I later uploaded the videos to evidence.com. The video showed a Ford Explorer matching Jones' explorer turn onto Cliffside Drive on 1/28/22 at 1915 hours. This is the same time the vehicle is captured on the Flock ALPR camera at 1915 hours. I was unable to see into the vehicle from the camera footage due to distance and darkness. Another video clip showed what appeared to be Jones' black Ford Explorer driving on Alamo Dr in Vacaville on 1/30/22 at 1900 hours. This was the same time the Flock ALPR captured Jones' vehicle in Vacaville. There appeared to be only one occupant in the driver's seat in this video. I was unable to see the description of the driver and I could not see into the back seat. I booked the thumb drive into Oakley PD evidence. I was unable to upload the video to evidence.com due to the large size of the video.

COMCAST SEARCH WARRANT FOR IP ADDRESSES AT [REDACTED] BENTTREE WAY

On 2/10/22, I authored a search warrant to Comcast for IP addresses at [REDACTED] Benttree Way. The search warrant was signed by the Honorable Judge Benjamin Reyes on 2/10/22. The results of the search warrant showed the IP addresses assigned to the account at [REDACTED] Benttree Way Antioch, CA, Subscriber Leslie Clark, was [REDACTED]. The time frame the IP addresses were assigned to this account was 1/2/22 1800 hours UTC to 2/2/22 1800 hours UTC.

ALEXIS GABE'S INFINITY VEHICLE INFOTAINMENT ANALYSIS

On 2/2/22, Detective Horn authored a search warrant for vehicle infotainment data from Alexis Gabe's Infinity vehicle, temporary CA license plate # [REDACTED]. The search warrant was signed by the Honorable Judge Susanne M. Fenstermacher. On 2/8/22, I met with CHP Investigator Colleen Mitchell # 20981, at the secured Oakley PD vehicle storage facility. Investigator Mitchell photographed Gabe's Infinity, removed the infotainment module, and acquired data from the module using a software program (Berla).

On 2/9/22, Investigator Mitchell returned the infotainment module to Oakley PD. Investigator Mitchell provided me with two CD's in a sealed CD sleeve and a copy of her police report. I opened each CD sleeve and uploaded the contents of the CD's to Oakley evidence storage. I re-packaged and booked the items into Oakley PD evidence.

Refer to Investigator Mitchell's supplemental report, CD of vehicle photographs, and CD of Berla acquisition for Gabe's Infinity, which were all booked into Oakley PD evidence. I also attached a copy of Mitchell's report to this supplemental report.

I reviewed the data from the infotainment module which showed the following:

On 1/26/22, at 1829 hours Gabe's Infinity was at Lone Tree Way and Canada Valley, per "Track Log DS2". The vehicle then went to Cedar Point Way near Benttree Way in Antioch and the "track log" ended at 1833 hours indicating the vehicle was turned off.

The next movement of Gabe's Infinity was documented under "Track Log DS3" which began on 1/26/22 and showed the following:

- 2123 hours - Vehicle was turned on.
- 2124 hours - Vehicle left it's parked location on Cedar Point Way and drove north on Cedar Point Way. The vehicle then turned northeast onto Vista Grande Drive
- The vehicle then turned east onto Lone Tree Way.
- The vehicle turned south onto Jeffrey Way
- The vehicle got onto W/B Highway 4 (north).
- 2130 hours - Vehicle exited Laurel Road exit in Oakley and drove east on Laurel Road
- 2131 hours - Vehicle turned north on Live Oak Avenue.
- 2133 hours - Vehicle turned east on Gum Tree Road, made quick U-turn back toward Live Oak Avenue (wrong

OAKLEY POLICE DEPARTMENT

Narrative

turn)

Vehicle turned north and got back on Live Oak Avenue

2134 hours - Vehicle turned east onto Oakley Road

2135 hours - Vehicle turned south onto Trenton Street and came to a stop near the address of 4884 Trenton Street

2136 hours - Vehicle was turned off

Based on the times and locations of the Infinity's infotainment data, Gabe's Infinity arrived at Jones' residence and was turned off at 1833 hours. It was not moved until 2123 hours when the Infinity was turned on, left Jones' residence and drove straight to Trenton Street. While en route to Trenton Street, the Infinity appeared to have made a wrong right turn at Gum Tree Road, then quickly got back on Live Oak Avenue. Live Oak Avenue, Gum Tree Road, and Oakley Road is less than one mile away from Gabe's residence and is an area she would have been familiar with, had she been driving her vehicle.

Refer to information on discs provided by CHP Investigator Mitchell for further details.

SECURITY CAMERA FOOTAGE FROM VIVINT FROM [REDACTED] BENTTREE WAY ANTIOCH, CA.

On 2/2/22, Detective Horn authored a search warrant for Vivint video footage from the residence of [REDACTED] Benttree Way Antioch, CA 94509. The search warrant was assigned by the Honorable Judge Leslie G. Landau. The residence at [REDACTED] Benttree Way is directly across the street from Marshall Jones' residence. The residence at [REDACTED] Benttree Way has one Vivint camera affixed over the garage of the residence. The camera faces north towards Marshall Jones' residence and shows the front door, garage and entire south side of Jones' residence. The subscriber (Padilla family) opted for the motion activated recordings only and set the camera to record when movement is detected in their driveway/front sidewalk area. The camera does not activate when vehicles drive by on Benttree Way or Cedar Point Way, or when movement occurs across the street at Marshall Jones' residence.

Pursuant to the search warrant, Vivint provided all of the motion activated video/audio clips that were recorded on the one Vivint camera affixed over the garage at the Padilla residence. The video recordings were saved through a cloud based system and typically saved for 30 days before they are written over or deleted from the cloud server. The videos are password protected and the password provided by Vivint is [REDACTED].

I reviewed the video recordings provided which saved from on 1/9/22 to 1/30/22. I saved the videos and uploaded them to the evidence drive. I summarized some of the relevant recordings below regarding activity at [REDACTED] Benttree Way:

1/9/22 1819 hours - First video clip provided by Vivint. Black Ford Explorer parked on street. White pickup truck backed in driveway.

1/9/22 1951 hours - Black Ford Explorer gone, white pickup in driveway.

1/9/22 2355 hours - Black Ford Explorer parked on street. White pickup truck backed in driveway.

1/10/22 0639 hours - Black Ford Explorer parked on street. White pickup truck gone.

1/10/22 1557 hours - Black Ford Explorer parked on street. White pickup truck gone.

1/11/22 0650 hours - Black Ford Explorer parked on street. White pickup truck gone.

1/11/22 1351 hours - Both cars gone.

1/11/22 2233 hours - Black Ford Explorer parked on street. White pickup truck backed in driveway.

1/12/22 0641 hours - Black Ford Explorer parked on street. White pickup truck gone.

1/12/22 1313 hours - Both cars gone.

1/12/22 1615 hours - Both cars gone.

IDAX SEARCH WARRANT

On 2/28/22, I authored a search warrant for the work records of Marshall Jones at IDAX Solutions in Pacheco, CA, including Jones' bank account information. I served the search warrant on 2/28/22 to OTH-Jerid Bernardin, a project manager at IDAX. On 2/28/22, I received the results to the search warrant electronically. I downloaded the results of the search warrant, including Marshall Jones' Bank of the West bank account information he had previously provided to IDAX.

BANK OF THE WEST SEARCH WARRANT FOR MARSHALL JONES' ACCOUNTS

On 3/1/22, I authored a search warrant to Bank of the West for bank records of Marshall Jones with the account and routing number Jones provided IDAX to set up direct deposit. I served the search warrant electronically on 3/1/22.

On 3/11/22, I received the results of the search warrant from Bank of the West Legal Specialist Ryan James. I received approximately four months of financial records from Jones' Bank of the West checking and savings accounts at Bank of the West. I uploaded the results of the search warrant to the Oakley PD evidence drive. I noticed an ATM transaction on Jones' bank statement which showed Jones made a \$100 ATM withdrawal on 1/26/22 from the Antioch Bank of the West at 2507 Somersville Road in Antioch. I recalled Jones told me he did not leave his residence on 1/26/22.

OAKLEY POLICE DEPARTMENT**Narrative**

I reviewed four months of Jones' bank statements. During those four months, Jones made the following three cash withdrawals:

12/13 CASH WD ATM 008464 1805	TELEGRAPH AV OAKLAND CA	██████████	-23.00
01/03 CASH WD ATM 7815-002388 BK WEST DIAMOND BLVD CONCORD CA	██████████	██████████	-50.00
01/26 CASH WD ATM 7818-008680 BK WEST SOMERSVILLE ANTIOCH CA	██████████	██████████	-100.00

Due to the infrequent amount of cash withdrawals in Jones' Bank of the West checking account, and the close proximity in time to Gabe's disappearance, I suspected Jones may have taken \$100 cash out to purchase items involved in the planning of Gabe's murder.

On 3/13/22, I authored another search warrant to Bank of the West for video and details related to that transaction such as date and time. The warrant was signed by the Honorable Judge Jill C. Fannin. I served the search warrant on 3/14/22 electronically.

I received a CD from Bank of the West which showed video footage from the Bank of the West Somersville branch ATM. On 1/25/22, at 1847 hours, Jones made a \$100 cash withdrawal from the ATM. Jones could be clearly seen on video and I recognized Jones in the video. I checked with OTH-Laurie Spangler from Bank of the West Corporate Security - Investigations. Spangler stated the time on the video was Pacific Time and the time on the video was accurate. Since the withdrawal was made after business hours, the transaction posted on Jones' bank statement the following day on 1/26/22.

I later checked Jones' cell phone location data from the phone download of Jones' iphone. Jones' cell phone was at his residence on 1/25/22 at 1847 hours while Jones went to the ATM and was captured on video. I checked 1/24/22 - 1/26/22 on Jones' cell phone location data. Jones' cell phone did not go to the Bank of the West in Antioch during the three day time period.

While reviewing Jones' cell phone location on the evening of 1/25/22 from the forensic download of Jones' iphone, I noticed Jones drove to the Cypress Plaza shopping center in Oakley from his Antioch residence on the evening of 1/25/22. This shopping center is located just outside of the Oaks Apartment Complex on Carol Lane, where Gabe lived with her family. After leaving the shopping center, Jones drove back home on Main Street (east), Empire Ave (south), Oakley Road (west), passed Trenton Street, Live Oak Avenue (south), Laurel Road (west), then onto Highway 4 bypass.

This was not a typical route an individual would take to drive from Carol Lane to Jones' residence in Antioch. This was also the exact same route Gabe's vehicle drove from Jones' residence in Antioch to Trenton Street in Oakley the night she was last seen alive at Jones' residence.

Based on this not being a typical route driven from Carol Lane to Jones' residence in Antioch, the fact that Jones left his cell phone at home while making a non-typical cash withdrawal from the Somersville Bank of the West ATM shortly after returning home from this drive, coupled with the fact that Gabe's vehicle was driven to Trenton Street from Jones' residence on this same route the following night when Gabe was last seen alive, leads me to believe Jones was actively planning Gabe's murder the night of 1/25/22, most likely looking for a place to leave Gabe's vehicle.

Based on my training and experience, I know individuals engaged in criminal behavior, including planning of a crime, will not take their phones with them while they are going to locations they do not want to be tracked by law enforcement.

I uploaded the contents of the CD to evidence.com and booked the CD into Oakley PD evidence.

ALEXIS GABE GOOGLE ACCOUNT SEARCH WARRANT

On 2/24/22, I authored a search warrant for Alexis Gabe's gmail account, ██████████. The search warrant was signed by the Honorable Judge Rebecca C. Hardie.

OAKLEY POLICE DEPARTMENT**Narrative**

I served the warrant electronically and received results to the search warrant on 2/26/22. I reviewed the results and saw there were only 5 outgoing emails from this email account since November 1st, 2021. The most recent outgoing email was on 12/15/21.

I noticed insufficient funds emails from Gabe's Wells Fargo bank account. The charges appeared to be recurring charges from Apple.com and an Identity Theft prevention subscription service, Identity IQ.

I saw a resume for Marshall Jones and Alexis Gabe were both located on this search warrant return. I uploaded each resume to evidence.com.

MARSHALL JONES GOOGLE ACCOUNT SEARCH WARRANT

On 2/23/22, I authored a search warrant to Google for google accounts related to Marshall Jones. The search warrant was signed by the Honorable Judge Jill C. Fannin. The search warrant was for accounts related to the following:

mexicanblack30@gmail.com

mcjtrioiii@yahoo.com

mcjtrioiii@icloud.com

jonesmarshall@comcast.net

IMEI: 356554106095074 and/or 990017694779113

IMSI: 312530016230386 and/or 310260038573655

Telephone number 2063495159 and/or 9257523759

IP addresses: 67.180.185. and/ or 2001:0558:6045:0060:DCD2:947B:88F2:FD90 from 1/2/22 to 2/22/22.

I received the search warrant return on 3/17/22.

On 2/28/22, I authored a search warrant to Google for another Google account related to Jones, sweetjones2444@gmail.com. The search warrant was signed by the Honorable Judge Wendy Coats. I received the search warrant return on 3/2/22. The subscriber info in the search warrant return was as follows:

Google Account ID: 764231083167

Name: Hand fnd Kgkfmfn

Given Name: Hand fnd

Family Name: Kgkfmfn

e-Mail: sweetjones2444@gmail.com

Searched for: "how long would it take for fish to eat a body" on Jun 26, 2021, 9:20:28 AM UTC

I gave a copy of all three Google search warrant returns to CCCSO Hi Tech Crimes Detective P. Mazerski.
I placed the original search warrant returns on a USB drive and booked the USB drive into evidence.

AMAZON SEARCH WARRANT

On 3/2/22, I authored a search warrant to Amazon for records associated with Jones and several of his associates, various addresses, email addresses, and phone numbers. The search warrant was signed by the Honorable Judge Charles Burch. I received the search warrant return (excel file) on 4/26/22. I uploaded the Excel file into evidence.com. The search warrant showed Ariana Eaton purchased a handheld black light on 1/27/22 at 1722 hours. Refer to search warrant return for exact details.

CITIBANK CREDIT CARD SEARCH WARRANT

On 3/25/22, I authored a search warrant for Citibank records for Marshall Jones' credit card and banking account(s). The search warrant was signed by the Honorable Judge John P. Devine.

I received password protected financial records pursuant to the search warrant. The password to open the documents was: [REDACTED]

I uploaded the documents into evidence.com.

ZELLE SEARCH WARRANT

On 3/25/22, I authored a search warrant to Early Warning Services, LLC. The search warrant was signed by the Honorable Judge John P. Devine. On 4/28/22, I received the search warrant results.

While reviewing the results, I saw Marshall Jones sent Alicia Coleman \$800 through Zelle on 1/29/22.

On 3/18/22, Alicia Coleman sent Ariana Eaton \$150 with the message "Because no matter what I still love you."

I uploaded the search warrant results to evidence.com.

Narrative

CAPITAL ONE CREDIT CARD

On 5/18/22, I authored a search warrant for Capital One financial records of Marshall Jones' account(s). The search warrant was signed by the Honorable Judge Brian Haynes. I submitted the search warrant electronically. The search warrant results will be uploaded to evidence.com upon receipt.

I participated in several different searches for Alexis Gabe and evidence associated with this case in Oakley, Antioch, Vacaville, Pioneer, and along the Sacramento River and Delta region. Refer to Sergeant Cartwright, Detective Horn, and Officer Palmer's supplemental report for details regarding searches performed.

Involvement Other	Invl No 1	Type Individual	Name BOGAN, BLAINE
-----------------------------	---------------------	---------------------------	------------------------------

Narrative

On Monday, 1/31/22, I was assigned to take phone reports at the station. At 1056 I was dispatched to contact Pamela Bogan concerning the missing persons case. I called Pamela at the listed number. Pamela told me that her son, Blaine, had seen Alexis Gabe, on Thursday afternoon. I asked if I could speak to Blaine. Pamela handed Blaine the phone.

Blaine told me the following in summary: Blaine was at the Oaks apartment complex on Thursday, 1/27/22 at about 1700. Blaine was at the complex with his 6 y/o nephew, Levi riding bicycles. Blaine was building dirt jumps in the front area of the complex near the entrance. Blaine said he knows Alexis and saw her drive into the complex around 1700. Alexis was driving her Blue Infinity. There was a white male passenger in the car. Blaine described him as late 20's early 30's with a scruffy face. Blaine tried to say "what's up" to Alexis but the music was really loud and she didn't see or hear him. Alexis circled around towards the back of the complex. Blaine didn't see her leave. Blaine had no further information.

Narrative

Supplemental Report.

On 01/31/2022, I was working patrol for the Oakley Police Department and was wearing a full uniform. At approximately 1830 hours, I was walking through the neighborhood of Granville Lane in Brentwood to contact residents regarding the missing female per the original report. I was requested by Sergeant Morris to contact the residents, specifically asking if they have any information regarding 01/26/2022 at approximately 2230 hours. This date, time and location is believed to be where the missing female possibly was. I walked the neighborhood and had the following results:

- [REDACTED] Granville Lane:

I contacted OTH-Oscar Duarte and he stated he does not have camera on his residence and he did not see or hear anything out of the normal recently.

- [REDACTED] Granville Lane:

I initially knocked on the residence and nobody answered. I observed on the exterior of the residence, multiple security cameras and I left a card with my contact information. I was later contacted by the home owner OTH-Joaquin Rosillo, and he stated he believes the cameras are a 24-hour surveillance. Rosillo was given the date and time requested for review and he will be reviewing his footage. Rosillo was advised to contact Oakley PD after reviewing the footage.

- [REDACTED] Granville Lane:

No person answered the door when I knocked. I did observe a Ring doorbell camera by the front door. A card with my contact information was left requesting to contact Oakley PD.

- [REDACTED] Granville Lane:

I contacted OTH-Sanuj Shanauas who is the home owner. Shanauas has a Ring doorbell camera near his front door. I advised Shanauas of the date and time Oakley PD is requesting for possible footage. Shanauas stated he will review the footage and contact Oakley PD with his findings.

- [REDACTED] Granville Lane:

I contacted OTH-Angela Waynwright who is the home owner. Waynwright has a Ring doorbell camera near her front door. I advised Waynwright of the date and time Oakley PD is requesting for possible footage. Waynwright

Narrative

On 01/31/2022 at approximately 1830 hours, I attempted to contact multiple residences on Granville Lane in Brentwood to locate video footage of the Granville Park area where the possible victim shoes were located.

I contacted Krish Ahuja at [REDACTED] Granville Lane. Ahuja had a video equipped doorbell but no video surveillance cameras. Ahuja did not have any footage on 01/26/2022 at 2230 or thereafter.

I contacted Donna Sharkey at [REDACTED] Granville Lane. Sharkey had a video equipped doorbell but no video surveillance cameras. The doorbell was obstructed by part of the residence. I provided Sharkey with Oakley Police Contact information and advised her to contact us if there was any footage captured on her video equipped doorbell.

I contacted Michael Fore at [REDACTED] Granville Lane. Fore's residence was equipped with video surveillance camera's

but was unable to locate any footage from 01/26/2022 at 2230 or thereafter.

I did not contact any other residences or view any other video surveillance cameras in the area.

On 02/02/2021 at approximately 1911 hours, I attempted to contact multiple residences on Montevino Way in Oakley to locate video surveillance footage from an approximate time frame of 2100 hours to 2200 hours on 01/26/2022.

I contacted O-Nyisha Clayton at [REDACTED] Montevino Way. Clayton had multiple movements on her camera. There was no suspicious activity of interest.

I contacted O-Randy Sullivan at [REDACTED] Montevino Way. Sullivan had video of multiple vehicles passing his residence. I provided Sullivan Axon Citizen Link to submit video footage.

I contacted O-Armando Cornelius at [REDACTED] Montevino Way. The party who has access was not home at the time. Cornelius stated he would contact the police department if there was any footage located.

I contacted O-Susana Kossuth at [REDACTED] Montevino Way. Kossuth had footage of multiple vehicles passing her residence. I provided Kossuth with Axon Citizen Link to upload the footage.

I contacted O-Audra Carsona at [REDACTED] Montevino Way. Carsona had video equipped doorbell movement footage but there were no vehicles or pedestrians located in the footage.

Summary Narrative

This is a supplemental report to Officer County's original report.

Narrative

On 1/31/2022, I assisted investigations with attempting to obtain video surveillance footage regarding this case. I located surveillance cameras at the following locations, location on the residence, and the outcome:

- █ Cedar Point Way- Driveway and Ring doorbell. No answer.
- █ Cedar Point Way- Driveway and Ring doorbell. No answer.
- █ Cedar Point Way- Driveway and porch. Cameras do not work.
- █ Cedar Point Way- Driveway and ADT porch. PD already checked footage on an earlier date, nothing of evidentiary value.
- █ Cedar Point Way- Driveway and Ring doorbell. PD already checked footage on an earlier date, nothing of evidentiary value.
- █ Cedar Point Way- Ring doorbell. PD already checked footage on an earlier date, nothing of evidentiary value.
- █ Bentree Way- Driveway. No answer.
- █ Bentree Way- Driveway. Spoke with the brother of the residence, he would pass information to his sister and she would contact PD if there was anything of evidentiary value.
- █ Bentree Way- Driveway and Ring doorbell. Resident checked for activations and there were no activations of note.
- █ Bentree Way- Ring doorbell. Resident was unable to access their Ring account.
- █ Bentree Way- Driveway and Ring doorbell. Camera issues as of late, unable to access.
- █ Bentree Way- Driveway and Ring doorbell. No answer.
- █ Bentree Way- Ring doorbell. No answer.
- █ Sunnyview Way- Northwest corner of the residence, facing towards the intersection of Hillcrest Avenue and Vista Grande Drive. No answer.
- █ Lone Tree Way (7-11)- Southeast corner of the business, facing Hillcrest Avenue. No footage of evidentiary value.
- 5465 Prewett Ranch Drive- Driveway and Ring doorbell. No answer.

OAKLEY POLICE DEPARTMENT

Narrative

- █ Prewett Ranch Drive- Driveway and porch. No answer.
- █ Prewett Ranch Drive- Front window and porch. No answer.
- █ Prewett Ranch Drive- Driveway and Ring doorbell. No answer.
- █ Prewett Ranch Drive- Driveway and Ring doorbell. Resident was in a hurry to leave and would check for footage during the time frame provided.
- █ Prewett Ranch Drive- Driveway and Skybell doorbell. No answer.
- █ Prewett Ranch Drive- Driveway. No answer.
- █ Prewett Ranch Drive- Driveway and northeast corner of the residence. No answer.
- █ Prewett Ranch Drive- Driveway and ADT doorbell. There were no activations by the doorbell during the time frames provided, unable to access the camera at the driveway.
- █ Prewett Ranch Drive- Driveway. No answer.
- █ Prewett Ranch Drive- Driveway and Ring doorbell. No answer.

BWC activated

On 2/1/2022, I assisted Investigations with the service of a Search Warrant at █ Benttree Way. Upon entering the residence, I immediately noticed the residence was unkempt to include the bedrooms, the carpets were dirty and stained, as well as the walls. As I was clearing the residence, I walked passed the hallway bathroom, into the closed laundry room, and into the closed garage. At the time of the laundry room door being opened and entering, I could immediately smell a faint unusual odor. Due to my training and experience, I know the unusual odor to be the odor of death. The odor dissipated as I entered the garage. When I went back through the laundry room and stopped at the hallway bathroom, I could smell the odor again. I did not see anything that would indicate the odor.

As I walked through the residence I noticed there were, what appeared to be recently purchased due their condition, commercial grade cleaning supplies in the kitchen, in the northwest corner of the residence, near the sliding glass door. I also noticed the linoleum floors through the residence were a degree of cleanliness that did not match with the unkempt and cleanliness of the rest of the residence. Also, I inspected the hallway bathroom and noticed all aspects, to include the bath tub, were a degree of cleanliness that also did not match with the unkempt and cleanliness of the rest of the residence.

I did not have any further involvement with this investigation.

Summary Narrative

This report is a supplemental report to Officer County's original report.

Narrative

On 01/31/2022, I was assigned to assist the in the missing persons investigation. I was tasked along with Officer Palmer to check the security cameras in the area around [REDACTED] Benttree Way in Antioch. The date and time parameters I asked to check was 01/26/2020, from 2250 to 2310 hours. I was briefed that MIS-Gabe, Alexis' vehicle was previously found on the corner of Trenton Street and Carrington Way in the City of Oakley. Security footage was obtained in the area around Alexis' vehicle which showed an unknown person dropping the vehicle off, leaving the door open and walking away from the vehicle. Additional footage was also located which show a slim build individual wearing a white mask walking on near Laurel Ridge Community Church. The footage I was tasked to obtain was an attempt to find the same slim built individual wearing a white mask walking near Benttree Way in Antioch. The following is a list of addresses I checked and the results.

- [REDACTED] Ceder Point Way cameras do not hit street or sidewalk
- [REDACTED] Ceder Point Way **not home** ring camera on porch and driveway
- [REDACTED] Ceder Point Way cameras do not wok
- [REDACTED] Dovewood Court ring camera on the porch and facing Ceder Point way, neither camera picked up a person walking matching discription.
- [REDACTED] Benttree Way viviant camera on driveway **no one home**
- [REDACTED] Benttree Way camera near front door does not reach the street
- [REDACTED] Benttree Way cameras do not work
- [REDACTED] Benttree Way camera above driveway said she already sent video to Officer Collier
- [REDACTED] Benttree Way motion camera only no one matching discription located on video
- [REDACTED] Benttree Way camera at driveway and porch **no one home**
- [REDACTED] Benttree Way camera near driveway no one matching discription on cameras

OAKLEY POLICE DEPARTMENT

Narrative

- █ Benttree Way doorbell camera, no footage
- █ Benttree Way driveway camera **no one home**
- █ Benttree Way driveway camera **no one home**
- █ Benttree Way driveway and porch camera **no one home**
- █ Prewett Ranch Road ring camera on porch and driveway **no one home**
- █ Prewett Ranch Road camera on driveway and front door. No one matching discription located during the time frame
- █ Prewett Ranch Road ring camera on driveway **no one home**
- █ Prewett Ranch Road camera on driveway **no one home**
- █ Prewett Ranch Road doorbell and driveway camera no one matching discription located during the time frame.

On 02/01/2022, I assisted with the service of a search warrant at █ Benttree Way in the city of Antioch. While assisting with the search warrant my department issued body worn camera was recording. The recording was later uploaded onto the Oakley Police Evidence.com server.

Other 1: CICERELLO, KYLE

Involvement	Invl No	Type	Name
Other	1	Individual	CICERELLO, KYLE

Narrative

On 2/3/22 at approximately 2303 hours, I contacted OTH-Kyle Cicerello, regarding information he had about MSP-Alexis Gabe. Cicerello gave the following statement in summary:

Sometime last week, unknown day, at approximately 1500 hours, Cicerello was driving his vehicle E/B on James Donlon Blvd. between G St. and S. Royal Links Cir., Antioch. Cicerello noticed a light blue Infinity parked in a cove near the canal on the southern portion of James Donlon Blvd. The infinity had a car cover over it, however the back end was visible. Cicerello thought this was suspicious because the area where the vehicle was parked wasn't a residential neighborhood and vehicles don't normally park there.

Cicerello said he returned a few hours later and noticed the vehicle was gone. After a few days, Cicerello saw the various posts about Gabe on social media, along with her vehicle. Cicerello said the vehicle he saw parked in the cove was the same vehicle that was associated with Gabe.

Cicerello said he did not have any other information.

End of Supplemental Report.

Narrative

This report is supplement to Officer County's original report.

On 1/30/2022, I was working patrol in the City of Oakley, CA. I was wearing a full Oakley Police Department uniform and driving a fully marked patrol vehicle. At approximately 0859 hours, I canvassed the area of Trenton Street for video surveillance regarding this missing person case.

I contacted the resident, OWN-Wallace-Keith, Linda, at [REDACTED] who allowed me into her home. Wallace-Keith told me she had video surveillance of a vehicle, which parked on Trenton Street that is associated with the missing person. Wallace-Keith told me she did not know how to operate the video surveillance but allowed me to review the footage on her computer.

OAKLEY POLICE DEPARTMENT

Narrative

I reviewed the video which showed a vehicle, later determined to belong to the missing person in this case. The vehicle was seen driving onto Trenton Street and parked on the West-side of the street at approximately 2140 hours per the time on the video surveillance system. The video surveillance was approximately 6 minutes faster than real time, which I verified using my cellular phone time. The actual time the vehicle turned and parked on the street was approximately 2134 hours. A subject was seen walking away from the vehicle, but due to the distance, I was unable to determine any description of the person. I downloaded the video onto a flash drive and later uploaded the video to Oakley Police Department Evidence.com website which did not contain a time stamp.

A surveillance video foundation report was completed and uploaded to this report. For further information, please see attached form.

Sergeant Foreman was advised of this report.

Attachment

- 1. Surveillance Video Foundation Form.

Narrative

On 1/31/2022, I was temporarily re-assigned to Investigations to assist in this case.

On 2/2/2022 at 1115 hours, I contacted the OOD (Officer on duty) at Station Rio Vista (United States Coast Guard) and requested three areas of the Sacramento River to be patrolled for anything suspicious, which resulted in negative results. I also provided the Missing Flyer of (MSP) Alexis Gabe, which contained her last known clothing and description. The three locations were obtained by the Contra Costa County District Attorney's Office Investigators via CDR (call detail records) data obtained from Marshall Jones' cell phone. The three locations were the West Gate Landing Regional Park, Viera's Resort, and the Rio Vista Bridge. The West Gate Landing Regional Park is in the Terminus area, near Highway 12, and is in the area of the South Mokelumne River and Little Potato Slough. Viera's Resort (Ida Island) is located off of Highway 160 enroute to City of Isleton and is in the area of Cache Slough and Steamboat Slough. The Rio Vista Bridge spans the Sacramento River and is part of westbound Highway 12, into the City of Rio Vista.

On 2/2/2022 1032 hours, a request was printed regarding video surveillance footage from OPD TIPS at [REDACTED] Montevino Court in Oakley. At 1130 hours, I was provided the TIP and contacted the resident, (OTH) Stafford, via telephone. Stafford stated she was not sure if the surveillance video was pertinent to our investigation or not, but

OAKLEY POLICE DEPARTMENT

Narrative

wanted to forward it to the PD. Stafford emailed the video footage along with stills with the date and time stamp. The video surveillance showed an unknown race male walking by the aforementioned address on 1/26/2022 at 2138 hours, talking on a cell phone, wearing what appeared to be pajamas. Also, there was a clip of an unknown light colored S.U.V. driving past the aforementioned address, Stafford was unable to provide a still with the date and time stamp. I later uploaded the footage and stills to Evidence.Com.

On 2/2/2022 at 1223 hours, Detective Horn forwarded me an e-mail from a concerned Brentwood citizen regarding two shovels along the Creek, east of the Tennis Courts, from the corner of Chesire Drive and Arlington Way. At 1430 hours, PSA Rostran and I responded to the area and located the shovels and a group of children. The children stated the shovels were theirs, they leave them there after they leave for the day, and use them to dig out trails along the creek.

On 2/2/2022 at 1600 hours, I contacted the following County Coroner's Offices to inquire about Jane Doe's with negative results; Alameda County, Sacramento County, Solano County, and San Joaquin County.

On 2/3/2022 at 1210 hours, Corporal Collier and I checked the following businesses in the area of Jackson Road (State Route 16) and Bradshaw Road in Sacramento based on CDR (call detail records) data obtained from Marshall's cell phone for surveillance footage on 1/28/2022 at approximately 2052 hours with negative results; 9701 Jackson Road (Shell), 9700 Jackson Road (Chevron), and 9690 Jackson Road. While at the intersection, I noticed a camera on top of a traffic signal on the southeast corner. I contacted and left a message with the California Department of Transportation regarding the camera for potential footage. While in the area, Corporal Collier and I checked four areas that may or may not have been related to this investigation based on being bodies of water, a landfill, and within a reasonable distance from the CDR data. We checked an aggregate quarry on the south side of Jackson Road (Highway 16), east of Sunrise Boulevard for anything suspicious or of evidentiary value with negative results. We then checked the Folsom South Canal that crosses Jackson Road, east of Sunrise Boulevard for anything suspicious or of evidentiary value with negative results.

On 2/3/2022 at approximately 1330 hours, Corporal Collier and I checked the area of Blodgett Reservoir (Grantline Road and Kiefer Boulevard(east)) for anything suspicious or of evidentiary value. Our initial walk of the area we located a residence (██████ Kiefer Boulevard). Due to Beware of Dog signs, we walked back towards our vehicle to drive to the residence. On the way, Corporal Collier located a white undershirt and Blue faded jeans on a small hillside, laying in the weeds. Upon closer inspection of the white under shirt, Corporal Collier noticed the shirt had blood stains that did not appear old. Some spots of blood were dried and brown in color. Other areas were still red in color. Just east of the clothing, I located a Gears of War 3 Xbox 360 video game disc. I contacted Detective's Horn and Minister and advised what I found. They advised Marshall was seen in photos extracted from his cell phone that showed him holding an Xbox controller. Based on the totality of the circumstances, it was decided to collect the items. Prior to collecting the items, I contacted Rancho Cordova Police Department, who stated they had no interest in the items located. Photographs of the possible evidence and location were taken and later uploaded to Evidence.Com. The items were collected and later booked into Oakley Police Department evidence.

On 2/3/2022 at approximately 1500 hours, Corporal Collier and I spoke with staff at the Kiefer Landfill regarding surveillance cameras pointing towards the area of Kiefer Boulevard and anything suspicious as of late. Staff advised there were no surveillance cameras in that area. Staff also advised of roving security on the premises from the hours of 1600 - 0500 hours, who had not seen anything suspicious. Also, there is a employee entrance along Kiefer Boulevard that is activated by a pressure plate and allows access 24/7. We reviewed 2 hours of surveillance footage (2000-2200 hours) for the employee entrance with negative results. The time frame reviewed was based off CDR data of Marshall's cell phone. As we were speaking with the staff member, he advised of an area east of the landfill on Kiefer Boulevard, at the first speed bump, between the roadway and Deer Creek, that was secluded and had been an area where a deceased individual was located in the past.

On 2/4/2021, I was forwarded (OTH) Truesdell information who possibly saw (MSP) Gabe. I contacted Truesdell via telephone, who stated the following in summary:

BWC activated

On 1/27/2022 at approximately 1500 hours, Truesdell was in the Prewett Ranch Water Park parking lot waiting to

OAKLEY POLICE DEPARTMENT**Narrative**

take a Covid test for work (City of Antioch employee). Approximately 30-50 feet from him was a female that appeared to be Alexis, with the same clothing she was last seen wearing, to include wearing glasses and a gold necklace. She was with a white or Hispanic male, approximately 26-28 years of age, approximately 6'0" tall, with olive skin, wearing a black/blue beanie, and was skateboarding. The female he believed to be Alexis was recording the male perform tricks. At the time, Truesdell did not know Alexis was a missing person. The next day, Truesdell saw the Missing Persons flier for Alexis and believed it was her he saw. Truesdell also confirmed there were surveillance cameras in the area, see my Department issued BWC for a verbatim statement.

After speaking with Truesdell, I contacted the City of Antioch Public Works department and spoke with "Diana" regarding the surveillance cameras at the water park. She stated that the director for the water park was a gentleman by the name of "Brad" and she would contact him. "Diane" later contacted me and stated the "Brad" informed her the surveillance cameras had been damaged and not recording for the last 6 months. Based on the aforementioned information, I am unable to confirm or deny Truedell's account.

On 2/4/2022, Sgt. Cartwright, Corporal Collier, PSA's Rostran and Jurkiewicz, and conducted searches in the area of the Rio Vista Bridge, eastern shoreline of the Sacramento River near the Rio Vista Bridge, and Highway 84 from the Rio Vista Bridge just prior to the ferry based on Marshall's CDR data with negative results.

On 2/5/2022, I met with (OTH) Meyers (Air Group CCCSO Search and Rescue, pilot) at the Buchanan Airfield in Concord, CA. to board a plane (tail # [REDACTED]) to conduct a search of Sherman Island and the surrounding area for anything of evidentiary value from the air, based on CDR data from Marshall's cell phone. The search resulted in negative results.

On 2/7/2022, Corporal Collier and I returned to 9701 Jackson Road (Shell) and obtained surveillance footage from 1/28/2022 at approximately 2053 hours, which showed a vehicle matching Marshall's vehicle, based on the profile of the vehicle (CA Lic [REDACTED], Ford Explorer), dark color, the 5 spoke factory rims, and CDR data. The vehicle was originally in the straight lane to cross over Jackson Road (State Route 16) from Bradshaw Road, but then makes a furtive movement to the left turn pocket, as if the driver realized Jackson Road was their turn, but did not immediately realize it. The vehicle made a left-hand turn from southbound Bradshaw Road onto eastbound Jackson Road (State Route 16). I confirmed with the live feed that the time stamp was correct prior to downloading the video. I later uploaded the surveillance footage to Evidence.com. While we were in the area, Corporal Collier and I searched the area between Deer Creek and Kiefer Boulevard that an employee at the Kiefer Landfill spoke about on 2/3/2022. During our search we located seven 9mm Luger shell casings, unknown if related to this case. We canvassed the area for blood or anything else of evidentiary value with negative results. Corporal Collier activated his Department issued BWC, later uploaded to Evidence.com, while I collected the shell casings, later booked into Oakley Police Department evidence (supplemental report #0029). Later in the day, Detective Minister advised Wagner and Bonsignore CCE [REDACTED] was the owner/operator of an Arlo surveillance system on Sherman Island. A representative of the company agreed to allow me access to the aforementioned surveillance system via an Internet portal.

On 2/8/2022, I attempted to contact (OTH) Martinez with negative results and left a message to contact me. Martinez's information was forwarded to me from Alexis' family regarding seeing Alexis with an unknown male on 1/22/2022 IFO 69 Carol Lane, who drove an unknown grey vehicle. The family did not know who the male was and believed it would help with this case, but could not elaborate why it may be pertinent.

On 2/8/2022, I gained access to the Arlo surveillance cameras for Sherman Island owned by Wagner and Bonsignore CCE and reviewed footage for the following dates and times based on CDR data from Marshall's cell phone and (OTH) Coleman-Clark's Brickhouse Security tracker data, which was placed on her vehicle [REDACTED] January 26th 1830-0600 hours, January 28th 1050-1130 hours and 1715-1815 hours, January 29th 0035-0215 hours, and February 2nd 1315-1345 hours. I did not locate any footage containing anything of evidentiary value.

On 2/9/2022, Sgt. Cartwright, Officer England, and I conducted a search of the following areas based on CDR data of Marshall's cell phone for anything of evidentiary value with negative results; State Highway 84, Hastings Island area, Highway 113 (Binghamton Road area), and Ryer Island (State Highways 84 and 220).

On 2/10/2022, Sgt. Cartwright and I conducted a search for anything of evidentiary value based on CDR data of

OAKLEY POLICE DEPARTMENT**Narrative**

Marshall's cell phone in the areas of B&W Marina to include the levee system, north of Highway 12, near Terminous CA. We also returned to Ryer Island to conduct another search based on (OTH) Alicia Coleman-Clark's (Marshall's mother) Brickhouse Security tracker data that was placed on her vehicle [REDACTED]. The tracker showed Alicia's vehicle being stopped on the roadway (State Highway 84) between State Highway 220 and Elevator Road. Sgt. Cartwright and I canvassed the stretch of roadway for anything of evidentiary value. Approximately where the tracker showed Alicia's vehicle stopped, south of Elevator Road, and at 38.264372 Latitude and -121.645237 Longitude, we discovered an area of the levee that showed signs of a recent disturbance in the soil and weeds. It appeared something had been dragged from the roadway down to the water. Sgt. Cartwright already had the Solanao County Sheriff's Office Marine Patrol in the area conducting searches of other areas based on Marshall's CDR data from his cell phone and asked them to respond to our location. The Marine Patrol conducted a search of the waterway and shoreline in the area with negative results. I collected a soil sample, later booked into Oakley Police Department evidence (supplemental report #0029).

On 2/14/2022, I fielded a Service to Citizen call regarding possible information relating to this case. I spoke with (OTH) Knecht who stated the following in summary:

On 1/19/2022 at approximately 0540 hours, Knecht exited her residence [REDACTED] to leave for work. She saw what appeared to be an unknown race female wearing a white v-neck shirt holding a black jacket or sweater, looking at her neighbors house. The female saw Knecht and began walking towards her. Knecht entered her vehicle and kept an eye on the female with her vehicle's mirrors. After a short time, the female began walking away towards Clayton Road. Knecht later saw a flier for Alexis and believed it may have been her. When asked why she thought it was Alexis, she stated because of the white shirt the female was wearing, but she could not see her face due to darkness.

On 2/23/2022, I assisted with the execution of a search warrant at [REDACTED] the residence of (OTH) Ariana Eaton, Marshall's sister. During the search, Ariana stated she knew why police were at her residence and stated it was in her purse. What she was referring to was a hand written, turn by turn directions from her residence to an area in Pioneer, CA, she claimed Marshall had written and left at her residence since the disappearance of Alexis. Detective Horn and Antioch Detectives interviewed Ariana. Antioch Police Department Detective's, Sgt. Cartwright, Detective's Horn and Minister, PSA Rostran, and I left for Pioneer at the conclusion of the search based on the hand written directions given to us by Ariana Eaton. The area of Defender Grade Road and Highway 88 was searched for anything of evidentiary value with negative results.

On 2/24/2022, Detective's Horn and Minister, PSA Rostran, and I conducted a more coordinated search of the Defender Grade Road and Highway 88 area of Pioneer, CA with the assistance of Amador County Search and Rescue and CAL OES (California Office of Emergency Services) Cadaver Dog Team. During the search, one of the CAL OES dogs (water certified) alerted twice to an area at the west end of a pond that is located east of Defender Grade Road and Highway 88, and south of Highway 88 along what appeared to be a fire access road. Amador County Sheriff's Office had two divers respond and dive the area for anything of evidentiary value with negative results.

On 3/1/2022, Sgt. Cartwright forwarded me returned forged checks with Alexis being listed in the Pay to the order of line from her Wells Fargo bank account and a check from The Croner Company in the amount of \$1,690.15. The Croner Company is based in CA and the check was sent from New Jersey by Ceecil Younique on 12/30/2021. The check was not successfully delivered to Alexis' address until 2/9/2022. An Internet search for Ceecil Younique resulted in negative results. On 3/9/2022, I contacted The Croner Company and spoke with a finance representative inquiring about the check. She advised Alexis was not a client and that fraudulent checks from their company were being used in an Ebay car sale scheme. The company began receiving phone calls on 12/27/2021 inquiring if the check they received from the company was real or not, which alerted the company their account information was being used fraudulently. A police report was made with the San Rafael Police Department regarding the issue. Based on a search warrant return from Google of Alexis' account, there was an e-mail from IdentityIQ on 2/15/2022 attempting to collect payment. IdentityIQ is an identity theft protection company, which Alexis had a subscription. Based on the aforementioned, I believe the returned forged checks and check from The Croner Company are part of identity theft Alexis was a victim of, but not reported. See attached.

OAKLEY POLICE DEPARTMENT

Narrative

On 3/2/2022, Detective Horn and I responded to Walmart where I obtained surveillance footage of (OTH)Alicia Coleman-Clark (Marshall's mother) parking her vehicle and entering the store based on her Brickhouse Security tracker data. The footage showed Alicia was at Walmart on 1/30/2022 at approximately 1015 hours and checked out at 1021 hours. Alicia purchased what appeared to be single can of a TreSemme hair product. I later booked a CD containing the surveillance footage into Oakley Police Department evidence. Attached is a still photograph of Alicia and the store receipt.

On 3/11/2022, Sgt. Cartwright, Detective Horn, CAL OES Cadaver Dog Team to include a water certified dog that was not part of the search on the 24th of February, and I conducted another search of the pond from the 24th of February. Upon arrival at the pond, the water level had recessed since the 24th. During the search, the CAL OES dog alerted three times by entering the water and sitting to an area at the east end of the pond that is located east of Defender Grade Road and Highway 88, and south of Highway 88 along what appeared to be a fire access road. The dog also showed interest in an area at the southeast end of the pond. The dog entered the water multiple times and pawed and licked the water, which is behavior that is a tell theres signs of a deceased body in the water. The dog also scratched at areas on the shore, which is also behavior of the detection of presence of a deceased body being in the water. The dog handler stated it was her opinion that she was 100% sure, based on the dogs behavior and training and experience, there was a deceased body in the water. A dive team would dive the pond again at a date undetermined based on availability.

Summary Narrative

This supplemental report concerns the neighborhood canvas of Cedar Point Way in Antioch CA on 01/29/22 at approximately 0134 hours.

Narrative

On 01/29/22 at approximately 0134 hours, I was in full police uniform and operating a marked Oakley PD Charger (unit 108). I was dispatched to the area of Cedar Point Way and Benttree Way, to conduct a neighborhood check for surveillance cameras.

While fronting [REDACTED] Cedar Point Way, I was approached by a black SUV (unknown license plate), occupied by a BFA, approximately 45 years old. The female driver rolled down her window and asked if everything was okay, as she saw several police officers in the area. I advised the female driver that officers were conducting a neighborhood canvass for any information regarding a missing person out of Oakley Ca. The female requested a business card, which I provided to her. The female then drove off out of the area.

Summary Narrative

This is a supplement to Officer County's original report.

Narrative

This incident was audio and video recorded using my department issued, Axon Body 3, body worn camera. For verbatim account of this incident, refer to the video recording.

On 02/03/2021 at approximately 1200 hours, I was working as a Corporal of Police for the City of Oakley. I was assisting the Oakley Investigations Unit search for possible video surveillance in the City of Rancho Cordova.

I was informed by investigation unit detectives that O-Marshall Jones' cell phone had call detail records (CDR) showing that he had been in the area of Jackson Rd and Bradshaw Rd recently. I responded to the area with Officer Palmer and we checked the area of Jackson Rd and Bradshaw Rd for video surveillance at a Shell Gas Station, Chevron Gas Station and a Subway. Refer to Officer Palmer's supplemental report.

Officer Palmer and I reviewed a map of the area and discussed several locations where possible evidence could be. Officer Palmer and I determined locations that held bodies of water, large open spaces as well as the Sacramento County Landfill and being close to the area where the CDR data was picked up. Officer Palmer and I checked locations at Jackson Rd and Sunrise Blvd, including Folsom Canal and a water table behind a cement site with negative results.

At approximately 1330 hours, Officer Palmer and I continued to the area of Grant Line Rd and Kiefer Blvd, locating a body of water called Blodgett Reservoir. The area is very rural and accessed by dirt and gravel roads and a paved bridge. While walking the roadway, I observed a dirt road continuing past a residence [REDACTED] that appeared inaccessible due to water in the road. Approximately a half mile further down the dirt road there appeared to be abandoned vehicles.

While walking back to our vehicle, I saw a White tank top style undershirt and blue jeans in the weeds on the South side of the road. While looking at the white tank top, I saw what appeared to be blood on it.

The tank top appeared to have been recently left as it was not weathered and the cloth that was not covered in blood still appeared clean and White. Officer Palmer notified me that he found an Xbox 360 Game (Gears of War

OAKLEY POLICE DEPARTMENT

Narrative

3) approximately 30 feet from where the tank top was. The blue jeans appeared to have been there for a long period of time as they were stiff, weathered and had weeds growing into them.

Officer Palmer contacted Detective Horn and advised him of what we found. Detective Horn advised us to contact Rancho Cordova Police Department of what we found in case they were working any suspicious cases and to collect the clothing and Xbox game. Officer Palmer contacted Rancho Cordova PD and was advised that they were not working any cases and were not going to come to our location.

Officer Palmer and I collected the Xbox game, the White tank top and the Blue jeans for evidence. Officer Palmer later worked with PSA Rostran and booked the evidence into the Oakley property room. Officer Palmer and I continued to the residence at [REDACTED] Kiefer Blvd, refer to his supplemental report.

Officer Palmer and I canvassed the area of 12701 Kiefer Blvd (Sacramento County Landfill) for video surveillance, refer to his supplemental report.

Sergeant Cartwright was advised of this incident.

Other 1: EVANS, NICOLE

Involvement Other	Invl No 1	Type Individual	Name EVANS, NICOLE
-----------------------------	---------------------	---------------------------	------------------------------

Narrative

On 02/05/22 at 0959 hours, Sergeant Cartwright and I made contact with OTH- Nicole Evans at ██████ Sherman Island Road. Evans stated the following in summary:

Evans was leaving her residence to pick up her kids when she notices a black SUV driving slowly down Sherman Island Road. The vehicle was unfamiliar to the area and the way it was driving slowly made Evans nervous. Evans saw the vehicle pull over to the side of the road and thought maybe it was just turning around. It was a nice of enough car that Evans was not too worried about it. Evans saw a male driver with lighter brown skin and a black female passenger. Evans thinks she might have seen the vehicle leaving when she returned from picking up her kids but was not for certain.

Evans does not know exactly what day she saw the black SUV. It could have been Wednesday around 1320 hours, or Thursday around 1440 hours. Evans did not get a look at the license plate at all. Evans would not be able to identify the driver or passenger if she saw them again.

This incident was recorded on my department issued Axon body camera.

Narrative

On 02/04/2022 at approximately 1600 hours, I was working as a Corporal of Police for the City of Oakley. I was assisting the Oakley police Investigations Unit perform an area canvas for evidence regarding O-Alexis Gabe and O-Marshall Jones in Rio Vista.

I was advised by Sergeant Cartwright that Detectives would like the area of 60 River Rd (HWY 84) and River Rd in Rio Vista canvassed for any evidence or signs of Gabe or Jones.

Sergeant Cartwright and I checked the area of HWY 84 while assisting Officers checked the area of River Rd. Sergeant Cartwright and I canvassed the area by walking up and down the roadway. To the West of the road is the Sacramento River. To the East of the road is a large amount of pasture land for livestock. There was a barbed wire fence along the pasture and a large amount of brush and vegetation making it difficult to navigate further.

While checking the area, there was a large amount of garbage and it appeared to be a regular illegal dump location for random people.

Sergeant Cartwright contacted a Rio Vista PD Sergeant who advised us of a fire that had occurred three days prior along the shoreline. I searched the area of the fire and it appeared to have been a homeless encampment that had caught fire. I did not find any signs or evidence of Gabe or Jones being in the area.

On 02/05/2022 at approximately 0800 hours, I was advised by Detective Horn that Jones' cellphone had call detail records (CDR) showing that he had been in the area of Sherman Island East Levee Rd along Threemile Slough, a body of water. Detective Horn advised he also had information that Jones would have been in his mother's vehicle.

I joined Deputy Reyes and Deputy Coupe, who are Contra Costa County Marine Patrol Deputies and provided the service of their county patrol boat. Oakley police officers, Contra Costa Search and Rescue, and Investigators from the District Attorney's Office assisted the search on the ground and air. Deputy Reyes, Coupe and I arrived in the area by boat and began searching the area of Threemile Slough at San Joaquin River.

Deputy Reyes, Coupe and I began navigating northbound on Threemile Slough, watching the West shoreline of Sherman Island East Levee Rd. Assisting Deputies and I continued a slow moving search pattern, working northbound up Threemile Slough and focusing on the West shoreline until reaching the northern shoreline. The area of Sherman Island East Levee Rd wraps around like a peninsula, adjacent to Threemile Slough. Assisting Deputies and I continued around the tip of the peninsula, moving southbound and watching the East shoreline of Threemile Slough.

Assisting Deputies and I turned around, continuing back on our previous path until we reached the area where Threemile Slough and San Joaquin River met. District Attorney Investigator John Garcia joined us on the boat and began periodically checking the shoreline with a drone as well as assisting in watching the shoreline. Assisting Deputies, DA Investigator Garcia and I continued southbound along the shoreline, passing through Eddo's Harbor and RV Park shoreline and harbor area.

Assisting Deputies, DA Investigator Garcia and I then turned around, continuing northbound along the eastern

OAKLEY POLICE DEPARTMENT

Narrative

Sherman Island East Levee Rd shoreline, until we reached the northern tip of the peninsula. We ended our search of the area and DA Investigator Garcia returned to his vehicle. Assisting Deputies and I returned to the Contra Costa Marine Unit Office.

I attached an approximate map of our route to this report. Approximate distance travelled was 13 miles.

On 02/06/2021 at approximately 1000 hours, Sergeant Cartwright and I returned to Threemile Slough utilizing Contra Costa Marine Patrol Unit Deputies Norvell and Campbell. Once in the area, Sergeant Cartwright joined a Sacramento County Marine Boat Unit to use their sonar capabilities. Refer to Sergeant Cartwright's supplemental report. I continued to search the waters of Threemile Slough with assisting Deputies using eyesight and their sonar capabilities.

Deputies and I continued our path from the previous day, but searched the North and West shores of Threemile Slough. While searching the area, I contacted O-Eugene Maple docked at the Brannon Island State Recreation Area. The docks there were old and in disuse and had a large amount of vegetation growing over them.

Maple told me in summary:

Maple said he was not from there area, but had been around Threemile Slough for the last four or five days. Maple said approximately four or five days ago when he was on the water, it was extremely windy and he was getting tossed around by the waves. Maple said it was just before dark, when he saw a boat smaller than his with a light on it. Maple recalled he felt it was suspicious, because of how bad the waves were due to the wind and was surprised anyone would be on the water at that time. Maple said it appeared there were multiple people on board the boat.

I ended my interview with Maple.

Assisting Deputies and I continued our search of the waters with negative results.

I attached an approximate map of our route to this report. Approximate distance travelled was 6 miles.

I returned to the Oakley Police Station and was advised Detectives would like to check the area of CA-160 and W Sherman Island Rd.

At approximately 1400 hours, Sergeant Cartwright, Detectives Minister, Horn and I went to the area described and began a ground search for any signs of evidence regarding Marshall or Gabe. We worked our way southeast along W Sherman Island Rd with negative results. We then returned to CA-160 and checked areas adjacent to Horseshoe Bend with negative results.

At approximately 1600 hours, we ended our search for the day.

On 02/07/2021 at approximately 1200 hours, Officer Palmer and I returned to the Shell Gas Station at Jackson Rd and Bradshaw Rd to obtain the video surveillance previously reported, refer to Officer Palmer's supplemental report. After obtaining the video surveillance, Officer Palmer and I went back to Grant Line Rd and Kiefer Blvd to canvass more areas.

At approximately 1245 hours, Officer Palmer and I checked an old pathway southeast of the Sacramento County Landfill. The pathway was approximately 2000 feet southeast of the southeast corner of the landfill and South of Kiefer Blvd. Officer Palmer and I walked approximately 400 feet down the pathway when we came across seven shell casings on the dirt. We checked the shell casings and they were Brass and Steel casings. The markings on the shell casings showed them to be 9MM Luger.

Officer Palmer and I further canvassed the area and it appeared to be a large nesting area for deer or wild pigs. There were a large amount of tracks showing small hooved feet as well as large amounts of vegetation pressed down in the manner of animals creating beds. Officer Palmer collected the shell casings and I took photographs and video of the area, uploading them onto the Oakley evidence.com database.

At approximately 1320 hours, Officer Palmer and I returned to [REDACTED] Kiefer Blvd and spoke to O-Susan Parisio. I asked Parisio if we could walk her property for an area canvas and she said that it was okay. Officer Palmer and I checked the fields North of Kiefer Blvd, East of Parisio's residence with negative results.

OAKLEY POLICE DEPARTMENT

Narrative

Officer Palmer and I checked the area of the reservoir South of Kiefer Blvd, West of the waterline with negative results.

I attached map locations of areas checked and where the casings were located to this report.

At approximately 1430 hours, Officer Palmer and I responded to [REDACTED] (Sherman Reclamation Office) to speak to O-Neil Favor about the Sherman Island video surveillance cameras. Detective Minister advised Officer Palmer and I that the office monitors all video surveillance for the area of Sherman Island East Levee Rd and the rest of Sherman Island. Favor gave Officer Palmer and I access to the Arlo video camera system and we provided that information to investigators.

On 03/12/2022 at approximately 1430 hours, I was contacted by O-Jennifer Hicks by telephone. Hicks told me in summary:

Hicks told me she had information regarding Gabe and she had friends in common with Jones' mother. Hicks said she had heard from these friends that Gabe was dead and Jones' mother knew that it happened. Hicks said Jones' mother had allegedly told him not to get her involved. Hicks also said that she had heard from friends that Jones' allegedly stole a car from his mother's boyfriend, "Kevin." Hicks said that from what she heard the car could have been where Jones killed Gabe.

Hicks did not know what kind of vehicle it was and did not know if it was registered to Kevin. Hicks said she believed Kevin was involved in car clubs and the vehicle could have been something a collector would have. Hicks did not have any other information.

Narrative

On 02-06-2022 I was working as the Patrol Supervisor for the city of Oakley. I was contacted by Detective Horn who asked me to enter OTH-Jones' (ex boyfriend) mother's vehicle (Ca license plate [REDACTED] into SVS. Detective Horn has a signed search warrant for the vehicle and it has not been located as of today. I attempted to enter the vehicle into SVS but received an error message. I entered the vehicle into MUPS. I attached the hit to this report. I ran the vehicle license plate and the MUPS hit returns, confirming the plate is attached to this case.

Other 22: DURAN,CHRISTY

Involvement Other	Invl No 22	Type Individual	Name DURAN,CHRISTY
-----------------------------	----------------------	---------------------------	------------------------------

Narrative

On January 27th, I was assigned to supervise the investigation of this case. I performed the following during this time:

- On 02/02/2022, I assisted Oakley Officers perform a search warrant on SUS-Marshall's home, [REDACTED] Benttree Way, Antioch with Antioch PD.
- On 02/03/2022, I assisted Antioch PD perform a search warrant on [REDACTED].
- On 02/04/2022, I assisted Oakley Officers searching the Rio Vista/160 shoreline.
- On 02/05/2022, I assisted Oakley Officers, Contra Costa County Sheriff's Marine Patrol and Air Squadron and the District Attorney's investigators in searching Sherman Island and Three mile slough.
- On 02/06/2022, I assisted Sacramento County and Contra Costa County Marine patrol units in sonar searching Three mile slough.
- On 02/07/2022, I drove to the Oaks apartments numbers 49 and 69 to obtain video footage from January 26th for missing person Gabe. I began reviewing the footage from 49 Carol Lane, which shows an South/East view of the parking lot in front of 49 and 69 Carol Lane. Two of the videos show at 1726 hours, a dark colored Ford

OAKLEY POLICE DEPARTMENT

Narrative

Mustang drives north into the parking lot and stops in front of Gabe's vehicle. At 1727 Gabe exits the vehicle from the passenger side and gets into her Infiniti. Gabe sits in her vehicle for several minutes and then leave the parking lot east at 1730 hours.

I also recieved video to the front of Carol Lane from building 49 parking lot in an attempt to locate footage of a male driving a grey colored sedan dropping off Gabe. I reviewed the footage on scene and was unable to locate the vehicle. I attempted to review the footage at the Oakley Police station but was unable to review the footage. The footage was downloaded to evidence.com under this case number.

On 02/09/2022, I requested Solano County Marine patrol search the water ways of Ryer Island while Oakley Police officers searched the banks of Ryer Island and Hastings Island.

On 02/10/2022, Ryer Island and Highway 160 were searched by me and Oakley Officers.

On 02/18/2022, Ryer Island was searched by foot and by boat by Oakley Officers.

On 02/23/2022, I assisted Officers in performing a search warrant of [REDACTED] Vacaville and a foot search of Defender Grade Road, Pioneer.

On 02/25/2022, the Polly Klass foundation performed a search of the area for Gabe. Oth-Duran, who was part of the search, located Gabe's cellular phone case on the west shoulder of Vista Grande Drive, just north of Bintree Way. Duran did not touch the case and notified police of what she had discovered. I responded to the scene and saw the case was located in the dirt by bushes between the side walk and fence. I placed the phone case into a bag and it was later booked into Oakley Evidence. Duran also located a pair of black pants a short distance to the south of the phone case. I also place the pants into a bag and they were later booked into evidence.

On 02/26/2022, I assisted Officers and Search and rescue from Amador, Placer and El Dorado County of Defender Grade Road and several ponds, Pioneer.

On 3/11/2022, I searched a pond in Pioneer near Defender Grade Road with two cadaver dogs from CAL OES. The dogs again made a positive alert for a body in the pond near the south and east shore.

This concludes my involvement in this case.

Other 1: HALE, TERRANCE MICHAEL JR

Involvement Other	Invl No 1	Type Individual	Name HALE, TERRANCE MICHAEL JR
-----------------------------	---------------------	---------------------------	--

Narrative

Supplemental Report.

On 02/03/2022, I was working patrol for the Oakley Police Department. At approximately 1605 hours, I was dispatched to contact OTH-Terry Hale regarding information on MSP-Alexis Gabe. I called Hale on the phone and he told me the following in summary:

On 01/24/2022, between the hours of 1000 and 1400, Hale went inside the Rite Aid store located at 2555 Main Street. When Hale walked in, he recognized Gabe as she was standing in the front area of the store, near the gift cards. Hale stated he saw Gabe standing with a Hispanic male, approximately 20-30 years old, approximately 5'11 with a thin build, blak wavy hair, and was wearing dark clothing. Hale recognized Gabe immediately because he would come to the Rite Aid and speak to her often when she had worked there previously.

Hale was unsure if Gabe saw him enter the store. Hale stated he was very familiar with Gabe and he feels she would have said hi to him if she saw him. Hale described Gabe as having hair that appeared disheveled and this was not normal for her. Hale and Gabe did not speak to each other and Hale did not see Gabe as he exited the store. Hale did not have any additional information for the male that he saw with Gabe and Hale did not recognize

Narrative

him.

This concludes Hale's statement.

After reviewing additional Officer's reports based on this case, it is possible Hale might have seen Gabe with her brother PRI-Gwyn Gabe.

Narrative

On 2/3/22 I was tasked with escorting MSP-Alexis Gabe's vehicle along with LED-Marshall Jones' vehicle to [REDACTED]. Vehicles were to be processed by FBI ERT at their location. At approximately 0700 hours I met with A&M Towing at [REDACTED] in Oakley (Oakley PD's evidence storage) to retrieve Gabe's 2012 Infinity G37.

Myself and A&M tow drove to Antioch PD located at 300 L Street in Antioch where I met with Detective Gerber. Arrowhead tow responded to that location to transport Marshall's vehicle 2005 Ford Explorer. I then escorted both tow trucks transporting the vehicles to the previously listed location in Oakland.

FBI ERT teams processed both vehicles and later transferred all collected evidence from Gabe's vehicle to me for storing at Oakley PD and they gave all the evidence from Marshall's vehicle to Antioch PD detective on scene for storage at Antioch PD.

Evidence collected from Gabe's infinity was:

- (2) .40 Cal spent cartridge casings found inside the vehicle (instrument panel and trunk area)

Above listed items were logged into Oakley PD evidence lockers.

After vehicle was processed I escorted A&M towing back to Oakley PD evidence warehouse to store Gabe's vehicle. I signed the tow invoices and attached them to this report.

On 2/4/22 I assisted Oakley officers during an area search surrounding the Rio Vista Bridge. We canvassed the area searching for Alexis Gabe and any item(s) of evidentiary value. During the search a couple of areas were discovered where vehicles can drive up to the river bank. Multiple tire tracks were found at location. I took photographs of the areas of interest and also of the tire tracks seen at the locations.

Evidence collected during this area search was as follows:

- (1) large brown trash bag
- (1) white latex glove

OAKLEY POLICE DEPARTMENT

Narrative

On 2/5/22, again I assisted Oakley PD officers as well as DA investigators during an area search of Sherman Island Rd East (3 mile slough). A search was conducted on foot, vehicles, drone, and marine patrol boat. Again some areas of interest were found where vehicle tire tracks were located off road. I took photographs of these areas. Two additional items of evidence were collected during this location search as follows:

- (1) empty box of Swisher cigarillos
- (1) black and white jacket

All evidence items were photographed, packaged, sealed and logged into Oakley PD evidence. All photographs were downloaded to Oakley PD main evidence R drive and also uploaded to Evidence.com server

During this search a thumb drive was collected from Edo's RV park and Marina located on Sherman Island Rd with video footage of roadway. I took possession of this thumb drive and downloaded video surveillance footage to Oakley PD evidence R drive for review.

Attachments:

- Copy of FBI property receipt
- Copy of A&M invoices for vehicle tow to and from FBI building

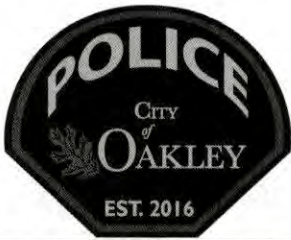

End of report.

Narrative

On 2/10/22 Officer England was tasked with escorting Marsall Jone's work vehicle to FBI ERT building located at [REDACTED]. The vehicle processed by FBI ERT is a 2015 Hyundai Hatchback CA license plate [REDACTED].

After processing vehicle, Officer England signed for all the evidence collected during this process and returned it to Oakley PD for storage. At approximately 1900 hours Officer England arrived at Oakley PD and I signed a new chain of custody taking possession of all evidence returned by FBI ERT. A copy of their property list/receipt detailing each item collected is attached to this report.

I entered all items received as per their supplied list of evidence (Evidence log). A CD was also provided with photographs of the vehicle processed. I downloaded all photographs to main evidence R drive and also uploaded them to Evidence.com server.

All items had been packaged and sealed by FBI personnel. I signed a new chain of custody showing all items received from Officer England and I entered and logged all items into Oakley PD evidence.

Summary Narrative

This is a supplemental report to Officer County's original report.

Vehicle:

Involvement Evidence	Type Auto	License No [REDACTED]	State California	Lic Year 2023
Lic Type Regular Passenger Automobile Plates	Year 2015	Make Hyundai	Model Elantra	Style 4-door Automobile
Color White	VIN [REDACTED]			

Narrative

On 02/10/2022 at about 0652 hours, I followed A&M Towing to Antioch Police Department to pick up OTH-Jones, Marshall's white 2015 Hyundai Elantra license # [REDACTED] work vehicle which was stored at their facility. A&M towing loaded the Hyundai onto his tow truck and I followed him to the FBI evidence processing building in Oakland.

I stayed on scene with the vehicle at the FBI building and I watched FBI agents process the Hyundai. Multiple pieces of evidence were collected by the FBI agents during the search. FBI agents logged all the evidence and packaged all the evidence into bags. FBI Special Agent Meredith Stanger gave me possession of all the evidence collected and their log. A&M towing towed the Hyundai back to Antioch Police Department. I loaded and transported all the evidence in my patrol vehicle back to Oakley Police Department and gave Police Services Assistant Rostran all the evidence that was collected by the FBI.

Narrative

Supplemental Report

On 02/21/2022, I was working patrol for the Oakley Police Department. At approximately 1541 hours, I was dispatched to contact OTH-Anonymous regarding information about Alexis Gabe. I called anonymous from my

Narrative

department issued cell phone and she told me she wished to remain anonymous for this report.

Anonymous is currently living in Tacoma, Washington. Anonymous stated she is friends with LED-Ariana Eaton, who is the sister of Marshall Jones. Eaton is currently living in Vacaville. On 02/18/2022, at approximately 1914 hours, Eaton contacted anonymous on the phone. Eaton told anonymous she had found a handwritten note at her residence in Vacaville that was left by Jones. Eaton stated the handwritten note was left specifically for her and she had found it inside a box of decorations. Eaton stated the note had turn-by-turn directions from Eaton's residence in Vacaville to the "Foothills". When anonymous asked Eaton about the directions and what they mean, Eaton responded by saying she would have to speak to her attorney first. Eaton did not elaborate or provide any additional information to anonymous about this note that was left. Anonymous believes the last time Jones was at Eaton's residence was possibly the weekend after Gabe went missing.

I advised anonymous to contact Oakley PD if she were to get any further information regarding this case.

Supplemental Report

On 02/28/2022, I was working patrol for the Oakley Police Department. At approximately 0916 Hours, I was dispatched to contact OTH-Susanna Thompson about an exchange of information regarding this case. I called Thompson from my department issued cell phone and she told me the following in summary:

Thompson stated the Polly Klaas Foundation was conducting a search near her residence, at [REDACTED] in Brentwood, for MSP-Alexis Gabe over the weekend. Thompson wanted to contact Oakley PD to advise she has LPR camera attached to her residence. Thompson said she is willing to check her camera for any potential license plates that are of interest to Oakley PD in the search for Gabe. Thompson's camera is only able to hold license plate information for up to 30 days after the data is collected.

Narrative

I attached a Google Maps photo of Thompson's residence for reference.

Narrative

On 2/23/22 I assisted Oakley PD and Antioch PD Detectives and Officers during the search warrant at a location

Report Officer OA504/Rostran, Manny	Printed At 05/24/2024 09:51	Page 1 of 2
---	---------------------------------------	-------------

OAKLEY POLICE DEPARTMENT

Narrative

in the City of Vacaville located at [REDACTED]

Once the scene was cleared and considered safe I photographed the scene. During this search warrant a 2 page hand written note was collected as evidence in the case. The 2 page note was folded inside a zip lock clear plastic bag. I photographed it at the scene and later made a photocopy of the note which I uploaded to the e-files tab on this report. The original note was packaged and sealed in a document manila envelope and logged into Oakley PD evidence.

Due to the information on this note a search for Alexis Gabe was conducted later that day at the location listed in the note. I assisted during that search. We returned the following day to search the area of Defender Grade Rd in the City of Pioneer and a full search with the assistance of the Amador County Sherriff's search and rescue team.

On 2/26/22, I again assisted Oakley Detectives and Officers in another search in the Pioneer area of interest. This time we received help from the Amador County and other agencies including El Dorado County search and rescue teams. During this search a folding Smith & Wesson knife (3" blade) was located. This knife was collected as evidence and I later packaged, sealed, and logged into Oakley PD evidence.

While Oakley PD and other agencies were conducting this searches, that same weekend from 2/25/22 to 2/27/22 the Klass kids foundation had arranged a search party with Alexis' family. They conducted searches in the areas of Antioch and Brentwood. During this search they located a cell phone case near the location of Marshall Jones' home. The phone case was identified as being the case belonging to Alexis' cell phone. Oakley officers responded to collect the item of evidence and was placed in a temporary evidence locker for the weekend.

On 3/1/22 I packaged, sealed, and logged the phone case into Oakley PD evidence. Also on the same day Detective Horn provided me with a Lab request form to take the item to the Contra Costa County Lab for processing. I transported the item to the lab to be processed for fingerprints and DNA.

All photographs taken of search warrant and evidence items were downloaded to main Evidence R drive and uploaded to Evidence.com server.

On 3/7/22, I responded to a supplemental call for service from dispatch regarding the missing person case. The PR in the call provided a cell phone number for call back. I contacted PRI-Lori Marshall via telephone and she stated the following in summary:

Lori started the conversation by stating that she was Morgan Strenfel's mother. Morgan Strenfel is the girlfriend of Alexis' brother Gwyn Gabe. Lori also stated that she wanted to provide information that was given to her by an anonymous source to Oakley PD before providing any of this information to the family directly. Lori then stated that she had received an anonymous phone call from an unknown number and this person wanted her to know some information regarding this case. The anonymous caller provided Lori with the following information:

"Marshall Jones purchased a black light prior to Alexis' disappearance. Marshall's mom has either a new phone number or a prepaid account of some sort. Check Marshall's playstation account as it is active and he uses it to make frequent contacts, and finally Marshall told his mom that he would never be caught alive"

After Lori mentioned all this information I asked her if she remember the caller to be a male or female and she stated that it was a female voice.

Lori then expressed her wishes to speak to lead Detective Horn on this. I provided the above information along with Lori's contact number to Detective Horn the following day and advised to contact her for further information.

End of report.

Modus Operandi

Crime Code(s)
Unknown

Narrative

I received the footage of SUS-Marshall Jones III at the airport, boarding his flight on 02/02/2022, a day after the search warrant was served at ██████ Benttree Wy. The footage was provided to me by Alameda County Sheriff's Office who has a contract with the Oakland Airport where Marshall's flight departed from. I turned the footage over to Antioch PD for downloading and analysis. Refer to Antioch PD Sergeant Stenger's supplemental report for analysis of footage.

On 03/24/2022, I authored a search warrant to drain the pond located at 38 degrees 25' 50.4" north by 120 degrees 34' 01.4" west on the property of 25400 State Highway 88 in Pioneer, CA. The search warrant specified that a pump may be utilized to drain partial or full contents of the described pond. The search warrant was signed by the Honorable Judge Nancy D. Stark of Dept. 20 Superior Court, Contra Costa County, CA.

On 03/25/2022, Oakley Police detectives responded to Pioneer, CA near Defender Grade Rd. for a search and rescue operation. The goal of the operation was to utilize rescue divers in order to locate the body of Alexis Gabe. The pond had been dove before, but due to new sonar imaging provided by contractors at PG&E, a new search area was identified. Refer to Lieutenant Cartwright's supplemental report for details.

Detectives were met by Amador County Sheriff's Search and Rescue dive team. Four members were present, along with a supervisor.

Divers determined the area was not suitable for diving due to approximately 3 feet of weeds and approximately 18+ inches of mud on the bottom of the pond. The area was taped off with crime scene tape in the instance it needed to be searched again. No evidence or body was located.

On 03/30/2022, arrangements were made to drain the pond located at 25400 State Hwy 88 in Pioneer per the search warrant. The equipment arrived on 03/31/2022 and pumping began on 04/01/2022 at approximately 0700

Narrative

hours Antioch and Oakley police detectives maintained a visual on the operation for the remainder of pumping. The pumping concluded on 04/05/2022. Due to the thick mud and growth, the pond was left to be dried out in the coming days.

On 04/10/2022, A search and rescue operation was conducted at the Cedar Mill pond area in Pioneer. Nothing related to Alexis Gabe was located. Refer to Lieutenant Cartwright's supplemental report for details.

Summary Narrative

This is a supplement to Officer County's original report.

Narrative

Based on evidence provided to Oakley Detectives, I requested CAL OES provide cadaver dogs to search the pond located in Pioneer. Based on their positive alerts at the scene, I contacted John Fisher, a Hydrographic Surveyor for PG&E to scan the pond floor. On March 21, 2022 John Fisher and his crew met me and Oakley Detectives at the pond to perform a sonar scan of the pond floor with their scanning equipment. At the conclusion of the scan, Fisher emailed me the results of the scan and showed me an image they had located which was of interest. One of the scans appears to be a body lying on the pond floor with its arms and legs out stretched. I have attached the scans that were forwarded to me, see attached.

Based on the scans, I requested Amador County and Contra Costa County Sheriff's Office Dive teams respond to the area to perform a search of the pond. On March 22nd, divers searched the pond with negative results. On March 25, John met me and the Amador County Dive team to provide an accurate area to be search for the anomaly. At this time, divers were unable to locate anything due to mud and vegetation on the pond floor. Over the weekend, Amador County Dive team continued to search the pond floor with negative results.

Due to the positive alert on the pond by cadaver dogs, the sonar scan of the floor and negative search results by the dive teams, a search warrant was authored by Detective Horn to drain the pond. Sun Belt Rentals was contacted and two pumps were delivered to the pond on March 31st and pumping of the pond began on April 1st. The pond was staffed by Oakley and Antioch Police while the pumping was performed by PG&E staff throughout the weekend and was completed on April 5th.

The pond floor was allowed to dry and then was searched on April 10th by multiple Cal OES cadaver dogs as well as Oakley PD Detectives. The pond floor was still wet and difficult to search by foot due to sinking into the mud. At the conclusion of the search, there was no definitive alerts by the search dogs and no signs of any remains located.

Narrative

On 03/01/2022, OTH-Leslie Clark called Oakley PD to inquire about his vehicles still in Antioch PD's possession.

Leslie said the following in summary: Leslie asked about the Ford Explorer who was used in the "investigation with the missing young lady." Leslie stated he needed the vehicle for his DJ business that he does. He uses it to transport his equipment. I asked Leslie if he had heard from Marshall at all. Leslie said he had not, that he is keeping in contact with his mom, but he had not heard from him recently. Leslie stated that he did not have a lawyer and also did not say that he felt like he needed one.

I asked him if he would come down to the PD to give a statement. Leslie asked what his statement would be regarding and I told him it would be about everything that happened thus far. Leslie said he would talk, but he did not feel like he needed to come to the station to do so. He was worried that he would be "locked" into a room and forced to answer questions. I told him the process was entirely voluntary.

I told Leslie we were curious about a lot of things, one being why he had an industrial sized mop bucket in his kitchen (which was not present when Marshall let me into the house on 01/28/2022). I asked him if that was a purchase that he made. Leslie stated "It is something that I purchased. I work for the city of San Francisco." I asked him if he was using the mop bucket for work. He said no, but he gets things from work all the time. Leslie said that he will use things from work occasionally at his home. Leslie said he did not want to get into that too much. I asked him about the other cleaning products at his house. Leslie said he used to be married and a lot of that stuff was from his previous marriage. He was not used to cleaning as much when he was married, now he has to clean and uses said products.

I shifted to asking Leslie when the last time he saw Alexis at his house. Leslie said "As I've said before, I think it was the weekend before she came up missing." Leslie said that she was reported missing on Thursday (01/27) and he was called by Marshall on 01/28 (Detective Minister and I contacted Marshall at his home) saying that we

Narrative

were there and searching for Alexis. The night of 01/28/2022, Marshall told Detective Minister and I that Leslie was at the gym that night. I asked Leslie what gym he goes to was 24 Hour Fitness in Brentwood.

Leslie also said the Ford Explorer is the only vehicle Marshall had access to and was allowed to use. I asked Leslie if Marshall told him anything about Alexis's disappearance. Leslie said Marshall said the couple did not have any problems. Leslie said that Marshall told him that they (Alexis and Marshall) were in his bedroom and then she left shortly after. Marshall told Leslie that Alexis left when he was at the gym. Leslie said he normally does not pay attention to Marshall's bedroom, because they do whatever they do in there. Leslie said he did not notice Alexis or Marshall's vehicle at the Benttree address when he returned from the gym. He simply could not remember. Leslie said that he did not hear anything coming from Marshall's room. Leslie also said he gets up early, so he goes to sleep shortly after he gets home from the gym.

Leslie then repeated that he did not remember if he saw either of their vehicles at the Benttree address when he returned from the gym. Marshall told Leslie that he went back into his room and played video games after Alexis left the residence. Leslie stated he installed cameras at his house after the inspectors initially came (referring to Det. Minister and I). Leslie wanted to know what was going on outside his house, that is why he had the cameras installed. Leslie said Marshall left his house on Friday (01/28) and his mother came to get him. Leslie said he owns his house and he is still currently staying there.

End interview.

I uploaded all the relevant lab reports and returns to this report.

Narrative

This supplemental report was generated to book evidence. I have attached the corresponding Solano County Sheriff's Office report.

If this pair of glasses is deemed to belong to Alexis Gabe by the family identifying them, they will be sent off to the lab for analysis.

I booked the glasses into Oakley PD evidence.

End report.

Narrative

The purpose of this report is to add an additional item of evidence. During the search performed by volunteers and directed by the Klass kids foundation during the time frame of 2/25/22 to 2/27/22 in the Antioch/Brentwood areas a pair of black pants Old Navy brand were found. The pants were collected by Oakley PD officers and placed in a temporary evidence locker.

Today Detective Horn informed me we need to send the pants to the crime lab for examination. I entered the pants as evidence in the case so they can be sent to crime lab for processing.

Evidence:

Old navy black pants

Narrative

A tip line dedicated to Alexis Gabe that was started on 04/28/2022. The following tips have been taken by investigators manning the tip line.

4/28/22 from Pat Anderson [REDACTED] Nothing of value, Pat stated Anthony Paiva at [REDACTED]

1709A
OAKLEY POLICE DEPARTMENT

Released to: _____
Released by: _____ Date: **22-176**

Supplement No
0042

Narrative

_____ was the man in the video. Pat would not provide a description.

4/29/22 from Anonymous female at _____ Says her friend is a "medium" and the suspect is Anthony Adams, a Facebook friend of hers. The "medium" friend was "too overwhelmed" to speak with police. Nothing of value, no circumstances of homicide or disappearance.

4/29/22 from Anonymous: Christopher Dacosta (43 year old mixed male) looked like the person in the video. Description did not match, nothing of value.

4/29/22 from Veronica Heath _____ Veronica is an "intuitive" and is offering her assistance with the Alexis Gabe case. No tip of value.

4/29/22 from Lauren _____ Lauren said a male who she knew matches the description of the person shown in the video Oakley PD released. The persons name is Jeffrey Benthin, a white male who is homeless and exhibits erratic behavior. The person Lauren described did not match the description of the video released by us. Nothing of value.

4/30/22 from Patricia _____ Patricia stated she spent a year in Sacramento in 2018. During that time, Patricia communicated with a person named Alexis, who she was not sure was the same Alexis. Nothing of value.

4/30/22 from Christine _____ Christine gave her suggestions on how the police could work this case. Suggested that we should check large fields and the acreage on Holmes Road, she had a weird feeling because she watched a Dateline special recently. Nothing of value.

5/1/22 from Donna _____ The caller described their upstairs neighbor at Arbor Ridge apartments. Similar to video, unconfirmed and had no further description. Nothing of value.

5/1/22 from Ryan _____ Ryan called but was unable to be called back due to a voicemail box that had not been set up.

5/1/22 from Robert _____ Robert stated he saw a male who resembles the suspect released on video by Oakley PD. Robert said he appeared homeless, with dreadlocks. Did not match the description put out by Oakley PD, nothing of value.

5/3/22 from Laura _____ Saw a person who looked like the person in the video Oakley PD released, no further information.

5/4/22 from unknown caller at _____ Caller sent an e-mail to the tip line with video, no such video located.

5/5/22 from Nicole _____ Suspected sighting, nothing of value.

5/5/22 from Debra _____ Had a "vision" that Alexis was at Holland Tract and Tranquility Bay road. UTL on area check.

5/7/22 from William _____ William said he overheard an unknown male and female talking about Alexis Gabe is in the back yard of a house on Carpenter Rd. During our investigations a separate homicide was reported during a Contra Costa County Office of the Sheriff's search warrant. CCCSO case #22-2419 and William could not describe the couple.

5/7/22 from Stella _____ Kayla _____ was a mutual friend of ex-boyfriend SUS-Marshall Jones III and SUS-Alicia Coleman-Clark. During January 2022, the mother (Coleman-Clark) was stressing out and would not let people in her house. Stella remembers this being before the search warrant that was served at _____ As of 05/17/2022, investigators were still actively looking into Kayla and her involvement.

5/8/22 from _____ Had a premonition of where Alexis is. A garage with a roll up door. Too broad to search, nothing of value.

1709A

Released to: _____ 22-176
Released by: _____ Date: _____

OAKLEY POLICE DEPARTMENT

Narrative

5/8/22 from [REDACTED] Male named Samisi said Alexis may have been at a homeless camp. Too broad to search, nothing of value.

5/13/22 from Jennifer [REDACTED] Called to report a suspicious SUV with not plates. Unknown what the relation to this case is. Nothing of value.

5/13/22 from Amber [REDACTED] Called to report a struggle between a male and a female outside of her apartment in Dublin, CA. Unknown relation to this case. Amber just said it was during the same time frame (January 2022) as this case was going on.

5/14/22 from Mariah [REDACTED] Stated she believes a similar subject to the person in the video OPD released lives at [REDACTED] Benttree Wy in Antioch. Mariah also said she saw him at Starbucks on Lone Tree Way and Slatten Ranch. Nothing of value.

5/14/22 from Chris [REDACTED] Chris stated he saw Alexis's vehicle at Oakley Rd. and Live Oak Av. with the door wide open parked on the right side of the street (where it was recovered).

5/15/22 from Marie [REDACTED] Marie said she saw a person resembling Alexis Gabe standing in front of her house. Marie said she could not be sure if it was Alexis, felt like she needed to call. Nothing of value.

5/15/22 from [REDACTED] Did not appear to be a working line on call back.

5/15/22 from Andrea [REDACTED] Brought up the homicide on Carpenter Rd. no other information or leads.

5/15/22 from [REDACTED] This caller explained how Google tracking works to the investigator. Noted.

5/16/22 from Jennifer [REDACTED] forwarded from tip line in the office: Jennifer explained how during 24 hours of 1/26/22 when Alexis went missing, there was a person who jumped off the Antioch Bridge. Jennifer did not know if it was a male or female.

5/16/22 from [REDACTED] Caller talked about a 3rd firearm that Marshall owns that is still outstanding. This caller said that she knew the Jones family to include Alicia and [REDACTED] a friend of Alicia's. [REDACTED] sister. The night of the karaoke party at Alicia's house (1/28/22) Alicia used [REDACTED] phone to call Marshall once or twice. At that party, Alicia was telling [REDACTED] that she understands if they cannot be friends anymore. When asked why Alicia responded "You will find out in a couple of weeks." Prior to the first search warrant at Alicia's house on [REDACTED] [REDACTED] said that she hired a company to pour concrete in her back yard. This tip is currently being investigated.

5/17/22 from [REDACTED] Suggested that police look into the Gabe family because she believes they are acting strange. No merit to this tip.

On 05/25/2022, myself and Antioch PD investigators responded to a pond at 24645 Highway 88 in Pioneer, CA to address a small pond that was on private property. The pond/land belonged to [REDACTED], the resident there. The search included divers, who dove the pond on their property. Amador County Deputies dove the pond and did not locate anything amounting to Alexis or her remains. The pond was approximately 120' by 120' and the divers covered the entire pond. Oakley and Antioch police detectives and staff conducted a foot search of Epperson Excavating Inc. behind 15451 Pioneer Creek Rd. which is an approximately 4-5 acre parcel behind the 15451 Pioneer Creek Rd. address. It was once an excavation company which has since been closed and is accessible by side road off Pioneer Creek Rd. The property was largely brush and dirt, which did not reveal any signs of Alexis Gabe or her remains. No disturbed dirt or mounds were noted during the foot search.

On 05/26/2022, the Contra Costa County District Attorney's Office issued an arrest warrant for Marshall Jones III for homicide. Antioch and Oakley detectives traveled to Kent, WA where Marshall Jones was staying with an associate.

The area where Jones was staying was a multi-unit apartment complex. Jones was staying with an associate (who refused to be interviewed by us) on the first floor of building C in apartment C105. The U.S. Marshals

Narrative

Fugitive Apprehension Task Force was utilized to conduct the entry and arrest of Jones.

On 06/01/2022, the U.S. Marshals Fugitive Apprehension Task Force conducted an entry at the residence in Kent, WA after a search warrant was signed by a Washington state Judge. Jones was met with lethal force of which California detectives were not involved. Seattle Police Department force investigation team took over the investigation. This incident was documented under Seattle PD case #2022-138957 and Kent PD Report #22-7324.

This concluded our criminal investigation into Marshall Jones III under Antioch PD case #22-00745. The search effort for Alexis will continue as leads become available.

Summary Narrative

Supplemental report regarding ongoing investigation.

Narrative

Pursuant to a Bank of the West Search warrants, I discovered Marshall Jones made a cash withdrawal of \$100 from the Somersville Bank of the West ATM on 1/25/22 at 1847 hours. Jones was captured on video at the ATM withdrawing cash while his cell phone showed to be on at Jones' residence on Benttree Way.

Jones only made the following two cash withdrawals prior to the withdrawal on 1/25/22:

12/13 CASH WD ATM 008464 1805 TELEGRAPH AV OAKLAND CA [REDACTED] -23.00
01/03 CASH WD ATM 7815-002388 BK WEST DIAMOND BLVD CONCORD CA [REDACTED] -50.00

Due to the fact Jones also left his phone at home while he drove Gabe's vehicle to Trenton Street on the night of 1/26/22, and the fact Jones only made two other cash withdrawals from November 1st, 2021 to February 28th, 2022 according to checking account records, I believed Jones intentionally left his phone at home while Jones made this ATM transaction. Based on the totality of the circumstances, I believe Jones left his phone at home when he withdrew money and most likely made a cash purchase, because Jones knew that law enforcement would be able to track his location from his cell phone records and would more easily discover any suspicious purchases.

Jones also stated he stayed home the entire day on 1/26/22 and did not leave the house at any time, according to Jones' statement to police on 1/28/22. This is another reason why I did not see a reason for Jones to take out \$100 cash, when he had not withdrawn that much money in any of the previous Bank of the West Bank Statements received from the search warrant covering the four previous months.

I contacted Anderson Liu on February 11th, 2022. Liu is the regional Home Depot Investigator. Liu ran reports regarding purchases of mops and mop buckets identical to the items found in Jones' residence. Liu provided reports from purchases made at Home Depots in the Bay Area around the time frame of Gabe's disappearance. I reviewed the reports but did not see any items that stood out as having been purchased by Marshall Jones. Leslie Clark later stated in a phone interview with Detective Horn that Clark may have brought the mop bucket home from work at some point. Clark was believed to be a plumber in San Francisco.

I went to Lowe's in Antioch and also conducted the same investigation with their on site loss prevention employee. I reviewed several video clips of transactions of mops and mop buckets but did not find any mops or mop buckets purchased by Marshall Jones from Lowe's around the time of Gabe's disappearance.

I contacted the Lowe's regional investigator in May 2022 and requested all cash transactions on 1/25/22 made at

Report Officer OA019/Minister, Casey	Printed At 05/24/2024 09:51	Page 1 of 2
--	---------------------------------------	-------------

OAKLEY POLICE DEPARTMENT

Narrative

the two Antioch Lowe's locations. I did not locate any transactions that appeared to match the excessive amounts of laundry detergent located in Jones' garbage can or bleach spray products located on Jones' bathroom and kitchen counter. The video at these Lowe's locations were no longer available.

I contacted a regional investigator for Walmart and Target. I requested they obtain transaction details for multiple transactions made on Jones' Capital One credit card statements at both stores within the months prior to Gabe's disappearance from Jones' residence on 1/26/22.

I obtained Target cash transactions on the evening of 1/25/22 at the Pittsburg and Antioch Target. I did not see any purchases that stood out as being items associated with this case.

I spoke to Lee Frasier, an investigator for Walmart who also checked purchases on 1/25/22 at the Antioch and Pittsburg stores. There were no purchases that stood out as being related to this case. Frasier also checked previous transactions from Jones' credit card statement but all of the transactions were unrelated.

I contacted WINCO investigators who also reviewed their records. No records associated with this case were located at WINCO.

I noticed a transaction on 1/25/22 at AM/PM-ARCO on Laurel Road in Oakley for \$80.15 on a credit card that ended in [REDACTED]. Barnes checked the ARCO database and found a transaction at \$80.15 at 5:44 PM. This was consistent with Jones' cell phone records placing him at that gas station at the same time. Based on the dollar amount, I believe Jones filled his gas tank up at the time.

While reviewing CDR and location data, I saw Jones' cell phone went to Bank of the West on 1/25/22 in Oakley. This ATM is located on the corner of Main Street and Carol Lane. I located video footage of Jones going to the ATM. Jones arrived in his Ford Explorer, walked up to the ATM machine, stood at the ATM machine, then went back to his Explorer and drove away.

According to CDR records, Jones then drove east on Main Street, south on Empire Avenue, west on Oakley Road, south on Live Oak Avenue, then Jones drove west on Laurel Road and went to the AMPM gas station where Jones filled up his gas tank.

Jones then drove home, left his cell phone at home, and drove to the Somersville Bank of the West ATM machine in Antioch. Per Bank of the West records, no transaction occurred at the Oakley ATM. Video was obtained from Bank of the West that showed Jones at the Somersville ATM machine. Since Jones left his cell phone at home when he took money out, and did not make any more transactions that night with his debit card or ATM, I was unable to determine where Jones went after he removed cash from the ATM.

Narrative

PHONE INTERVIEW WITH CORY DECKER

On 6/6/22, I was reviewing call detail records of Marshall Jones the week prior to Alexis Gabe's disappearance. I noticed a call from Marshall Jones to OTH-Cory Decker on 1/25/22. Decker is an Oakley Police Officer who has been out of work from an injury for about 18 months. This was the only call Jones made to Decker according to call detail records.

I phoned Decker and asked if he knew Marshall Jones. Decker said he did not, but the name sounded familiar. I told Decker that Jones was the suspect in the Alexis Gabe case. Decker said that must have been why the name sounded familiar.

I told Decker that Jones phoned him in January. Decker did not recall any phone calls with Jones. I told Decker

OAKLEY POLICE DEPARTMENT

Narrative

that Jones was black male with a thin build. Decker then said maybe Jones was a guy Decker had met during Decker's physical therapy at John Muir. Decker said he exchanged phone numbers in January 2021 with a Marshall who worked at John Muir Health. Jones worked in the front of the building and screened people for COVID. Jones stated he wanted to be a police officer and Decker offered to help Jones out.

Decker said they later exchanged text messages and I asked Decker if he still had the text messages between them. Decker said he would check and forward them to me if he had them. Decker said he had not been to the police department since this case started and he had no idea the Marshall from John Muir was the suspect Marshall Jones.

Decker forwarded me all of their text messages and I later uploaded them to evidence.com. I reviewed the text messages which showed the following relevant text messages:

On December 1st, 2021, Jones sent a text message during a conversation that said the following:
I'm gonna be honest my ex and me got back together and recently broke up like last night I blocked her deleted her number gave her all her stuff I'm a little sad but I just remembered how you always made yourself available.

On December 22nd, 2021 Jones sent Decker a text message after Decker asked how Jones was doing. Jones replied:
"Honestly I've been better. Just trying to take it one day at a time. If this was the 5 stages of grief I'm in between anger and being sad."

The last text message was December 25th about Christmas.

Decker later checked his phone records and the phone call on 1/25/22 was the only call between Jones and Decker. I asked Decker if he recalled what the phone call was about. Decker said Jones asked Decker a police related question. Jones asked Decker if police in California could go out of state to arrest someone who committed a crime in California. Decker told Jones that it depended on the severity of the crime. Decker remembered telling Jones about a case in Oakley where someone threatened to shoot up a school and it was discovered the suspect was in Texas. Decker told Jones that Oakley PD went to Texas and arrested the suspect for that crime.

Decker told me he thought maybe someone Jones knew had a minor criminal case and Jones was asking for them. Decker said the way Jones presented the question in a casual manner, and the fact Jones was trying to be a police officer, the question did not throw up any red flags to Decker at the time.

I asked Decker how certain he was on a scale from 0-100 that the conversation about a criminal fleeing out of state was with Marshall Jones. Decker said he was very certain and would rank his certainty "In the 90's."

I uploaded the audio recording of my phone interview with Decker to evidence.com.

I checked the date and time of the phone call Jones made to Decker and it was on 1/25/22 at 1511 hours.

This call was shortly before Jones drove to Oakley, pre-drove the route Gabe's vehicle took from Jones on 1/26/22 (Live Oak Avenue, Oakley Road), and filled up his gas tank at ARCO. Jones then drove home, left his phone at home and took cash out of the ATM at the Somersville Antioch. It is not known if Jones used the \$100 cash he withdrew to purchase items or if he pre-drove the route he took on 1/28/22 and used the \$100 cash to re-fill up his gas tank. I believe the phone call to Decker, pre-driving the route Alexis' Infinity took on 1/26/22, and taking cash out of the ATM while his cell phone remained at home, were all calculated steps Jones took on 1/25/22 within a few hours to plan and conceal Alexis Gabe's murder.

PHONE INTERVIEW WITH BENJAMIN KUNG

On 6/7/22, I phoned OTH-Benjamin Kung. Kung was previously identified as a possible friend or associate of

OAKLEY POLICE DEPARTMENT

Narrative

SUSPECT-Marshall Jones due to several phone calls between them from early November 2021 to early February 2022, per call detail records.

I recorded the phone conversation with Kung. I summarized and paraphrased our conversation below. Refer to audio recording for exact verbiage and sequence.

I phoned Kung and identified myself as an Oakley PD Detective. I asked Kung if he knew why I was calling, and Kung asked if it was related to Marshall Jones. I told him it was, and I asked him to describe his relationship with Jones. Kung met Jones about 5 years prior when Kung supervised Jones at Fry's Electronics. They would occasionally meet up for a beer and hang out from time to time. Kung kept in contact with Jones after they both moved on to new jobs. Kung said he met Alexis Gabe 2-3 times at work parties about 4-5 years ago but had not seen her since.

Kung did not know any of Jones' other friends and it would typically be just the two of them when they went out for a beer.

Kung's father passed away in early January and he talked with Jones on the phone several times during that time to support one another. Kung said they would speak on the phone for 10-20 minutes during that time. Jones always wanted to go out to nightclubs, but Kung was not interested in the club scene.

In mid-January, Jones phoned Kung and Jones was crying on the phone. Jones said he missed Alexis and he wanted to get back with her. Jones said he did not know what to do about their situation and appeared more depressed than before. Jones never mentioned wanting to physically harm Alexis or anyone else. Jones said he wanted to send Alexis' mother a video of Jones and Alexis having sex to get back at Alexis. Kung told Jones that was a bad idea.

Kung agreed to meet up with Jones for a beer in mid-January. They met up but were trying to keep Jones' mind off Alexis, so they didn't speak about their relationship much. They spoke on the phone a few more times after that.

Around the end of January, Jones phoned Kung and asked if Jones could stay the night at Kung's house because Jones had an early flight in the morning. Jones asked if Kung could give him a ride to the airport. Kung agreed and let Jones stay the night. Kung woke up around 4 am to take Jones to the airport. Kung asked Jones where Jones was flying to. Jones told Kung that Jones was a private person and Jones did not want to say where he was flying to. Kung thought it was strange that Jones did not tell him where Jones was flying. Kung said he didn't hear from Jones again. Kung did not reach out to Jones any more after that and Jones did not call again.

End of statement.

PHONE INTERVIEW WITH THOMAS KLIZEK

During records check of Marshall Jones' CDR records, I saw a phone call from Thomas Kluzek to Marshall Jones on 1/30/22.

On 6/7/22, I phoned Kluzek and told him I was a Detective with Oakley PD. I recorded the phone call and later uploaded the conversation to evidence.com. I told Kluzek his name came up in an investigation related to Marshall Jones. Kluzek told me the following in summary:

Kluzek has known Jones since they were children and played pee-wee football together. At some point in their childhood, Jones moved back to Washington. Kluzek kept in contact with Jones occasionally but they were not close friends. In late January, Kluzek, saw Jones' residence on the news related to Gabe's disappearance. Kluzek immediately recognized Jones' residence on the news. Kluzek called Jones and asked him how he was doing. Jones said he was fine. Kluzek asked Jones what was going on because Kluzek saw Gabe was missing and saw Jones' residence on television. Jones said he could not talk about it and they ended the conversation. Kluzek said he heard in the news that Jones was killed in WA state and Kluzek hoped the Gabe family was able to locate their daughter. Kluzek said he had only met Alexis one time previously.

End of statement.

OAKLEY POLICE DEPARTMENT

Narrative

PHONE INTERVIEW WITH DONOVANN DONGALLO

On 6/7/22, I phoned Donovan Dongallo recorded the interview. I told Dongallo I was a Detective with Oakley PD.

I explained that I was calling regarding his contacts with Marshall Jones. I asked Dongallo to describe his relationship with Jones. Dongallo said he and Jones were co-workers at IDAX and they did not hang out outside of work. They started working there at about the same time in November 2021. Dongallo left the company after he heard about Jones being looked at in the disappearance of his girlfriend. Dongallo said he was right next to Jones while they worked and they rode together in a work vehicle frequently. Dongallo said he was "tripped out" that he was so close to somebody who was involved in a "kidnapping".

I asked Dongallo if he ever talked about Alexis. Dongallo said Jones told Dongallo that Jones moved from Washington to California because of Alexis. They broke up after Alexis found out Jones cheated on him. Dongallo recalled Jones being very depressed about his relationship ending with Alexis while they were in the car together. After Jones and Alexis broke up, Jones spoke about going to night clubs. Jones did not appear angry or aggressive at any time while they were at work.

I asked Dongallo if they ever visited Jones' residence or if Jones ever asked to use Dongallo's vehicle. Dongallo answered no to both questions.

I asked Dongallo if he recalled phone calls made between the two of them on 1/26/22 when Jones was not working. Dongallo said he did remember those phone calls. Dongallo was at work while Jones had the day off. Their supervisor Jerid asked Dongallo to go out to Bethel Island to fix some issues at a job site that Jones had not done properly the day before. Dongallo wanted Jones to go out to Bethel Island to fix the issue since it was Jones that did not complete the job properly the first time and Dongallo was busy working other jobs. When Dongallo phoned Jones, Jones said he was unable to go out to Bethel Island because he was busy.

I asked Dongallo if he recalled Jones ever talking about hypothetical situations about killing someone or if Jones made any random statements that were concerning. Dongallo said Jones did not talk about any hypothetical situations but Dongallo did recall a random question Jones asked Dongallo. Dongallo said they had just gone to Taco Bell in Oakley on their back from Bethel Island. Dongallo said it was the day before he was calling Jones about fixing the mistake that was made in Bethel Island so it had to be on 1/25/22. While they were driving in the car in Oakley, Jones asked Dongallo if Dongallo thought police could "ding" cell phones. Dongallo said yes of course police could "ding" cell phones. Dongallo did not ask why Jones was asking and there was no additional follow-up discussion about it.

End of statement.

Narrative

Supplemental Report

On 06/29/2022, I was working patrol for the Oakley Police Department. At approximately 1745 hours, I was dispatched to contact OTH-Heather Swift for information regarding MSP-Alexis Gabe. Please refer to Officer County's original report for additional details.

I contacted Swift from my department issued cell phone. Swift stated she is currently residing in Florida, but she had previously lived in Contra Costa County prior. Swift described herself as a psychic or medium, and she has visions. Swift stated she has been both correct and incorrect in her visions in the past. While in Florida, Swift became aware of the disappearance of Gabe around the month of January. Swift stated she had a vision at that time of possibly a white female taking Gabes' body near Rio Vista, after the bridge. Swift vision showed her a

Narrative

large building, and Alexis' body was near the edge of the water, by garbage dumpsters. Swift did an online search, and she gave the name of Riverside Elevator for the name of the business in the building she had a vision of. Swift has continued to have these visions as recently as a few days prior to me contacting her.

An online search revealed Riverside Elevators is located at 14712 CA-160 in Isleton. I took a screenshot from Google maps showing the pinned location as well as surrounding area. This photo is attached to this report.

Summary Narrative

INV supplement to original report.

Modus Operandi

Crime Code(s)
Unknown

Narrative

On 07/13/2022, APD Sgt. Stenger, Det. Cox and I investigated a tip from Pioneer, CA.

Upon arrival we were greeted by OTH-Kaylie who stated during late January of 2022, she saw something that frightened her. She described that she saw two males in two dark SUV's near a backhoe that was digging on the property in front of hers. When Sgt. Stenger, Det. Cox and I arrived in Pioneer, we saw a vacant property with a large wood pile and an abandoned home/cabin. The cabin had nothing inside. The wood pile was apparently moved that night according to Kaylie. The ground where the wood pile was previously was soft and appeared to have been dug at some point.

The property needed to be searched with cadaver dogs and possibly ground penetrating equipment to seek disturbances underneath the dug out portion.

The property was searched with OES K9 Zabra and handler Stewart. Nothing was noted.

On 08/16/2022, I accompanied Sergeant Stenger and Detective Cox for an interview in Happy Valley, CA. The interview will be documented by Antioch PD detectives in their supplemental reports.

On 11/03/2022, I was notified by the Amador County Sheriff's Office that a citizen e-mailed them a tip about human remains found off Highway 16 in Amador County. Due to the deputies intimate knowledge of the case, it being on the route that our suspect took on 01/28/2022, we were notified promptly. The scene was losing daylight, so it was secured until the morning. On 11/04/2022, Antioch and Oakley PD investigators responded to the scene where a human skull was located. The skull was complete with the two top vertebrae, teeth (minus four front top teeth) and a lower mandible with all teeth. After searching approximately half a mile in either direction of the original site, no additional remains were located. The area was searched by ground searchers and California Office of Emergency Services cadaver K9's.

1709A
OAKLEY POLICE DEPARTMENT

22-176

Supplement No
0046

Narrative

Forensic Odontologist Dr. Duane Spencer D.D.S. was summoned to the Amador County Sheriff's Office to conduct a forensic identification. After receiving Alexis's most updated dental x-rays. Dr. Spencer made a positive identification for the remains of Alexis Gabe. The forensic Odontologist report is attached.

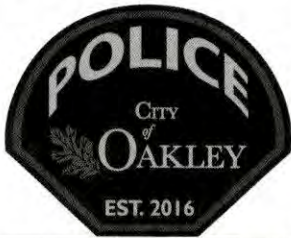

Alexis's remains was turned over to Contra Costa County Coroner's Bureau by M. Rostran. The remains will be held at the Coroner's Bureau for further analysis.

Alexis Gabe will remain in MUPS pending other remains being found.

Narrative

On 07/16/22, from 0900 to 1200 hours, the Gabe family planned a community volunteer search for possible evidence pertaining to this case. Several volunteers gathered and searched the area of Oakley Road and Live Oak Avenue. Volunteers found the below listed property and notified Dispatch. They were instructed not to touch any items found. I responded to the location, photographed the items, and collected them as evidence. All items were collected and handled with latex gloves on. All photographs were uploaded to Evidence.com and uploaded

OAKLEY POLICE DEPARTMENT

Narrative

into Oakley PD evidence hard drive (R:). All items were booked into Oakley PD evidence.

- 1) Camera photo lens from possible cell phone. Located on the east shoulder of Live Oak, approximately 60 feet south of Oakley Road.
- 2) Smashed cell phone screen. Located on the west shoulder of Live Oak, approximately 45 feet south of Oakley Road.
- 3) Part to a computer. Located in the bushes in front of 4621 Live Oak Avenue.
- 4) Maroon pair of women's underwear. Located on the west side of Live Oak, approximately 80 feet north of Sandy Lane and 6 feet west of the roadway edge. One pair had "Aloha Summer" in pink lettering.
- 5) 8 pairs of women's underwear. Located on the West side of Live Oak, approximately 80 feet north of Sandy Lane and 20 feet west of the roadway edge.
- 6) Possible cell phone piece. Located approximately four feet west of the west roadway edge of Live Oak, in front of 4621 Live Oak Avenue.
- 7) One pair of gloves located in front of 4440 Live Oak Avenue.
- 8) One pair of gloves. One located across from 4681 Live Oak Avenue next to construction equipment.
- 9) Pregnancy test located across from 4930 Live Oak Avenue on the west shoulder.
- 10) A pair of smashed Air pods. Located on the east shoulder of Live Oak, approximately 100 feet south of Oakley Road.

Narrative

On 07/23/22, from 0900 to 1200 hours, the Gabe family planned a community volunteer search for possible evidence pertaining to this case. Several volunteers gathered and searched the area of Neroly Road, between Live Oak Avenue and Empire Avenue. I responded to the location to provide extra patrol due to speeding vehicles. Volunteers found the below listed property. They were instructed not to touch any items found. I photographed the items and collected them as evidence. All items were collected and handled with latex gloves on. All photographs were uploaded to Evidence.com and uploaded into Oakley PD evidence hard drive (R:). All items were booked into Oakley PD evidence.

- 1)Electric Cord, eye drops, saline spray, USB cord. Located on railroad tracks just south of the Laurel Road overpass.
- 2)Miscellaneous women's clothing, Located 55 feet west of Neroly Road, and 210 feet north of the Laurel Road overpass, near a large bush.
- 3)Miscellaneous women's clothing, Located 55 feet west of Neroly Road, and 210 feet north of the Laurel Road overpass, near a large bush.
- 4)Possible cell phone parts. Located three feet west of Neroly Road, across from the water treatment plant.
- 5)Brown frame glass. Located three feet west of Neroly Road, across from the water treatment plant.
- 6)Possible cell phone parts and cracked screen. Located three feet west of Neroly Road, across from the water treatment plant.
- 7)Gry/blk underwear. Located three feet west of Neroly Road, across from the water treatment plant.
- 8)Apple Ipod. Located 7 feet east of Neroly Road, in front of the water treatment plant.
- 9)Sims card holder. Located three feet west of Neroly Road, across from the water treatment plant.
- 10)Nike Shoe. Located three feet west of Neroly Road, across from the water treatment plant.
- 11)Black face mask. Located three feet west of Neroly Road, across from the water treatment plant.
- 12)Sephora container. Located three feet west of Neroly Road, across from the water treatment plant.
- 13)Unknown computer parts. Located three feet west of Neroly Road, across from the water treatment plant.
- 14)JW USB charger port. Located 7 feet east of Neroly Road, in front of the water treatment plant.

Narrative

Alexis Gabe case (See original 22-176).

(PRI) Shane Duncan, who has participated in organized Gabe family planned community searches in the past, decided to drive along the railroad tracks running adjacent to Laurel Rd and Neroly Rd. While driving along the railroad tracks, Duncan spotted a (EVD) pink and zebra printed bikini top. Duncan stated that he saw Gabe wore a lot of pink in her picture and thought it might be hers. Duncan located the item approximately 5 feet east of the railroad tracks that run directly in front of 3960 Neroly Rd.

I collected the clothing item and later booked it into evidence at Oakley Police Station.

I booked the clothing item into Locker #5 at Oakley Police Station.

Narrative

On 5/7/22 myself, along with Oakley PD Officers and Detectives, Antioch PD Detectives, Contra Costa County Sheriff's Search and Rescue and a number of FBI personnel conducted yet another search in the area of Pioneer, CA looking for MSP-Alexis Gabe. The day long search concentrated in the area of Pioneer Creek Road just off Hwy 88.

Towards the end of the search we were in the area near a public park located at 2510 Buckhorn Ridge Road when FBI and Oakley PD personnel conducted one last search behind the park area near a ravine which was heavily wooded. During this search what seem to be like a possible shallow grave was located and FBI personnel conducted a throughout search of this area which included digging several buckets of loose dirt and sifting through the dirt searching for any possible jewelry or personal belongings. In this area several pieces of clothing were found which were collected as evidence by FBI personnel and later transferred to Oakley PD.

The evidence collected at this scene was as follows:

- (1) Blank tank top
- (1) Forever 21 Black pants
- (1) Talbot Black pants size 6
- (1) Gray "rooted Old Oak Ranch 2010" shirt
- (1) bag containing plastic pieces
- (1) Soil sample (from digging location)
- (1) Soil sample (from Road)

OAKLEY POLICE DEPARTMENT
CONTROLLED DOCUMENT

Released to: _____
Released by: _____ Date: _____

All these items were logged by FBI and then transferred to Oakley PD. FBI sent me a copy of the evidence collection log which I scanned and attached to this report.

On 5/16/22, Evidence item #7 from my supplemental report 22-176-006 (item record #220000036 #7) which is the partial broken cell phone face was released to Antioch PD detectives for further investigation and lab examination. Item was scanned out as checked out to detectives.

On 9/1/22, I re-scanned every evidence item for this case into Oakley PD evidence room location and consolidated all the evidence in the case, re-boxed all items, and stored in a specific location within the evidence room.

Narrative

On 9/6/22 I was assigned to the Oakley police department as a Certified property & evidence technician/CSI. At approximately 0930 hours I was dispatched to a found property call to an unknown location in the City of Oakley.

OAKLEY POLICE DEPARTMENT

Narrative

I met with FPR-Shane Duncan at the Laurel Ridge church parking lot which is located at the intersection of Neroly Rd and Live Oak Av. Sgt Minister also responded and was on scene.

Shane then directed us and drove us to the area where he found the items. The items were in a large open field which had been recently mowed to prevent fires. This open area is between Neroly Rd and Hwy 4. Shane first drove us to an area where there was a draining culvert and a large white with black print piece of plastic was laying on the ground. The item resembled a possible shower curtain, it was full of dirt, grass clippings and it appeared to have some dark discolored spots of what appeared to possible be blood. I photographed and collected the item placing it in a large plastic bag for transport.

Shane then drove us about 100 yards to another location where he directed us to a white and discolored tyvek/painters plastic suit. I photographed and collected the item placing it in a large plastic bag for transport.

I then returned to Oakley PD where I laid the items on the ground over butcher paper in order to fold them and log them into evidence. Once folded I wrapped both items in butcher paper, sealed, signed and logged both items into evidence.

Evidence:

(1) large piece of plastic (possible shower curtain) white w/black print and possible blood stains

(1) white tyvek suit

I notified Detective Horn of the findings.

End of report.

Summary Narrative

This is a supplement to Officer County's original report.

On 9/9/22 at approximately 1130 hours the car belonging to MSP-Alexis Gabe was released to her father Gwyn Gabe. The vehicle is no longer needed as evidence in the case and the release was authorized by Lt. Cartwright. Detective Tyler Horn was also notified. I completed a vehicle release form which Gwyn signed. A copy was given to him and original kept for our records.

Community Search Report – Missing Person, Alexis Gabe, (23) CA.

Report Date: 7 March 2022
LE Case Number: Oakley Police Department Case number 22-176
Responsible Agency: Oakley Police Department
KlaasKIDS Case Number: 22-02064
Search Location: Area surrounding Oakley CA.
Search Date: 25-27 February 2022, 5 March 2022

1. Search Overview:

KlaasKIDS was contacted by the family of 23 yo Alexis Gabe, who was reported as missing 27 January 2022. Several local efforts to find her were conducted during the weeks after her disappearance without success. KlaasKIDS Community Search team arrived on the 24th of February and initiated strategies to engage the local community for a methodical and concentrated search effort.

2. Search Assignment:

Volunteers were briefed on Alexis Gabe, 23 yo, reported missing from Oakley, CA. Volunteers were provided safety instructions and means to collect and send information to the search center for potential clues. A tip line number was also provided to pass out to residents they encounter who may be hesitant to discuss with team members.

Community searchers selected the type of assignments they wanted during briefing, descriptions were provided; these included driving reconnaissance which consisted of locating areas for access into public lands to conduct search operations. If areas were marked as private property, attempts to request access were made. These areas were marked accordingly on our maps, and/or a formal request to the responsible agency for access to these areas.

**SENSITIVE INFORMATION - DO NOT DISSEMINATE OR SHARE
WITHOUT PERMISSION**

Alexis Gabe 20-02064

Canvass teams were instructed on how to ask targeted questions to businesses and in residential areas for information about Alexis. Any information was documented and turned over to the search center for inclusion in our reports to law enforcement. Anything determined as actionable was turned over immediately.

Ground Search teams were instructed how to conduct closed grid searches looking for potential clues. Mapping required a minimum of three team members who were provided access to the map and how to mark their tracks to ensure coverage was completed.

Communications were maintained via radio and cell contact. Searchers were instructed to contact the Alexis Gabe Search Center for anything suspicious or unusual and to photograph/document all findings.

When the tasks were completed, all team members were to report back to command for debrief and were released.

Friday, 25 February 2022 the Alexis Gabe Search Center deployed 75 volunteers throughout the local area, canvassing neighborhoods and searching undeveloped areas for clues.

Saturday, 26 February 2022 the Alexis Gabe Search Center deployed 231 volunteers throughout the local area, canvassing neighborhoods and searching undeveloped areas for clues.

Sunday, 27 February 2022 the Alexis Gabe Search Center deployed 180 volunteers throughout the local area, canvassing neighborhoods and searching undeveloped areas for clues.

Saturday, 5 March 2022 the Alexis Gabe Search Center deployed 85 volunteers throughout the local area, canvassing neighborhoods and searching undeveloped areas for clues.

3. Phone Tip(s):

1) License Plate Reader – Anna Thompson at 19391 Marsh Creek Rd (Circle J Ranch) has law enforcement grade LPR cameras providing views up and down Marsh Creek Rd. Phone number is (925) 408-9399

2) Phone Tip 7 March 2022 – Cynthia Guitierrez (925) 301-7383. She witnessed a WM (50's, 5'9" 210lbs with long hair, long mustache in White T-shirt and blue jeans) violently ripping down missing posters of Alexis in downtown Martinez. This took place at approx. 1130am in front of the Downtown Martinez Post Office.

WITHOUT PERMISSION**

Alexis Gabe 20-02064

4. Search Results and Findings:

Over the course of three days, five shifts were scheduled from 0900-1230 and 1300- 1630 on Friday 25 February 2022 through Sunday 27 February 2022, for the Alexis Gabe Community Search. The Alexis Gabe Search Center registered 494 volunteers of which 486 assisted in some capacity, either as one of the 470 field searchers or as administrative support to the 51 teams that deployed. Alexis has not been found, however, the community effort did yield some potential clues and information which has been reported to Oakley Police Department, Detective Horn.

On Saturday 5 March 2022, operations continued from 1000-1500, registering 94 volunteers to continue the search effort. All potential clues were forwarded to Oakley Police Department, Detective Horn

5. Access

Family Consent & Hold Harmless Agreement

I (we) Gayn & Rowena Gabe authorize KlaasKids Foundation and its agents, which includes Called2Rescue and other NGO's affiliated with the Child Protect Alliance to assist in locating my/our missing family member named Alexis Perry Gabe. My (our) signature(s) below indicate my (our) consent for KlaasKids Foundation to begin such assistance and to continue to its natural conclusion.

Consent is hereby granted for the use of photographs, video and electronic images of my (our) family member along with information concerning the disappearance of my (our) family member. KlaasKids Foundation may use such photographs, videos, images and information with law enforcement, investigators, and other missing person organizations, local and national media, including television, newspapers and magazines, flyers, posters, or any other distribution sources deemed necessary. I (we) agree that distribution, commercial and non-commercial, anywhere in the world, is permitted in any way the KlaasKids Foundation sees fit in the effort to locate my (our) missing family member.

I (we) further consent to the investigation and confirmation by KlaasKids Foundation and its agents of any and all information (we) have given or will give to assist in locating my (our) missing family member.

By signing this Agreement, I (we) agree to release, indemnify and hold harmless, KlaasKids Foundation, its directors, officers, employees, volunteers, and authorized agents from any and all liability, claims and causes of action which may result or arise from search activities or the use of photographs, video or electronic images, or release of information concerning the disappearance or recovery of my (our) missing family member. I (we) understand that KlaasKids Foundation in no way guarantees the location of my family member, or the actions that may be taken in the effort to find my (our) family member.

I (we) agree to notify KlaasKids Foundation within ten (10) days of the location of my (our) family member. I (we) will not hold KlaasKids Foundation or any other assisting agency or publisher or their agents liable for showing photographs, video or electronic images after the location and recovery of my family member.

REPORT OF LABORATORY EXAMINATION

Laboratory #: 22-428-1	Agency: Oakley Police Department
Issue Date: February 8, 2022	Agency Case #: 22-176
Service: Death	Requested by: Cartwright, Logan
Request Date: February 1, 2022	Case Type: Death
Suspect(s): None Listed	Complainant(s): Gabe, Alexis

Report of Field Services

General Information

Laboratory Personnel: Fingerprint Technician J. Fong, Criminalist J. Mertz, and CSI B. Kellmann
Date and Approximate Time of Arrival/Departure: February 1, 2022, 10:10 a.m. to 11:00 a.m.
Location: 5467 Benttree Way, Antioch

Observations and Findings

The request to process the residence was canceled by Oakley PD prior to arrival.

Analyst:

Janine Fong

REPORT OF LABORATORY EXAMINATION

Laboratory #: 22-428-2	Agency: Oakley Police Department
Issue Date: February 10, 2022	Agency Case #: 22-176
Service: Processing	Requested by: Horn, Tyler
Request Date: February 9, 2022	Case Type: Homicide
Suspect(s): Jones III, Marshall	Complainant(s): Gabe, Alexis
Related Agencies: 22-000176 Antioch Police Department	

Summary:

- The item(s) below have no usable prints.
- Item(s) were swabbed for potential DNA testing.

Examination Results, Opinions, and Interpretations:

<u>Submission #</u>	<u>Other ID</u>	<u>Evidence from Laboratory #: 22-000428</u>
5	O22-176 21 ITEM 1	XBOX 360 CD

5-1		"XBOX 360 GEARS OF WAR 3" CD <i>No usable print(s) developed</i> Techniques used: Superglue, Dye Stain and a Forensic Light Source.

16		Swabs from "XBOX 360" CD (Item 5-1)

5-1-A		Swab from edges of CD

5-1-B		Swab of stain on label side of CD

5-1-C		Swab of ridge detail from CD

Disposition:

The submitted CD was swabbed for potential DNA. The swabs were forwarded to the Biology Unit for analysis.

Analyst:

Oakley, CA 94561

Receipt of Evidence: *(outer package(s) were received by the laboratory in a tape-sealed condition)*

Submission #5: Manila envelope: XBOX 360 CD

Received from Manny Rostran by Bryan LaCoste on February 9, 2022

Dates of Testing:

February 9, 2022

Compliance Statements:

- All examined evidence, submitted by the agency or generated by the latent unit (such as photos and lifts), not pending further examination in the laboratory will be returned to the requesting agency or Contra Costa County Property and Evidence Services.
- Should additional comparison be necessary of any unidentified prints, please submit a laboratory request listing the individual(s) to be compared.
- Attempts will be made to locate known exemplars for an individual to be compared, suspect or elimination, throughout the State of California. A date of birth is required to locate exemplars.
- When exemplars used for a comparison were obtained directly from an agency, or were obtained from local, state, or federal archives, the veracity of the information was not independently confirmed by the laboratory.
- All results relate only to the items that were tested and apply to the evidence as received by the Forensic Services Division, except when otherwise indicated. This report reflects the test results, conclusions, and interpretations of the analyst as indicated by their signature.
- **Photoshop:** Image enhancements include any process that changes the brightness or color of any area of an image for the purpose of increasing visibility. Enhancements do not include changes to images that do not alter the content or do not increase visibility (e.g. cropping, rotating, labeling, and converting file types).
- **Forensic Light Sources:** TracER Laser or Alternate Light Sources.
- **O-tol** = Ortho-tolidine test is a presumptive test for the presence of blood.

Database Information:

- All qualifying friction ridge detail is searched through the Automated Biometric Identification System (ABIS).
- An ABIS "No Hit" result may be due to the known print not existing in the searched database, the known print may be lacking adequate quality, or the latent print may contain an undetermined feature from smudging or background noise.
- Latent prints searched in the local (Contra Costa and Alameda Counties) and FBI ABIS databases, but not identified, are enrolled to the unsolved latent database and continue to be searched. Should a hit occur, your agency will be notified and the print will be deleted from the database.

Print Quality Definitions Based on Analysis:

- **Sufficient:** the ridge detail present has an adequate amount of features (quality and quantity) such that a conclusion could be reached.
- **Insufficient:** the ridge detail present lacks an adequate amount of features (quality and quantity) for a comparison or for an ABIS search.

Comparison Decisions:

- This report contains the opinions and interpretations of the analyst, whose signature appears on this report, using the ACE-V method.

-
- **Source Identification:** The strongest degree of association between two friction ridge impressions. The observed data provides substantially stronger support that the two impressions originated from the same source rather than from different sources. There is strong correspondence present such that the examiner would not expect to see the same arrangement of details repeated in an impression from another source. This conclusion is rendered when sufficient discriminating characteristics are in correspondence between the latent print and the known print of an individual.
 - **Support for Same Source:** The observed data provides more support for the proposition that the impressions originated from the same source rather than from different sources; however, there is insufficient support for source identification. There are observed similarities between the impressions and some correspondence present, however the examiner may expect to see similar agreement in another source. The degree of support will range from limited to strong.
 - **Inconclusive:** The observed data does not provide a sufficient degree of support for one proposition of the source of the latent print over the other. The friction ridge impression(s) have limited clarity or quantity of detail to effect a stronger conclusion.
 - **Source Exclusion:** The strongest degree of disassociation between two friction ridge impressions. The observed data provide substantially stronger support that the two impressions originated from different sources rather than from the same source. There is a strong disagreement present such that the examiner would not expect to see that level of differences in an impression from the same source.

Notes:

- Value determinations made by Kathryn Novaes.
- Processing results reviewed by Roya Khouie-Vargas.

REPORT OF LABORATORY EXAMINATION

Laboratory #:	22-428-3	Agency:	Oakley Police Department
Issue Date:	February 10, 2022	Agency Case #:	22-176
Service:	Latent Comparison	Requested by:	Padavana, J
Request Date:	February 9, 2022	Case Type:	Homicide
Suspect(s):	Jones III, Marshall	Complainant(s):	Gabe, Alexis
Related Agencies:	22-000176 Antioch Police Department		

Summary:

- As a result of a comparison, Alexis Gabe was identified.
- A Contra Costa County fingerprint/palm print record was not located or used for one or more of the compared individuals in this case — see below for details.

Examination Results, Opinions, and Interpretations:

<u>Submission #</u>	<u>Other ID</u>	<u>Evidence from Laboratory #: 22-000428</u>
13		Eleven latent print cards
<hr/>		
13-1	LIFT 1	Latent lift card from "interior driver door handle (underside) Infinity G37 AY19W94"
<hr/>		
13-1-A		<p>Fingerprint <i>Print Quality: Sufficient for a comparison and an ABIS search.</i> Local and FBI ABIS databases searched: NO HIT.</p> <p>Better Exemplars Needed: Jessica Zuasola; DOB: 2/ 7/1993; Better exemplars needed of clear and complete fingerprints, including tips, for Jessica Zuasola</p> <p>Better Exemplars Needed: Alexis Gabe; DOB: 3/17/1998; Record: CA DOJ # 39628019 Better exemplars needed of clear and complete fingerprints, including tips, for Alexis Gabe</p> <p>Better Exemplars Needed: Gwyn Gabe; DOB: 12/ 5/1995; Better exemplars needed of clear and complete fingerprints, including tips, for Gwyn Gabe</p> <p>Better Exemplars Needed: Marshall Jones III; DOB: 2/24/1995; Record: CA DOJ # 35512932 Better exemplars needed of clear and complete fingerprints, including tips, for Marshall Jones III</p> <p>Better Exemplars Needed: Morgan Strenfel; DOB: 4/24/1996; Better exemplars needed of clear and complete fingerprints, including tips, for Morgan Strenfel</p>

Submission #	Other ID	Evidence from Laboratory #: 22-000428
13-2	LIFT 2	<p>Latent lift card from "Interior passenger door handle underside, Infinity G37 AY19W94" <i>No usable latent prints.</i></p>
13-3	LIFT 3	<p>Latent lift card from "Exterior driver door above handle Infinity G37 AY19W94" <i>No usable latent prints.</i></p>
13-4	LIFT 4	<p>Latent lift card from "Exterior driver door, near handle and opening edge, Infinity G37 AY19W94"</p>
13-4-A		<p>Fingerprint <i>Print Quality: Sufficient for a comparison, but insufficient for an ABIS search.</i> Technique used: Photoshop.</p> <p>Source Exclusion: Marshall Jones III; DOB: 2/24/1995; Record: CA DOJ # 35512932</p> <p>Marshall Jones III was excluded from this print.</p> <p>Source Exclusion: Morgan Strenfel; DOB: 4/24/1996;</p> <p>Morgan Strenfel was excluded from this print.</p> <p>Better Exemplars Needed: Gwyn Gabe; DOB: 12/ 5/1995; Better exemplars needed of clear and complete fingerprints for Gwyn Gabe</p> <p>Better Exemplars Needed: Jessica Zuasola; DOB: 2/ 7/1993; Better exemplars needed of clear and complete fingerprints for Jessica Zuasola</p> <p>Better Exemplars Needed: Alexis Gabe; DOB: 3/17/1998; Record: CA DOJ # 39628019 Better exemplars needed of clear and complete fingerprints for Alexis Gabe</p>
13-5	LIFT 5	<p>Latent lift card from "Infinity G37 AY19W94 exterior driver side door frame, above window" <i>No usable latent prints.</i></p>
13-6	LIFT 6	<p>Latent lift card from "Infinity G37 AY19W94 exterior passenger door handle"</p>
13-6-A		<p>Fingerprint <i>Print Quality: Sufficient for a comparison, but insufficient for an ABIS search.</i></p> <p>Source Identification: Alexis Gabe; DOB: 3/17/1998; Record: CA DOJ # 39628019</p> <p>The right thumb of Alexis Gabe was identified to this print.</p>

Submission #	Other ID	Evidence from Laboratory #: 22-000428
13-6-A (cont.)		Fingerprint This print was identified, no additional individuals were compared to this print.
13-7	LIFT 7	Latent lift card from "exterior passenger door near opening edge and handle, Infinity G37 AY19W94" <i>No usable latent prints.</i>
13-8	LIFT 8	Latent lift card from "exterior passenger door near opening edge and handle"
13-8-A		Fingerprint <i>Print Quality: Sufficient for a comparison, but insufficient for an ABIS search.</i> Technique used: Photoshop. <u>Source Exclusion: Marshall Jones III; DOB: 2/24/1995; Record: CA DOJ # 35512932</u> Marshall Jones III was excluded from this print. <u>Source Exclusion: Morgan Strenfel; DOB: 4/24/1996;</u> Morgan Strenfel was excluded from this print. <u>Better Exemplars Needed: Gwyn Gabe; DOB: 12/ 5/1995;</u> Better exemplars needed of clear and complete fingerprints for Gwyn Gabe <u>Better Exemplars Needed: Jessica Zuasola; DOB: 2/ 7/1993;</u> Better exemplars needed of clear and complete fingerprints for Jessica Zuasola <u>Support for Same Source: Alexis Gabe; DOB: 3/17/1998; Record: CA DOJ # 39628019</u> Features were observed in agreement between 13-8-A and the right index finger of Alexis Gabe, but the similarities were insufficient to support a source identification. This association had moderate support for same source. The limiting factors included a lack of clear discriminating features, small surface area, and a minimal amount of ridge characteristics present.
13-9	LIFT 9	Latent lift card from "exterior passenger door window Infinity G37 AY19W94" <i>No usable latent prints.</i>
13-10	LIFT 10	Latent lift card from "exterior hood, near passenger side, Infinity G37 AY19W94"
13-10-A		Fingerprint <i>Print Quality: Sufficient for a comparison, but insufficient for an ABIS search.</i>

Submission # Other ID Evidence from Laboratory #: 22-000428

13-10-A (cont.)

Fingerprint

Inconclusive: Marshall Jones III; DOB: 2/24/1995; Record: CA DOJ # 35512932

The result of the comparison to Marshall Jones III was inconclusive to this print.

Inconclusive: Alexis Gabe; DOB: 3/17/1998; Record: CA DOJ # 39628019

The result of the comparison to Alexis Gabe was inconclusive to this print.

Inconclusive: Morgan Strenfel; DOB: 4/24/1996;

The result of the comparison to Morgan Strenfel was inconclusive to this print.

Better Exemplars Needed: Gwyn Gabe; DOB: 12/ 5/1995;

Better exemplars needed of clear and complete fingerprints for Gwyn Gabe

Better Exemplars Needed: Jessica Zuasola; DOB: 2/ 7/1993;

Better exemplars needed of clear and complete fingerprints for Jessica Zuasola

REPORT OF LABORATORY EXAMINATION

Laboratory #:	22-428-4	Agency:	Oakley Police Department
Issue Date:	February 16, 2022	Agency Case #:	22-176
Service:	Ballistic Imaging	Requested by:	Horn, Tyler
Request Date:	February 9, 2022	Case Type:	Homicide
Suspect(s):	Jones III, Marshall	Complainant(s):	Gabe, Alexis
Related Agencies:	22-000176		Antioch Police Department

Summary:

The submitted cartridge cases were swabbed for potential contact DNA. The swabs will be forwarded to the Biology Unit for analysis. A separate report will be issued with those results.

Three firearms were likely used to fire the submitted 9x19mm and 40 S&W caliber cartridge cases based on an evaluation of the class characteristics, as follows:

- Unknown firearm 1: **items 7-1, 7-2, 7-3, and item 7-4*** (4 items, 9x19mm)
- Unknown firearm 2: **items 7-5, 7-6, and 7-7** (3 items, 9x19mm)
- Unknown firearm 3: **items 8-1 and 8-2** (2 items, 40 S&W)

*The class characteristics were not of sufficient quality to rule out the possibility that **item 7-4** could have been fired in a different firearm than **items 7-1 through 7-3**. An evaluation of the individual characteristics in an identification examination could confirm the number of firearms used. If this examination is needed, please resubmit the evidence.

Representative cartridge cases (**Items 7-3, 7-4, 7-5, and 8-1**) were entered into NIBIN. A ballistic lead report will be issued if any NIBIN Leads are located by ATF.

Evidence:

<u>Submission #</u>	<u>Other ID</u>	
7	O22-176 SUPP 29 #1	Seven 9x19mm caliber cartridge cases
7-1		One fired cartridge case headstamped, "JAG 9mm LUGER"
7-2		One fired cartridge case headstamped, "JAG 9mm LUGER"
7-3		One fired cartridge case headstamped, "JAG 9mm LUGER"
7-4		One fired cartridge case headstamped, "SIG 9mm LUGER"
7-5		One fired cartridge case headstamped, "FC NR · 9MM LUGER"
7-6		One fired cartridge case headstamped, "FC NR · 9MM LUGER"
7-7		One fired cartridge case headstamped, "· FC · 9MM LUGER"
8		Two 40 S&W caliber cartridge cases
8-1	O22-176 SUPP 30 #1	One fired cartridge case headstamped, "BLAZER 40 S&W"
8-2	O22-176 SUPP 30 #2	One fired cartridge case headstamped, "BLAZER 40 S&W"
17		Swabs of potential DNA from fired cartridge cases
7-8		Swabs of potential DNA from Items 7-1 through 7-7

8-1-A Swabs of potential DNA from Item 8-1
8-2-A Swabs of potential DNA from Item 8-2

Administrative Reviewer:

Donald Finley
Forensic Supervisor

Date: February 16, 2022

Supplemental Information

Client Address:

Oakley Police Department
3231 Main Street
Oakley, CA 94561

Receipt of Evidence: (outer package(s) were received by the laboratory in a tape-sealed condition)

Submission #7: NIBIN envelope: Seven 9x19mm caliber cartridge cases
Received from Manny Rostran by Bryan LaCoste on February 9, 2022

Submission #8: NIBIN envelope: Two 40 S&W caliber cartridge cases
Received from Manny Rostran by Bryan LaCoste on February 9, 2022

Dates of Testing:

The testing for this request was performed on February 10, 2022.

Compliance Statements:

- All evidence not pending further examination in the laboratory will be returned to the requesting agency or Contra Costa County Property and Evidence Services except for test fires created for entry into NIBIN, which are retained by the laboratory.
- Suitable items were entered into the National Integrated Ballistic Information Network (NIBIN) using IBISTRAX-HD3D.
- Entries in NIBIN are searched within Zone 4, which includes Northern California, Northern Nevada, Colorado, Idaho, Montana, Oregon, Utah, Washington, and Wyoming. Additional regions can be searched upon request. Cartridge cases are searched against all items in the database upon entry and against subsequent cartridge case entries. Test-fired cartridge cases are searched against cartridge cases from incidents that occurred prior to the recovery of the firearm. All entries remain in the database unless the laboratory receives a request to remove the entry from the database.
- All images created during examination will be stored in the laboratory's digital image server or retained in the case notes.
- Class characteristics: Measurable features of a specimen which indicate a restricted group source. Examples include caliber, breechface marks (shape and type), firing pin impression marks (shape and type), and many others.
- Individual characteristics: Marks produced by the random imperfections or irregularities of tool surfaces. These random imperfections or irregularities are produced incidental to manufacture and/or caused by use, corrosion, or damage. They are unique to that tool to the practical exclusion of all other tools.
- Magazine capacity is only determined upon specific request.

- All results relate only to the items that were tested and apply to the evidence as received by the Forensic Services Division, except when otherwise indicated. This report reflects the test results, conclusions, and interpretations of the analyst as indicated by their signature.

REPORT OF LABORATORY EXAMINATION

Laboratory #: 22-428-5	Agency: Oakley Police Department
Issue Date: February 19, 2022	Agency Case #: 22-176
Service: DNA	Requested by: Horn, Tyler
Request Date: February 9, 2022	Case Type: Homicide
Suspect(s): Jones III, Marshall	Complainant(s): Gabe, Alexis
Related Agencies:	
22-000176	Antioch Police Department

Examination Results, Opinions, and Interpretations:

Item 1: Swabs from dryer

Item 1-1: Swab collected from luminol lower washer nut

Due to the low level of DNA detected, this item was not selected for further testing at this time. Low levels of DNA generally do not yield DNA profiles of comparison value or that are suitable for entry into CODIS.

Item 1-2: Swab collected from luminol lower washer mid near label

The DNA result was interpreted as a mixture of three individuals and determined to be suitable for comparison.

The mixture is at least 38 million (10^6) times more likely if it originated from Gabe and two unknown, unrelated individuals than if it originated from three unknown, unrelated individuals. This analysis provides very strong support that Gabe is a contributor to the mixture.

The DNA mixture is ineligible for CODIS.

Item 4: Swabs from broken phone

Item 4-1: Swab collected from cell phone 1

Due to the insufficient amount of DNA detected, this item was not selected for further testing.

Item 4-2: Swab collected from cell phone 2

The DNA result was interpreted as a mixture of two individuals and determined to be suitable for comparison.

Gabe is excluded as a contributor to the mixture.

The DNA mixture is ineligible for CODIS.

Item 6: White shirt with blood

Item 6 was a white tank top with red-brown stains on both the interior and exterior surfaces. Blood was indicated on three representative red-brown stains based on positive o-tol presumptive test results. A stain on the front waist area was sampled and designated item as 6-1 for further testing.

A swab was collected from the interior neckline for potential DNA and designated as item 6-2.

Item 6-1: Cutting of o-tol positive red-brown stain from front waist

The DNA result was interpreted as a mixture of two individuals and determined to be suitable for comparison.

Gabe is excluded as a contributor to the mixture.

The DNA mixture is ineligible for CODIS.

Item 6-2: Swab collected from interior neckline area

A partial low-level DNA of at least one contributor was obtained. The DNA result is not suitable for comparison or entry into CODIS due to the low level of DNA and the uncertainty in the number of contributors.

Item 9: DNA swabs from victim's car

Item 9-1: Swab collected shifter knob

The DNA result was interpreted as a mixture of two individuals. With Gabe as an assumed contributor, one additional trace level allele was obtained. One trace level allele is insufficient for comparison or entry into CODIS.

Item 9-2: Swab collected from steering wheel

The DNA result was interpreted as a mixture of three individuals, with Gabe as an assumed contributor. The remaining portion of the mixture is suitable for comparison, however, is insufficient for CODIS.

DNA Reference(s)

Item 14: Toothbrush from victim

Item 14-1: Colgate toothbrush

The toothbrush head was swabbed for potential DNA.

Item 14-1A: Swab collected from toothbrush head

A single-source female DNA profile was obtained. The profile is assumed to be the DNA profile of Gabe and was used as a secondary DNA reference.

ITEMS NOT EXAMINED

Items 2, 3, 5, 9-3 through 9-7, 10, 11, 12, 14-2, 15, and 16 were not examined. If testing of additional items is required, please submit a new request to the Laboratory.

RECOMMENDATION

Submit an oral reference sample from the suspect for direct comparison to the generated profiles.

Evidence:

2	A22-745-64	Hair tie with hair
3	A22-745-54	19 swabs from Ford Explorer
4	O22-176 6 ITEM 8	Swabs from broken phone
4-1		Swab collected from cell phone 1
4-2		Swab collected from cell phone 2
5	O22-176 21 ITEM 1	XBOX 360 CD
6	O22-176 21 ITEM 2	White shirt with blood
6-1		Cutting of o-tol positive red-brown stain from front waist

6-2	Swab collected from interior neckline area
9	DNA swabs from victim's car
9-1	Swab collected shifter knob
9-2	Swab collected from steering wheel
9-3	Swab collected from passenger interior door handle
9-4	Swab collected from fake pistol
9-5	Swab collected from driver door handle
9-6	Swab collected from dashboard control board/radio
9-7	Swab collected from rearview mirror and turn signal
10	Oral Buccal Swab DNA Reference envelope with swabs from Gabe, Gwyn
11	Oral Buccal Swab DNA Reference envelope with swabs from Strenfel, Morgan
12	Oral Buccal Swab DNA Reference envelope with swabs from Zuasola, Jessica
14	toothbrush from victim
14-1	Colgate toothbrush
14-2	Clear plastic pouch
14-1-A	Swab collected from toothbrush head
15	hair comb from victim
16	Swabs from "XBOX 360" CD (Item 5-1)
5-1-A	Swab from edges of CD
5-1-B	Swab of stain on label side of CD
5-1-C	Swab of ridge detail from CD

Disposition:

Samples consumed: 1-1, 1-2, 4-1, 4-2, 6-1, 6-2, 9-1, 9-2, 14-1A
DNA extracts generated: 1-1A, 1-2A, 4-1A, 4-2A, 6-1A, 6-2A, 9-1A, 9-2A, 14-1A1
DNA extracts consumed: 1-2A, 4-2A, 6-1A, 6-2A, 9-1A, 9-2A

The remaining DNA extract(s) will be contained in their respective submissions.

Supplemental Information

Client Address:

Oakley Police Department
3231 Main Street
Oakley, CA 94561

Receipt of Evidence: (outer package(s) were received by the laboratory in a tape-sealed condition)

Submission #1: Manila envelope: Swabs from dryer

Received from Manny Rostran by Bryan LaCoste on February 9, 2022

Submission #2: Manila envelope: Hair tie with hair

Received from Manny Rostran by Bryan LaCoste on February 9, 2022

Submission #3: Paper Bag: 19 swabs from Ford Explorer

Received from Manny Rostran by Bryan LaCoste on February 9, 2022

Submission #4: Manila envelope: Swabs from broken phone

Received from Manny Rostran by Bryan LaCoste on February 9, 2022

Submission #5: Manila envelope: XBOX 360 CD

Received from Manny Rostran by Bryan LaCoste on February 9, 2022

Submission #6: Paper Bag: White shirt with blood

Received from Manny Rostran by Bryan LaCoste on February 9, 2022

Submission #9: Manila envelope: DNA swabs from victim's car

Received from Manny Rostran by Bryan LaCoste on February 9, 2022

Submission #10: Oral Buccal Swab DNA Reference envelope with swabs from Gabe, Gwyn

Received from Manny Rostran by Bryan LaCoste on February 9, 2022

Submission #11: Oral Buccal Swab DNA Reference envelope with swabs from Strenfel, Morgan

Received from Manny Rostran by Bryan LaCoste on February 9, 2022

Submission #12: Oral Buccal Swab DNA Reference envelope with swabs from Zuasola, Jessica

Received from Manny Rostran by Bryan LaCoste on February 9, 2022

Submission #14: Paper Bag: toothbrush from victim

Received from Manny Rostran by Bryan LaCoste on February 9, 2022

Submission #15: Paper Bag: hair comb from victim

Received from Manny Rostran by Bryan LaCoste on February 9, 2022

Dates of Testing:

The testing for this request was performed between February 10, 2022 and February 15, 2022.

Compliance Statements:

- All evidence not pending further examination in the laboratory will be returned to the requesting agency or Contra Costa County Property and Evidence Services.
- All evidence samples were extracted using the EZ1 Investigator kit and quantified using the PowerQuant kit.
- The DNA testing performed in this case was autosomal short tandem repeat (STR) testing. Samples were amplified using PCR technology for twenty-three STR loci, three Y-STR loci, and the sex determining marker amelogenin with the PowerPlex® Fusion 6C System.
- Profiles entered into CODIS are searched weekly at the state and national level unless otherwise noted. A notification report will be issued if a hit occurs or if a profile is removed from CODIS.
- All results relate only to the items that were tested and apply to the evidence as received by the Forensic Services Division, except when otherwise indicated. This report reflects the test results, conclusions, and interpretations of the analyst as indicated by their signature.
- All reference samples were directly amplified using the PowerPlex® Fusion 6C System, unless otherwise noted. Reference DNA work product will be discarded.
- Any examination photographs will be stored on the laboratory's digital image server.
- STRmix™ software was used to aid in DNA profile interpretation and for any statistical calculations.
- The likelihood ratio is a statistical approach that compares the probabilities of observing the DNA results under two alternative propositions (H1 and H2). Additional propositions tested are included in the case file.

- The propositions used in this request are based upon the case information provided. The Laboratory may consider additional reasonable sets of propositions upon request.
- The likelihood is calculated using a 99% 1-sided lower highest posterior density interval.
- Calculations were performed using the African American, Caucasian, Hispanic, and Asian populations. Only the most conservative estimate from the database populations used is reported for the statistical assessment.
- Likelihood ratio values <0.01 are reported as exclusions.
- The statistical calculations are reported in conjunction with a verbal qualifying statement used to express the strength of statistical support. These statements follow the verbal scale recommended by the Scientific Working Group on DNA Analysis Methods. The scale reflects stronger degrees of support as the likelihood ratio increases in magnitude.
- Likelihood Ratio Verbal Scale

LR for H1 Support and 1/LR for H2 Support	Verbal Qualifier
1	Uninformative
2-99	Limited Support
100-9,999	Moderate Support
10,000-999,999	Strong Support
$\geq 1,000,000$	Very Strong Support

Definitions:

NEC = Nucleated Epithelial Cells are cells found lining body cavities and are observed microscopically.
ALS = Alternate Light Source causes body fluids to fluoresce and is used to help locate potential body fluids.
AP = Acid Phosphatase is a protein found in high levels in seminal fluid and in lower levels in other body fluids.
p30 = Prostate Specific Antigen is a protein found in high levels in seminal fluid and in lower levels in other body fluids.
O-tol = Ortho-tolidine test is a presumptive test for the presence of blood.
Hematrace = Hematrace test is a presumptive test for the presence of human blood proteins.
Amylase = An enzyme found in high levels in saliva and in lower levels in other body fluids.
RSID = Rapid Stain Identification (RSID) Saliva Dual Buffer System is a test for the detection of elevated human salivary α -amylase, an enzyme found in high levels in human saliva, and in lower levels in other body fluids.
Starch = Starch particles are commonly found on condoms and in hygiene products.
Sperm and nucleated epithelial cells are observed using microscopic examination. The presence of sperm cells may be used as confirmation for the presence of semen.

REPORT OF LABORATORY EXAMINATION

Laboratory #:	22-428-6	Agency:	Oakley Police Department
Issue Date:	February 28, 2022	Agency Case #:	22-176
Service:	DNA	Requested by:	Horn, Tyler
Request Date:	February 15, 2022	Case Type:	Homicide
Suspect(s):	Jones III, Marshall	Complainant(s):	Gabe, Alexis
Related Agencies:	22-000176	Antioch Police Department	

Examination Results, Opinions, and Interpretations:

Item 17: Swabs of potential DNA from fired cartridge cases

Item 8-1A: Swabs of potential DNA from Item 8-1 (headstamped, "BLAZER 40 S&W")

Due to the insufficient amount of DNA detected, this item was not selected for further testing.

Item 8-2A: Swabs of potential DNA from Item 8-2 (headstamped, "BLAZER 40 S&W")

Due to the undetected level of DNA, this item was not selected for further testing.

Item 19: Swabs from zone "B" front passenger seat

Item 19-2: Swab of passenger side door panel and

Item 19-6: Swab of seat belt and seat belt buckle release

The DNA results for both items 19-2 and 19-6 were interpreted as mixtures of three individuals and determined to be suitable for comparison.

Gabe is excluded as a contributor to the mixtures.

The DNA mixtures are ineligible for CODIS.

Item 19-5: Swab of center console, shifter, radio area

Blood was not detected based on a negative o-tol presumptive test result. This item was not examined further.

Item 21: Swabs from zone "D" rear driver's side

Item 21-2: Swab of interior door panel and

Item 21-3: Swab of back of driver seat

The DNA results for both items 21-2 and 21-3 were interpreted as mixtures of three individuals and determined to be suitable for comparison.

Gabe is excluded as a contributor to the mixtures.

The DNA mixtures are ineligible for CODIS.

Item 21-4: Swab of rear seat area

The DNA result was interpreted as a mixture of four individuals and determined to be suitable for comparison.

Gabe is excluded as a contributor to the mixture.

The DNA mixture is ineligible for CODIS.

Item 22: Swabs from zone "E" trunk hatch area

Item 22-1: Swab of rear hatch latch

Item 22-2: Swab of interior rear trunk area

Item 22-3: Swab of interior rear hatch

Item 22-4: Swab of back of rear seats

Item 22-5: Swab of cargo mat

Item 22-6: Swab of interior trunk area

Blood was not detected on the above listed items based on negative o-tol presumptive test results. These items were not examined further.

DNA Reference(s)

Item 14-1A: Swab collected from toothbrush head

A secondary DNA reference profile for Gabe was previously obtained under laboratory request 22-428-5.

ITEMS NOT EXAMINED

Items 7-8, 18, 19-1, 19-3, 19-4, 19-7 through 19-12, 20, 21-1, 21-5, 21-6, and 21-7 were not examined. If testing of additional items is required, please submit a new request to the Laboratory.

Evidence:

<u>Submission #</u>	<u>Other ID</u>	
8		Two 40 S&W caliber cartridge cases
8-1	O22-176 SUPP 30 #1	One fired cartridge case headstamped, "BLAZER 40 S&W"
8-2	O22-176 SUPP 30 #2	One fired cartridge case headstamped, "BLAZER 40 S&W"
17		Swabs of potential DNA from fired cartridge cases
7-8		Swabs of potential DNA from Items 7-1 through 7-7
8-1-A		Swabs of potential DNA from Item 8-1
8-2-A		Swabs of potential DNA from Item 8-2
18	2	Swabs from zone "A" driver's compartment
19	3	Swabs from zone "B" front passenger seat
19-1		Swab of exterior door handle
19-2		Swab of passenger side door panel
19-3		Swab of seat
19-4		Swab of passenger dash and glove box
19-5		Swab of center console, shifter, radio area
19-6		Swab of seat belt and seat belt buckle release
19-7		Swab of airbag
19-8		Swab of dash
19-9		Swab of floorboard
19-10		Swab of seat
19-11		Swab of side of passenger seat
19-12		Swab of side of passenger seat
20	4	Swabs from zone "C" rear passenger seat
21	5	Swabs from zone "D" rear driver's side
21-1		Swab of exterior door handle
21-2		Swab of interior door panel
21-3		Swab of back of driver seat

21-4		Swab of rear seat area
21-5		Swab of seat belt
21-6		Swab of interior seat frame
21-7		Swab of seat
22	6	Swabs from zone "E" trunk hatch area
22-1		Swab of rear hatch latch
22-2		Swab of interior rear trunk area
22-3		Swab of interior rear hatch
22-4		Swab of back of rear seats
22-5		Swab of cargo mat
22-6		Swab of interior trunk area

Disposition:

Swab(s) consumed: 8-1A, 8-2A, 19-2, 19-6, 21-2, 21-3, 21-4
DNA extract(s) generated: 8-1A1, 8-2A1, 19-2A, 19-6A, 21-2A, 21-3A, 21-4A
DNA extract(s) consumed: 19-6A, 21-3A, 21-4A

The remaining DNA extract(s) will be contained in their respective Submission.

REPORT OF LABORATORY EXAMINATION

Laboratory #: 22-428-7 Agency: Oakley Police Department
Issue Date: March 2, 2022 Agency Case #: 22-176
Service: Processing Requested by: Horn, Tyler
Request Date: March 1, 2022 Case Type: Homicide
Suspect(s): None Listed Complainant(s): Gabe, Alexis
Related Agencies: 22-000176 Antioch Police Department

Summary:

- The item(s) below have no usable prints.
Item(s) were swabbed for potential DNA testing.

Examination Results, Opinions, and Interpretations:

Table with 3 columns: Submission #, Other ID, Evidence from Laboratory #: 22-000428. Rows include: 23 Victim's cell phone case; 23-1 Cell phone case, No usable print(s) developed, Techniques used: Superglue, Dye Stain and a Forensic Light Source; 24 Swabs from cell phone case (Item 23-1); 23-1-A Swab of openings and exterior buttons of the cell phone case (Item 23-1); 23-1-B Swab of exterior of cell phone case (Item 23-1) post processing/ridge detail; 23-1-C Swab of interior of cell phone case (Item 23-1) post processing/ridge detail.

Disposition:

The submitted cell phone case was swabbed for potential DNA. The swabs were forwarded to the Biology Unit for further analysis.

Supplemental Information

Client Address:

Oakley Police Department

3231 Main Street
Oakley, CA 94561

Receipt of Evidence: *(outer package(s) were received by the laboratory in a tape-sealed condition)*

Submission #23: Manila Envelope: Victim's cell phone case

Received from Manny Rostran by Cal Proctor on March 1, 2022

Dates of Testing:

March 1, 2022

Compliance Statements:

- All examined evidence, submitted by the agency or generated by the latent unit (such as photos and lifts), not pending further examination in the laboratory will be returned to the requesting agency or Contra Costa County Property and Evidence Services.
- Should additional comparison be necessary of any unidentified prints, please submit a laboratory request listing the individual(s) to be compared.
- Attempts will be made to locate known exemplars for an individual to be compared, suspect or elimination, throughout the State of California. A date of birth is required to locate exemplars.
- When exemplars used for a comparison were obtained directly from an agency, or were obtained from local, state, or federal archives, the veracity of the information was not independently confirmed by the laboratory.
- All results relate only to the items that were tested and apply to the evidence as received by the Forensic Services Division, except when otherwise indicated. This report reflects the test results, conclusions, and interpretations of the analyst as indicated by their signature.
- **Photoshop:** Image enhancements include any process that changes the brightness or color of any area of an image for the purpose of increasing visibility. Enhancements do not include changes to images that do not alter the content or do not increase visibility (e.g. cropping, rotating, labeling, and converting file types).
- **Forensic Light Sources:** TracER Laser, BrightBeam Laser, or Alternate Light Sources.
- **O-tol** = Ortho-tolidine test is a presumptive test for the presence of blood.

Database Information:

- All qualifying friction ridge detail is searched through the Automated Biometric Identification System (ABIS).
- An ABIS "No Hit" result may be due to the known print not existing in the searched database, the known print may be lacking adequate quality, or the latent print may contain an undetermined feature from smudging or background noise.
- Latent prints searched in the local (Contra Costa and Alameda Counties) and FBI ABIS databases, but not identified, are enrolled to the unsolved latent database and continue to be searched. Should a hit occur, your agency will be notified and the print will be deleted from the database.

Print Quality Definitions Based on Analysis:

- **Sufficient:** the ridge detail present has an adequate amount of features (quality and quantity) such that a conclusion could be reached.
- **Insufficient:** the ridge detail present lacks an adequate amount of features (quality and quantity) for a comparison or for an ABIS search.

Decisions:

- Determinations of value (useable or no useable latent prints) are made during the Analysis process.
- This report contains the opinions and interpretations of the analyst, whose signature appears on this report, using the ACE-V method.

-
- **Source Identification:** The strongest degree of association between two friction ridge impressions. The observed data provides substantially stronger support that the two impressions originated from the same source rather than from different sources. There is strong correspondence present such that the examiner would not expect to see the same arrangement of details repeated in an impression from another source. This conclusion is rendered when sufficient discriminating characteristics are in correspondence between the latent print and the known print of an individual.
 - **Support for Same Source:** The observed data provides more support for the proposition that the impressions originated from the same source rather than from different sources; however, there is insufficient support for source identification. There are observed similarities between the impressions and some correspondence present, however the examiner may expect to see similar agreement in another source. The degree of support will range from limited to strong.
 - **Inconclusive:** The observed data does not provide a sufficient degree of support for one proposition of the source of the latent print over the other. The friction ridge impression(s) have limited clarity or quantity of detail to effect a stronger conclusion.
 - **Source Exclusion:** The strongest degree of disassociation between two friction ridge impressions. The observed data provide substantially stronger support that the two impressions originated from different sources rather than from the same source. There is a strong disagreement present such that the examiner would not expect to see that level of differences in an impression from the same source.

Notes:

- Processing results reviewed by Kathryn Novaes.

REPORT OF LABORATORY EXAMINATION

Laboratory #: 22-428-8	Agency: Oakley Police Department
Issue Date: March 22, 2022	Agency Case #: 22-176
Service: DNA	Requested by: Horn, Tyler
Request Date: March 1, 2022	Case Type: Homicide
Suspect(s): None Listed	Complainant(s): Gabe, Alexis
Related Agencies:	
22-000176	Antioch Police Department
22-000745	Antioch Police Department

Examination Results, Opinions, and Interpretations:

Item 24: Swabs from cell phone case (Item 23-1)

Item 23-1A: Swab of openings and exterior buttons of the cell phone case (Item 23-1)

Due to the low level of DNA detected, this item was not selected for further testing at this time. Low levels of DNA generally do not yield DNA profiles of comparison value or that are suitable for entry into CODIS.

Item 23-1B: Swab of exterior of cell phone case (Item 23-1) post processing/ridge detail

Due to the undetected level of DNA, this item was not selected for further testing.

Item 23-1C: Swab of interior of cell phone case (Item 23-1) post processing/ridge detail

The DNA result was interpreted as a mixture of two individuals, with Gabe as an assumed contributor. The remaining portion of the mixture was determined to be suitable for comparison, however, is insufficient for CODIS.

DNA Reference(s)

Item 14-1A: Swab collected from toothbrush head

A DNA profile assumed to be from Gabe was previously obtained under laboratory request 22-428-5.

RECOMMENDATION

Submit an oral reference sample from any developed suspect for comparison to the DNA profile obtained from item 23-1C.

Evidence:

<u>Submission #</u>	<u>Other ID</u>	
23	1	Victim's cell phone case
24		Swabs from cell phone case (Item 23-1)
23-1-A		Swab of openings and exterior buttons of the cell phone case (Item 23-1)
23-1-B		Swab of exterior of cell phone case (Item 23-1) post processing/ridge detail
23-1-C		Swab of interior of cell phone case (Item 23-1) post processing/ridge detail

Disposition:

Swab(s) consumed: 23-1A, 23-1B, 23-1C
DNA extract(s) generated: 23-1A1, 23-1B1, 23-1C1
DNA extract(s) consumed: 23-1C1

The remaining DNA extract(s) will be contained in Sub 24.

Request Date:	February 1, 2022	Case Type:	Death
Suspect(s):	None Listed	Complainant(s):	Gabe, Alexis

Report of Field Services

General Information

Laboratory Personnel: Fingerprint Technician J. Fong, Criminalist J. Mertz, and CSI B. Kellmann
 Date and Approximate Time of Arrival/Departure: February 1, 2022, 10:10 a.m. to 11:00 a.m.
 Location: 5467 Bentree Way, Antioch

Observations and Findings

The request to process the residence was canceled by Oakley PD prior to arrival.

Analyst:

Janine Fong
 Fingerprint Technician

Date: February 8, 2022

Administrative Reviewer:

Donald Finley
 Forensic Supervisor

Date: February 8, 2022

Supplemental Information

Client Address:

Oakley Police Department
 3231 Main Street
 Oakley, CA 94561

Compliance Statements:

- This report reflects the test results, conclusions, and interpretations of the analyst as indicated by their signature.
- All photographs will be stored at the laboratory.

REPORT OF LABORATORY EXAMINATION

Laboratory #:	22-428-2	Agency:	Oakley Police Department
Issue Date:	February 10, 2022	Agency Case #:	22-176
Service:	Processing	Requested by:	Horn, Tyler
Request Date:	February 9, 2022	Case Type:	Homicide
Suspect(s):	Jones III, Marshall	Complainant(s):	Gabe, Alexis
Related Agencies:	22-000176		Antioch Police Department

Summary:

- The item(s) below have no usable prints.
- Item(s) were swabbed for potential DNA testing.

Examination Results, Opinions, and Interpretations:

<u>Submission #</u>	<u>Other ID</u>	<u>Evidence from Laboratory #: 22-000428</u>
5	O22-176 21 ITEM 1	XBOX 360 CD
5-1		"XBOX 360 GEARS OF WAR 3" CD <i>No usable print(s) developed</i> Techniques used: Superglue, Dye Stain and a Forensic Light Source.
16		Swabs from "XBOX 360" CD (Item 5-1)
5-1-A		Swab from edges of CD
5-1-B		Swab of stain on label side of CD
5-1-C		Swab of ridge detail from CD

Disposition:

The submitted CD was swabbed for potential DNA. The swabs were forwarded to the Biology Unit for analysis.

Analyst:

Supplemental Information

Client Address:

Oakley Police Department
3231 Main Street
Oakley, CA 94561

Receipt of Evidence: *(outer package(s) were received by the laboratory in a tape-sealed condition)*

Submission #5: Manila envelope: XBOX 360 CD

Received from Manny Rostran by Bryan LaCoste on February 9, 2022

Dates of Testing:

February 9, 2022

Compliance Statements:

- All examined evidence, submitted by the agency or generated by the latent unit (such as photos and lifts), not pending further examination in the laboratory will be returned to the requesting agency or Contra Costa County Property and Evidence Services.
- Should additional comparison be necessary of any unidentified prints, please submit a laboratory request listing the individual(s) to be compared.
- Attempts will be made to locate known exemplars for an individual to be compared, suspect or elimination, throughout the State of California. A date of birth is required to locate exemplars.
- When exemplars used for a comparison were obtained directly from an agency, or were obtained from local, state, or federal archives, the veracity of the information was not independently confirmed by the laboratory.
- All results relate only to the items that were tested and apply to the evidence as received by the Forensic Services Division, except when otherwise indicated. This report reflects the test results, conclusions, and interpretations of the analyst as indicated by their signature.
- **Photoshop:** Image enhancements include any process that changes the brightness or color of any area of an image for the purpose of increasing visibility. Enhancements do not include changes to images that do not alter the content or do not increase visibility (e.g. cropping, rotating, labeling, and converting file types).
- **Forensic Light Sources:** TracER Laser or Alternate Light Sources.
- **O-tol** = Ortho-tolidine test is a presumptive test for the presence of blood.

Database Information:

- All qualifying friction ridge detail is searched through the Automated Biometric Identification System (ABIS).
- An ABIS "No Hit" result may be due to the known print not existing in the searched database, the known print may be lacking adequate quality, or the latent print may contain an undetermined feature from smudging or background noise.
- Latent prints searched in the local (Contra Costa and Alameda Counties) and FBI ABIS databases, but not identified, are enrolled to the unsolved latent database and continue to be searched. Should a hit occur, your agency will be notified and the print will be deleted from the database.

Print Quality Definitions Based on Analysis:

- **Sufficient:** the ridge detail present has an adequate amount of features (quality and quantity) such that a conclusion could be reached.
- **Insufficient:** the ridge detail present lacks an adequate amount of features (quality and quantity) for a comparison or for an ABIS search.

Comparison Decisions:

- This report contains the opinions and interpretations of the analyst, whose signature appears on this report, using the ACE-V method.

-
- **Source Identification:** The strongest degree of association between two friction ridge impressions. The observed data provides substantially stronger support that the two impressions originated from the same source rather than from different sources. There is strong correspondence present such that the examiner would not expect to see the same arrangement of details repeated in an impression from another source. This conclusion is rendered when sufficient discriminating characteristics are in correspondence between the latent print and the known print of an individual.
 - **Support for Same Source:** The observed data provides more support for the proposition that the impressions originated from the same source rather than from different sources; however, there is insufficient support for source identification. There are observed similarities between the impressions and some correspondence present, however the examiner may expect to see similar agreement in another source. The degree of support will range from limited to strong.
 - **Inconclusive:** The observed data does not provide a sufficient degree of support for one proposition of the source of the latent print over the other. The friction ridge impression(s) have limited clarity or quantity of detail to effect a stronger conclusion.
 - **Source Exclusion:** The strongest degree of disassociation between two friction ridge impressions. The observed data provide substantially stronger support that the two impressions originated from different sources rather than from the same source. There is a strong disagreement present such that the examiner would not expect to see that level of differences in an impression from the same source.

Notes:

- Value determinations made by Kathryn Novaes.
- Processing results reviewed by Roya Khouie-Vargas.

REPORT OF LABORATORY EXAMINATION

Laboratory #:	22-428-3	Agency:	Oakley Police Department
Issue Date:	February 10, 2022	Agency Case #:	22-176
Service:	Latent Comparison	Requested by:	Padavana, J
Request Date:	February 9, 2022	Case Type:	Homicide
Suspect(s):	Jones III, Marshall	Complainant(s):	Gabe, Alexis
Related Agencies:	22-000176		Antioch Police Department

Summary:

- As a result of a comparison, Alexis Gabe was identified.
- A Contra Costa County fingerprint/palm print record was not located or used for one or more of the compared individuals in this case — see below for details.

Examination Results, Opinions, and Interpretations:

<u>Submission #</u>	<u>Other ID</u>	<u>Evidence from Laboratory #: 22-000428</u>
13		Eleven latent print cards
<hr/>		
13-1	LIFT 1	Latent lift card from "interior driver door handle (underside) Infinity G37 AY19W94"
<hr/>		
13-1-A		<p>Fingerprint <i>Print Quality: Sufficient for a comparison and an ABIS search.</i> Local and FBI ABIS databases searched: NO HIT.</p> <p>Better Exemplars Needed: Jessica Zuasola; DOB: 2/ 7/1993; Better exemplars needed of clear and complete fingerprints, including tips, for Jessica Zuasola</p> <p>Better Exemplars Needed: Alexis Gabe; DOB: 3/17/1998; Record: CA DOJ # 39628019 Better exemplars needed of clear and complete fingerprints, including tips, for Alexis Gabe</p> <p>Better Exemplars Needed: Gwyn Gabe; DOB: 12/ 5/1995; Better exemplars needed of clear and complete fingerprints, including tips, for Gwyn Gabe</p> <p>Better Exemplars Needed: Marshall Jones III; DOB: 2/24/1995; Record: CA DOJ # 35512932 Better exemplars needed of clear and complete fingerprints, including tips, for Marshall Jones III</p> <p>Better Exemplars Needed: Morgan Strenfel; DOB: 4/24/1996; Better exemplars needed of clear and complete fingerprints, including tips, for Morgan Strenfel</p>

Submission #	Other ID	Evidence from Laboratory #: 22-000428
13-2	LIFT 2	<p>Latent lift card from "Interior passenger door handle underside, Infinity G37 AY19W94" <i>No usable latent prints.</i></p>
13-3	LIFT 3	<p>Latent lift card from "Exterior driver door above handle Infinity G37 AY19W94" <i>No usable latent prints.</i></p>
13-4	LIFT 4	<p>Latent lift card from "Exterior driver door, near handle and opening edge, Infinity G37 AY19W94"</p>
13-4-A		<p>Fingerprint <i>Print Quality: Sufficient for a comparison, but insufficient for an ABIS search.</i> Technique used: Photoshop.</p> <p>Source Exclusion: Marshall Jones III; DOB: 2/24/1995; Record: CA DOJ # 35512932</p> <p>Marshall Jones III was excluded from this print.</p> <p>Source Exclusion: Morgan Strenfel; DOB: 4/24/1996;</p> <p>Morgan Strenfel was excluded from this print.</p> <p>Better Exemplars Needed: Gwyn Gabe; DOB: 12/ 5/1995; Better exemplars needed of clear and complete fingerprints for Gwyn Gabe</p> <p>Better Exemplars Needed: Jessica Zuasola; DOB: 2/ 7/1993; Better exemplars needed of clear and complete fingerprints for Jessica Zuasola</p> <p>Better Exemplars Needed: Alexis Gabe; DOB: 3/17/1998; Record: CA DOJ # 39628019 Better exemplars needed of clear and complete fingerprints for Alexis Gabe</p>
13-5	LIFT 5	<p>Latent lift card from "Infinity G37 AY19W94 exterior driver side door frame, above window" <i>No usable latent prints.</i></p>
13-6	LIFT 6	<p>Latent lift card from "Infinity G37 AY19W94 exterior passenger door handle"</p>
13-6-A		<p>Fingerprint <i>Print Quality: Sufficient for a comparison, but insufficient for an ABIS search.</i></p> <p>Source Identification: Alexis Gabe; DOB: 3/17/1998; Record: CA DOJ # 39628019</p> <p>The right thumb of Alexis Gabe was identified to this print.</p>

Submission #	Other ID	Evidence from Laboratory #: 22-000428
13-6-A (cont.)		Fingerprint This print was identified, no additional individuals were compared to this print.
13-7	LIFT 7	Latent lift card from "exterior passenger door near opening edge and handle, Infinity G37 AY19W94" <i>No usable latent prints.</i>
13-8	LIFT 8	Latent lift card from "exterior passenger door near opening edge and handle"
13-8-A		Fingerprint <i>Print Quality: Sufficient for a comparison, but insufficient for an ABIS search.</i> Technique used: Photoshop. <u>Source Exclusion: Marshall Jones III; DOB: 2/24/1995; Record: CA DOJ # 35512932</u> Marshall Jones III was excluded from this print. <u>Source Exclusion: Morgan Strenfel; DOB: 4/24/1996;</u> Morgan Strenfel was excluded from this print. <u>Better Exemplars Needed: Gwyn Gabe; DOB: 12/ 5/1995;</u> Better exemplars needed of clear and complete fingerprints for Gwyn Gabe <u>Better Exemplars Needed: Jessica Zuasola; DOB: 2/ 7/1993;</u> Better exemplars needed of clear and complete fingerprints for Jessica Zuasola <u>Support for Same Source: Alexis Gabe; DOB: 3/17/1998; Record: CA DOJ # 39628019</u> Features were observed in agreement between 13-8-A and the right index finger of Alexis Gabe, but the similarities were insufficient to support a source identification. This association had moderate support for same source. The limiting factors included a lack of clear discriminating features, small surface area, and a minimal amount of ridge characteristics present.
13-9	LIFT 9	Latent lift card from "exterior passenger door window Infinity G37 AY19W94" <i>No usable latent prints.</i>
13-10	LIFT 10	Latent lift card from "exterior hood, near passenger side, Infinity G37 AY19W94"
13-10-A		Fingerprint <i>Print Quality: Sufficient for a comparison, but insufficient for an ABIS search.</i>

Submission # Other ID Evidence from Laboratory #: 22-000428

13-10-A (cont.)

Fingerprint

Inconclusive: Marshall Jones III; DOB: 2/24/1995; Record: CA DOJ # 35512932

The result of the comparison to Marshall Jones III was inconclusive to this print.

Inconclusive: Alexis Gabe; DOB: 3/17/1998; Record: CA DOJ # 39628019

The result of the comparison to Alexis Gabe was inconclusive to this print.

Inconclusive: Morgan Strenfel; DOB: 4/24/1996;

The result of the comparison to Morgan Strenfel was inconclusive to this print.

Better Exemplars Needed: Gwyn Gabe; DOB: 12/ 5/1995;

Better exemplars needed of clear and complete fingerprints for Gwyn Gabe

Better Exemplars Needed: Jessica Zuasola; DOB: 2/ 7/1993;

Better exemplars needed of clear and complete fingerprints for Jessica Zuasola

13-11

LIFT 11

Latent lift card from "exterior hood, near driver side, Infinity G37 AY19W94"

No usable latent prints.

REPORT OF LABORATORY EXAMINATION

Laboratory #:	22-428-4	Agency:	Oakley Police Department
Issue Date:	February 16, 2022	Agency Case #:	22-176
Service:	Ballistic Imaging	Requested by:	Horn, Tyler
Request Date:	February 9, 2022	Case Type:	Homicide
Suspect(s):	Jones III, Marshall	Complainant(s):	Gabe, Alexis
Related Agencies:	22-000176		Antioch Police Department

Summary:

The submitted cartridge cases were swabbed for potential contact DNA. The swabs will be forwarded to the Biology Unit for analysis. A separate report will be issued with those results.

Three firearms were likely used to fire the submitted 9x19mm and 40 S&W caliber cartridge cases based on an evaluation of the class characteristics, as follows:

- Unknown firearm 1: **items 7-1, 7-2, 7-3, and item 7-4*** (4 items, 9x19mm)
- Unknown firearm 2: **items 7-5, 7-6, and 7-7** (3 items, 9x19mm)
- Unknown firearm 3: **items 8-1 and 8-2** (2 items, 40 S&W)

*The class characteristics were not of sufficient quality to rule out the possibility that **item 7-4** could have been fired in a different firearm than **items 7-1 through 7-3**. An evaluation of the individual characteristics in an identification examination could confirm the number of firearms used. If this examination is needed, please resubmit the evidence.

Representative cartridge cases (**Items 7-3, 7-4, 7-5, and 8-1**) were entered into NIBIN. A ballistic lead report will be issued if any NIBIN Leads are located by ATF.

Evidence:

<u>Submission #</u>	<u>Other ID</u>	
7	O22-176 SUPP 29 #1	Seven 9x19mm caliber cartridge cases
7-1		One fired cartridge case headstamped, "JAG 9mm LUGER"
7-2		One fired cartridge case headstamped, "JAG 9mm LUGER"
7-3		One fired cartridge case headstamped, "JAG 9mm LUGER"
7-4		One fired cartridge case headstamped, "SIG 9mm LUGER"
7-5		One fired cartridge case headstamped, "FC NR · 9MM LUGER"
7-6		One fired cartridge case headstamped, "FC NR · 9MM LUGER"
7-7		One fired cartridge case headstamped, "· FC · 9MM LUGER"
8		Two 40 S&W caliber cartridge cases
8-1	O22-176 SUPP 30 #1	One fired cartridge case headstamped, "BLAZER 40 S&W"
8-2	O22-176 SUPP 30 #2	One fired cartridge case headstamped, "BLAZER 40 S&W"
17		Swabs of potential DNA from fired cartridge cases
7-8		Swabs of potential DNA from Items 7-1 through 7-7

8-1-A Swabs of potential DNA from Item 8-1
8-2-A Swabs of potential DNA from Item 8-2

Analyst:

Administrative Reviewer:

Donald Finley
Forensic Supervisor

Date: February 16, 2022

Supplemental Information

Client Address:

Oakley Police Department
3231 Main Street
Oakley, CA 94561

Receipt of Evidence: (outer package(s) were received by the laboratory in a tape-sealed condition)

Submission #7: NIBIN envelope: Seven 9x19mm caliber cartridge cases
Received from Manny Rostran by Bryan LaCoste on February 9, 2022

Submission #8: NIBIN envelope: Two 40 S&W caliber cartridge cases
Received from Manny Rostran by Bryan LaCoste on February 9, 2022

Dates of Testing:

The testing for this request was performed on February 10, 2022.

Compliance Statements:

- All evidence not pending further examination in the laboratory will be returned to the requesting agency or Contra Costa County Property and Evidence Services except for test fires created for entry into NIBIN, which are retained by the laboratory.
- Suitable items were entered into the National Integrated Ballistic Information Network (NIBIN) using IBISTRAX-HD3D.
- Entries in NIBIN are searched within Zone 4, which includes Northern California, Northern Nevada, Colorado, Idaho, Montana, Oregon, Utah, Washington, and Wyoming. Additional regions can be searched upon request. Cartridge cases are searched against all items in the database upon entry and against subsequent cartridge case entries. Test-fired cartridge cases are searched against cartridge cases from incidents that occurred prior to the recovery of the firearm. All entries remain in the database unless the laboratory receives a request to remove the entry from the database.
- All images created during examination will be stored in the laboratory's digital image server or retained in the case notes.
- Class characteristics: Measurable features of a specimen which indicate a restricted group source. Examples include caliber, breechface marks (shape and type), firing pin impression marks (shape and type), and many others.
- Individual characteristics: Marks produced by the random imperfections or irregularities of tool surfaces. These random imperfections or irregularities are produced incidental to manufacture and/or caused by use, corrosion, or damage. They are unique to that tool to the practical exclusion of all other tools.
- Magazine capacity is only determined upon specific request.

-
- All results relate only to the items that were tested and apply to the evidence as received by the Forensic Services Division, except when otherwise indicated. This report reflects the test results, conclusions, and interpretations of the analyst as indicated by their signature.

REPORT OF LABORATORY EXAMINATION

Laboratory #:	22-428-5	Agency:	Oakley Police Department
Issue Date:	February 19, 2022	Agency Case #:	22-176
Service:	DNA	Requested by:	Horn, Tyler
Request Date:	February 9, 2022	Case Type:	Homicide
Suspect(s):	Jones III, Marshall	Complainant(s):	Gabe, Alexis
Related Agencies:	22-000176		Antioch Police Department

Examination Results, Opinions, and Interpretations:

Item 1: Swabs from dryer

Item 1-1: Swab collected from luminol lower washer nut

Due to the low level of DNA detected, this item was not selected for further testing at this time. Low levels of DNA generally do not yield DNA profiles of comparison value or that are suitable for entry into CODIS.

Item 1-2: Swab collected from luminol lower washer mid near label

The DNA result was interpreted as a mixture of three individuals and determined to be suitable for comparison.

The mixture is at least 38 million (10^6) times more likely if it originated from Gabe and two unknown, unrelated individuals than if it originated from three unknown, unrelated individuals. This analysis provides very strong support that Gabe is a contributor to the mixture.

The DNA mixture is ineligible for CODIS.

Item 4: Swabs from broken phone

Item 4-1: Swab collected from cell phone 1

Due to the insufficient amount of DNA detected, this item was not selected for further testing.

Item 4-2: Swab collected from cell phone 2

The DNA result was interpreted as a mixture of two individuals and determined to be suitable for comparison.

Gabe is excluded as a contributor to the mixture.

The DNA mixture is ineligible for CODIS.

Item 6: White shirt with blood

Item 6 was a white tank top with red-brown stains on both the interior and exterior surfaces. Blood was indicated on three representative red-brown stains based on positive o-tol presumptive test results. A stain on the front waist area was sampled and designated item as 6-1 for further testing.

A swab was collected from the interior neckline for potential DNA and designated as item 6-2.

Item 6-1: Cutting of o-tol positive red-brown stain from front waist

The DNA result was interpreted as a mixture of two individuals and determined to be suitable for comparison.

Gabe is excluded as a contributor to the mixture.

The DNA mixture is ineligible for CODIS.

Item 6-2: Swab collected from interior neckline area

A partial low-level DNA of at least one contributor was obtained. The DNA result is not suitable for comparison or entry into CODIS due to the low level of DNA and the uncertainty in the number of contributors.

Item 9: DNA swabs from victim's car

Item 9-1: Swab collected shifter knob

The DNA result was interpreted as a mixture of two individuals. With Gabe as an assumed contributor, one additional trace level allele was obtained. One trace level allele is insufficient for comparison or entry into CODIS.

Item 9-2: Swab collected from steering wheel

The DNA result was interpreted as a mixture of three individuals, with Gabe as an assumed contributor. The remaining portion of the mixture is suitable for comparison, however, is insufficient for CODIS.

DNA Reference(s)

Item 14: Toothbrush from victim

Item 14-1: Colgate toothbrush

The toothbrush head was swabbed for potential DNA.

Item 14-1A: Swab collected from toothbrush head

A single-source female DNA profile was obtained. The profile is assumed to be the DNA profile of Gabe and was used as a secondary DNA reference.

ITEMS NOT EXAMINED

Items 2, 3, 5, 9-3 through 9-7, 10, 11, 12, 14-2, 15, and 16 were not examined. If testing of additional items is required, please submit a new request to the Laboratory.

RECOMMENDATION

Submit an oral reference sample from the suspect for direct comparison to the generated profiles.

Evidence:

5-1-C	Swab of ridge detail from CD

Disposition:

Samples consumed: 1-1, 1-2, 4-1, 4-2, 6-1, 6-2, 9-1, 9-2, 14-1A
DNA extracts generated: 1-1A, 1-2A, 4-1A, 4-2A, 6-1A, 6-2A, 9-1A, 9-2A, 14-1A1
DNA extracts consumed: 1-2A, 4-2A, 6-1A, 6-2A, 9-1A, 9-2A

The remaining DNA extract(s) will be contained in their respective submissions.

Supplemental Information

Client Address:

Oakley Police Department
3231 Main Street
Oakley, CA 94561

Receipt of Evidence: (outer package(s) were received by the laboratory in a tape-sealed condition)

- Submission #1:** Manila envelope: Swabs from dryer
Received from Manny Rostran by Bryan LaCoste on February 9, 2022
- Submission #2:** Manila envelope: Hair tie with hair
Received from Manny Rostran by Bryan LaCoste on February 9, 2022
- Submission #3:** Paper Bag: 19 swabs from Ford Explorer
Received from Manny Rostran by Bryan LaCoste on February 9, 2022
- Submission #4:** Manila envelope: Swabs from broken phone
Received from Manny Rostran by Bryan LaCoste on February 9, 2022
- Submission #5:** Manila envelope: XBOX 360 CD
Received from Manny Rostran by Bryan LaCoste on February 9, 2022
- Submission #6:** Paper Bag: White shirt with blood
Received from Manny Rostran by Bryan LaCoste on February 9, 2022
- Submission #9:** Manila envelope: DNA swabs from victim's car
Received from Manny Rostran by Bryan LaCoste on February 9, 2022
- Submission #10:** Oral Buccal Swab DNA Reference envelope with swabs from Gabe, Gwyn
Received from Manny Rostran by Bryan LaCoste on February 9, 2022
- Submission #11:** Oral Buccal Swab DNA Reference envelope with swabs from Strenfel, Morgan
Received from Manny Rostran by Bryan LaCoste on February 9, 2022
- Submission #12:** Oral Buccal Swab DNA Reference envelope with swabs from Zuasola, Jessica
Received from Manny Rostran by Bryan LaCoste on February 9, 2022
- Submission #14:** Paper Bag: toothbrush from victim
Received from Manny Rostran by Bryan LaCoste on February 9, 2022
- Submission #15:** Paper Bag: hair comb from victim
Received from Manny Rostran by Bryan LaCoste on February 9, 2022

Dates of Testing:

The testing for this request was performed between February 10, 2022 and February 15, 2022.

Compliance Statements:

- All evidence not pending further examination in the laboratory will be returned to the requesting agency or Contra Costa County Property and Evidence Services.
- All evidence samples were extracted using the EZ1 Investigator kit and quantified using the PowerQuant kit.
- The DNA testing performed in this case was autosomal short tandem repeat (STR) testing. Samples were amplified using PCR technology for twenty-three STR loci, three Y-STR loci, and the sex determining marker amelogenin with the PowerPlex® Fusion 6C System.
- Profiles entered into CODIS are searched weekly at the state and national level unless otherwise noted. A notification report will be issued if a hit occurs or if a profile is removed from CODIS.
- All results relate only to the items that were tested and apply to the evidence as received by the Forensic Services Division, except when otherwise indicated. This report reflects the test results, conclusions, and interpretations of the analyst as indicated by their signature.
- All reference samples were directly amplified using the PowerPlex® Fusion 6C System, unless otherwise noted. Reference DNA work product will be discarded.
- Any examination photographs will be stored on the laboratory's digital image server.
- STRmix™ software was used to aid in DNA profile interpretation and for any statistical calculations.
- The likelihood ratio is a statistical approach that compares the probabilities of observing the DNA results under two alternative propositions (H1 and H2). Additional propositions tested are included in the case file.

- The propositions used in this request are based upon the case information provided. The Laboratory may consider additional reasonable sets of propositions upon request.
- The likelihood is calculated using a 99% 1-sided lower highest posterior density interval.
- Calculations were performed using the African American, Caucasian, Hispanic, and Asian populations. Only the most conservative estimate from the database populations used is reported for the statistical assessment.
- Likelihood ratio values <0.01 are reported as exclusions.
- The statistical calculations are reported in conjunction with a verbal qualifying statement used to express the strength of statistical support. These statements follow the verbal scale recommended by the Scientific Working Group on DNA Analysis Methods. The scale reflects stronger degrees of support as the likelihood ratio increases in magnitude.
- Likelihood Ratio Verbal Scale

LR for H1 Support and 1/LR for H2 Support	Verbal Qualifier
1	Uninformative
2-99	Limited Support
100-9,999	Moderate Support
10,000-999,999	Strong Support
$\geq 1,000,000$	Very Strong Support

Definitions:

NEC = Nucleated Epithelial Cells are cells found lining body cavities and are observed microscopically.
ALS = Alternate Light Source causes body fluids to fluoresce and is used to help locate potential body fluids.
AP = Acid Phosphatase is a protein found in high levels in seminal fluid and in lower levels in other body fluids.
p30 = Prostate Specific Antigen is a protein found in high levels in seminal fluid and in lower levels in other body fluids.
O-tol = Ortho-tolidine test is a presumptive test for the presence of blood.
Hematrace = Hematrace test is a presumptive test for the presence of human blood proteins.
Amylase = An enzyme found in high levels in saliva and in lower levels in other body fluids.
RSID = Rapid Stain Identification (RSID) Saliva Dual Buffer System is a test for the detection of elevated human salivary α -amylase, an enzyme found in high levels in human saliva, and in lower levels in other body fluids.
Starch = Starch particles are commonly found on condoms and in hygiene products.
Sperm and nucleated epithelial cells are observed using microscopic examination. The presence of sperm cells may be used as confirmation for the presence of semen.

REPORT OF LABORATORY EXAMINATION

Laboratory #:	22-428-6	Agency:	Oakley Police Department
Issue Date:	February 28, 2022	Agency Case #:	22-176
Service:	DNA	Requested by:	Horn, Tyler
Request Date:	February 15, 2022	Case Type:	Homicide
Suspect(s):	Jones III, Marshall	Complainant(s):	Gabe, Alexis
Related Agencies:	22-000176		Antioch Police Department

Examination Results, Opinions, and Interpretations:

Item 17: Swabs of potential DNA from fired cartridge cases

Item 8-1A: Swabs of potential DNA from Item 8-1 (headstamped, "BLAZER 40 S&W")

Due to the insufficient amount of DNA detected, this item was not selected for further testing.

Item 8-2A: Swabs of potential DNA from Item 8-2 (headstamped, "BLAZER 40 S&W")

Due to the undetected level of DNA, this item was not selected for further testing.

Item 19: Swabs from zone "B" front passenger seat

Item 19-2: Swab of passenger side door panel and

Item 19-6: Swab of seat belt and seat belt buckle release

The DNA results for both items 19-2 and 19-6 were interpreted as mixtures of three individuals and determined to be suitable for comparison.

Gabe is excluded as a contributor to the mixtures.

The DNA mixtures are ineligible for CODIS.

Item 19-5: Swab of center console, shifter, radio area

Blood was not detected based on a negative o-tol presumptive test result. This item was not examined further.

Item 21: Swabs from zone "D" rear driver's side

Item 21-2: Swab of interior door panel and

Item 21-3: Swab of back of driver seat

The DNA results for both items 21-2 and 21-3 were interpreted as mixtures of three individuals and determined to be suitable for comparison.

Gabe is excluded as a contributor to the mixtures.

The DNA mixtures are ineligible for CODIS.

Item 21-4: Swab of rear seat area

The DNA result was interpreted as a mixture of four individuals and determined to be suitable for comparison.

Gabe is excluded as a contributor to the mixture.

The DNA mixture is ineligible for CODIS.

Item 22: Swabs from zone "E" trunk hatch area

Item 22-1: Swab of rear hatch latch

Item 22-2: Swab of interior rear trunk area

Item 22-3: Swab of interior rear hatch

Item 22-4: Swab of back of rear seats

Item 22-5: Swab of cargo mat

Item 22-6: Swab of interior trunk area

Blood was not detected on the above listed items based on negative o-tol presumptive test results. These items were not examined further.

DNA Reference(s)

Item 14-1A: Swab collected from toothbrush head

A secondary DNA reference profile for Gabe was previously obtained under laboratory request 22-428-5.

ITEMS NOT EXAMINED

Items 7-8, 18, 19-1, 19-3, 19-4, 19-7 through 19-12, 20, 21-1, 21-5, 21-6, and 21-7 were not examined. If testing of additional items is required, please submit a new request to the Laboratory.

Evidence:

<u>Submission #</u>	<u>Other ID</u>	
8		Two 40 S&W caliber cartridge cases
8-1	O22-176 SUPP 30 #1	One fired cartridge case headstamped, "BLAZER 40 S&W"
8-2	O22-176 SUPP 30 #2	One fired cartridge case headstamped, "BLAZER 40 S&W"
17		Swabs of potential DNA from fired cartridge cases
7-8		Swabs of potential DNA from Items 7-1 through 7-7
8-1-A		Swabs of potential DNA from Item 8-1
8-2-A		Swabs of potential DNA from Item 8-2
18	2	Swabs from zone "A" driver's compartment
19	3	Swabs from zone "B" front passenger seat
19-1		Swab of exterior door handle
19-2		Swab of passenger side door panel
19-3		Swab of seat
19-4		Swab of passenger dash and glove box
19-5		Swab of center console, shifter, radio area
19-6		Swab of seat belt and seat belt buckle release
19-7		Swab of airbag
19-8		Swab of dash
19-9		Swab of floorboard
19-10		Swab of seat
19-11		Swab of side of passenger seat
19-12		Swab of side of passenger seat
20	4	Swabs from zone "C" rear passenger seat
21	5	Swabs from zone "D" rear driver's side
21-1		Swab of exterior door handle
21-2		Swab of interior door panel
21-3		Swab of back of driver seat

21-4		Swab of rear seat area
21-5		Swab of seat belt
21-6		Swab of interior seat frame
21-7		Swab of seat
22	6	Swabs from zone "E" trunk hatch area
22-1		Swab of rear hatch latch
22-2		Swab of interior rear trunk area
22-3		Swab of interior rear hatch
22-4		Swab of back of rear seats
22-5		Swab of cargo mat
22-6		Swab of interior trunk area

Disposition:

Swab(s) consumed: 8-1A, 8-2A, 19-2, 19-6, 21-2, 21-3, 21-4
DNA extract(s) generated: 8-1A1, 8-2A1, 19-2A, 19-6A, 21-2A, 21-3A, 21-4A
DNA extract(s) consumed: 19-6A, 21-3A, 21-4A

The remaining DNA extract(s) will be contained in their respective Submission.

REPORT OF LABORATORY EXAMINATION

Laboratory #: 22-428-7 Agency: Oakley Police Department
Issue Date: March 2, 2022 Agency Case #: 22-176
Service: Processing Requested by: Horn, Tyler
Request Date: March 1, 2022 Case Type: Homicide
Suspect(s): None Listed Complainant(s): Gabe, Alexis
Related Agencies: 22-000176 Antioch Police Department

Summary:

- The item(s) below have no usable prints.
Item(s) were swabbed for potential DNA testing.

Examination Results, Opinions, and Interpretations:

Table with columns: Submission #, Other ID, Evidence from Laboratory #: 22-000428. Rows include: 23 Victim's cell phone case; 23-1 Cell phone case, No usable print(s) developed, Techniques used: Superglue, Dye Stain and a Forensic Light Source; 24 Swabs from cell phone case (Item 23-1); 23-1-A Swab of openings and exterior buttons of the cell phone case (Item 23-1); 23-1-B Swab of exterior of cell phone case (Item 23-1) post processing/ridge detail; 23-1-C Swab of interior of cell phone case (Item 23-1) post processing/ridge detail.

Disposition:

The submitted cell phone case was swabbed for potential DNA. The swabs were forwarded to the Biology Unit for further analysis.

Supplemental Information

Client Address:

Oakley Police Department

3231 Main Street
Oakley, CA 94561

Receipt of Evidence: *(outer package(s) were received by the laboratory in a tape-sealed condition)*

Submission #23: Manila Envelope: Victim's cell phone case

Received from Manny Rostran by Cal Proctor on March 1, 2022

Dates of Testing:

March 1, 2022

Compliance Statements:

- All examined evidence, submitted by the agency or generated by the latent unit (such as photos and lifts), not pending further examination in the laboratory will be returned to the requesting agency or Contra Costa County Property and Evidence Services.
- Should additional comparison be necessary of any unidentified prints, please submit a laboratory request listing the individual(s) to be compared.
- Attempts will be made to locate known exemplars for an individual to be compared, suspect or elimination, throughout the State of California. A date of birth is required to locate exemplars.
- When exemplars used for a comparison were obtained directly from an agency, or were obtained from local, state, or federal archives, the veracity of the information was not independently confirmed by the laboratory.
- All results relate only to the items that were tested and apply to the evidence as received by the Forensic Services Division, except when otherwise indicated. This report reflects the test results, conclusions, and interpretations of the analyst as indicated by their signature.
- **Photoshop:** Image enhancements include any process that changes the brightness or color of any area of an image for the purpose of increasing visibility. Enhancements do not include changes to images that do not alter the content or do not increase visibility (e.g. cropping, rotating, labeling, and converting file types).
- **Forensic Light Sources:** TracER Laser, BrightBeam Laser, or Alternate Light Sources.
- **O-tol** = Ortho-tolidine test is a presumptive test for the presence of blood.

Database Information:

- All qualifying friction ridge detail is searched through the Automated Biometric Identification System (ABIS).
- An ABIS "No Hit" result may be due to the known print not existing in the searched database, the known print may be lacking adequate quality, or the latent print may contain an undetermined feature from smudging or background noise.
- Latent prints searched in the local (Contra Costa and Alameda Counties) and FBI ABIS databases, but not identified, are enrolled to the unsolved latent database and continue to be searched. Should a hit occur, your agency will be notified and the print will be deleted from the database.

Print Quality Definitions Based on Analysis:

- **Sufficient:** the ridge detail present has an adequate amount of features (quality and quantity) such that a conclusion could be reached.
- **Insufficient:** the ridge detail present lacks an adequate amount of features (quality and quantity) for a comparison or for an ABIS search.

Decisions:

- Determinations of value (useable or no useable latent prints) are made during the Analysis process.
- This report contains the opinions and interpretations of the analyst, whose signature appears on this report, using the ACE-V method.

-
- **Source Identification:** The strongest degree of association between two friction ridge impressions. The observed data provides substantially stronger support that the two impressions originated from the same source rather than from different sources. There is strong correspondence present such that the examiner would not expect to see the same arrangement of details repeated in an impression from another source. This conclusion is rendered when sufficient discriminating characteristics are in correspondence between the latent print and the known print of an individual.
 - **Support for Same Source:** The observed data provides more support for the proposition that the impressions originated from the same source rather than from different sources; however, there is insufficient support for source identification. There are observed similarities between the impressions and some correspondence present, however the examiner may expect to see similar agreement in another source. The degree of support will range from limited to strong.
 - **Inconclusive:** The observed data does not provide a sufficient degree of support for one proposition of the source of the latent print over the other. The friction ridge impression(s) have limited clarity or quantity of detail to effect a stronger conclusion.
 - **Source Exclusion:** The strongest degree of disassociation between two friction ridge impressions. The observed data provide substantially stronger support that the two impressions originated from different sources rather than from the same source. There is a strong disagreement present such that the examiner would not expect to see that level of differences in an impression from the same source.

Notes:

- Processing results reviewed by Kathryn Novaes.

REPORT OF LABORATORY EXAMINATION

Laboratory #: 22-428-8	Agency: Oakley Police Department
Issue Date: March 22, 2022	Agency Case #: 22-176
Service: DNA	Requested by: Horn, Tyler
Request Date: March 1, 2022	Case Type: Homicide
Suspect(s): None Listed	Complainant(s): Gabe, Alexis
Related Agencies:	
22-000176	Antioch Police Department
22-000745	Antioch Police Department

Examination Results, Opinions, and Interpretations:

Item 24: Swabs from cell phone case (Item 23-1)

Item 23-1A: Swab of openings and exterior buttons of the cell phone case (Item 23-1)

Due to the low level of DNA detected, this item was not selected for further testing at this time. Low levels of DNA generally do not yield DNA profiles of comparison value or that are suitable for entry into CODIS.

Item 23-1B: Swab of exterior of cell phone case (Item 23-1) post processing/ridge detail

Due to the undetected level of DNA, this item was not selected for further testing.

Item 23-1C: Swab of interior of cell phone case (Item 23-1) post processing/ridge detail

The DNA result was interpreted as a mixture of two individuals, with Gabe as an assumed contributor. The remaining portion of the mixture was determined to be suitable for comparison, however, is insufficient for CODIS.

DNA Reference(s)

Item 14-1A: Swab collected from toothbrush head

A DNA profile assumed to be from Gabe was previously obtained under laboratory request 22-428-5.

RECOMMENDATION

Submit an oral reference sample from any developed suspect for comparison to the DNA profile obtained from item 23-1C.

Evidence:

<u>Submission #</u>	<u>Other ID</u>

Search Report

Name: Kathryn Stewart

Date of Search: 2/1/22

Requesting Agency: Oakley Police Department

Type of Search: HRD

Case #: 22 -176

OES #: 2022-LAW-76428

Location of Search: Antioch, CA

Victim information: Alexis Gabe, a 24 YO Asian female went missing on the evening of January 26th, 2022. Her car was located the next day with the door open and keys in the ignition but AG has not been seen since. She was last seen at the home of her ex-boyfriend in Antioch.

Logistical Information

Area to be searched: The home of the ex-boyfriend and 3 vehicles he had access to during the time she went missing.

Weather: Clear and sunny, temperatures in the low 40's to the mid 50's. Wind was moderate.

Role in search: participated

Evidence found: See report

Disposition of Search: Continues

Individuals present: Detective, T. Horn, OPD, Detective, C. Minister, OPD, Sgt. Heather Transue, CCCSO, Officer Jackson, OPD, John Garcia, Senior Investigator CCCDA, Kris Black, K9 Handler, SHRD

Summary: I was requested to the search through CAL-OES by Sgt. Transue and arrived at the Oakley Police Department at 0735. I was briefed by the investigative team, led by Detective Horn and Detective Minister. I proceeded to the first assignment at [REDACTED] Benttree Way, Antioch. This is the home of the MP's ex-boyfriend and the last known location of Ms. Gabe. I was directed to search the residence. I deployed K9 Zabra on her search command at 0957 as witnessed by Officer Jackson and proceed through the house with K9 Zabra. K9 Zabra conducted a first sweep of the house and then I directed K9 Zabra through again, doing a detail search of each room. In the front hallway, across from the kitchen, K9 Zabra went to final response on the vacuum cleaner located in the corner. I proceed to complete the residence and the attached garage with no other final response. I completed the search at approximately 1010.

I exited the residence and debriefed with Detective Minister. I was directed to search the exterior of the ex-boyfriends vehicle, a black Ford Explorer, parked in front of the house,. No results were found. This search was completed by 1015.

I was assigned a second location to search one of the ex-boyfriend's work vehicles, located at his work location in Pacheco. I proceeded to that location and was briefed by Senior Investigator

Garcia. I deployed K9 Zabra on her search command at approximately 1105, to search the exterior and interior of a white Hyundai Elantra, parked in a parking space at 421 North Buchanan Circle in Pacheco. No results were found. I completed the search by 1108. I was debriefed by Senior Investigator Garcia and released at 1120.

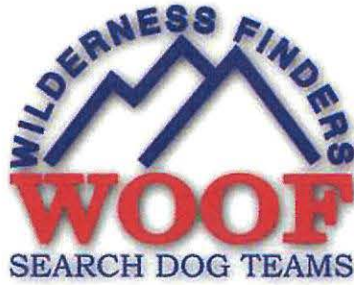

I returned home without incident at 1230.

Search Report

Name: Kathryn Stewart

Requesting Agency: Oakley Police Department

Case #: 22 -176

Location of Search: Lodi, CA

Date of Search: 2/2/22

Type of Search: HRD

OES #: 2022-LAW-76428

Victim information: Alexis Gabe, a 24 YO Asian female went missing on the evening of January 26th, 2022. Her car was located the next day with the door open and keys in the ignition but AG has not been seen since. She was last seen at the home of her ex-boyfriend in Antioch.

Logistical Information

Area to be searched: Westgate Landing Regional Park

Weather: Clear and sunny, temperatures in the low 40's to the mid 50's. Extreme winds.

Role in search: participated

Evidence found: None - search was not conducted

Disposition of Search: continues

Individuals present: Sgt. Heather Transue, CCCSO, John Garcia, Senior Investigator CCCDA, Kris Black, K9 Handler, SHRD

Summary: I was requested to the search through CAL-OES by Sgt. Transue and arrived at the Oakley Police Department at 0845. I was briefed by the Oakley Police Chief Paul Beard. I proceeded to the assignment at the Westgate Landing Regional Park in Lodi at 0930 and arrived at 1010. Once arrived, I walked the property and levee road. The location is in the delta and the winds were strong enough to make it useless to search K9's in those conditions. It was decided by Investigator Garcia and Sgt. Transue that the search be postponed. I was released at 1050 and I returned home without incident at 1210.

K9 Team Kathryn Stewart and “Zabra”

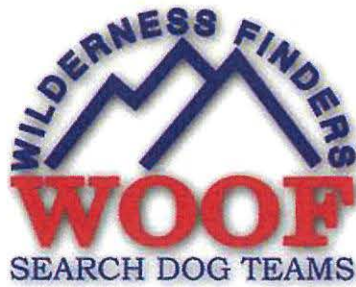

K9 Team Kathryn Stewart and “Zabra” - The K9 Zabra is a spayed female German Shepherd born in January 2014. She is trained as a single purpose human remains detection dog first certified to Cal-OES standard in 2015 and recertified every year. Her most recent certification was November 2021 certifying to the CAL-OES Specialized Human Remains (SHRD) K9 standards. This certification requires successful searching of buildings, bone scatters, vehicles and buried scenarios for human remains evidence.

K9 Zabra is certified for water searches to the Cal-OES standard and her most recent certification was May 2021. She trains in a variety of environments on average 40-50 hours per month. K9 Zabra has searched for human remains in a wide variety of circumstances that included wilderness and urban environment, searching buildings, vehicles, lakes, ocean shoreline, and rivers. She has deployed in disaster situations that include both wilderness and urban fire situations, explosions and mudslides.

She is trained to locate only human remains odor and does not alert to animal remains, live human or live animal odor. She has been deployed on over 100 HRD searches. K9 Zabra is trained on a full range of human remains, from intact decedents to trace blood and residual human decomposition. She does not respond to live human odor, animal odors or remains, human hair, fingernails, urine, feces or semen. She is trained to distinguish animal bones from human bones.

Kathryn Stewart – I am a K9 handler and certified member of CAL-OES Specialized Human Remains Detection Team (SHRD), Wilderness Finders Search Dog Teams, Inc., California (WOOF), California Rescue Dog Association (CARDAs), Sacramento County Sheriff’s Office Search and Recovery and I am an Auxiliary Deputy of the Washoe County Sheriff’s Office Search and Rescue K9 team and the North American Police Work Dog Association. I have been training and handling HRD/detection/SAR dogs since 2008 and have trained and certified two dogs in HRD. I have been a mission ready handler since 2008 and re-certify biannually. I have deployed on over 150 searches in wilderness environments, urban/suburban environments, water settings, disasters that include fire, explosions and mudslides, and along with K9 Zabra, had success locating human remains evidence.

Kathryn Stewart, PhD. / 2810 Bowling Green Drive / Walnut Creek, CA 94598

Search Report

Name: Kathryn Stewart

Date of Search: 2/24/22

Requesting Agency: Oakley Police Department

Type of Search: HRD

Case #: 22 -176

OES #: 2022-LAW-76428

Location of Search: Pioneer, CA

Victim information: Alexis Gabe, a 24 YO Asian female went missing on the evening of January 26th, 2022. Her car was located the next day with the door open and keys in the ignition but AG has not been seen since. She was last seen at the home of her ex-boyfriend in Antioch.

Logistical Information

Area to be searched: Pond and surrounding area on private property off CA 88 and Defender Grade Road.

Weather: Clear with temps in the 40's increasing to the 50's. Wind was moderate and predominately from the west.

Role in search: participated

Evidence found: None. K9 alert, see report

Disposition of Search: continues

Individuals present: Detective Palmer, Oakley PD, Sgt Kyle Wilson, Amador County SO, Detective T. Horn, Oakley PD, John Garcia, Senior Investigator CCCDA, Kris Black, K9 Handler, SHRD, Tim Booker, Amador County SAR team, Kirstin Harris, Amador County SAR team.

Summary: I was requested to the search through CAL-OES by Detective Horn and arrived at the Amador County Sheriff's Office in Jackson, CA at 0900. I was briefed by Sgt. Wilson ACSO at 0930. I proceeded to the CP located at Old Defender Road and Joyce RD, Pioneer CA at 1040. I proceeded to my search assignment on the property located off CA 88 with flankers Booker and Harris. I deployed K9 Zabra on her search command at 1103, witnessed by T. Booker, ACSAR. I proceeded to the first of 2 small water containment ponds (pond 1 and pond 2) on the east side of the assignment and searched that location. I then proceeded to the largest pond (approximately 4 acres in area) and searched from the south east corner around the north side circling back to the start. A small part of the shoreline is not passable, although K9 Zabra pushed through the brush and searched that section of the shoreline. K9 Zabra gave behavior changes at the shoreline along north side starting about midway and gave her trained final response at the west side. As I proceeded around the south side, behavior changes continued. I then proceeded to complete the area west of the pond (see map) to the first road. No results were found. I returned along the road and back to the pond, where K9 Zabra returned to a break in the reeds at the west end and went

to final response. The location was marked and reported to CP. I completed the search at 1335 and returned to CP.

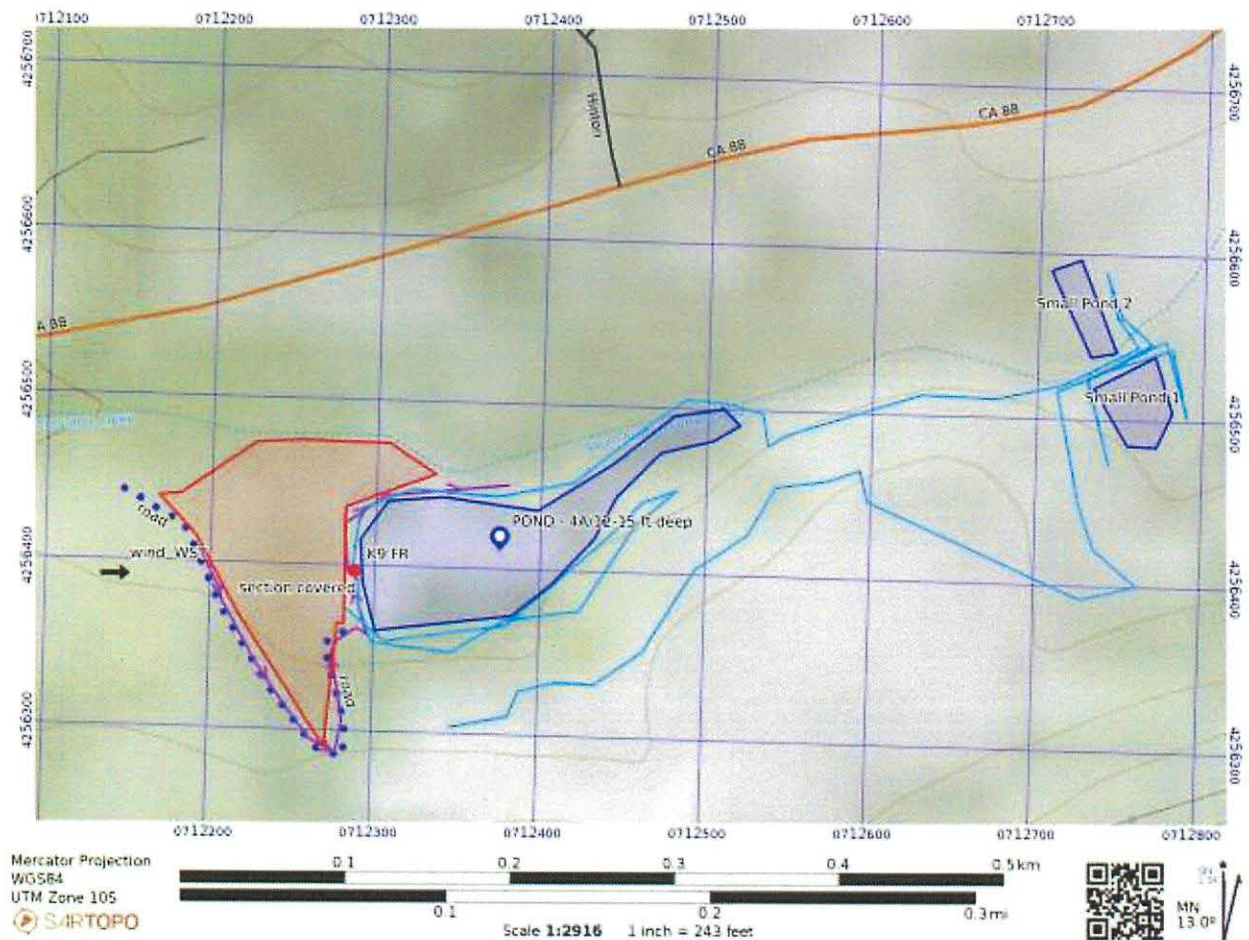

I was given a second assignment to work from the bottom (south end) of Old Defender Rd north, uphill, working K9 Zabra off the road at pull outs for approximately .75 miles. I started the assignment at 1441 and worked up Old Defender Rd with T. Booker as flanker. No results were found. I completed the assignment at 1537 and returned to CP. I was debriefed and released and I returned home without incident at 1800.

K9 Handler: Kathryn Stewart
Signature: *Kathryn Stewart*

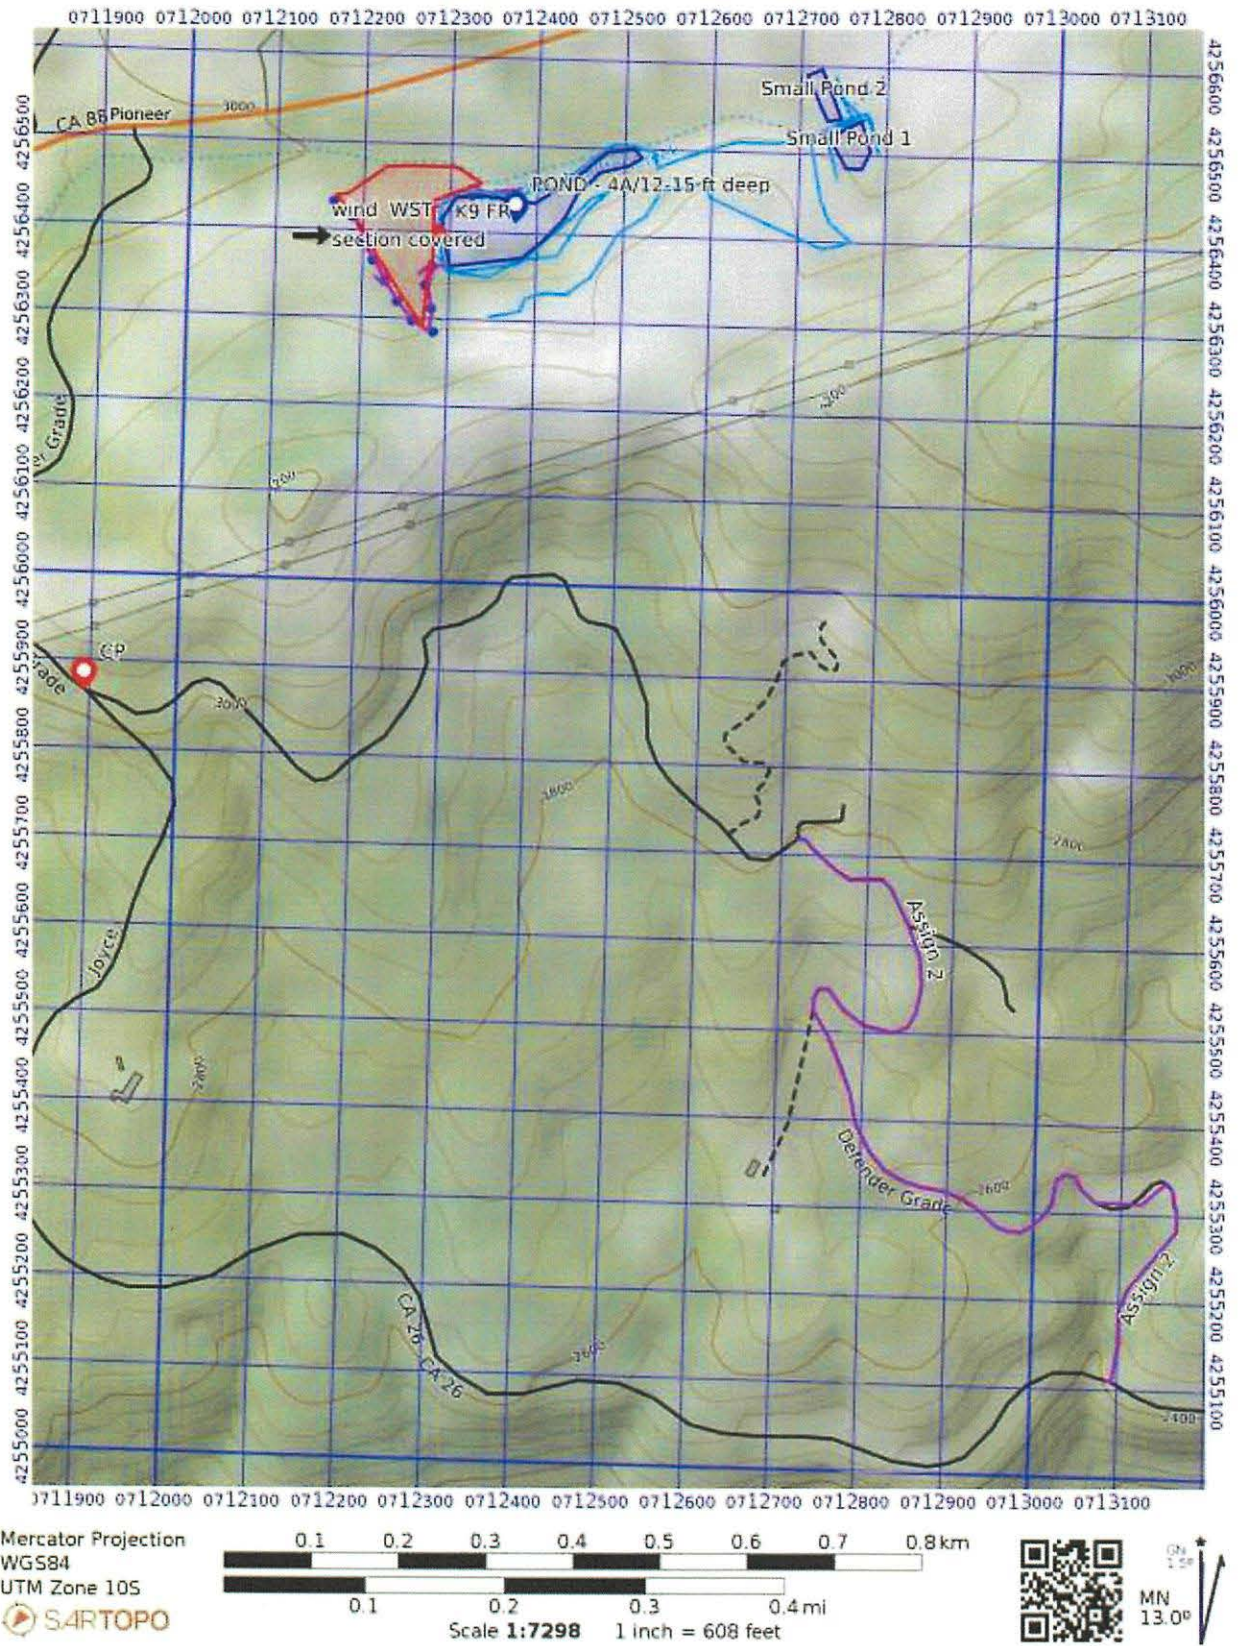

K9: "Zabra"
Date Submitted: February 27, 2022

MAPS:

Assignment 1: GPS failed and tracks are drawn in. Light blue is path followed and red area was covered by handler, flankers and K9. K9 final response is marked in black,

Assignment 2:
Purple track is section of the road covered.

ANALYSIS AND OPINION

Infotainment Data Analysis

On Tuesday, February 8, 2022, I reviewed the data that was acquired using the Berla iVe software, it was determined that there were several data points pertinent to the investigation. The times recorded for these events in the infotainment module were noted as Coordinated Universal Time (UTC). UTC time is eight hours later than Pacific Standard Time (PST). I noted the following items of interest in the data acquired.

Attached Devices

The following devices were attached to the vehicle via Bluetooth at some point. The acquisition did not provide any additional information for dates or times.

Device Name	Unique Number	Unique Number Type
Alexis? s iPhone		
iPhone		
iPhone		
iPhone		
Megan? s iPhone		

Track Logs

Track Log DS2 shows the vehicle on 01/26/2022 at 1829 hours, at the location of Lone Tree Way and Canada Valley Road in Antioch. The track log ends at 1833 hours, when the vehicle stops on Cedar Point Way near Benttree Way in Antioch.

Track Log DS3 begins on 01/26/2022 at 2123 hours when the vehicle turns on. At 2124 hours, the vehicle leaves its parked location, and drives north on Cedar Point Way. The vehicle turns northeast onto Vista Grande Drive and then east onto Lone Tree Way. The vehicle turns south onto Jeffrey Way and gets onto SR-4 westbound. At 2130 hours, the vehicle exited the freeway and drives north onto Laurel Road. At 2131 hours, the vehicle turns west onto Live Oak Avenue. At 2133 hours, the vehicle turns north onto Gum Tree Road, drives one block to Orchard Oaks Court and makes a U-turn, driving back to Live Oak Avenue. The vehicle turned back and headed west on Live Oak Avenue. At 2134 hours, the vehicle turns north onto Oakley Road. At 2135 hours, the vehicle turns south onto Trenton Street and comes to a stop near the address of [REDACTED] Trenton Road, Oakley. The track log ends at 2136 hours, when the vehicle is turned off.

NARRATIVE/DIAGRAM

01/26/2022	2130				22-176	2

According to the time stamps of the track logs, the vehicle did not make any significant stops, aside from stop signs and stop lights, during Track Log DS3. I attached a Google Earth image with the route taken in Track Log DS3, to the end location, displayed for referenced.

Connected devices and Track Logs were the only features supported by the acquisition. There were no events, calls, or messages provided in the acquisition.

1 **SUMMARY:**

2

3 On February 11, 2022, I was tasked with acquiring the data from the infotainment system of a 2012 Infinity
4 G37, bearing VIN [REDACTED]

5

6 On February 2, 2022, Oakley Police Department Detective T. Horn, obtained a signed search warrant from
7 the County of Contra Costa, authorizing the removal and acquisition of the infotainment module in the
8 Infinity.

9

10 On February 8, 2022, I arrived at the vehicle where it was being held for evidence, at Oakley PD's
11 evidence building in Oakley, CA. I photographed the entire vehicle, entered the vehicle, and removed the
12 infotainment module from the center stack.

13

14 The module was equipped with a Toshiba hard drive, serial number [REDACTED] and was supported by the
15 BERLA program system. I returned to my office to complete the acquisition.

16

17 On February 8, 2022, at approximately 1320 hours, the acquisition was complete. The entire acquisition
18 was written to a CD. During my investigation, I took 16 photos of the exterior of the vehicle and
19 infotainment module, which were written to a CD. I provided Detective Horn with one CDs of photos, one
20 CD (evidence copy) containing the BERLA acquisition, one thumb drive (working copy) containing the
21 acquisition, and the infotainment module which I had removed from the Infinity G37.

Hello?

 Alexis has been kidnapped

I know I'm her friend trying to contact her through Instagram I've seen everything

That's been posted

1 hr · 0
MISSING Not seeing your child come home is a parent's worst nightmare. Please help us find our daughter. Last time we saw her was yesterday afternoon. We already filed a missing person report. We also found her car abandoned somewhere in Oakley, CA. To all of our friends and relatives who lives around Antioch/Oakley/Brentwood/Discovery Bay/Bay Area in general. Please let us know if you have seen our daughter Alexis Gabe. She was wearing black jeans, white tank top and black hoodie jacket. She's around 57, wears glasses, and she has long black hair. Any information is greatly appreciated. Please help us by sharing this on your wall. Thank you!

We demand a ransom right now and she will be free or you'll have her remain 6am

messages.

I messaged them when I saw your post.

We're talking right now, he said his name is Daniel

I remember both Gwyn and Alexis having a sort of dark side to story telling to them, so I can't tell if this is a dark prank by Alexis or if this is serious?

It just doesn't make sense

That's the account that got hacked

That's what I thought. Okay maybe it's someone else just taking advantage of the situation..

Thanks for messaging me.

NARRATIVE

1 **Detective C. Olmstead, #162**

2 **Agency Assist**

3

4 **013122 / 1700 hrs:** I was on duty as a Solano County Sheriff's Office Detective and assisted in the
5 investigation of this case. I was contacted by Solano Dispatch and requested to assist Contra Costa
6 District Attorney Investigator John Garcia and Oakley Police Department in the investigation of this
7 case.

8

9 DAI Garcia informed me that on 01/26/22 (M) Marshall Jones reported that his ex-girlfriend (M) Alexis Gabe left
10 his residence at approximately 2100 hours. At 2134 hours, Gabe's vehicle was seen in the City of Oakley and was
11 located parked with an unknown subject seen walking away from it. Gabe's cell phone has been turned off and
12 none of her family or friends have seen or heard from her since.

13

14 DAI Garcia requested for me to check ALPR cameras in Solano County for three of Jones' known vehicles. An
15 ALPR search showed the following Flock reads.

- 16 • [REDACTED] (Jones work vehicle) a white 2015 Hyundai Hatchback.
 - 17 ○ 1/28/22 1045 hrs – EB Hwy 12 entering Rio Vista (Trilogy).
 - 18 ○ 1/28/22 1049 hrs – EB Hwy 12 at Virginia St, Rio Vista.
 - 19 ○ 1/28/22 1049 hrs – EB Hwy 12 at the bridge Rio Vista.
 - 20 ○ 1/25/22 1041 hrs – EB Columbus Pkwy at Benicia Rd, Vallejo.
 - 21 ○ 1/21/22 1052 hrs – SB Heath Dr at Air Base Pkwy, Fairfield.
- 22 • [REDACTED] (Jones personal vehicle) a Black 2005 Ford Explorer.
 - 23 ○ 1/31/22 0916 hrs – Alamo on ramp to WB I-80, Vacaville
 - 24 ○ 1/30/22 1900 hrs – Alamo on ramp to WB I-80, Vacaville.
 - 25 ○ 1/28/15 1915 hrs – Cliffside on ramp to EB I-80, Vacaville.
- 26 • [REDACTED] No reads.

27

28 **020122 / 1227 hrs:** DAI Garcia sent me a screen shot of several areas along Hwy 12 between Branscome Rd and
29 Denverton Rd, Rio Vista. These areas are locations they obtained from Jones' cell phone records and believe that
30 he possibly stopped on 01/28/22. Detectives Friend, Morgan and I went to these locations to look for any
31 evidence or cameras. I located a cell tower at 5477 Creed Rd and two locations for Calpine Creed Energy Center
32 which had cameras. The first location 6150 Creed Rd and the second location of 3853 Goosehaven Rd had a
33 phone number posted of [REDACTED]. No other items of evidence were located. The other locations provided
34 were blocked at the road by closed and locked gates and we were unable to access.

35

36 **020222 / 0710 hrs:** DAI Garcia provided me two additional vehicles associated to Jones and requested that I
37 check them for ALPR hits. An ALPR search showed the following Flock reads.

- 38 • [REDACTED] a 2015 White GMC Sierra pickup.
 - 39 ○ 1/27/22 1709 hrs – SB Twin Creeks Dr at Crow Canyon Rd, San Ramon.
 - 40 ○ 1/27/22 1705 hrs – EB Crow Canyon at City Limits, San Ramon.

[] BODY CAMERA RECORDED		[] CAR CAMERA RECORDED	

SOLANO COUNTY SHERIFF'S OFFICE

530 UNION AVE STE 100 FAIRFIELD, CA 94533 707-421-7090

NARRATIVE

- [REDACTED] a White 2012 Dodge Caravan. No Reads.

I was also provided several more defined locations to search along Hwy 12 between Branscome Rd and Denverton Rd. These locations were obtained from a review of Jones' cell phone records. Detectives Friend, Cavazos, Schilling, Morgan and I responded to these locations and searched them with negative results. DAI Garcia also provided me with the exigent cell phone records that they had received from Jones' and Gabe's cell phone providers.

Detective Friend entered the cell phone records into Cellhawk to map the locations. After reviewing the Cellhawk data for the phone records I do not believe that Jones stopped while traveling between Fairfield and Rio Vista on 01/28/22. While observing the Cellhawk timeline it appears to me that Jones travels from Concord to Rio Vista (via Fairfield and Hwy 12) on 01/28/22 and when compared to ALPR records he is driving his work vehicle the white 2015 Hyundai Hatchback [REDACTED]. Jones left the Concord area at approximately 0922 hours and arrived in Rio Vista at approximately 1045 hours.

Jones returns to Rio Vista on 01/28/22 at approximately 1807 hours and travels west on Highway 12 to Walters Rd, Suisun City then north towards Vacaville. At 1838 hours, Jones' cell phone is turned off near the area of Peabody Rd and Foxboro Pkwy, Vacaville. Jones' phone remains off until 2052 hours when it turns back on for 2 minutes in the area of Bradshaw Rd and Jackson Rd, Sacramento. The phone is off again until 01/29/22 at approximately 0045 hours, when it turns on in the area of Hwy 12 and Hwy 160 just east of the city of Rio Vista. The phone then travels south towards Antioch. The records end at 0133 hours with the phone in the area east of Hillcrest Ave and Deer Valley Rd, Antioch.

After reviewing the Cellhawk records I was able to locate a Flock ALPR read on Jones' Ford Explorer (CA Lic# [REDACTED]) crossing the Rio Vista Bridge westbound on 01/28/22 at 1807 hours (Plate reads shows [REDACTED]). The next ALPR read on the Ford is at 1915 hours, Cliffside on ramp to EB I-80 (While the phone is turned off) Due to the condition of the license plate on the Ford the ALPR cameras don't always recognize it correctly.

020322 / 0730 hrs: DAI Garcia came to the Solano County Sheriff's and I assisted him create a timeline using the data from Cellhawk and the ALPR reads we were able to locate.

Please forward this report to the Oakley Police Department, Antioch Police Department, and the Contra Costa District Attorney's Office Attn: John Garcia.

Nothing further at this time

<input type="checkbox"/> BODY CAMERA RECORDED <input type="checkbox"/> CAR CAMERA RECORDED			

1 **Detective C. Olmstead, #162**

2 **Follow up Investigation**

3

4 **041322 / 0945 hrs:** I was on duty as a Solano County Sheriff's Office Detective and assisted in this
5 investigation. I received a phone call from (W) Carol Cook who informed me that she had information
6 in regard to the missing person case of (M) Alexis Gabe. Cook stated that she is a medium and was
7 recently challenged by her family to look into the disappearance of Gabe. Cook conducted a Controlled
8 Remote Viewing (CRV) which pointed her to the area around the Rio Vista windmills. Cook described
9 that she decided to do this CRV because Gabe is from her local area. Cook explained that her CRV is
10 documented and points to an area where Gabe could be. Cook stated that she would be willing to show
11 the documentation of her CRV to detectives if they would like to see what she has found.

12

13 On 04/12/22 Cook's sister in law (W) Barbara Haxby took the information provided by Cook and went driving in
14 the area around the windmills. Haxby was driving along Cook Lane south of Cook Lane at the Jepson Prairie
15 Preserve when she located a pair of glasses hanging from the map box. Haxby took a picture of the glasses and
16 sent the photo to Cook. Haxby left the glasses where she found them. Cook then looked at a missing person flyer
17 that had been sent out in the community and noticed the glasses were similar.

18

19 **/ 1050 hrs:** Sgt McNeil and I responded to the Jepson Prairie Preserve located at 4796-4986 Cook Ln (38.27522 N,
20 121.82370 W). This location is a self-guided trail system. I located a large wood information board with a smaller
21 wood brochure box attached to the right post. Hanging from the brochure box was the pair of glasses that were
22 located and photographed by Haxby. I noticed the glasses to be brown frames with gold edging and insignias. I
23 collected and photographed the glasses. I later uploaded the photographs onto evidence.com and booked the
24 glasses into the Solano County evidence locker (Item CO-1). I then released the glasses to Detective Garcia from
25 the Contra Costa County District Attorney's Office.

26

27 Nothing further at this time.

Search Report

Name: Kathryn Stewart

Date of Search: 3/11/22

Requesting Agency: Oakley Police Department

Type of Search: HRD

Case #: 22 -176

OES #: 2022-LAW-76428

Location of Search: Pioneer, CA

Victim information: Alexis Gabe, a 24 YO Asian female went missing on the evening of January 26th, 2022. Her car was located the next day with the door open and keys in the ignition but AG has not been seen since. She was last seen at the home of her ex-boyfriend in Antioch.

Logistical Information

Area to be searched: Unnamed road off HWY 88 and the property that included the pond previously searched and surrounding area on private property off CA 88 and Defender Grade Road.

Weather: Clear with temps in the mid 50's. Wind was intermittent and predominately from the west.

Role in search: Participated

Evidence found: None.

Disposition of Search: Continues

Individuals present: Detective M. Palmer, Oakley PD, Detective T. Horn, Oakley PD, Lieutenant L. Cartwright, Oakley PD, Mary Cablk, SHRD K9 handler

Summary: I was requested to the search through CAL-OES by Detective Horn and arrived at the 0950 for briefing in Pioneer, Ca. I was briefed by Lt. Cartwright and followed the detectives to an unmarked road off HWY 88. The location turned out to be a private driveway and the homeowner was on the property and was contacted. The driveway was not searched because the location, upon inspection, was not a reasonable location to have been accessed for concealment of the body.

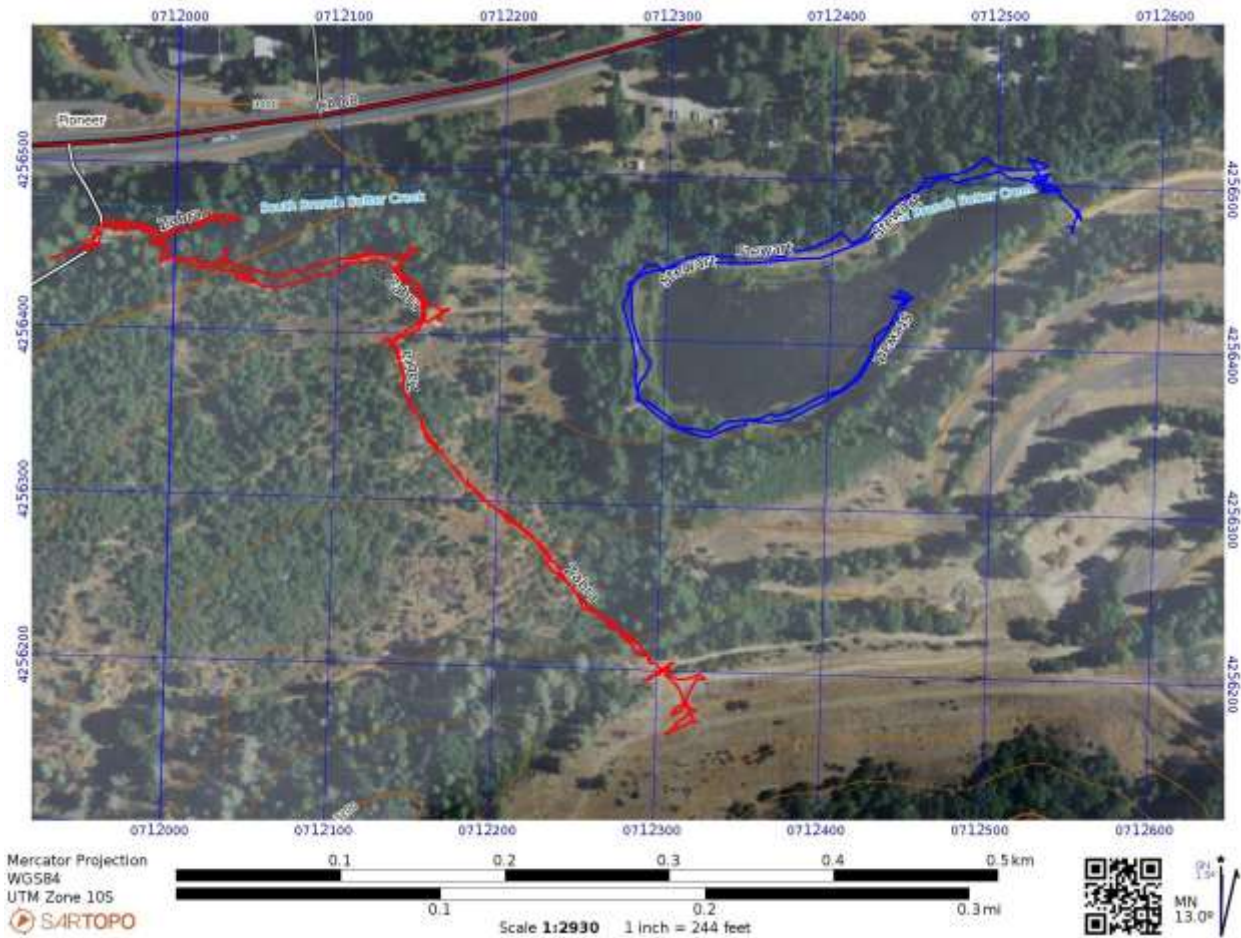

I left the roadway and proceeded to a second search assignment on the property located off CA 88. I deployed K9 Zabra on her search command at approximately 1030 and proceeded along the dirt road, working K9 Zabra to the top of the hill (see map). No results were found and I exited the area at approximately 1115.

I returned to my vehicle and transported to the pond (see map) that K9 Zabra had previously searched (022422) and went to final response. I did not deploy K9 Zabra, but instead walked along with SHRD Handler Cablk and her K9 Inca (see map). I completed that search at 1215 and debriefed with Lt. Cartwright. I was released and I returned home without incident at 1630.

K9 Handler: Kathryn Stewart
Signature: *Kathryn Stewart*

K9: "Zabra"
Date Submitted: March 13, 2022

MAP:
Red Track on K9 Zabra
Blue track Stewart walking along with Cablk and K9 Inca

CAUTION: External sender. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Records Custodian:

Under the Freedom of Information Act (FOIA), 5 U.S.C. § 552 I am requesting access to and copies of public records.

Please note that this request is submitted on behalf of a media production organization engaged in gathering information of public interest. We respectfully request your prompt attention to this matter.

I. INCIDENT INFORMATION

- Individual(s) Involved: **Marshall Curtis Jones III**
- Date of Incident: **January 26, 2022**
- Location: **Antioch, California**
- Nature of Incident: Murder
- Additional Details: Alexis Gabe, 24, of Oakley, California, disappeared on January 26, 2022, after visiting her ex-boyfriend, **Marshall Curtis Jones III**. Evidence—including phone records, neighbor surveillance, and his suspicious behavior—pointed to Jones as the perpetrator. Investigators concluded he killed Alexis, dismembered her body, and dumped her remains in Amador County, later partially recovered and identified through dental records. In June 2022, Jones was shot and killed by police during an attempted arrest, leaving him the prime suspect but never tried. In 2025, the Contra Costa County District Attorney formally closed the case, confirming Jones killed Alexis but declining to prosecute anyone else, leaving her family without full closure.

II. RECORDS REQUESTED

We respectfully request production of the following records:

- 1: 911 call recording related to this incident.

2: Bodycam Footage: All body-worn camera recordings related to this incident in video format.

3: Bodycam Footage:

AXON BODY 3 X6032795U

AXON BODY 3 X6032130N

AXON BODY 3 X6032558G

AXON BODY 3 X6035020G

AXON BODY 3 X6032291D

AXON BODY 3 X6032050G

AXON BODY 3 X6032174W

AXON BODY 3 X6032034U

4: Interview footage: All interview footage related to this incident in video format.

5: Surveillance/CCTV footage related to this incident.

6: All photographs related to this incident.

7: A copy of the police report related to this incident.

Very truly yours,

Akaash Kashi
